THEY WILL NOT TAKE PART THE B. L. E. AND THE RUF. FALO STRIKERS

Chief Arthur intimates that the Engineers will not cooperate in a sympathetic strike. One of the strikers shot. BUFFALO, N. Y., Aug. 24.—Chief Arthur of the Brotherhood of Locomotive Engineers has, it is believed, indicated to Sweeney, of the switchmen's order, that it will be impossible for him to be present here at the proposed conference.

THE ANTE MORTEM STATEMENT OF THOMAS MANAHAR, who was shot at Tift farm last night by members of the 22nd regiment was taken this morning. He said he had been a car switchman for the Buffalo Creek railroad, was a native of America, and was 31 years of age; was standing at the corner of Gansom street and the turnpike early last evening with four or five men; Manahar struck one of the men working on the Lehigh valley road, and a man fired two shots at him, which struck him in the chest.

ROCHESTER, N. Y., Aug. 25.—The night force of the New York Central switchmen employed at Rochester, ten men in all, struck at 4 o'clock this morning demanding double pay for Sunday work. Assistant Division Superintendent Gould consulted with the men and they decided to go to work pending a settlement of their grievances by the head of the road at New Haven. A number of switching tenders, train conductors and yardmen also struck with the switchmen, making fifty in all. All are now at work, but may go out again soon.

INCriminating Telegrams Discov-ered—a Volunteer. NASHVILLE, Aug. 24.—The latest news from Coal Creek is that quiet prevails. No demonstrations were made yesterday. Supplies and clothing are being rushed forward from this city to the soldiers as their stay is indefinite and especially since the indications are that the convicts are to be returned to the mines in a few days.

GUENICHES, in an examination of the dispatches in the telegraph office at Coal Creek has found many dispatches of an incriminating nature throwing much light upon the conspiracy. Assistant Commissioner Allen left for Nashville yesterday afternoon, it is understood, in obedience to a request from Gen. Carnes that he was wanted. Allen says he will be able to show in any corner that he has had no part in inciting riots and attacks.

THE ENGLISH WHEAT CROP. LONDON, Aug. 22.—The Mark Lane Express says that the new English crop has fairly started for the markets. The average opening price is thirty-two shillings. This is eight shillings below the opening price of 1891, and would amount, on a sale of eight millions of quarters, to £3,200,000. The withdrawal of this capital from the English farmer, without any equivalent gain to the importer, is a most serious financial problem. All foreign wheat, except Indian has fallen one shilling.—N. Y. Sun.

MARRIED HER FIRST HUSBAND AGAIN. BRIDGEPORT, Aug. 22.—Hugh O'Flaherty, an attorney of Hartford, and Mrs. Emma Austin were married in this city last night. Ten years ago they were man and wife. Trouble ensued and a divorce followed. Then Mrs. O'Flaherty married John H. Austin, a printer of New Haven. This marriage did not prove happy, and Mrs. Austin secured a divorce from Austin, nearly a year ago. The second marriage with O'Flaherty followed, and it is understood that regard for their children was an element in their second romance.—N. Y. Sun.

Da Fonseca was a military man, capable and ambitious. He led the forces which overturned the government of Dom Pedro. ABOUT THE MAIL. Delay in Delivering it at the Post Office. Postmaster Cannon and the public generally have cause to complain of the carelessness of the Asheville Street Railway company and its employes in delivering mail at the postoffice. Since the track was torn up on Patton Avenue the mail has been transported to and from the square on a cart. For several days past the mail has been thrown on the cart at the square and allowed to lie there perhaps ten or fifteen minutes. Asheville deserves better things.
