AN OPEN LETTER.

ASTOR HOUSE,
New York City, Sept. 26, 1892.
To our Friends and Patrons:
I arrive here Friday and find New York as busy as ever. The cholera scare is about over. The people say they have not time to stop and think about it, and feel that there is no danger, in fact there is none. When I first arrived I began to look about on the corners and upon the little houses to see if I could find the huge grain. When my search was in vain I at once came to the conclusion that I would not fall a victim to it. I consulted myself and continued on in my search for that extra large stock of fine China, glassware, lamps, bric-a-brac and all kinds of House Goods. I will tell you more about these goods when I return. Don't buy any thing this year until you see our line. Will be double of any previous year. Our store will be made larger and handsomer and a new system established altogether. Wait and see, and possibly prices will be far below New York retail prices. With best wishes to all I subscribe
Your friend,
THAD. W. THRASH.

THE DEMOCRATIC CLUBS

A GREAT MEETING BEGUN IN NEW YORK

Cleveland Will Address the Convention Before It Finally Adjourns—Southern States Represented—Hall Full of Democrats.

NEW YORK, Oct. 3.—The convention of the New York State League of Democratic Clubs drew a big crowd to Chickering hall at noon today. As early as 11 o'clock the crowd began to gather and when the delegates entered the hall was comfortably filled.

Most of the persons in attendance, in addition to the delegates, were attracted to the place in the hope of seeing and hearing ex-President Cleveland. The hall was handsomely decorated with American flags and hunting, together with portraits of the National candidates.

Before the opening of the convention the orchestra played patriotic airs. The executive committee of the State League met in Chickering hall at 10 o'clock to give the final touches to the convention arrangements. W. D. H. Washington, of reception committee, said that a large majority of the one thousand clubs in the league would have from three to five representatives at the convention.

Conservative delegates at the league headquarters were several negroes who came from the Cleveland and Stevenson club in Albany. Delegates to the National convention of clubs arrived in New York this morning from Texas, Virginia, North Carolina and other Southern States. They were received by the Southern Association at No. 13 West 24th street, where they got their lodgings. Delegates from Western States were expected to arrive this afternoon and the eastern men will come tomorrow. It was announced this morning that Channing F. Black and Mr. Washington would escort Ex-President Cleveland to the Academy of Music tomorrow morning. His speech, it was said, will be one of welcome and will not deal largely with the issues of the campaign. Speeches will be made by Black, Gen. Pitt Collins of Boston and many others. The thousand delegates have so far sent their credentials to the National association headquarters. The rest will come with their credentials in their pockets. All the Democratic clubs in this city will throw open their doors to entertain the visitors.

The convention was called to order by John Boyd Thatcher, president of the League. He was received with applause and his reference to the growth and work of the league called forth an enthusiastic demonstration.

STOLE HALF A MILLION

And Then Complained That His Commission Was Too Small.

PHILADELPHIA, Oct. 1.—The theft of \$400,000 from the Auer Incandescent Light company by Tyndale Palmer, a former Philadelphia newspaper man, in which he was joined by a hotel keeper named Freitas of Rio Janeiro, has just been brought to light. The company is owned solely by A. O. Granger, the President, and ex-Senator Joseph M. Gatzert, Vice President. They formed the South American Welsbach Incandescent Light company and sent young Palmer to Rio to boom the invention. He and Freitas sold the patent right for \$500,000 in gold, and upon Palmer's return reported the sale as having been made for \$80,000, of which \$10,000 was expended in his salary, expenses, and commission. The theft was not learned until two other men were sent to Brazil on a mission, although reports had reached the ears of the company. Palmer was sent to England to negotiate securities of one of ex-Senator Gatzert's iron companies, and upon demanding a higher commission was dismissed, but action is being taken to recover sums which he expended in buying farms for relatives.—N. Y. Sun.

MONETARY CONFERENCE

It Will Meet at Brussels the 22nd of Next Month.

WASHINGTON, Oct. 3.—Secretary of State Foster sent today by cable a notification to the European Governments which have already signified a willingness to be represented at an international monetary conference met in Brussels November 22d next. The governments which have accepted the invitation of United States to send delegates to the monetary conference are: Austria, Hungary, Belgium, Denmark, France, Germany, Great Britain, Greece, Italy, Netherlands, Portugal, Roumania, Russia, Serbia, Spain, Sweden and Norway and Switzerland. Delegates from the United States already designated by the President are: Senators Allison and Jones, Representative McCreary of Kentucky, Henry W. Cannon, of New York and F. A. Walker of Massachusetts. In addition to these it is expected that Mr. Terrell, minister at Brussels will be made a delegate.

