ALTERATION SALE

AT THE CRYSTAL PALACE.

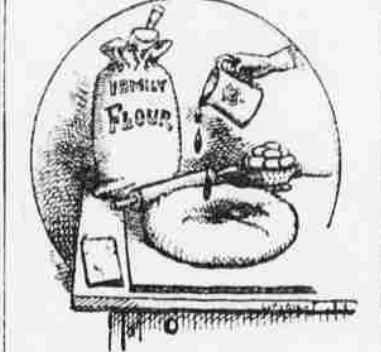

About the 6th inst. we expect to enter the shelving, furniture, etc., in our store, and during this alteration will offer our present stock at greatly reduced prices—some things for less than cost. We must also clear out all we can, to make room for the immense stock of our importation and recent purchases in the New York markets. Our stock cannot be described to you at all. It will be "simply immense" and varied. Don't buy till you see it. Our first grand opening will be announced as soon as we can get ready. Remember, little boys and girls, that Santa Claus will keep all his dolls, toys, etc., at our store this year.

FOR SALE CHEAP.

One hundred large tin cans, suitable for many purposes. Makes good stove wood, or to store away coal in.

THAD. W. THRASH & CO.,

41 PATTON AVENUE.

A DROP IN FLOUR.

Flour is worth just what it will yield, and some flour will not yield much. We sell the BEST, and what is made from it is absolutely sure to be sweet, wholesome and nutritious. We have just received two car loads and are selling it much below the usual price.

POWELL & SNIDER.

H. REDWOOD & CO.,

DRY GOODS, CLOTHING, SHOES, HATS, CARPETS, 7 AND 9 PATTON AVE.

Whether you buy them of us or "the other fellow," we strongly advise early purchases of Clothing and Dress Goods. The best things in these lines are soon closed out and cannot be had again. This has been of so regular occurrence that of late years the Paris shops do a heavy autumn business in July and August.

A NOVEL IDEA.

Umbrellas re-covered while you wait for them, making them nearly as good as new. Call and learn our low prices.

PRITCHARD JUST JOKES

DOESN'T KNOW THIS IS A SERIOUS CONTEST.

Crawford Making a Fine Campaign—McDowell Promises a Larger Majority Than Two Years Ago For the Democrats.

ASHEVILLE, Tenn., Oct. 4.—There was a splendid crowd here today, and Crawford created great enthusiasm by his splendid speech.

It is very plain now who it is that has been scattering all the reports from the west that Pritchard was eating Crawford up. These statements have been made by the deputy marshals and storekeepers and whiskey gaugers. There were twelve or fifteen of them here today, and but for their presence, Pritchard would not have gotten a single whip. As it was there was not a particle of enthusiasm over his leading speech, but the shouts that went up for Crawford caused the revenue fellows to realize that something had to be done, and so they made all the noise possible during Pritchard's fifteen minutes rejoinder.

Crawford charged Brother Brown today with having told a falsehood at Smith's bridge, in Macon county, about his (Brown's) announcing in the county convention in Marion that if he should be sent to the Democratic State convention it would be as a Third party man. Brown said that he would explain, but he failed to do so or even to attempt it.

Pritchard is still telling jokes instead of giving the people arguments and facts to justify the iniquitous taxation the Republican party has been and is still putting upon the people.

In the book of Jonah, 4th chapter and latter part of the tenth verse, you will read: "Jonah was exceedingly glad of the opportunity which was given to him that the people are paying fifteen million dollars a year by reason of this increase, and still the tin business in the United States amounts to nothing. There is not a steel plate from which tin is made being manufactured in the United States. Five million pounds of tin plates have been imported during the two years the McKinley bill has been in operation. The tin coating which is put upon these plates in the United States is imported from Japan which there is no tariff. The machinery used in putting on this coating is imported from England. The men who do this work in these machines are imported from Wales, and there is no duty on them. That is, the steel plates are imported, the tin used in coating them is imported, the machinery is imported, the laborer that does the work is imported, and the treasury department at Washington claims that this is an American manufacture, and it costs the people of the United States \$15,000,000 per year. Now the amount of tin used in the United States in a year is seven hundred million pounds, and the amount thus claimed to be manufactured here, will only supply the demands of the United States for the space of twenty-two hours out of each year.

