AT THE BAYONET'S POINT

RAILWAY STRONGERS DRIVEN BACK BY MILITIA.

The Strike on the Eastern Roads Becoming More Serious—Eight Thousand Troops Ordered Out—A Military Tableau.

ALBANY, Aug. 18.—At 2 o'clock this morning Gov. Flower received a telegram from Sheriff Beck, of Erie county, and Mayor Bishop of Buffalo saying that additional troops were needed to protect the use of railroad property at Buffalo.

Gov. Flower immediately communicated with Adjutant General Porter, who, with his office force, was at the Delevan House. General Porter immediately called out 2,500 men who are to reach Buffalo before night.

At a meeting of the militia ordered out 30,000 additional militia to be in Buffalo by noon tomorrow, making 80,000 in all.

New York, Aug. 18.—Three regiments of the National Guard have started for Buffalo.

BUFFALO, Aug. 18.—"We are covering too much territory for our numbers," remarked Capt. Kirby in command of the Central regiment of the National Guard this morning. "Our lines are too thin," he added.

This fact was demonstrated about midnight last night at the William street crossing of the Central tracks. The locality was picketed only by Captain Wilson and thirty-four men from Geneva.

An angry, armed crowd caught the situation and about 11 o'clock began pushing in upon the picket lines. Feet and violence were cast upon the men, and finally the point was reached when Captain Wilson believed there would be an encounter. He hurried a courier away to Capt. Kirby's headquarters with an appeal for help at once. Kirby acted promptly and quickly. Twenty-three men of the Auburn company were on the way to aid Capt. Wilson.

Meanwhile, the crowd had grown more threatening and finally Capt. Wilson strode forward, drawing his pistol as he did so. The first man who moved beyond that bank will get lead," he shouted in the face of the crowd.

There was a pause, and even as Wilson stood, revolver in hand, there came a sound of the hurrying footsteps of the relief from Captain Kirby, hurrying at the sound of the pistol, and he halted, making a tableau with Captain Wilson as the central figure. The pistol came down as Lieutenant Nellis lined up his men.

"This crowd must disperse," commanded Nellis. "And if there is any more such a scene will be used here, as certain as heaven."

Those in the rear of the turbulent crowd, then numbering fully 2,000, jeered. That was enough. "Charge!" sprang forth the command and the Auburn men did charge. The fore front broke and tumbled upon the throng behind and scattered. The troops pursued with active bayonets and many legs in East Buffalo today are doubtless bandaged in remembrance of Nellis' charge.

MORE CHOLERA CASES.

The Disease Seems to be Gaining in Force.

ST. PETERSBURG, Aug. 18.—There were reported from the various cholera infected districts in Russia yesterday 8,438 new cases and 3,207 deaths. This is an increase over Tuesday's figures by 649 new cases and 535 deaths.

The horrors of a frightful storm has been added to the misery and suffering caused by the cholera at Nijni-Novgorod. The storm was one of the most frightful that has ever visited that region. It came sweeping over the town with a force and fury that many buildings were unable to resist. The cholera hospital was full of patients, many of them in a dying condition. As they heard the roar of the hurricane some of them died of fright. The terrible noise of the approaching storm was soon followed by the storm itself, which crashed in a large part of the cholera hospital like a huge shell, hurled the beds and wooden walls into a mass of ruin.

From the debris came the shrieks and groans of the victims, a number of whom died while the work of rescue was going on. Other buildings were also crushed, and the tents of the traders who had remained notwithstanding the cholera were scattered with their contents in all directions. The wretched people of Novgorod who could fly deserted the place, while the people who remain can be seen in crowds at the shrines and in the churches praying.

St. Petersburg, Aug. 16.—The Hon. Alex. Passenvert, of St. Petersburg, Russia, is in the city. In speaking of cholera in Russia he said: "I am inclined to think that the reports are very much exaggerated by the press. The government has no object in keeping the true state of affairs quiet, as is estimated by the reports. It is not pleasant to have cholera in a country, but it is no crime."

A Glacial Field in Idaho.

