THE LAST DAYS

In The Good Old Stores.

We are just as busy as we can be; not

moving, but selling goods. All buy who

visit us now, and the stores are well filled

every day. The stock is not complete now,

but there are lots of fine goods still left, and

they are going—going fast, and very cheap.

J. H. LAW,

Nos. 57 and 59 South Main St.

THE GREAT QUESTION

That every housekeeper must solve is: Where can necessary supplies be bought to best advantage?

Between

The several grades and many prices that are shown, the customer is often in doubt which to select, but we can help you. The

Capital

Quality of all Groceries sold by us is unquestioned while we keep prices at a minimum.

And Labor

Diligently to please all by promptness, courtesy and fair dealing.

A. D. COOPER,

THE MAITLAND SCHOOL.

No. 40 French Broad Avenue.

ENGLISH AND FRENCH HOME AND DAY

SCHOOL FOR GIRLS.

MRS. BURGWIN MAITLAND, Principal.

The School will re-open September 26th.

Mrs. Maitland will be in Asheville after

August 15th. Circulars may be had by ap-

plying at the school.

OUR Grand Opening

Fine French China and Rich Cut Glass

Will take place Wednesday and Thursday of this week. Visitors, residents and every lady specially invited to attend this rare exhibition. The fine china and cut glass for Mr. Ed. Rumbough's new mansion will also be shown on these days. We are the importers for all the china and agents for the domestic cut glass. Will take orders for immediate shipment of the cut glass. Come to our store; it is the place for fine goods.

THAD. W. THRASH & CO.,

CRYSTAL PALACE.

SILVER LEAF LARD

If you have tried it you know what it is; if you haven't, and will take the trouble to test, we are satisfied you will use no other. You can rest assured it is absolutely pure leaf lard. We have never sold any that gave better satisfaction.

IT MOVES ON STEADILY

THE CHOLERA SPREADING IN ENGLAND.

A Suspected Case in New York Turns Out to be Only the Effects of a Russian's First Square Meal—The Paris Record.

NEW YORK, Sept. 2.—Jos. Etuniz of 95 Orchard street, whom Dr. Beck reported last night as a cholera suspect, is not infected with the pest. His illness is due to overfeeding, after being nearly starved in Russia. He was all right this morning. For dinner yesterday Etuniz ate almost two pounds of corned beef, a small mountain of cabbage and two watermelons; at least his sister says he did.

Considerable excitement was occasioned by the report that the captain of the Moravia went ashore on Staten Island last night. Health Officer Jenkins acknowledged such was the fact, and said he immediately ordered the captain back to his ship.

QUARANTINE, N. Y., Sept. 2.—The steamer Island, with 58 cabin and 577 steerage passengers, arrived here this morning. All the steerage passengers are Scandinavians and Danes and are a remarkably clean and healthy lot of people. The Island was allowed to proceed this forenoon. On the 24th of August an emigrant named Christensen was washed overboard and drowned.

The City of Berlin arrived today with 203 first class, 232 second and 658 steerage passengers. They were all well on board and had not heard of the arrival of cholera in England. They were very much excited over the news.

PARIS, Sept. 2.—Official cholera figures for yesterday show that there were fifteen cases and three deaths. Compared with the returns for Wednesday, this shows a decrease of six new cases and a falling off of seven in deaths.

ST. PETERSBURG, Sept. 2.—Official returns for the empire on August 30 are as follows: new cases, 5,273; deaths, 2,722. Compared with the figures of August 29 this is an increase of 414 new cases and 193 deaths. These figures, though official, are known to be incomplete, for many smaller villages, in which the disease is known to exist, are not heard from, or, if heard from at all, not until too late to incorporate their returns in the official total.

St. Petersburg's returns for yesterday give a total of 144 new cases and 14 deaths.

LONDON, Sept. 2.—There were fifty new cases of cholera, and fifteen deaths here yesterday.

LONDON, Sept. 2.—Another Russian steamer with cholera waiting at Liverpool for the steamer that was to convey him to New York today. It is reported that a woman has died from the disease at Middlesbrough, an extensive manufacturing town seventeen miles south of Manchester.

ALL VESSELS FROM INFECTED DISTRICTS TO BE HELD.

WASHINGTON, Sept. 2.—The Treasury department has issued the following, under approval of the President, to collector of customs, medical officers marine hospital service, foreign steamship companies, State and local boards of health: "It having been officially declared that cholera is prevailing in various portions of Russia, Germany and France and at certain ports in Great Britain, as well as in Asia, and it having been made to appear that immigrants in large numbers are coming into the United States from the infected districts aforesaid, and that they and their personal effects are likely to introduce cholera into the United States, and that vessels conveying them are therefore a danger to public health, and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and it having been further shown that under the laws of the several States quarantine regulations may be imposed upon these vessels for a sufficient length of time to insure against the introduction of contagious diseases, it is hereby ordered that no vessel from any foreign port and
