MUCH TALK ABOUT PAVING

BUT NOTHING DEFINITELY
DECIDED ON.

The Joint Board Appoints a Com- mittee to Investigate the Van- derbilt Blocks, in Which Mr. Penniman is Interested.

The Joint Board met yesterday after-
noon for the second time in the Recor-
der's court room, on the west side of
the city hall, and the afternoon so be-
merely down upon the heads of
those who sat near the Mayor's desk.
The Aldermen, however, promise to
have the council room properly fitted up
by next Friday.

Mayor Blanton presided at yester-
day's meeting, while the work was
done by every member of the Board of
Aldermen and Advisors Williams, Bear-
den and Green.

M. D. Long asked the city to accept a
private sewer line running over Park
avenue and to the French Broad river.
Referred to the sewer committee.

Advisor Green suggested to the Board
that it would be proper to do the next
grading on streets leading to the graded
school buildings. No action.

Talk About Paving.

Capt. Natl. Atkinson addressed the
Board in an argument for more paving
work. He said the sentiment of the peo-
ple was for it, and he thought the best
thing to be done was the sale of more
bonds and the prosecution of the paving
now being on, on an extra lot, as he
named. He also believed that the people
wanted Col. Robert L. Coleman put in
charge of the entire paving work on the
streets to be paved, say Haywood, Col-
lege and Merrimon avenues. He knew of
one wealthy man who was turned
away by Asheville's poor streets.

City Engineer Lee then reported as to
the sample of Knoxville brick sent here
early this week. He said the absorption
was about 1 per cent, and considered it
a very good brick. Mr. Leonard made
a motion that the contractors be in-
structed to get the best quality of brick
they could get, but that motion was
considered unnecessary, as the city does
not care where the bricks come from so
long as they are up to the specifications.

O. B. Wheeler, jr., of Baltimore, gave a
report of some experiments that had
been made at the Vanderbilt brick works
with a paving block machine there. The
blocks had been kept in a spot with the
temperature at zero, and then thawed
out by furnace heat, and not a particle
of disintegration could be detected. The
blocks, he said, might stand the ab-
sorption test, but he did not consider
them the most desirable for paving.

W. K. Penniman, jr., said they had been
declared by Richard M. Hunt, the
World's Fair architect, to be good
enough for any part of the works at
Vanderbilt's. "We are ready," he con-
cluded, "to take whatever streets you
may designate, and we will regular, do the
work in a given number of days and
give a bond to do it."

On motion of Mr. McLowell, a com-
mittee consisting of Messrs. McLowell,
Bearden, Starnes and Williams was ap-
pointed to investigate the Vanderbilt
brick and report next Friday.

Advisor Williams said that as Con-
tractor Smith had been getting along
very well with his granite paving, he
would suggest that Mr. Smith be allowed
to begin on Patton avenue working
eastward, paving with granite. At the
same time brick pavers could begin at
the government building, working west-
ward. Then the one who did the most
rapid work would get the most pay.
Somebody on the Board, however, sat
down immediately upon this suggestion
by saying that Mr. Smith had a good
deal of work yet to do on Depot street.

Dr. Williams also suggested that more
paving be undertaken and that Col.
Coleman be employed to have charge of
the work. He could soon get a petition
signed by every resident on his street
[Haywood] asking that Col. Coleman
have charge of the work. Mr. Starnes
here mildly stated that it was material
and not superfluous that the city
was looking for. There were now about
as many superintendents as there were
workmen.

Mr. Green reminded the Board that
it should not forget West End in this
paving matter, while Mr. Woodhill de-
clared that the Vanderbilt blocks were
just fit Merrimon avenue. Finally the
subject was dropped, nothing having
been done further than the appointment
of the brick committee.

To Start the Crusher

The Board decided to start the city
rock crusher at once, for the purpose of
making macadam to be used in making
sidewalks.

The city engineer was instructed to
advertise in the city papers for bids on
the construction of the foundations and
new buildings at the pumping station,
bids to be opened next Friday at 3:30
p. m.

A Rankin was again before the board
asking a water main for a few hundred
feet on Flint street. He was informed
that there was little hope until after the
completion of the new water works sys-
tem.

Capt. J. P. Sawyer claimed that dam-
age had been done to the Straith build-
ing by the raising of grade on Patton
avenue. Referred to the street committee.

Mr. Gardner read the resignation of
Mr. Scott published in THE CITIZEN yes-
terday. When Mr. Gardner had finished
he laid down the letter with the remark
"I regret that Mr. Mayor, because he is
one of the best men we've got." The
resignation was accepted on motion of
Mr. Leonard.