Pritchard answers this by telling his crowd joke, which is that Crawford told the people of Madison county two years ago that tin ware would advance in price by reason of this increase in the tariff, and that a fellow down there planted ten acres in gourds, thinking he could sell them all at a big price instead of the tin cups which could no longer be bought by the people.

This is the way "Pritchard is eating Crawford up in this fight."

I have not found a Democrat in McDowell who does not say that the Democratic majority will be increased this year over that of two years ago, when it was 51 for Crawford.

We move into Rutherford tomorrow.

J. P. K.

TENNYSON DEAD.

The Greatest Poet of His Age Has Passed Away

LONDON, Oct. 6.—Lord Tennyson died at 1:35 this morning.

Immediately after the death of Lord Tennyson, a reporter of the Associated Press had an interview with Sir Andrew Clark, one of the physicians who attended the poet's last moments. Sir Andrew said that Lord Tennyson's death was the most glorious he had ever seen. There was no artificial light in the room, and the chamber was almost in darkness, save where a broad flood of moonlight poured in through the western window. The moon's rays fell across the bed upon which the dying man lay, bathing him in their pure light and forming a Rembrandt-like background to the scene. All was silent, save the soothing autumn wind as it gently played through the trees surrounding the house, a fitting requiem for the gentle poet. Motionless, Lord Tennyson lay upon his couch, the tide of his life gently and slowly ebbing out into the ocean of infinite. No pain or sorrow checked its course or caused a ripple upon the outgoing tide. As peacefully and as gently as he had lived, so he died, looking until the last into the eyes of those dear to him. All the members of the family were by his bedside. So peaceful was his passing away that the family did not know he had gone, until Dr. Clark broke the news to Lady Tennyson.

Alfred Tennyson was born in 1810 at Somersby, in Lincolnshire, of which parish his father was rector. His poetic genius became apparent very early. At the age of 17 he published his first verses in book form. His fame, however, may be said to have dated from 1830 when his "Poems Chiefly Lyric" appeared. From this time on his fame slowly but surely extended itself he was finally lifted by his work to the position of absolute supremacy among living poets which he has ever since continued to occupy by universal consent. The pleasure which his poetry gives springs largely from the cordial interest he displayed in the life and pursuits of men and in a certain pervasive purity and strength of spiritual feeling. Since his marriage in 1857 or 1859 the poet has lived chiefly in the Isle of Wight.

Removed the Quarantine.

WASHINGTON, Oct. 6.—The State Department has been advised that Brazil has removed the quarantine against the United States.

THE DALTON GANG.

Wiped Off the Face of the Earth by Plucky Citizens.

COFFEYVILLE, Kan., Oct. 5.—The Dalton gang has been exterminated—wiped off the face of the earth. Caught like rats in a trap, they were on yesterday shot down, but not until four citizens of this place yielded up their lives in the work of extermination.

Six of the gang rode into town this morning and robbed two banks of the place. When they attempted to escape, they were attacked by the marshal's posse. In the battle which ensued, four of the desperadoes were killed outright and one was so badly wounded that he has since died. The other escaped, but is being hotly pursued.

If the gang were not killed, they would have been fatally injured, and two were seriously wounded.

After the battle was over search was made for the money which the bandits had secured from the two banks. It was found in sacks where it had been placed by the robbers. One sack was found under the body of Bob Dalton, who had fallen dead upon it while he was escaping from the first National bank. The other was found tightly chained in Texas Jack's hands.

Allie Ogden, the only one of the gang who escaped, had not been captured up to latest advice.

Don't Look Like Prohibition.

CHICAGO, Oct. 6.—The whiskey trust, which had entrolled the market for spirits ever since the combine was formed, is about to meet the competition of a formidable rival. Plans are already prepared for the erection of a mammoth independent distillery at Peoria, which four months hence will be turning out 25,000 gallons of spirits daily, or one-sixth of the entire output of the trust.

South Carolina's Debt.

COLUMBIA, S. C., Oct. 6.—Governor Tillman, State Treasurer Bates, Congressman Brewster and Senator Irby have left for New York to open negotiations with capitalists in that city looking to the refunding of the State debt. Nearly the entire debt, about \$5,400,000 must be met by July next.

