A VIOLENT RESOLUTION THE ARREST OF PINKERTON DEMANDED

Manager Frick Denounced By The Chicago Trades and Labor Assembly—Alleged Treason and Conspiracy. CHICAGO, July 18.—If the sentiments expressed by the trades and labor assembly, at its meeting Sunday were carried out, the Pinkertons, William and Robert, together with Manager Frick, of the Carnegie works, would be placed under arrest on the charge of murder, treason, inciting riot and insurrection. As soon as the meeting was called to order "Tommy" Morgan arose and moved to suspend the rules and receive a report from the executive board on the Homestead affair. The motion was quickly carried and (Quinton, of the tin and sheet iron works, read a lengthy preamble and resolutions. They recited the existence of the Pinkerton agency and its "habit of sending armed assassins into different states and territories to shoot American citizens and workmen," and stated that Frick conspired with the Pinkertons to send "armed assassins called watchmen to Homestead, where by Frick's instructions armed hirelings attacked, killed and maimed citizens and workmen."

Resolved, that we demand of the governor of Illinois that he demand the arrest of Wm. Pinkerton, of Chicago, on the charge that he incited riot and insurrection, that we call upon Gov. Flower, of New York, to cause the arrest of Robert Pinkerton, of New York city, on a similar charge, and we call upon the Governor of Pennsylvania that he cause the arrest of Manager H. C. Frick, of Homestead, Pennsylvania, on the charge of treason, murder, inciting to riot, insurrection and rebellion and at this moment trying to deprive the American citizens of their homes and of the right to earn their living at their homes and at the mills which their labor built up and created. The radical spirit of the resolutions was received with cheers, which were given again and again. A committee of five was appointed to draw up charges of murder against the Pinkertons and Frick. HOMOESTEAD, Pa., July 18.—While the military are making serious preparations for trouble, a large additional amount of ammunition has been ordered from Frankford arsenal. According to the militia officers, between fifteen and twenty workmen were smuggled into the mill during the night.

IT WAS NOT TRUE. Mr. Cleveland Denounces a Falsehood in Plain Terms. BOSTON, July 16.—A few days ago W. Black, of Chelsea, wrote Grover Cleveland calling his attention to this statement, quoted from the report in the British-American Citizen, of a discourse in music hall: "When Cleveland became president he had a wire run from the White House to the Cardinal's palace, and placed a Roman Catholic at the head of every division of the 15,000 employees in the departments, and permitted nuns, without authority, and against the printed instructions hanging up every public building in Washington, to go twice each month through them and command every clerk to contribute to the support of the Roman Catholic church, and if he or she refused, have the yellow envelope sent them. We can see how inferior such a man is as support."

Mr. Cleveland's reply, printed in the British-American Citizen this week, reads as follows: "I have no part in politics," he continued, "but it makes my blood boil to hear of force bills, and it makes my blood boil to see the efforts that are being made to rob the workers of the faith once delivered to the saints." The sermon was listened to with profound attention. GRAND ENCAMPMENT. Election of Officers at Winston Last Week. Capt. Jas. P. Sawyer has returned to Asheville from Winston, where he went as representative from Asheville encampment No. 2, I. O. O. F. to the grand encampment, which assembled on the 13th. Capt. Sawyer is enthusiastic in his praise of the treatment of the Odd Fellows at Winston. The following officers were elected at the encampment: Geo. H. Glass, Raleigh, grand patriarch; T. E. Reynolds, Winston, grand high priest; Jas. P. Yopp, Wilmington, grand senior warden; P. H. Pelletier, Newbern, grand junior warden; T. W. Blake, Raleigh, grand treasurer; T. E. Phillips, Fayetteville, grand scribe; Jas. P. Sawyer, Asheville, grand marshal; W. H. Flowers, Fayetteville, grand inside guard; Rev. S. P. Stallings, Conynock, grand outside guardian; C. H. Edwards, Raleigh, grand representative. The next session is to be held in Raleigh.

Forty-eight miles of the Norfolk and Western road are assessed at \$6,000 per mile, an increase of \$2,500, and the 29 miles of the Albemarle and Pantego road at \$3,000 per mile, an increase of \$1,000. The total increase in the assessed valuation of all the roads is \$1,000,000. BOLLING OVER. CATANIA, July 18.—Enormous incandescent rocks and immense clouds of steam continue to be thrown out of the craters of Mt. Etna. Part of the village of Nevrata is destroyed by lava and an immense amount of damage done to neighboring chestnut woods. Committees of citizens are being formed to relieve the sufferers.

TOO SHORT.

He—Dear me, the days ought to have been longer; don't you think? She—I don't know. He—Why, certainly they ought, you know. How can a fellow dress four times in twenty-four hours and have time left to accomplish anything? REV. R. G. PEARSON. A Large Congregation to Hear Him Yesterday. There were over five hundred persons present at Central Methodist church yesterday morning to hear the Rev. R. G. Pearson preach. His text was taken from the third verse of the epistle of Jude, "Earnestly contend for the faith which was once delivered to the saints."

The subject was divided into three parts, namely: 1st. What was the faith once delivered to the saints? 2nd. Should this faith once delivered be contended for? 3rd. How should it be contended for? The faith once delivered consisted first in the Bible. It is the inspired word of God, from Genesis to Revelation. Then came the cardinal doctrines it taught, the creation of the world by God, and not by the various ways suggested by modern scientists; the attainment and resurrection of Christ; justification by faith. The faith should be contended for, first because God in the text had commanded it. It is the only faith that will save man and therefore should be contended for. It should be contended for bravely and courageously. Like Elijah in contending against Akah, Jezebel and the 450 false prophets, Christians should contend for the faith once delivered to the saints. During the course of his remarks Mr. Pearson took occasion to say that nowhere in God's Word could the authority be found to give our God-given right by our right hand to be cut from my body before I would lay it upon the head of either of them and authorize them to preach or rule in the church. "My mother is an earnest christian worker," said Mr. Pearson, "and my wife is an efficient christian worker in the cause of Christ, but I would not put my right hand to be cut from my body before I would lay it upon the head of either of them and authorize them to preach or rule in the church."

