AS TO BROTHER BROWN

HIM DOWN TOWNSHIP MAY GIVE HIM FIFTEEN VOTES

Brown's Record as a Truth-teller is Not Improving as the Canvass Goes On—Crawford Handling Both Competitors

MARION, N. C., Oct. 3.—Ever a man showed his weakness in a campaign it was Rev. J. C. Brown, the assistant Republican Third partyite, at Old Fort today. It is just as plain as daylight that he is staying in the fight and taking the punishment solely because he hopes to help Pritchard. After he sawed the air for little over half an hour today the crowd became tired of his rot and almost overwhelmed him with shouts for Crawford. Old Fort township is Brown's home, and the most liberal estimate I was able to get on his vote in that township today was fifteen votes and if does not put a guard over his tongue he will not get the half of that number.

It looks now as if Crawford will prove that Brown told a deliberate falsehood at Smith's Bridge, Macon county, a few days ago. Brown stated from the stump there that he announced in the McDowell county Democratic convention that, if he should be sent to the Democratic State convention as a delegate it would be as a Third party man. Since coming here I have asked a number of Democrats as to the truth of this statement, and they all say that it is absolutely false, that he made no such announcement, and that he was sent to the Democratic State convention as a straight Democrat.

Col. F. J. Sinclair, one of the most prominent members of the Marion board, told me today that not only did Brown not make any such announcement, but he (Brown) sat in the convention without opening his mouth in protest, and allowed a set of resolutions introduced by him (Sinclair) heartily endorsing Cleveland and his administration, to be unanimously passed.

How does this strike you? And Brown a preacher, too!

And Pritchard never says a word against Brother Brown, but uses what ingenuity he has in helping to keep him on the track.

But Crawford can take care of both of his competitors, and is doing it handsomely.

J. F. K.

FOR RAPE AND MURDER.

A Negro Lynched by a Mob and His Body Shot Into

EDENTON, N. C., Oct. 3.—After the coroners jury had thoroughly investigated and rendered the verdict that Mrs. Frank Sanderlin came to her death by the hands of Joe Harro, the colored fiend who raped and then murdered her at Shipa, Camden county, N. C., on Friday, the 30th, he was taken from the jail at Camden Court House, by some five or six hundred men, and after being mutilated in a most horrible manner was hung up by the neck andiddled with a thousand bullets.

The victim was a young married woman, high respected and well connected, and the crime was committed in open day near the village, and was of the most brutal character, her body being literally cut to pieces with a hoe by the brute.—Raleigh News and Observer.

IT WAS CHOLERA.

The House Quarantined as a Precautionary Measure.

NEW YORK, Oct. 5.—Bacteriologists Biggs and Dunham had this unwelcome intelligence for President Wilson yesterday. "We would report that on examination of discharges taken from Jas. Miller, revealed the presence of the spirochillum of cholera."

Mr. Wilson was not startled, because the house wherein Miller died had been a dozen cases of cholera there. He forthwith summoned Dr. Cyrus Edison, city sanitary superintendent; Dr. C. F. Roberts, chief of the division of contagious diseases and Gen. Clark, and discussed the situation with them. Until the quarantine of Miller's house is ended, four sanitary inspectors will be on duty there and the neighborhood will be carefully watched.

FEDERAL MARSHALS.

Indiana Republicans Ask For Them.

INDIANAPOLIS, Oct. 6.—Marion county has made application to the United States court for Federal election marshals. The application is signed by Chairman Moore, Secretary Fesler of the Republican county committee and members of the executive committee. More than half the counties in the State have now applied for Federal marshals, and it is understood ten or twelve more counties will make application. Each county committee is permitted to decide whether or not it will ask for marshals.

MINNAUGH'S ANNEX.

To be Opened at 50 South Main Street Tomorrow.

The building No. 11 Patton Avenue, large as it is, has proven too small for the splendid business built up here by F. P. Minnaugh, and tomorrow this successful merchant will open a branch of Minnaugh's emporium in No. 50 South Main street, adjoining A. Whitlock's store.

This branch will be under the superintendence of J. E. Sloan, who has been with Mr. Minnaugh for a long time. A full stock of fine dry goods and goods in that line will be kept.

DOUBLE WEDDING.

Four Hearts Made to Beat as Two at Fletchers Today

A beautiful double wedding ceremony occurred this afternoon at Fletcher's, the contracting parties being B. H. Rutledge and Miss Emma Craig Blake; O. M. Rutledge and Miss Helen Bayley Blake. The brides are daughters of Mrs. Daniel Blake.

The officiating clergyman was Rev. Mr. Graves, pastor of Calvary church, Fletchers, in which church the ceremonies which made four people two were solemnized. The brides and grooms are well known in Asheville.

ABOUT KNOXVILLE BRICK

They Could Not Stand the Test for Asheville's Pavers

It will be remembered that a couple of weeks ago the Joint Board, at a special meeting held in City Engineer Lee's office, a report was made Mr. Lee on the Knoxville brick. He said he had subjected it to the water test and found the absorption to be about 1 per cent. On the strength of this, Alderman Leonard made a motion that Webb, Oates, Eskridge & Co., be instructed to purchase a lot of these bricks.

It was not considered necessary to pass this motion, however, the members saying that it made no difference where the bricks came from, so that they came up to specifications.

A lot of bricks were ordered from Knoxville and the laying of them began on South Main Street. But Webb, Oates, Eskridge & Co. have a contract with the Robbins brick company of Robbins, Tenn., and when this company heard of this purchase of the Knoxville bricks they intimated to the contractors that the supply of Robbins pavers would be cut off if the purchase of Knoxville brick was kept up.