The following bills were ordered paid:
Montague & Co., sewer pipe, \$107.91;
street boy roll, \$60; Govan Pressley, sal-
ary, \$50; D. W. Farman, printing, \$20.

ALDERMANIC SOLONS.

Good Deal of Fun Over the Ten- ville Museum.

When the Board of Aldermen had con-
vened in regular weekly session, City
Tax Collector Reynolds asked whether
he should collect special license from
hucksters and restaurateurs who
wished to sell edibles, etc., on the circus
grounds. He was instructed to allow
all to sell free.

Mr. Baird reported that he had exam-
ined the tax list as transcribed by R. J.

STOKELY AND FOUND IT ALL RIGHT SO FAR AS HE

was able to judge in matters of this kind.
L. Swiggood asked for city water for
several of his houses in Scratch Ankle,
and was referred to the Joint Board.

J. W. Summers asked for a crossing on
some street, but was referred to the
Joint Board. Before he could say what
street he was talking about, a com-
plaint about the Clayton street sidewalk,
by W. E. Wolfe, was also referred to the
Joint Board.

J. H. Murphy, conj. asked permission
for a client of his, J. B. Worsley, to erect
a board fence six feet high around his
museum in Tenville, near the postoffice.
Mayor Blanton was called away just at
this time and Mr. Gardner took the chair.
Everybody smiled, because the onlookers
always expect a picnic when Mr. Gardner
presides.

"Now," Mr. Gardner began, "this mu-
seum, where is it at?"
"In Tenville," quoth Mr. Murphy.
"What?" exclaimed Mr. Gardner, "right
on my way home, too. Has he got any
snakes?"

"He has two bears, several wolves, a
rattlesnake," he said.
"Hold on," interrupted Mr. Gardner.
"We don't want any more snakes around
here."
The fun ran on awhile and then the
board granted the permission asked by
Mr. Worsley.

Cement Sidewalk Contract.

The bids for putting down cement
sidewalks on various streets in the city
were opened. There were four bidders,
their names and prices being as follows:
M. D. Harrison, \$2.02 cash, \$2.35 time,
per square yard; E. T. & V. T. Belote,
cash \$1.49, time \$1.71-70; J. R. Bal-
low, cash \$1.92, time \$1.88; and L.
Mossy, blocks \$2. The contract was
given to E. T. & V. T. Belote.

The city engineer was requested to
notify S. J. Reed to connect the Allen
house, his South Main property, with
the city sewer.

Complaint was made that between
the hours of 12 and 4 people could not
get out to the city scales to weigh, on
account of the absence of Market Keeper
Lynch at those hours, while the market
is closed. On motion of Mr. Starnes the
market was ordered kept open all day
after the first of October. Mr. Lynch was
also notified to settle with the city en-
gineer for the scales fees collected by him
while the market was closed.

The Redmon Sney street
damage question was left in the hands of
the street committee one week more.

Matters of Finance.

T. W. Branch was given the city's six
months note for \$450, for insurance on
the city hall.

J. A. Tennant asked to be given a note
for the amount due him for services as
superintendent of the city hall. He was
to get 5 per cent. of money expended on
the building and thought the amount
due him was about \$1,500. Referred to
the building committee.

A bill of Powell & Snider, jr., was
referred to the finance committee.
The Asheville Plumbing and Heating
company was given a note for six
months, without interest.

The following bills were ordered paid:
P. L. Reynolds, feeding prisoners,
\$24.80; water department, \$37.75; street
department, \$44.50; sanitary depart-
ment, \$24.

G. M. Mathis was given a permit to
erect an 8-room home on Starnes ave-
nue and the meeting adjourned.

GOOD NEWS.

A Competent Observer Has Great Hopes of the West.

Mr. James W. Scott, editor and prop-
rietor of the Chicago Herald and the
Chicago Post, two of the most impor-
tant and influential Democratic news-
papers in the West, is in the city bring-
ing and bubbling over with enthusiasm
the prospects of the Democratic party
in the West, and especially in the solid
territory that he will be elected Presi-
dent, Mr. Cleveland, Mr. Scott
over, and while there is not a disposi-
tion on the part of Western Democrats
to say that they don't care how New
York votes, they most strongly feel,
and for many reasons, that the time has
come to show that New York is not the
thing that the Democracy has other
interests than the consolidation of a
dozen or more local party states,
and that the result of an election in
which the vital interests of the whole
country are concerned does not hang on
the uncertain vote of one State.—N. Y.
Sun.

STEVENSON TO BILL.

