## THE NEW G. A. R. PLACE

A GREAT DAY FOR THE OLD  
SOLDIERS.

Washington all Astr-Novel At-  
tractions and Arrangement of  
the Camping Ground—Reviewed  
by Vice-President Morton.

WASHINGTON, Sept. 19.—When the  
sleeping hosts awoke this morning and  
the G. A. R. comrades had rubbed their  
eyes and performed their ablutions all  
were light and life and gladness. Every  
where the blue coats were making ready  
for today's program. The kitchens  
smoked, waiters hurried here and there  
and long tables in dining halls were filled  
with men eating breakfast. This dis-  
patched they strolled about the grounds  
or went off in little squads to view the  
gaudy decorated city.

The streets were crowded at an early  
hour and most of the people of the Dis-  
trict appeared to have abandoned the  
idea of business in favor of a holiday.  
The feature of the day, full of events as  
it was, was the dedication of Grand Army  
Place, which is a vast  
ellipse known as the White lot, just south  
of the grounds of the executive mansion.  
It is one magnificent lawn comprising  
many acres of ground. On this vast  
field has been laid out a reproduction of  
the closing campaign of the civil war,  
but instead of serried armies and parks  
of death-dealing artillery, the positions  
of the Federal armies have been indicated  
by the arrangement of the tents and  
stands. In the center of the field, repre-  
sented Richmond, capitol of the Con-  
federacy, is a commodious grand stand.  
Surrounding it are myriads of tents set  
apart for and representative of the posi-  
tions of the various arms of the corps that  
wound up the war. To the Northeast  
of Richmond lies the army of the Potomac.  
To the Northwest lies the army of the  
Cumberland, the cavalry of West, the  
army of West Virginia, the army of Ohio,  
and the army of the James. The pris-  
oners of the various arms of the corps that  
wound up the war. To the Northeast  
of Richmond lies the army of the Potomac.  
To the Northwest lies the army of the  
Cumberland, the cavalry of West, the  
army of West Virginia, the army of Ohio,  
and the army of the James. The pris-  
oners of the various arms of the corps that  
wound up the war.

A novelty of the ground is a place set  
apart for a reunion of the naval and  
marine veterans, on which has been  
erected a reproduction of the famous rig-  
gates Keokuk, which sank the Confederate  
Cruiser Alabama after she had made  
her unparalleled record as a destroyer  
of commerce.

The dedication of Grand Army Place  
was preceded by a parade of consider-  
able proportions and one of great interest  
to the Grand Army men as well as other  
spectators, because of the opportunity  
it afforded of contrasting the appearance  
and movements of veterans with the pre-  
cise and modern methods of soldiers of  
Uncle Sam's regular army and navy.

The procession started at 10 o'clock  
from Second street, west of the Capitol,  
and proceeded up Pennsylvania avenue,  
to stand in front of the treasury where  
it was reviewed by Vice-President Morton.  
The main body of the procession  
continued on its way by Seventeenth  
street into Grand Army Place, the cav-  
alry contingent remaining behind to  
form an escort for the Vice-President.

## MORE CHOLERA.

A Case in New Jersey and New  
Cases on Steamers.

NEW BRUNSWICK, N. J., Sept. 19.—  
Capt. James Corra, a canal boat owner,  
died here of cholera last evening. The  
body was wrapped in antiseptic blankets  
and buried in a six foot grave in the new  
Catholic cemetery.

QUARANTINE, Sept. 19.—There are no  
new developments in the quarantine sit-  
uation this morning either in the lower  
bay or at Fire Island. The Anchor line  
steamship Furberia arrived this morning  
from Glasgow. When passing Sandy  
Hook she signalled, "report me all well."  
She was the only European arrival this  
morning.

FLYING, Sept. 19.—Nine new cases of  
cholera and four deaths from the disease  
were reported here yesterday.

SANDY HOOK, N. J., Sept. 19.—The  
steamers, Bohemia and Scandia have vel-  
low flags up.

