THE BOYS AT CAMP HOLT

ASHEVILLE HOLDING ITS END UP AT WRIGHTSVILLE.

Not Much Drilling, But a Great Deal of Fishing—Well Up in the Tactics—Everybody Well And Having a Good Time.

CAMP HOLT, WRIGHTSVILLE, N. C., August 5.—The boys arrived in camp at 10.30 Thursday, and there being no orders for drill on guard, took a dip in the surf. Everybody seems to be enjoying themselves.

We had a "big meeting" in Salisbury, and had the pleasure of seeing Capt. Mangum, who was once lieutenant of a company, and now captain of the Concord company.

Asheville has the honor of having more men here than any other city, having thirty-eight men in the company and five on the staff, and the company is up to anything in camp in drilling. The reputation that Asheville has here-ofore made at Wrightsville for soldierly conduct is still high.

Commissary McCarty is certainly equal to the occasion of giving the boys plenty of fish.

Owing to the very hot weather and sand flies and mosquitoes we have not had any battalion drills yet.

All the boys are in good health and enjoying themselves.

The only question heard in Asheville quarters is, "Have you got a Crizzen?"

The prospects are that this camp will be a very successful one. Today the guard is shooting for a shield given by the state to the company making the best score. If Asheville doesn't get the prize, she will at least make some other company's hustle.

August 6, 1892.—Everybody is in good health and having a nice time, although some seem to be a little homesick. Many do more fishing than drilling.

Yesterday at the 100-yard rifle shooting, Asheville made the highest average score, and if she does that well Monday she will certainly win the shield offered by the state.

Lieutenant Lewis joined the company yesterday and was made junior officer of the guard right away, and Lieutenant Kimberly officer of the guard today.

The encampment is a success in every way. The men are so well up in the tactics that Col. Anthony doesn't think it necessary to have more than one drill a day. Therefore the men have from 10 a. m. until 12 m. every other day to go when they please and on the other days they have from 9 a. m. until 5 p. m.

Up to date Asheville has not had a man in the guard house; all do their duty well.

Encampment Notes.

The Wilmington Star talks about members of the Asheville company at the Wrightsville encampment in this way: "You must strike up with the popular captain of the Asheville company—Duff Merrick—if you want to enjoy yourself."

"One of the cleverest officers in camp is Lieutenant L. B. Alexander, adjutant second battalion Fourth Regiment. He is the teller in the Western Carolina bank, Asheville."

"Lieut. E. B. Lewis of the Asheville company, who has been on a visit to his old home in Kinston, arrived Thursday night. He received a royal welcome from his company and his other friends."

AROUND A GREAT STATE.

—A Mt. Airy telegram says: "Leonidas McKnight, the notorious burglar, is caught at last. His attempt at murdering the wife of sheriff Taylor here in February, 1891, assisted by the ex-sheriff's own grandson, his theft of \$2,100 from her, and of \$6,000 from a man named Ingle, of Montgomery county, Va., whom he knocked in the head, have all added to his fame as an infamous burglar and murderer. He was arrested by Dr. Taylor, Sheriff Taylor's son, of this place, through many states. Large private and public rewards have been offered, and he was captured in Lynchburg, Va., on last Friday week."

—Shelby Aurora: Monday afternoon a black and angry cloud gathered over Shelby and darkened the sky. The electric fluid hit two trees the old T. P. Wells brick building in Washington street and H. Harrell wending his way homeward and was underneath the trees. The lightning leaped from the trees and killed him instantly. He fell on his face dead and blood rushed from his nose, while the fluid made a hole in the ground where he was killed.

—The annual meeting of the North Carolina colored farmers' alliance held in Raleigh resulted in the election of Rev. W. A. Lattimore, of Lenoir, as president, vice J. J. Rogers, a white man, resigned. The alliance reaffirms its devotion to the Ocala and St. Louis demands, and elected Pattillo also as its lecturer and delegate to the national alliance meeting.

—Mr. J. L. Walston, of Edgecombe county, brought in a sample of fine bright tobacco last week. The seed was sown April 12, set out June 6, cured and ready for the market July 22—only forty-five days from the time it was planted before he could have had the money in his pocket. This is the shortest time on record.

