WISE WORDS FROM VANCE

TO THE PEOPLE OF NORTH CAROLINA.

Heretofore They Have Always Followed His Advice—Will They Ignore It Now?—The Alliance and the Third Party.

In response to a letter from Chairman Simmons, Senator Vance issues the accompanying address to the people of North Carolina:

My Fellow Citizens:

For many years past I have been in the habit of visiting, in person, during important campaigns and addressing you upon the political issues of the time. Being on this occasion prevented

Z. B. VANCE.

this privilege by the condition of my health, and earnestly believing that the questions to be decided by our November elections are of vital importance to the public welfare, I am induced to contribute in this way my share in the discussion of them.

I regard the situation as most critical. Since 1860 the legislation of our country has been almost exclusively within the power of one political party. Naturally it has ceased to be general in its beneficence and has become partial and partial in its execution. The law-making power has become the hostile, efficient implement of such classes, corporations, cliques and combinations as could by fair means or foul obtain control of it. It has been made to subserve purely personal ends. In diverse ways the taxing power of the government has been perverted from public to private purposes, money is levied thereby to corrupt manufacturers, to suppress rivalry in business, and in every conceivable way to help the favored few at the expense of the many. The varied corrupting influences upon the business world arising from this legislation produce their natural effect. The classes whose business was thus favored flourish apace, whilst the unfortunates who are commonly left only in times of public calamity, and the extraordinary spectacle is presented of a nation which aggregates wealth so rapidly and vastly increasing, whilst the individual wealth of its chief toilers and wealth-producers is diminishing in proportion thereto.

From the Republican party, with its disregard of the limitations of the Constitution and its natural dependence for support upon the money of the people whom it had enriched, all of this corrupt legislation has proceeded. Without it there was nothing evil done that was done.

It follows as an undeniable truth, that whoever directly or indirectly upholds, helps or supports that party is a friend to the corruptions which it has produced, and is an enemy to those who would repeal that legislation and reform the abuses founded upon it. There is no escape from this.

The Democratic party on the contrary, believes in the strict limitations of the Constitution, and has, as a party, steadily opposed all abuse of the taxing power, or any other power of the general government for private purposes, and has unceasingly advocated the most absolute and perfect equality of all citizens in the legislation of our country.

There is not a single wrong or injustice of which complaint is made in our laws for thirty years past which can justly be charged to the Democratic party. No one. It has ever been a break-water against the tyrannical tendencies of the Republicans; and though in a minority has been able to prevent some of the worst legislation ever attempted, and to modify other laws which their original impetuosity would have been intolerable.

This statement of the acts and purposes of the two great political parties cannot be truthfully denied.

Now what is the situation? What is the manifest will of our people to do in the coming elections?

The Situation. The two great political parties into which our people are mainly divided are once more in the field with their platforms of principles and their candidates, State and Federal thereon. The Republicans profess all of their old doctrines from which have come the evils of which the people complain; they glory in that abuse of the taxing power which has made a few rich and millions poor, and seeking new fields of injustice and oppression; they openly declare their intention to take from the States the right to control the election of their own Representatives, which is the chief bulwark of their rights and liberties.

The Democrats re-affirm their adherence to the Constitution, their opposition to tariff robbery, to banking monopoly and to corporate oppression in all its forms; and their desire to leave the power to control elections where the Constitution had left it, and where it had resided for more than one hundred years. Primarily it would seem that no Democrat, and especially no Southern Democrat, could hesitate for a single moment as to which of these parties deserved his support.

But a new party has arisen which is endeavoring to make the people believe that the Democratic party is no longer to be trusted. The argument to prove this is a travesty on common sense. That because for thirty years they have as a party steadily opposed all abuses and have not been able at any time to prevent or reform them, therefore is it

STREET RAILWAY TRACK TO GO BACK

The Injunction Suit Ended at Waynesville—City Gets What It Has Been Contending for—Work to Begin Soon

The city of Asheville won, and the Asheville Street railway company won. The city must allow the company to replace its track, and the company must pave between its rails.