BUZZARD'S BAY, Mass., July 16.—Gray Gables was the scene of a reception at an early hour this morning. A number of prominent people living in the towns near here on the Cape came up on the early train, arriving at 8:30, and drove over to pay their respects to Mr. and Mrs. Cleveland. In the party were Henry C. Thacher, a prominent wool merchant of Boston, whose home is at Yarmouth; Rev. W. H. Mayhew, the Swedenborgian minister of Yarmouth; Major D. B. Pincey, a resident of Barnstable, who has been prominent in Massachusetts politics for half a century; Albert Crosby, a wealthy Chicagoan, who has a summer home at East Brewster; Thomas C. Day, a prominent lawyer of Barnstable, and a score more of prominent people. The Clevelands were hardly through their breakfast when the party arrived a little after 9. A warm welcome awaited them, however, and a pleasant hour was passed in general conversation.—N. Y. World.

TEMESCAL PROPERTY OF CALIFORNIA SAID TO BE AN UTTER FAILURE. SAN FRANCISCO, Cal., July 16.—The Examiner says the Temescal tin mines in San Jacinto county, Cal., are an utter failure. This declaration is based principally upon the testimony of John G. Quick, a mining engineer of long experience in Cornish tin mines and who worked for a considerable time in San Jacinto mines. Engineer Quick gives a detailed statement of the condition of all parts of the mines, and declares that they are not producing sufficient tin to keep a mill going, and that the little ore in sight will soon be exhausted. He further declares that no large body of ore, the working of which will pay, has ever been found in any part of the district.

THE MONTFORD AVENUE CAR LINE AND THE BRICK PAVING. The paving between the rails of the Montford avenue car line from the switch on Patton avenue out Haywood street for a distance of fifteen or twenty feet, was done along with the paving on the outside. This work, as well as the cost of paving eighteen inches on either side, will be paid for by the Asheville Loan, construction and improvement company, which operates the Montford avenue line. More than this, President Geo. S. Powell, recently appeared before the joint board and requested that Haywood street be paved, at least as far out as Montford avenue. This company has asked no "thirty days' notice."

THE PENSION OFFICE SCANDAL. WASHINGTON, July 18.—Chairman Wheeler, of the pension office investigating committee, has asked the speaker for a day for the consideration of the report on Commissioner Raum's administration of the pension bureau. Their report has lost its privileged character, but the rules committee is favorably disposed towards the proposition to bring in a resolution making the report special order for Wednesday. DEATH OF THE ALLIANCE IN HALLTAX. SCOTLAND NECK, N. C., July 16.—The withdrawal of twenty-five strong allies from the county meeting, when the alliance met at the St. Louis hotel, means death to the order in Halltax county.—Richmond Dispatch.

A VERY SMALL MAJORITY GLADSTONE WILL TRAVEL A NARROW PATH.

He Will Have Only About 45 Majority, and of These Many Are Not to be Depended on For Continuous Attendance. LONDON, July 18.—Up to 3 o'clock this afternoon the total returns received show the election of 311 supporters of the government to 347 opposition. It is officially announced that as a result of the visit of Salisbury to the Queen at Windsor castle yesterday, the conservative government will meet in parliament August 7. Among the troubles menacing the new government is the habit Irish members have of irregular attendance. Many of them had business affairs in Ireland to look after hitherto, and only appeared in the house when they were summoned there by the exigency of Irish affairs. The special business being finished, they vanished again. If this practice is continued under the new government, the absence of some forty Irish members will render the government liable to defeat at any moment. Parnell kept his men together when the party purse was full by personal payments at regular intervals, enabling them to disregard the claims of private affairs.

THE TARIFF PLANK O. K. Grover Cleveland on the Chicago Platform. CHICAGO, July 18.—Ralph E. Hoyt, of California, now temporarily residing in Chicago, wrote to ex-President Cleveland touching his endorsement of the tariff plank in the Chicago platform. Hoyt is an old-time republican and now a single taxer, but will support the democratic ticket on the ground of tariff reform. In his letter to Cleveland he expressed the hope that the candidate for the presidency would see his way clear to endorse without qualification the anti-protection plank in the Chicago platform. No answer was expected, but today Hoyt received this autograph letter from Mr. Cleveland: "Your letter of July 2 is at hand. I am gratified to learn of your intention to support the principles and candidates of the Chicago convention. I think no sincere advocate of honest tariff can be dissatisfied with the position the democratic party has assumed on that subject and I am sure there is no need to fear that the contest will not be made on the lines laid down which have proved to be so acceptable to a majority of the people."

MERRY AT GRAY GABLES. AN EARLY MORNING RECEPTION AT THE CLEVELAND HOME. BUZZARD'S BAY, Mass., July 16.—Gray Gables was the scene of a reception at an early hour this morning. DID HE TRY TO COMMIT SUICIDE?

The train which leaves the Asheville depot at 3:05 was rounding the bend yesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers—they all thought it was a case of suicide. Ladies fainted, men rushed to the platform expecting to see his mangled form upon the track, but the fact was he had forgotten to put his bottle of "Buncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.