—Rev. Jacob Bingham, a colored preacher, who is married, was arrested by officers of Chatham county on a train at Monroeville, while eloping with Bettie Edwards, a negro girl only 14 years old. They were on the way to Moore county.

—Capt. R. F. Kolly, who ran for governor of Alabama on the Gileson ticket and was defeated in a graduate of the University of North Carolina. Col. H. C. J. and Dr. Joseph Graham were there at the same time he was.

—The electric storms last week were the most fatal of the year. Three houses in Hickory were struck, a Miss Phillips, of Alexander county was killed, also ladies at Petra Mills, in the same county.

—The iron mines at Knapp and Reeds are still being worked with a good force of hands. Ore is plentiful and the quality fine. After September work will be commenced on a much larger scale.

—Mr. W. P. Batchelor, of Raleigh, has sold for \$10,000 a half interest in his typing station, Pamlico, the purchasers being J. R. and E. D. Spur, of Lexington, Ky.

—The state board of health has a report from Cleveland county that the children of Thomas Phillips are sick with typhoid fever. Two have died.

—A typewriter factory, in which Hon. W. C. Whitney is a stockholder, is to be built at Bessemer City.

SPEECH FROM THE THRONE.

The Queen says Her Legislators Can Go Home Early.

LONDON, August 8.—This morning when the house of commons met the members were summoned to the house of lords, where the speech from the throne opening the twenty-fifth parliament of Queen Victoria was read. The speech informed her majesty's lords and gentlemen that parliament had been assembled in obedience to the proclamation of June 28, by which the late parliament was dissolved. Previous to the dissolution," the speech added, "the business session was completed; therefore it is not necessary for parliament now to continue in session at an unusual period of the year for the transaction of financial or legislative business." Her majesty expressed her hope that when parliament meets at the customary session it will again direct attention to the measures of social and domestic improvement and will continue to advance in the path of legislation so judiciously followed during the previous sessions.

FIRE DOUT.

One Doctrine the Jews Will Not Listen To.

ST. PAUL, Aug. 8.—Saturday, the Jewish Sabbath, the synagogue of the Sons of Jacob was filled with devout worshippers. A strange rabbi, for such he was taken to be, arose and began to preach in Hebrew. He was clever and the audience was much taken with him.

Suddenly he began to preach in English. A match dropped into a can of powder could not have created greater commotion. Instantly the congregation was in its feet demanding that the man be put out. He attempted to defend himself, but was knocked down, and after his head was well thumped on the floor, was thrown out of the synagogue.

The stranger took the situation in and finally concluded that he was not wanted. It seems that he was a converted Polish Jew named Nathaniel Friedman. He claims he was invited there by a prominent member of the Sons of Jacob, and told that he might preach a short sermon.

"AMERICAN" TIN PLATE.

A Make-Believe Plant in Indiana Sold by the Sheriff.

ANDERSON, Ind., Aug. 6.—The Anderson tin-plate works, established here soon after the passage of the McKinley bill, were sold this afternoon under the sheriff's hammer to satisfy numerous executions for debts.

The factory has been in operations since July 1, 1891, employing four men and as many boys and girls. It is a mere "dipping" house, but has been advertised all over the country as one of the McKinley tariff bills.

Nothing but imported material was used at the factory, the block plate coming from England and the pig-tin from Asia.—N. Y. World.

CAUGHT IN A CRUEL TRAP.

A Scythe Blade Thrust into His Abdomen.

RALEIGH, N. C., August 6.—A young man named Myatt was engaged to marry a young woman in Gaston county, but her parents forbade him the house.

The girl's father discovered a few days ago that Myatt was making secret visits to her night, entering the house through a window, and prepared a sawing trap.

The father sharpened a scythe blade and so arranged it that when Myatt crawled in through the window the blade inflicted an ugly wound in the abdomen.

Suffering intensely from the wound Myatt had to walk four miles before he could get surgical aid.—N. Y. World.

MUST BE AMERICANS.

The Officers of the Inman Line Steamers.

WASHINGTON, Aug. 8.—An interesting question has been presented to the treasury in connection with the enrollment of the new Inman line steamers under the American flag. The officers of vessels are foreigners but have applied for American naturalization. The commissioner of navigation has decided that the law requires that to be full fledged American citizens. Unless his decision is reversed, the company must dismiss the old reliable officers or delay the enrollment until the naturalization process is complete, a matter of some time.

