THE STATE IS ALL RIGHT

THE DEMOCRATS SURE WINNERS IN NOVEMBER.

Hon. John C. Scarborough Tells "The Citizen" of His Campaigning Trip—The Third Party Weakening Daily.

Hon. John C. Scarborough, Democratic candidate for superintendent of public instruction of North Carolina, arrived in Asheville this morning, from Morganton. Mr. Scarborough is in fine spirits, his only trouble being a hoarseness, contracted while flying Republicans and Third Partyites. He has just completed

JOHN C. SCARBOROUGH.

a campaigning trip embracing the counties of Iredell, Caldwell and Burke.

Mr. Scarborough was asked by THE CITIZEN as to the prospects for Democratic success next November.

"Exceedingly encouraging," he replied. "I have no fear for the result. I have traveled through the Piedmont section, and through the hot beds of Third partyism, and I am able to say that the Third party is weakening every day. I found it that way in Iredell and the same can be said of Caldwell. The ticket put out by the State convention of their party contributed to this disaffection. Our speakers are showing Third party people that they have been misled by their leaders, and the argument is having its effect."

"The putting out of a ticket by the Republican State convention today, if this course is decided upon, will aid the Democrats—but we would have beaten them anyway, had they fused with the Third party people."

"Yes, North Carolina is all right, and we'll prove it in November by putting the State where she belongs—in the Democratic column."

Mr. Scarborough will remain in Asheville until tomorrow, when he leaves to prosecute the campaign in Vance, Mitchell and Watauga counties.

NORTH CAROLINA ALL RIGHT

Chairman M. F. Carter Makes an Accurate Report.

The Baltimore Sun prints the following as news from the Democratic headquarters, New York: "M. F. Carter, Chairman of the Executive Committee of the Ninth Congressional district of North Carolina, writes: 'I am confident that the Third party movement has seen its best days in North Carolina. The death of Colonel Polk was certainly a fatal blow to that movement. Since they held their convention some weeks ago at Raleigh and put out their tickets it has become manifest to all thinking people that the movement is an utter failure, and men who formerly co-operated with the movement are now denying that they were ever in sympathy with it. Our people are alarmed at the prospect of the enactment of the force bill, should the Republicans come into power, and for the same reason, at least they will have inside all differences and stand together in opposition to the force bill.'

"All our hopes as a people depend upon the continued supremacy of the white race in the State. Should the Republicans succeed and the force bill become a law our property interests will suffer a great shock and we would not hope to have further investments of Northern capital among us."

"Do we like Cleveland? Yes. We know him to be honest, and he is the first President since Mr. Grant who has shown the least consideration for our section. We are not all crazy on the silver question, and thousands of people who differed with Mr. Cleveland on that question are beginning to see that after all he is right, and would accept gradually both Mr. Cleveland and his views on the money question. At the same time our people want more money, but they want it to be good money when it comes, and they see nothing in Mr. Cleveland's utterances in opposition to their wishes in this regard."

WHITTIER IS DEAD

To be Buried at Amesbury, Mass., Next Saturday.

HAMPTON FALLS, N. H., Sept. 7.—John G. Whittier died at 4:30 this morning. He passed away easily. His nearest relatives and Dr. Douglas were at his bedside and he seemed to be conscious of his surroundings at the last moment. The funeral will take place at Amesbury, Mass., at 2:30 p. m., Saturday.

Not the Right Selection.

PHILADELPHIA, The judge of the common pleas court today handed down a decision, denying the petition of A. E. Stockwell that his selection by the directors of the suspended Mutual Banking Trust and Surety company as assignee of that concern be confirmed by the court. The Mutual company is known as the Iron Hall bank, and \$720,000 of the funds of that order were on deposit when it failed recently.

A Broken at Homestead.

HOMESTEAD, Sept. 5.—A break in the ranks of the locked out men occurred here today, and nearly 100 returned to work. Most of them were laborers from the foreign element, but several were formerly employed in the mechanical department and went back to their old places.—N. Y. Sun.

A True Bill Against Bergman.

PITTSBURG, Sept. 6.—The grand jury found true bills yesterday against Alexander Bergman, the anarchist who attempted to assassinate H. C. Frick.

AT THE UNIVERSITY

Good News From North Carolina's Seat of Learning.

CHAPEL HILL, Sept. 5.—The University opened its doors on Thursday morning with perhaps the most favorable outlook it has had for years. Ever since the first of the week there has been a constant stream of new students pouring into the halls, along with old students returning, until now the membership of the class of '96 promises to number over one hundred, an increase of twenty over the attendance for any other year since the reopening of the University in 1875.

The greater part of the past few days has been consumed in holding the entrance examinations, which most have succeeded in safely passing.