The Former Says the Latter's Speech Was Magnificent

ALBANY, Sept. 24.—Senator David B.
Hill left here for Buffalo this morning
where he speaks this evening. Just before
leaving the Senator received a letter from
Hon. Adlai E. Stevenson, dated at Fayette-
ville, N. C., expressing his appreci-
ation of the Senator's Brooklyn speech,
and predicting great benefit to the Dem-
ocratic party on account of its magnificent
presentation of Democratic principles,
and tendering his personal thanks for
the same.

A Truly Wonderful Performance.

INDEPENDENCE, Ia., Sept. 22.—The fa-
mous Minneapolis wheelman, John S.
Johnson, attempted to break the world's
record for a mile of 2:04-45 with a flying
start here today. After a warming up
quarter, Johnson was off. He set a
record-breaking clip from the start, cov-
ering the first quarter in 29 1/2 seconds.
The half was reached in 58 1/2 seconds.
The three-quarter pole was reached in
1:08 1/2. It hardly seemed possible that
the wheelman could keep up such a clip,
but he never faltered and finished the
mile in the wonderful time of 1:56:35, a
drop of 18 1/2 seconds from the record he
started out to beat.

Colonel Starnes Indicted.

PITTSBURG, Sept. 24.—The grand jury
has indicted Col. J. B. Starnes, Col. A. L.
Hawkins and Assistant Surgeon Grinn,
of Pennsylvania National Guards, for ag-
gravated assault on battery on Wil-
liam Jans, a private in Company K, of
the State Guards. Colonel Hawkins was
also indicted for assault and battery on
the same private.

The Parale in a Synagogue.

NEW YORK, Sept. 24.—None of the peo-
ple injured in the picnic at the Ludlow
street synagogue yesterday have died of
their injuries. They are all likely to re-
cover with the exception of Annie Cohen,
58 years old, of 25 Essex street, who has
a fracture of the base of the skull.

WEAVER HAS HAD ENOUGH

WILL FILL NO MORE GER- MIA APPOINTMENTS.

He and His Wife Were Rotten Egged, by "Young Roughs" He Thinks—The Ex-Confederates Not Accused.

MACON, Sept. 22.—Gen. Weaver and
party, consisting Mrs. Weaver, Mrs.
Lease, and Lee Crandall, arrived here
this evening from Columbus. After sup-
per Weaver undertook to address 4,000
people from the balcony of the Hotel La-
nier. He had not proceeded very far
when eggs began to rain into the bal-
cony.

A large number of ladies were present,
and Mrs. Weaver was struck in the face,
but not injured. Many others received
smears from the showers of eggs.

The party retired to the parlor, when
several local Democrats appeared and
asked the audience to give Mrs. Lease a
hearing. The crowd could not be con-
trolled, and the Democrats took advan-
tage of the occasion and several speeches
were made.—N. Y. Sun.

ATLANTA, Ga., Sept. 24.—Gen. Weaver
last night refused to address an audience
of 5,000 which had gathered at the state
capitol to hear him. He declared that
there was no free speech in the South,
notwithstanding the fact that the au-
dience assured him of a respectful hear-
ing. To this was added the assurance
of Governor Northen and Chairman
Atkinson of the State Democratic com-
mittee, that he would have a fair hearing.

Thursday night he attempted to speak
from the balcony of the Lanier house in
Macon, but was hoisted down and eggs
were thrown at him.

Weaver has issued an address declin-
ing to fill his appointments in Georgia
on account, he says, of the treatment ac-
corded him. He adds:
"Members of our party although ap-
parently in the majority in the State,
are unable to secure for us peaceful and
respectful hearing. I wish to call espe-
cial attention to the fact that the dis-
order is almost exclusively confined
to young roughs who infest
the towns and are incited to violence by
persons who keep in the background.
Country people are uniformly respectful
and anxious to hear. It is especially
worthy of note that the disorderly con-
duct does not proceed from ex-Confeder-
ate soldiers, who are almost without
exception to their conduct, and gen-
erally in sympathy with our movement."

CHOLERA AND CLOTHES.

The Normanna's Passengers Without Either of These.

SANDY HOOK, Sept. 24.—The Norman-
nia's passengers who are to be transferred
from here to Ellis Island, will, in many
cases, have few more clothes fit to wear
than would make a full dress suit for a
Zulu chief.

It was found when Dr. Rauch had dis-
integrated the baggage unpacked for the
purpose of exposure to the air, and sun,
and that all their personal effects of
every kind had been ruined in the process
of disinfection by super heated steam at
220 degrees, which was struck at
Hoffman Island. On the trucks being
unpacked, silk dresses, lace, mantles,
and fur coats, with other ex-
pensive clothing, the property of
cabin passengers who were compelled to
return in the steamer for lack of accom-
modation in the Hamburg steamer, were
found to be covered with thick, greenish
mildew, which had completely ruined the
clothing.