\$20,000,000 IN GOLD.

It Belongs to Uncle Sam and He Takes Good Care of It.

OMAHA, August 8.—The train bearing \$20,000,000 in gold from San Francisco to New York arrived last night and after a short stop proceeded eastward. The Pullman and six coaches were guarded by a company of soldiers with Springfield rifles and two Gatling guns. Guards stood on the platform with loaded rifles while a stop was made and no one was allowed to approach.

The Souvenir Coins.

WASHINGTON, D. C., Aug. 6.—The treasury department will take prompt measures for the execution of the provisions of the act appropriating \$2,500,000 for the World's Columbian exposition, and expects to have the souvenir half-dollars coined in about six weeks.

The reverse of the souvenir coins will show the main building of the exposition and the obverse the head of Columbus.

CHICAGO, August 8.—Director General Davis says that congress has really given the fair \$3,283,000, including the expenses of the commission and the government exhibit. The souvenir half-dollars will be worth seventy-five cents each. A premium is already offered.

Frick Looking for Garza.

RIO GRANDE CITY, Tex., August 8.—The revolutionists are again on foot and have established a rendezvous at Jabline on a ranche near by. Mexican troops are on the watch and thirty men of the Third United States cavalry have gone to the scene. Marshall Frick is still searching for Garza.

Revolution Squelched.

NEW ORLEANS, Aug. 8.—The City of Dallas, just arrived, reports that the government has the upper hand of the revolutionists in Honduras. It has chartered a new steamer and defeated the insurgents at Ceiba.

JUSTICE I. I. DAVIS DEAD

THE SUPREME COURT LONES A MEMBER.

Brief Biography of a Distinguished Man—He Was Only 55 Years of Age—The Governor May Appoint His Successor.

Attorney General Theo. F. Davidson received a telegram from Raleigh today saying that Joseph J. Davis, a justice of the supreme court, was dead.

Judge Davis was about 55 years of age, and a native of Franklin county, N. C. He studied law and was admitted to practice before the war. When the war began Davis entered the confederate army and was made captain of a company. He was captured and kept in prison on Johnson's Island for two years. When released he returned to his old home and resumed the practice of law. He served three terms in congress and was urged to accept a fourth term, but declined the honor. He was appointed by Governor Seales to the vacancy on the supreme court bench caused by the death of Judge Ashe. Judge Davis was twice married, his second wife being a Miss Gilliam, who survives him.

Attorney-General Davidson told THE CITIZEN that Judge Davis was a most excellent man in every respect. "He was a man of remarkable courage, physical and moral," said Gen. Davidson, "and in the affections of the people stood second to Senator Zeb Vance. His integrity was unimpeachable, and in every way he was well fitted for the position he held."

The appointment of a successor to Judge Davis lies within the power of Governor Holt. The appointee, if Governor Holt exercises the appointive power, will hold office until after the November elections, when a successor will be elected by popular vote. The suggestion of a man for this place on the ticket will probably be made by the state democratic executive committee.

TENNESSEE'S SALE.

Taking Up High Interest Bonds With Lower Ones.

NEW YORK, August 8.—It is announced by the Kernan financial agency that negotiations were completed in this city last week by the state of Tennessee for the sale of \$1,500,000 of fifteen year, 4 per cent. bonds at par. The proceeds will be used to retire outstanding sixes and fives. The same agency asserts that on January 1, 1892, that state will have in the treasury a surplus of between \$400,000 and \$500,000, and that this under the resolution passed by the legislature, will be applied to taking up a portion of the \$14,500,000 three per cent. bonds now outstanding, issued in aid of railroads. As the surplus accumulates the policy will be continued.

THE BOLL WORM.

It Will Help to Bring Down the Cotton Average.

SALADO, Tex., Aug. 8.—The ravages of the boll worm continue. Stalks of fine looking cotton, every boll of which is destroyed, are shown here. One man offers a hundred acres of cotton land for \$1 an acre. Every plantation is completely ruined.

RIOT AND MURDER.

More Arrests of Homestead Strikers Promised Soon.