In the meantime, Engineer Lee had tested the Knoxville brick in every way and found that it would not come fully up to the specifications, and the shipment of them was stopped, after about 150,000 had been shipped. Some of these have been laid on South Main and the best of those remaining will be put down.

The contractors, fearing that their supply of Robbins brick would be cut off, have been circulating a paper for the signatures of the members of the Board, which paper says in substance that Webb, Oates, Eskridge & Co. were "instructed" by the Board to purchase the Knoxville brick, and that if they had not done so the city engineer would have done so and charged them to the contractors. Mayor Planton, Aldermen Baird, Leonard and McDowell signed this paper at Monday's Board meeting.

As a matter of fact, the Board did not instruct the contractors to purchase the Knoxville bricks, and no record of such action appears on the minutes. The nearest approach to this was Alderman Leonard's motion, which was not passed.

THEY LYNCHED HIM.

The Way of All Brutes That Assault Women.

MONTEFORD, Tenn., Oct. 5.—Saturday night last, Alex. Bell, colored, went to the residence of Mrs. J. S. Jones, a widowed lady, and attempted an assault upon the person of Miss Sallie Jones, her eldest daughter. The screams of the women attracted their neighbors, but upon their entering the house Bell escaped.

Sunday he was arrested and made his escape again, but was shot in the attempt, the ball entering his right side. He was again arrested Monday by Phil Hollands, colored. When the officers entered the house Bell was in bed nursing his wounds, but he was able to snap a shot gun four times at the officers. Fortunately it was not loaded.

Finally Deputy Sheriff Kinnard started with Bell to jail, but before they had gone far they were confronted by 100 citizens. Kinnard did all in his power to disperse the mob, but was finally overpowered. Bell was then hung to a limb and his body was riddled with bullets. He confessed his crime and did not murmur while being executed.

Miss Jones is a highly respected young lady. Fortunately she is not hurt beyond a few scratches.

AT THE UNIVERSITY.

A Big Day There Will be the 12th of This Month.

CHAPEL HILL, N. C., Oct. 5.—The 12th of October will be a big day at the University this year. It is the 99th anniversary of the foundation of the University, the 400th anniversary of the discovery of America, and the 40th birthday of President Winston.

The day will be celebrated with great rejoicing at the University. At 11 o'clock exercises will be held in the chapel; there will be appropriate readings from the Bible, singing of the University hymn by the Glee Club, and an address by Superintendent Graham, of the Charlotte graded schools. In the afternoon athletic sports will be celebrated on the athletic grounds, and at night President Winston will give a reception to the students and faculty of the University, the visitors, and the citizens of the village. The friends of the University everywhere are cordially invited to be present and enjoy the day. There are 250 students at the University.

Democrats, have you registered?

ABOUT A PIECE OF NEWS.

The "Gazette's" Appointments Were Not Authorized

This morning's Gazette contains a list of appointments for the county candidates, embracing the week of October 17-22, the first place of speaking being Black Mountain. Chairman J. D. Murphy, of the Democratic committee, authorizes THE CITIZEN to say that the publication of the list was not authorized by him, and further that he told the Gazette's reporter that if it was published, it would be with his express dissent.

There was a meeting yesterday of Chairman Murphy and Westall and R. O. Patterson, at which the list was made out, but as some points were asked by Mr. Murphy were not agreed upon, it was decided to leave the matter open until Maj. Rollins' return to the city on Friday.

REPUBLICANS TAKING UP A LARGE PART OF PATTON AVENUE.

The Republicans have stretched across Patton Avenue, over their headquarters, a large banner, on which is pointed an eagle as large as a horse, besides the words: "Harrison, Reil, Pritchard, Protection, Republican Headquarters."

The eagle is not intended to represent the protection of government employees from campaign assessments, but the protection of assessments after they get into the hands of the campaigners. Democrats say that every time they look at the eagle they are inspired to more earnest work for Democracy.

THE HOSPITAL BENEFIT.

The program for the three days' benefit of the Mission hospital next week embraces for the night of the 12th a production of Mother Goose melodies by the children; the second night, the Minuet and the Nile worshippers will be enacted by young ladies, and on the third night a play will be given by a number of the popular young men of the city. The entertainment is to be held in the old Penman mansion on South Main street.

MR. CLEVELAND WILL GO TO CHICAGO.

CHICAGO, Oct. 5.—Word was received here last night that Mr. Cleveland had decided to attend the Exposition dedication with Mrs. Cleveland, October 21st.

GEORGIA'S ELECTION DAY

A TREMENDOUS DEMOCRATIC VOTE OUP.

Too Early to Make a Definite Estimate, But the Democrats Already Claiming the State by a Big Majority.

ATLANTA, Ga., Oct. 5.—Georgia elects today a governor, State officers and full general assembly. The Republicans content themselves with placing only a national electoral ticket in the field.

Today opened beautifully and from every part of the State bulletins announce the vote to be the heaviest polled in Georgia in many years. The Democrats already claim the State by from 30,000 to 50,000, though of course it will be impossible to make anything like a definite estimate until late this evening. A heavy vote is being polled everywhere, and the tremendous reserve Democratic vote which has not been brought out for years, as there has been no opposition to the State Democratic tickets, will be polled throughout the State.

ANTIMIGRAINE

Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, headache. The immense favor which has greeted it from all quarters proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as

Antipyrine, Morphine, Chloral and Cocaine.

since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear of serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