The injunction suit instituted by the Asheville Street railway company to enjoin the city from interfering with the company in replacing its track on Patton Avenue, was concluded at Waynesville last evening, Judge Bynum, who heard the case, ruled:

First. That the company shall be allowed to replace its track on Patton Avenue.

Second. That it shall pay for the material put down by the city when the track was removed, before the work can be done.

Third. That as Patton Avenue and other streets on which the company has lines, are paved, the company shall do the paving, between the rails and eighteen inches on either side as provided by law.

The city is satisfied with the decision, the rulings of Judge Bynum being directly in a line with what the city has maintained since the paving complication began.

The above facts were given THE CITIZEN by Judge C. A. Moore, one of the city's counsel. Judge Merrimon, however, says that the rulings were: First, that the company be allowed to replace its track; second, that the company shall pay for paving between its rails on the turn up portion; third, that the company shall pave between its rails as paving progresses on the streets traversed by its lines.

President Martin says he will have the track replaced as soon as the material can be procured.

The following burst of song on the Waynesville discussion have already reached THE CITIZEN:

Six little Aldermen tearing up the track— One little president hadn't yet come back— When the court was opened, the judge began to sing!

The City Council basted 't back the darned old thing! —W. B. Gwyn.

One little railroad coming right back, As soon as it pays the costs for its little track!

Six little Aldermen know a thing or two: How to force the money when it's past due; This little thing they had in view When they went paving down Patton Avenue. —D. C. Washell.

THE CHOLERA.

Hamburg Terribly Stricken—New York First to Help It.

New York, Sept. 22.—The Board of Health issued the following bulletin at 11 o'clock this morning: "No cases of cholera have been reported since the last bulletin."

Up to date there have been six deaths from cholera in New York city. The result of the bacteriological examinations in the case of John Orr, who died at his home, New Brunswick, N. J., was that germs of Asiatic cholera were found.

HAMBURG, Sept. 22.—The present cholera epidemic is carrying in its train such want and suffering as has never before marked the history of Hamburg, and daily the distress is increasing. Nearly all the trades in the city are at a standstill, and thousands of workmen who depend upon their daily toil for the support of themselves and their families find it utterly impossible to earn a penny.

The first installment of \$32,000 subscribed in New York for the relief of the sufferers was received today. The gift of the New Yorkers is gratefully appreciated, all the more so as it is the first help that has been extended to Hamburg from foreign source.

There will be no Third Party in That State.

COLUMBIA, S. C., Sept. 22.—The South Carolina State Democratic convention, met at noon, full delegations being present. Dr. Sampson Pope, of Newberry, was elected chairman. On assuming the chair, the chairman said:

"I congratulate you, gentlemen, that you are united for Cleveland and reform [applause], and I believe that at the approaching election we will give the largest majority for Cleveland for president and Tillman for governor that has ever been given in South Carolina. [Applause]"

These sentiments are regarded as conclusive and expressive of the sentiment of the convention for Cleveland and no Third Party. The rest of the morning session was consumed in routine work.

Immigrants Must be Decreased. From the Philadelphia Enquirer. Ten years ago the man who raised his voice against the influx of immigrants would have been denounced as a Know-Nothing and scorned. Today the man who contends for free and unlimited immigration is in danger of writing himself down as a state of mind bordering on lunacy.

He's Headed Right. From the Battle Creek Moon. The President in his letter of acceptance says: "No intelligent advocate of a protective tariff claims that it is able of itself to maintain a uniform rate of wages." Jes so, Mr. President, you are gradually getting there.

The Bridgroom a Centenarian. ENTERPRISE, Ky., Sept. 20.—David Wade of this county was married to Mrs. Elizabeth Garvin at Wellston, O., a few days ago. They are a remarkable couple, their ages aggregating 182 years. The groom has passed the centenary mark. —N. Y. Sun.

No Danger from the Malls. BERLIN, Sept. 19.—In reply to a question asked by a correspondent Professor Koch has written a letter in which he says he does not believe that cholera can be transmitted through the post by means of letters or printed matter.

Mrs. Harrison Comfortable. WASHINGTON, Sept. 22.—It is said at the White House today that Mrs. Harrison is fairly comfortable.