THE CHOLERA IN EUROPE.  
LONDON, Sept. 19.—The shadow of the  
Great Death is lifting from Europe.  
Cholera's dead last week do not number  
more than 15,000, if the returns are ap-  
proximately true. Hamburg's total  
death toll has amounted to about 7,000,  
and the disease is no longer in some de-  
gree its intensity in that stricken city.  
In Russia, however, there has been a  
marked improvement, and the disease is  
rapidly disappearing in many places in  
western Europe where it threatened  
to become a great scourge. Paris con-  
tinues to be a danger point, although  
the daily reports given out by the au-  
thorities indicate that the pestilence is sub-  
siding.

INOCULATED AGAINST CHOLERA.  
LONDON, Sept. 17.—Pasteur's assist-  
ant, Dr. Halkine, has inoculated about  
sixty people with cholera virus up to to-  
day, but no opportunity has yet arisen  
for thoroughly testing its efficacy. Some  
of those inoculated are proceeding to in-  
fected areas. If they die we shall be able  
to form a good idea of the value of the  
discovery. M. Pasteur's assistant does not  
guarantee that the new treatment will  
secure people from attack, but he is very  
sanguine that it may do so.—N. Y. Sun.

SIX AT A BIRTH AND ALL BOYS.  
The wife of a North Carolina  
mountaineer breaks the record.

KNOXVILLE, Tenn., Sept. 16.—The wife  
of Charles Billings, a poor illiterate  
mountaineer living in Ashe county, N. C.,  
twenty-eight miles from the nearest rail-  
road station, has just given birth to six  
children, all boys. They weigh from  
four and a half to nine pounds each and  
all are alive.

Mrs. Billing is of medium stature, and  
thirty-one years old. She has four other  
children, but they were all born singly.

HER MACHINERY BROKE DOWN.  
BOOTH BAY HARBOR, Maine, Sept. 19.—  
The steamer Carroll, of Halifax, re-  
ported over due at Boston, with sixty  
cabin passengers, was towed in here Sun-  
day with her machinery disabled.

## W. C. T. U.

The Greensboro Convention—A  
Meeting of Workers.

GREENSBORO, Sept. 17.—The sessions of  
the W. C. T. U. convention are attracting  
large audiences. The program yesterday  
was full and interesting in the extreme.  
Evangelistic work, prayer and hymn  
house department; Sabbath observance;  
unfermented wines; flower mission and  
Sabbath school work were all presented  
in the morning session by the several  
superintendents of departments. Moth-  
er's meetings, embracing the heads of  
health and heredity, narcotics, non-alcohol-  
ics in medicine, social purity, purity  
in literature and art, modern newspapers,

and humane treatment of animals, oc-  
cupied part of afternoon's session. At 3  
p. m. a beautiful memorial service was  
conducted in memory of Mrs. Merrick  
of Hillsboro, she having been appointed  
one of the State organizers. Reports of  
organizers preceded the memorial service.

Upon invitation, the convention vis-  
ited en masse the Keeley Institute, and  
solemnly and impressively were the exer-  
cises there. The inmates were cordially  
invited to attend the convention ses-  
sions, and the invitation was accepted  
with thanks.

Last evening was given to W. C. T. U.  
by the young women's branch of the  
work. Their exercises were interesting  
to the extent. A symposium on woman  
man occupied the greater part of the  
evening. Woman, in education, in litera-  
ture, in medicine and in philanthropy  
and reform, was duly presented. The  
music throughout the convention has  
been most excellent. The convention  
closed tonight.

NEGRO PLEAS.  
Fat Puns Given Men Men Who  
Already Had Good Salaries.

WASHINGTON, D. C., Sept. 15.—The  
demand of the negroes for recognition by  
white Republicans in a share of the offi-  
cial is having effect, with the admin-  
istration, at least.

Four negroes were sent out today to go  
into the homes of old veterans of the  
Union army as special examiners, to  
take evidence in pending cases.