PITTSBURG, August 8.—Lovejoy, of the Carnegie company, announces that before the week is out a larger number of additional arrests of strikers will be made on charges of riot and murder. The Amalgamated leaders say they also intend to bring additional charges against the members of the firm and the Pinkertons.

TO COMBAT CHOLERA.

Over 6,741 New Cases in All Russia in Two Days.

ST. PETERSBURG, August 8.—Cholera returns for all of Russia for August 3 and 4 show a total of 6,741 new cases and 3,496 deaths. A circular issued by the minister of the interior calls upon Russians, male and female, who have studied medicine abroad to place themselves at the disposal of the authorities to combat the cholera.

The President at Loon Lake.

LOON LAKE, August 8.—President Harrison arrived here Saturday as unostentatiously as did the other guests who visit Loon Lake. Dr. Gardner, the physician who attended Mrs. Harrison upon her arrival, will return in a few days. Mrs. Harrison is still quite ill, although she has improved since her arrival here.

Looting the Dram Shops.

ST. PETERSBURG, August 8.—Mobs in Astrabad Persia, incited by priests, have destroyed dram shops, holding liquor responsible for the cholera. The Russian consulate is guarded by Cossacks and an indemnity is demanded for the destruction of goods of Russian traders.

The Knights Templar at Denver.

DENVER, August 8.—The city is beautifully decorated in honor of the visiting knights templar. They were personally welcomed by Mayor Rogers. The arrivals still continue by the thousands. The weather is fine, the heat being tempered by a cool breeze.

Col. H. Clay King's One Hope.

CHATTANOOGA, Tenn., August 8.—Senator Harris passed through here today on his way to Nashville to intercede with Gov. Buchanan for commutation of the death sentence of Col. H. Clay King.

Kill the Cur Dogs.

PITTSBURG, Aug. 8.—John Alles, bitten fifteen years ago by a mad dog, has had yearly spasms. They recurred today and twelve strong men are required to hold him.

The Strike Over There.

PITTSBURG, August 8.—The Duquesne steel works started up this morning with all the old employes at work.

DID HE TRY

TO COMMIT SUICIDE?

The train which leaves the Asheville depot at 3:05 was rounding the bend yesterday when a man rushed to the platform and jumped off. His rash act created great excitement among the other passengers—they all thought it was a case of suicide. Ladies fainted, men rushed to the platform expecting to see his mangled form upon the track, but the fact was he had forgotten to put his bottle of "Buncombe Pills" in his satchel and would not start on his journey without them. He took great chances, but he might have taken greater.

GRANT'S PHARMACY.

In purchasing medicines don't try experiments—the first and only consideration should be genuineness. Buncombe Sarsaparilla has stood the test of several years and today it is in greater demand than ever. Over five hundred bottles sold this spring, a triumphant proof of popular approval. For sale at

GRANT'S PHARMACY.

BUNCOMBE LIVER PILLS are mild, yet efficient; do not cause pain or gripes, and act upon the liver and bowels. They are especially valuable as after dinner pills, and readily cure constipation and costiveness, nausea, distress in the stomach, etc.

They are purely vegetable and we believe they are the best family pills ever prepared and offer them with absolute confidence, believing that whenever used will be with the happiest results. Try them and judge for yourself. For sale only at

GRANT'S PHARMACY.

"SYRUP OF TAR AND WILD CHERRY" as manufactured at Grant's Pharmacy is the best cough medicine you can use for yourself or your children—it is a positive cure and we guarantee it to contain no opiates in any form, it is entirely harmless. For sale only at

GRANT'S PHARMACY.

Years ago people regarded cold cream and camphor ice as the ultimatums for chapped hands and all similar skin troubles, many persons find that the application of either of them aggravates their trouble. To such "CAMPHO-GLYCERINE COMPOUND" is a boon—it is a positive cure for chapped hands, chafing, sunburn, etc., and an elegant face dressing after shaving—it contains no mineral or noxious ingredient, is elegantly perfumed, will not get the most delicate fabric, is entirely harmless and safe to use on the most delicate skin and contains nothing greasy or sticky. For sale only at

GRANT'S PHARMACY.

Physicians orders promptly filled and delivered free of charge to any part of the city.