Heis \$5,000 on Cleveland.

NEW YORK, Oct. 3.—State Senator William L. Brown called on "Billy" Edwards at the Hoffman House and covered \$5,000 of the \$10,000 of Republican money deposited with him by an unknown bet on Harrison. The wager was even \$5,000 on Cleveland against \$5,000 on Harrison. A Democrat has authorized Edwards to bet \$2,500 even that Mr. Cleveland will carry New York State. As yet there are no takers.

Smallpox Epidemic in Mexico

CHIHUAHUA, Mexico, Oct. 3.—The most serious smallpox epidemic ever known in this city is now raging. Many deaths from the malady are reported daily. The disease is in its severest type. Efforts to prevent its spreading have proved unsuccessful.

Thrice a Bride

LOUISVILLE, Ky., Oct. 3.—Mrs. Mary Sireve Ransom, the richest woman in Kentucky and twice a widow, is to be married today to Col. Cuthbert Ballitt, a widower of 83 years.

A Murderer Sentenced.

NEW YORK, Oct. 3.—Justice Ingraham this morning sentenced Burton C. Webster, murderer of Charles E. Goodwin, to State prison for nineteen years.

FOR TREASON.

A New and Interesting Move in the Homebased Cases.

PITTSBURGH, Oct. 3.—Chief Justice Paxson has issued warrants for the arrest of thirty-three Homebased men charged with treason. This is the first time that the charge of treason has been brought in any State for acts arising from a strike or labor trouble. All judges of the Supreme court now present in the city consulted over the cases in their chamber in the court house. District Attorney Barleigh and P. C. Knox were sent for and held a long consultation with the Chief Justice, after which the justices again consulted and then District Attorney Barleigh and Knox were instructed by the Chief Justice to prepare information, and County Detective Heitzinger ordered by the Chief Justice to make information and the Chief Justice signed the warrants for the arrest of the accused.

The most novel part of the cases will be their subsequent disposition. The Chief Justice will hear application for bail and before the cases go to the grand jury he will call that body before him and deliver to it a special charge on treason, fully defining the crime and committing the cases. Should true bills be found, a proceeding never before seen will occur.

Chief Justice Paxson is an ex-officio judge of the court of Oyer and Terminer and will sit in that court for Allegheny county and try cases. This will indeed be novel and heart-felt and unknown thing and will attract the attention of the world and make the cases by reason of their peculiar circumstances of world wide notoriety.

Brennan and Cox, attorneys for the strikers, are highly indignant over what they term the persecution of the defendants.

STEVENSON'S CAMPAIGN.

He Will Make a Number of Speeches at Home.

BLOOMINGTON, Ill., Oct. 3.—Gen. A. E. Stevenson has returned from Woodside Park, Ohio, where he spoke Saturday. He is greatly impressed with the enthusiasm and earnestness of the Democrats of the Buckeye State and is more thoroughly than ever convinced that Ohio will yet give a democratic majority. Mr. Stevenson said that he would not attend the New York league club meeting in New York city. He will begin his series of speeches in Illinois by delivering an address at Elgin next Tuesday. He is in prime health. Although he has been hard at work since his nomination, he is full of vigor.

The Next President.

NEW YORK, Oct. 3.—Mr. Cleveland breakfasted in his rooms in the Victoria hotel at 9 o'clock this morning and then spent two hours in perusing his mail and answering letters.

BUZZARDS BAY, MASS., Oct. 3.—Today is the first birthday anniversary of Baby Ruth Cleveland.

FRANK W. STOKES

His Work in Greenland—Son of M. S. Stokes

Another one of those incidents which prove how closely all the world may be connected in interest, however remotely they may appear to be detached from each other, is illustrated here in the fact that one of Asheville's respected citizens, Mahlon S. Stokes has a son who occupied a very prominent position in the late Peary expedition, recently returned to Philadelphia, after having really accomplished something without the tragedies and sufferings, the usual accompaniments of polar expeditions.