BOISE CITY, Aug. 16.—P. J. Schornerhorn, the geologist and mineralogist who is working in the interest of Idaho's exhibit at the World's Fair, writes that he has discovered an immense glacial field in central Idaho, beneath which lie a series of glacial lakes. The field covers an area nearly as great, though not as thick, as the great glacial field of the Alps. The glaciers are situated about twenty-five miles southwest of Shoup amid a number of high peaks not down in the maps.—N. Y. Sun.

No Hurry.

NEW YORK, Aug. 18.—Some comment has been made on the fact that Mr. Cleveland has not yet sent out his formal letter acceptance of the nomination to the presidency. The Baltimore Sun correspondent fears that he has not yet written a line of it, that it will not be made public until late in September, after Mr. Harrison has taken the public into his epistolary confidence.

A Fatal Fall From a Hammock.

NEW HAVEN, Conn., Aug. 18.—Hugh Daily, city attorney of this city, died this morning at his residence, of lock jaw, the result of a fall from a hammock a few days ago. Mr. Daily was fifty-six years old and prominently known throughout the State as a lawyer of more than ordinary ability.

THE TROOPS SURRENDER

THE MINERS AGAIN VICTORIOUS IN TENNESSEE.

Gov. Buchanan Has Ordered Out the Militia of the State and Also Several Sheriff's Posses—End is Apparently Not in Sight.

CHATTANOOGA, Aug. 18.—A special to the Times, just received, says: "The troops at Camp Anderson, Coal Creek, surrendered this morning. The soldiers and convicts are at Clinton enroute for home."

The earliest news of the day, before the foregoing news of the surrender had been received, was the departure of Col. Woolford and his little detachment of the Third regiment from Harrison with Coal Creek as the objective point where 130 of their comrades have been entrenched for the past year and were now surrounded by living walls of a thousand angry and determined miners. Last week a party of soldiers found a piece of iron in the street transformed into a cannon, loaded and trained on the camp, showing that the trouble was premeditated. Anxiety was felt for the little band of soldiers who had come to the front. The sheriff is selecting deputies here and the citizens respond with alacrity, showing condemnation of the lawless acts of the miners.

KNOXVILLE, Aug. 18.—At last midnight the miners at Coal Creek received large reinforcements from Kentucky.

At 3 o'clock this morning a special train with about 100 troops and civilians left for East Tennessee in response to the Governor's call for assistance.

The Board of Prison Inspectors met yesterday and reconsidered the opinion of their attorneys to the effect that the lessees of the convicts have violated the terms of their lease. The Board will give them a formal twenty days' notice today. The lessees claim they have not violated the contract.

Late last night, after a consultation with Adjutant General Normal and his attorneys, Governor Buchanan ordered all the organized militia in the state to the scene of the troubles in the mining region. He then made requisitions on the sheriffs of Davidson, Hamilton and Knox counties for posesses of 1000 men each and to the sheriffs of Anderson, Roane, Morgan and Marion for 500 more if they can raise them. The order for any sheriff refusing to obey this order is a term of imprisonment and a fine of \$10.

All the troops called out massed at Chattanooga this morning and proceeded to Knoxville, whence they will go to Coal Creek.

The posesses are armed with all sorts of pistols and guns. Company C, with 40 men; Company F, with 35 men, and Battery A, with 32, a three inch cannon and two gattling guns composed the Nashville troops.

The wires are in order along the railroad to Jellico, but no messages can be received or sent except on railroad business. The miners have a committee at every office with an operator of their own who repeats everything to them.

A Lord Too Indolent to "Pop the Question."

LONDON, Aug. 16.—The Star, commenting upon the marriage of the Duke of Devonshire and the Dowager Duchess of Manchester, says:

"The Duke of Devonshire has married his old love, who is now aged sixty years. The story of their separation is a romance. They were fondly attached while both were young, but the habitual indolence of Lord Hartington prevented the declaration. The lady tried to infuse energy into him by listening to the attentions of the late Duke of Manchester. This had a contrary effect upon Lord Hartington than she intended. She finally became the wife of the Duke of Manchester."