On Thursday evening, the President made an address before the Y. M. C. A. of the University, in the hall of the association. He spoke of the moral and religious influences pervading the life of the University and of the many ways at hand for the elevation of the student's life in this direction.

President Winston also spoke to the students in the chapel on Saturday morning on "Student life at the University." He thanked the old students for their hearty cooperation given him during the first year of administration and sought from the new students evidence of a like spirit among themselves. He declared that he would canvass every county in this State, and then every one of the sixteen Southern States, with the walls of this grand old institution should shelter not less than one thousand students; "and this," he continued, "means an increased appropriation from the Legislature, and the placing of the University of North Carolina in the foremost rank of American institutions."

Several improvements are being made just now in the University. A part of the Mary Smith Morehead legacy is being used in constructing a large addition to the chemical laboratory which will permit of the housing of all lines of work in that department.

Complete systems of sewerage and waterworks are being constructed throughout the grounds and buildings and a set of baths is provided for each dormitory.

A new name may now be seen among the faculty in the person of Prof. Collier Cobb, late of Harvard University, who will occupy the chair of geology and mineralogy.

Mr. Homer Lee Harris, B. S. '89, who conducted his department during the past year, and Mr. J. Volney Davis, B. S. '91, now of the U. S. Geological Survey, will leave in a few weeks to take special courses in geology at Harvard University.

The boys' club, under the present year's activities among the coming year, there is a club of good material in college now for both the football and baseball teams, and we will enter all the contests with the utmost confidence of success.

A game of football has already been scheduled for Oct. 13, at Johnston, N. C., between the University team and that of the University of Virginia.

With the present array of spirit and energy in all departments, the people of the Old North State may justly feel proud of their University.—A. L. W.

GONE BACK ON BARRIBON

A Colored Editor in Indianapolis Deserts the Republican Camp.

INDIANAPOLIS, Ind., Sept. 5.—T. E. Christy, editor of the Indianapolis World, and one of the most prominent colored men of the State, will support the Democratic ticket at the coming election. He has been a lifelong Republican, and during the last national campaign was one of Mr. Harrison's most enthusiastic supporters. He says:

"I have long since ascertained that the glorious promises which are held out to people of my color by Republican office-seekers without consulting us, are a failure to materialize, and it seems to me that it is high time we were calling a halt on such dupery."

"The greatest curse upon the black man of today is his proneness to blindly obey the dictates of Republican demagogues without consulting his own situation, because he has been made to believe that his freedom was secured wholly and entirely through the Republican party."—N. Y. World.

WORE THE BRUSHES.

600 Persons Ride on a Line From a Stranded Steamer.

LONDON, Sept. 7.—The British steamer Mona Isle, bound from Dublin for Douglas, Isle of Man, ran on a rock off the Island last midnight. Six hundred passengers were on board. For a short time after the vessel struck there was every indication of a panic, but the officers succeeded in reassuring the passengers that there was little danger, and they quieted down.

Distress rockets were sent up and were promptly answered from shore. The life boat men and the coast guards rigged a rocket apparatus and soon succeeded in acting a line to the stranded steamer. The breeches buoy was rigged and every one of the 600 passengers was taken ashore in safety.

War Vessel Sent to Venezuela.

WASHINGTON, Sept. 5.—Secretary Foster says that information received at the State department from the United States Minister at Caracas of the condition of affairs in Venezuela, has led the President to direct that another vessel be sent to La Guayra, The Kearsarge, now in the West Indies, having lately been investigating waters at Navassa, has been ordered to proceed to Venezuela immediately, and it is expected that by the last of this week both the Kearsarge and Concord will be communicating with Minister Scruggs and prepared to protect American interests in that country.—N. Y. Sun.

Mount Etna Eruption Abating.

LONDON, Sept. 5.—A dispatch from Catania says that the eruption of Mount Etna is abating in violence. The lava has overwhelmed many farms, orchards and vineyards and has irreparably ruined many valuable properties in its vicinity.

A True Bill Against Bergman.

PITTSBURG, Sept. 6.—The grand jury found true bills yesterday against Alexander Bergman, the anarchist who attempted to assassinate H. C. Frick.

REPUBLICAN STATE TICKET

ONE WILL BE NAMED BY FAULKNER TODAY.

The Convention in session at Noon and Adjournment Taken to Settle Contests—The Colored Element out in force.

RALEIGH, Sept. 7.—The State Republican convention met today and was called to order shortly after noon by John B. Evans, chairman of the State Executive committee.

Evans named as temporary chairman John B. Schomack, colored, of Mecklenburg, who was escorted to the chair. James A. Young, colored, of Wilmington was made temporary secretary.

It was found that all the counties except seven were represented and the convention took a recess till 3 p. m. to allow the committee on credentials to confer, several contests being reported.

It is practically certain that a State ticket will be nominated, although there is a strong element opposing it.