The gentleman referred to is Frank W. Stokes, an artist of distinguished merit, and who occupied the interesting and useful position as artist of the expedition. He went out this spring in the relief expedition in the "Rite," with full appliances for the aid or rescue, if it need be, the party that had preceded it the year before, and also with the addition of new scientific observers, such as Prof. Heilprin of the Academy of Natural Sciences of Philadelphia.

The relief party reached Greenland and across the Greenland "roof of the world" and solving by such course the mystery of a region which had defied all the efforts of coastwise exploration to determine whether it was an island, a continent or a peninsula, determining enough to make invaluable addition to geographical knowledge and science, and also dispelling one of those lingering illusions of a director course to the continent which have lingered despite the most grievous experience of the failure of hope since the first efforts to find a Northwest passage.

Mr. Stokes went with Lieutenant Peary to the very *Little Thule*, and enriched his portfolio with numerous rare sketches; and as he went out in the interest of Scribner's as well as of his art, the people of Asheville may expect to be entertained with their graphic reproductions in this magazine.

TOM WATSON'S SLANDERS

THEY ARE REPLIED TO BY MR. CLEVELAND

THE PEOPLE'S PARTY CANDIDATE CANNOT SAY ENOUGH BY TELLING ONLY THE TRUTH—THE FRED DOUGLASS FAISHOOD REFERRED TO.

ATLANTA, Ga., Oct. 3.—In his campaign speeches, Tom Watson has repeatedly charged that Mr. Cleveland declined to allow his wife to go to Richmond several years ago because he feared she would be brought in contact with Miss Winnie Davis.

Mr. Cleveland has written to Clark Howell, national committeeman from Georgia, in reply:

"I have been freely bombarded for the last two or three weeks by reports of falsehoods which are being circulated by the People's party orators in Georgia and other Southern States, calculated to prejudice me in the minds of the Southern people. The latest report comes to me from Gainesville, your state, this evening, and represents Candidate Thomas T. Walls as giving in a public speech that Mr. Cleveland refused to attend the unveiling of the statue of Robert E. Lee because she feared she would there meet Miss Winnie Davis. This is entirely a new fabrication.

"Another prolific source of falsehoods of the stupidest description is in regard to my treatment of Frederick Douglass while I was president and he was registrar of deeds in Washington. . . . Not one single statement which I have seen of the kind above referred to has any truth in it whatever, except this, that when Frederick Douglass was in public office in the city of Washington, I, as President of the United States, extended to him the same courtesies, as far as public receptions and matters of that kind are concerned, which were extended to other officials of grade. This, of course, was his due as a matter of official decency and etiquette, and I should have been ashamed to treat him otherwise."

HE WILL VOTE FOR GROVER CLEVELAND THIS YEAR.

CHICAGO, Ill., Oct. 1.—Judge Walter Q. Gresham, will vote for Grover Cleveland. The announcement was made this morning upon authority of Judge Allen, of the Federal court, and confirmed by Democrats of high standing who had been in some way acquainted with the fact.

Judge Gresham told Judge Allen he should vote for Mr. Cleveland, and told him he was at liberty to repeat the statement.

Judge Allen did repeat it, and that is how the news reached Chicago.

The great jurist who loomed up as such a formidable candidate for the Presidency in 1888, who has long stood dangerously near to the President's ambition, and who would today be upon the bench of the supreme court of the United States but for Harrison's vindictiveness, returned to Chicago.

The accession of a man of such national prominence as Judge Gresham to Mr. Cleveland gave the Democrats around Western headquarters joy enough to last through October.—N. Y. World.

NEW YORK APPOINTMENT.

The Question of Its Constitutionality to Come up Soon.

ALBANY, N. Y., Oct. 3.—When the Court of Appeals convened this morning all of the counsel interested in the three cases testing the constitutionality of the apportionment law were present. This being motion day, the court was unusually crowded with other lawyers. William A. Southard, of Rochester, who appears for the Republicans in the Monroe case, asked the court to advance the cases to the head of the calendar, to be immediately heard. Attorney General Rosendale made a similar motion, saying that this was an important question which must be decided before Oct. 19, the last day for filing nominations. Chief Justice Earl said he did not wish to interfere with the work usual to motion day, and therefore set all cases down for argument at 10 o'clock tomorrow morning. This appeared to be satisfactory to all concerned.

ANTIMIGRAINE

Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, headache. The immense favor which has greeted it from all quarters proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as

Autipyrine, Morphine, Chloral and Cocaine,

since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear of serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