In all the history of the Pension bu-  
reau, only two negroes have been as-  
signed to this work and they were sent  
South where nearly all the claimants for  
pensions were negroes. The place of  
special examiner is the most desirable in  
the pension office service. The salary is  
\$2,500 and traveling expenses, the highest  
priced positions, save members of the  
commissioner's executive staff.

The negroes who got these places are  
Leon Lamer, appointed from Texas, and  
who now holds a \$2,000 job; I. Spang  
Smith, of Kentucky, a \$1,200 job; Dan-  
iel S. Brandon, of Alabama, a job at  
\$1,200, and James F. Pratt, a job at  
\$1,400.

There are plenty of white Republicans  
in the pension office at from \$1,000 to  
\$2,000 who would have been glad to get  
these places, and they are licking with  
vengeance. It is a move on the political  
chess board by the administration,  
which even Republicans here say will  
have a disastrous effect.—State Chronicle.

EQUAL BEFORE THE LAW.  
Tory Oppression Swept Away by  
Gladstone's Power.

LONDON, Sept. 17.—Ireland's release  
from coercion under John Morley's rule  
has come speedily. All of the elaborate  
machinery of Tory oppression has been  
swept away by a stroke of John Mor-  
ley's pen. The rights of trial by jury  
and free speech have been restored  
to Ireland by the revocation  
of Balfour's proclamations of five  
years ago. The law under which those  
rights might be again suspended still  
stands unrevoked, but it is made a dead  
letter by Morley's proclamation of  
Wednesday. This is the first promise of  
the new government to the Irish people  
fulfilled. Irishmen for the first time in  
five years are equal before the law with  
Englishmen, Scotsmen and Welshmen.—  
N. Y. Sun.

PECK'S RESIGNATION.  
Gov. Flower Says It Has Been in  
His Hands for Months.

ALBANY, N. Y., Sept. 17.—The report  
that Labor Commissioner Peck's resig-  
nation is in the hands of the Governor  
was confirmed by Governor Flower to-  
night. He said the resignation was ten-  
dered to him last winter, and is in his  
hands. He has never considered it, and  
declines to say what action he will take  
in the matter until he has familiarized  
himself with the facts in the case.

Mrs. Harrison Coming to Wash-  
ington.

LOON LAKE HOUSE, Sept. 19.—It was  
decided by Mrs. Harrison's physicians  
this morning to comply with her wishes  
to be taken to Washington, and the trip  
will be undertaken tomorrow if she con-  
tinues to improve.

Stevenson at Winston.

WINSTON, Sept. 19.—Gen. Stevenson  
and party arrived yesterday morning.  
Mr. and Mrs. Stevenson attended the  
Presbyterian church in Winston in the  
morning and the Moravian church of  
Salem in the evening.

## AN INDEPENDENT VIEW

CARL SCHURZ ON THE FORCE  
BILL.

The Republican Platform Endor-  
ses This Vicious Measure and  
the President's Avoidance of the  
Issue Deceives No One—Support  
Cleveland.

NEW YORK, Sept. 19.—Hon. Charles  
Schurz has written a long letter ad-  
dressed to the Cleveland and Stevenson  
clubs of Kings county, giving his views  
on the present national political sit-  
uation.

Of the force bill he says: "The in-  
evitable effect of the enactment of the force  
bill or anything like it would be a re-  
vival of fear of negro domination in the  
South, and, with it, violent and disas-  
trous disturbance of relations between  
the two races, which, in course of time,  
had shaped themselves in a friendly  
manner highly advantageous to the gen-  
eral prosperity. In view of all this, I  
must confess that whatever specious  
pretences may be put forward as to the  
objects of the measure, I look upon the  
force bill as one of the most reckless,  
most revolting partisan contrivances  
ever devised. I know Republicans are  
artfully disclaiming that the force bill  
is an issue in this campaign. Harrison  
himself tries to evade it in his letter of  
acceptance, but adroitly spoke in recom-  
mendation of a 'commission of inquiry.'  
But no well informed and prudent man  
will be deceived. The Republican plat-  
form substantially endorses the measure."

Schurz closed with the advice to his  
fellow-citizens to support Cleveland and  
his candidacy.