THE ARIZANS ELECTION.

Democrats Have a Majority of Over 16,000.

LITTLE ROCK, Sept. 5.—The election for State officers held today is something of a surprise. Up to noon despatches indicated that a large vote would be polled, but later advices show that the falling off will be fully 50 per cent. as compared with the votes of 1890.

Counties in the interior of the State have not been heard from, but those which can be reached by telegraph report a uniformly light vote.

The reports at Democratic headquarters give the Democratic State ticket a majority ranging from 15,000 to 20,000.

The falling off in votes is caused by the new law based on the Australian system. It shut out many ignorant voters.

The People's party has made some gains, but the Republicans have evidently fallen behind, the vote of that party showing a large decrease.

The greatest surprise of all is that heavy negro vote cast for the Democratic ticket, in all the counties comprising the black belt of the State the negroes appear to have voted with the Democrats.—N. Y. Sun.

LITTLE ROCK, Ark., Sept. 7.—Returns from fifty-three counties give Fishback for Governor, a majority of 10,329 over both Whipple, Republican, and Carnation, People's party. Desha and Phillips counties are Democratic by 350 and 400 respectively. This is the first election since the war that these two counties have gone Democratic. In Faulkner county the People's party elects its county ticket, but gives a majority of 150 for Fishback.

FORT SMITH, Ark., Sept. 7.—Western Arkansas polled a full vote in Monday's election. Fishback, Democrat, for governor, leads the ticket in all this part of the State. His majority will be fully 25,000. In this city his majority exceeds 700, which is nearly 200 head of the party ticket.

LITTLE CHOLERA NEWS

A Case of the Disease Reported at Detroit, Mich.

QUARANTINE, N. Y., Sept. 7.—No news had arrived from lower quarantine up to 11 o'clock this forenoon. After the morning visit of the doctors to the ships at upper quarantine the old tank steamer Brilliant was allowed to go to her pier. A German steamer was then cleared and proceeded up to New York at 11 o'clock.

The Persian Monarch has been cleared and went on her way to her pier. Dr. Jenkins visited the prison ship again yesterday afternoon. He reported three new cases on the Rigua, a Hoffmann Island, Gertrude Schoom was dead, and there were four new cases, three being stokers on the Normandie. At Switzburg, Ind., a nurse, Adelaide Myers, is very ill with cholera.

DETROIT, Mich., Sept. 5.—The steamer India, from Duluth to Buffalo, touched at Detroit today. Cholera Inspector Farman took off the dead body of the eight-month-old child of W. J. Sables, who was coming from Fort Stevens, Wis., No. 709 Canal street, St. Louis, N. Y. The child died early this morning after a sickness of twenty-four hours with all the symptoms of Asiatic cholera.

The Sables family came in contact at Duluth with European immigrants. The child was attended on board the steamer by Dr. M. B. Dwight, of Philadelphia. He and Dr. Farman say that it is a case of sporadic cholera, but as a precautionary measure the body will be cremated here. The steamer, after disinfection, was allowed to proceed and the health officer of Buffalo was notified.

KILLED AT A RACE TRACK.

Gambling Leads to the Death of Two Men.

CHICAGO, Sept. 7.—Garfield Park race track was raided yesterday and as a result, James Brown, of Fort Worth, Texas, owner of several first class horses, and Policeman John Powell were killed, while Policeman Harry McDowell has a bullet in his abdomen.

The officers attempted to arrest Brown and fired when he fled. McDowell returned the fire and a duel followed with the result stated.

Sam Small Seriously Wounded.

VINCENNES, Ind., Sept. 7.—A crowd of toughs from White River bottoms who do not like Rev. Sam Small's doctrine, broke up a meeting which Small had been invited to address. Small went to his hotel, when some one fired a revolver through the window, hitting Small in the thigh, producing a serious wound.

Republicans for Free Silver.

GREAT FALLS, MONT., Sept. 7.—The Republican State convention yesterday nominated the following ticket: Governor, J. E. Richards; Lieut. Governor, W. C. Botkin; Congressman, Chas. W. Hartman. The platform advises the free and unlimited coinage of silver.

Gen. Stevenson Hasn't Heard of It.

BLOOMINGTON, Ind., Sept. 5.—In an interview today Gen. Stevenson said he had no knowledge of an intention on the part of ex-President Cleveland to make a trip through the West in October.

Antimigraine

THE NEVER FAILING CURE FOR HEADACHE

Absolutely Safe, Perfectly Sure, and Always Speedy.

Cures Every Variety of Headache

AND NOTHING ELSE.

ANTIMIGRAINE

Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, headache. The immense favor which has greeted it from all quarters proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as

Antipyrine, Morphine, Chloral and Cocaine,

since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear of serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