The passengers complain loudly and
state that the Hoffman Island authori-
ties compelled them to repack their bag-
gage while it was soaking wet from the
steam. There are eleven hundred pieces
of baggage and between the clothes
ruined and damage done to and loss of
jewelry and valuables, the estimated loss
on passengers' belongings is placed by
well informed people in the camp at fully
\$10,000.

CHOLERA IN TEXAS

It May Get a Foothold There Among the Poor.

AUSTIN, Tex., Sept. 24.—Fear of chol-
era in Texas is growing daily, and
her officials are exercising every known
precaution to keep out the scourge.
The fact that San Antonio has sev-
eral cases of cholera excites the whole
State. Health Officer Swearin fears that
the disease may gain a foothold among
the poor people of the Rio Grande. For
eighteen months this section of the coun-
try has been starving, and is so weak
physically that if the disease gains a
foothold it will sweep the whole section.

NEW YORK, Sept. 24.—The Health
Board's 10 o'clock bulletin this morning:
"No cases of cholera have appeared in
this city since last bulletin."

HAMBURG, Sept. 24.—There were 84
new cases of cholera yesterday. Deaths
numbered 37.

The Father's Name Goes

PROVIDENCE, Sept. 24.—A singular
controversy over the naming of a child
has been settled by the City Solicitor.
Two certificates were filed with the
Registrar, one by the father and
one by the mother. The father
consulted a lawyer, who proved to the
satisfaction of the City Solicitor that
the father had the prior right, and an
order to that effect was issued to the
Registrar.

Negroes Denounce the Force Bill

INDIANAPOLIS, Ind., Sept. 24.—The
Colored Men's National Protective As-
sociation in session here denounced Presi-
dent Harrison and the administration,
the force bill and the protective tariff,
and declared that the failure of the ad-
ministration to protect the negro was
their reason for so doing.

An Offensive Emperor.

LONDON, Sept. 24.—A despatch from
Paris says that Count Augustus Bis-
marck and Count Bismarck Bohlen have
resigned their positions in the German
army, owing to Emperor William's al-
leged offensive remarks about the Bis-
marck family.

O'Donnell Refused Bail.

PITTSBURG, Sept. 24.—Hugh O'Don-
nell, the Homestead strike leader, charg-
ed with murder and riot, was refused
bail this morning by Judge Porter.
O'Donnell will now be compelled to re-
main in jail till his trial.

BASEBALL.

MADISON CO. VS. BUNCOMBE CO.

Probably the most closely contested
and the most interesting game of the
season will be played at the Carrier race
track next Wednesday afternoon at 3
p. m. Mars Hill has challenged the en-
tire state and the Buncombe boys will
have a chance to show their superiority
over all. The successful club in the con-
test will challenge the famous club of
Shelby, which game will probably close
the baseball season in this state. The
winning club in Wednesday's contest will
receive fifty dollars of the gate receipts
and the losing club will receive twenty-
five dollars. The excellent reputation of
the Mars Hill team and the known fact
that Buncombe is hard to beat will no
doubt make the contest a very exciting
one and will draw a large crowd.

ANTIMIGRAINE

Has earned for itself the enviable reputa-
tion of being the finest, most effective
and reliable article in the market for the
speedy relief and cure of every variety of
that common trouble, headache. The
immense favor which has greeted it from
all quarters proves its true merits and
acceptability to the public. It is some-
thing which almost everyone needs, and
those who have once tried it will never
be without.

For its curative powers it does not
depend upon the subtle influences of such
poisonous drugs as

Antipyrine, Morphine, Chlo-
ral and Cocaine,

since it does not contain an atom of
either of these. It is absolutely free from
injurious chemicals, and can be taken by
young and old without fear of serious
results. It is not a Cathartic, does not
disarrange the stomach, and contains
no noxious or sickening ingredients.

The peculiar advantages of Antimi-
graine consist in its being thoroughly
reliable as a cure for any kind of head-
ache—without respect to cause—leaving
no unpleasant or annoying after effects,
as in the case of other so-called "harm-
less" remedies. These qualities make it
the most popular and saleable article in
the market, wherever known.

FOR SALE AT
GRANT'S PHARMACY.

ISN'T IT RATHER LONG

Since you looked over my stock? What are
you waiting for? Better goods? There are
none. Lower prices? There can't be. I am
now displaying a full line of Men's Under-
wear, Hosiery, Neckwear, Gloves, Shirts, &c.,
which for variety and excellence can be dupli-
cated nowhere. I have in stock a full line
of Men's and Boys' Shoes. Also the latest
shapes in Hats. You won't be in it if you
don't look at my stock.

F. E. MITCHELL,

MEN'S OUTFITTER, 28 PATTON AVE.