COMING HERE AGAIN.  
The Armour Packing Company  
to Open in Asheville Soon.

The Armour Packing company, which  
closed its business in Asheville a few  
months ago, has decided to re-establish  
itself here.

The business is to be carried on in the  
store formerly occupied by T. S. Morris-  
son, at the old depot. A number of  
workmen today began the putting in of  
a large refrigerator, under the direction  
of Mr. Sams. It is understood that a  
couple of Knoxville men will have the  
management of the house.

The Armour company while in Ashe-  
ville did a good business, and the new  
house will undoubtedly do as well.  
Asheville is to be made the distributing  
point for this entire section.

RECORDER'S COURT.  
This Morning's Grist at the Mill  
of Justice.

O. M. Cawley was before Recorder  
Miller this morning charged with one  
"tip-roaring drunk. Cawley has been  
working the dead and dumb scheme here  
for several days, but there was nothing  
dead and dumb about him when he be-  
came full of liquor. He was fined \$5.

Fred Lawrence, it was charged, had  
been shaving people on Sunday. He  
waived examination and gave a \$50  
bond for his appearance at Criminal  
court.

Several drunks and fights were on the  
docket, and the total amount of fines  
was \$35.50.

ON TO HAYWOOD.  
The West Asheville Company  
Hard at Work.

The West Asheville and Sulphur  
Springs Railway company has a force of  
hands at work today on the Patton ave-  
nue line. The track has been laid to  
the Battery Park switch. At  
this point the line is being  
connected with the branch running to  
the Battery Park hotel and when com-  
pleted a special car will be put on be-  
tween the hotel and the depot.

City Engineer Lec today gave the work-  
men the grades of the street in rear of the  
government building, and the main line  
of this road will be laid to Haywood  
street as rapidly as possible.

HOW THE WATER CAME DOWN  
An Overflow From the First Na-  
tional Bank Water Tank.

While the city water was cut off last  
week some one left open a faucet in the  
pipe connecting the city mains and the  
large tank on the roof of the First Na-  
tional bank building. About 8 o'clock  
Saturday evening it was discovered that  
the tank was overflowing. Water  
ran through from roof to cellar  
doing some damage to the rooms oc-  
cupied by Messrs. Guder & Martin and  
Mrs. von Ruck and Ambler. The dam-  
age, however, was slight.

The tank is at once to be so altered  
that if in the future an overflow occurs  
the water will run off the roof.

CLEVELAND WILL GO TO NEW YORK.  
New York, Sept. 19.—Ex-President  
Cleveland will leave Buzard's Bay this  
week for a short visit to this city.

## Antimigraine

THE NEVER FAILING CURE FOR  
HEADACHE

Absolutely Safe, Perfectly  
Sure, and Always  
Speedy.

Cures Every Variety of Headache

AND NOTHING ELSE.

## ANTIMIGRAINE

Has earned for itself the enviable reputa-  
tion of being the finest, most effective  
and reliable article in the market for the  
speedy relief and cure of every variety of  
that common trouble, headache. The  
immense favor which has greeted it from  
all quarters proves its true merits and  
acceptability to the public. It is some-  
thing which almost everyone needs, and  
those who have once tried it will never  
be without.

For its curative powers it does not  
depend upon the subtle influences of such  
poisonous drugs as

Antipyrine, Morphine, Chlo-  
ral and Cocaine,

since it does not contain an atom of  
either of these. It is absolutely free from  
injurious chemicals, and can be taken by  
young and old without fear of serious  
results. It is not a Cathartic, does not  
disarrange the stomach, and contains  
no noxious or sickening ingredients.

The peculiar advantages of Antimi-  
graine consist in its being thoroughly  
reliable as a cure for any kind of head-  
ache—without respect to cause—leaving  
no unpleasant or annoying after effects,  
as in the case of other so-called "harm-  
less" remedies. These qualities make it  
the most popular and saleable article in  
the market, wherever known.

MRS. J. R. WILLIAMS,