Pago Pago for Our Coal.

WASHINGTON, Oct. 6.—It is said that the negotiations which have been pending for more than two years between the United States and the Samoan Islands for the cession of the harbor of Pago Pago to this government for use as a coaling station, have at last been satisfactorily concluded.

Burned a Cigarette Factory.

NEW YORK, Oct. 6.—Kinney Bros' cigarette factory which occupied 200 feet of the block on Twenty Second street between Tenth and Eleventh avenues, was destroyed by fire today. Loss on stock, machinery, and buildings \$500,000, fully covered by insurance.

A DANGER SIGNAL OUT

WEAVER WARNED AGAINST PULASKI.

He Will Probably be Mobbed, Though the Democrats Are Doing All in Their Power to Secure Him a Quiet Hearing.

NASHVILLE, Tenn., Oct. 6.—The news from Pulaski last night was of an alarming nature. Gen. Weaver says he will certainly go to Pulaski, and speak there Saturday, and that he had no intention of cancelling his appointments. Letters from the most conservative people in Pulaski and Giles counties urge strongly that Weaver be dissuaded from coming.

THE THIRD PARTY GONE

HARDLY A TRACE OF IT IN GEORGIA.

The State Carried For Northern by Over 70,000 Majority When Not More Than 50,000 Was Hoped For by the Democrats.

ATLANTA, Ga., Oct. 6.—Complete returns give Northern a majority of 70,155.

The Constitution's special correspondents, messengers and carriers, covered the state last night, many riding on horseback from twenty to forty miles to reach telegraph offices nearest the mountain precincts. This thoroughly organ-

THE TRUE HEAD OF THE REPUBLICAN PARTY.

As there are grave fears of a serious battle if he opposes there, every utterance will be criticized and once prevalent word may lead to his death.

Gen. Weaver's course during the war made him extremely obnoxious to the people of Pulaski and his bitter language about his accusers has created intense excitement. He asserts that he will hurl defiance in the face of his enemies. The threat has been openly made that he will be killed if he uses insulting language, but Third party men from all over the country, including many ex-Confederate soldiers, are arming and preparing to go to Pulaski, swearing that they will protect him in speaking and defend him against assault. Both sides are determined and neither will yield to the other if it comes to blows. A bloody fight will certainly follow the firing of a single gun.

There are those who believe that Gen. Weaver may use such temperate language as to forestall any trouble, but every effort is being made by the State Democratic committee to secure a quiet hearing for Weaver, and prevent an outbreak, but the conservative people of Pulaski urge that the only safety lies in Weaver not to fill his appointment. The State Democratic committee are much disturbed over the situation.

NASHVILLE, Tenn., Oct. 6.—J. B. Weaver is in the city, Mrs. Lease accompanying him. He says he will speak at Hopkinsville, Ky., today, at Goodlettsville Friday, in Nashville Friday night and Saturday in Pulaski.

Florida Democratic Course.

JACKSONVILLE, Fla., Oct. 6.—The returns from the election held in this State Tuesday received by Chairman Wilson, indicate that the Third party has been snuffed under, and that Mitchell, the Democratic candidate for governor, has received fully 20,000 majority.

A GUILTY REPUBLICAN.

He Comes Near to Being Governor of Pennsylvania.

MEADVILLE, Pa., Oct. 6.—The jury in the embezzlement cases against the Delamaters returned a verdict of guilty as to George Wallace Delamater and not guilty as to other defendants. The jury stood ten for conviction and two for acquittal upon the first ballot Tuesday night. Delamater received the verdict without flinching. The defence will apply for a new bill and will also question the legality of the act of 1889. The defendant was State Senator for many years and Republican candidate for Governor in 1890 when he was defeated by Robt. E. Pattison, present incumbent. The embezzlement charges were the outgrowth of the failure of the Delamater Banking company in December, 1890.

Predicts a Majority of 50,000.

BUFFALO, Oct. 6.—Before he left Buffalo Gov. Flower, who has lately met the political leaders in the various towns, was asked what, in his opinion, was the outlook for a Democratic victory in New York State.

"Splendid," he replied, confidently. "I am convinced that New York State will go Democratic by at least 50,000 majority, and that Grover Cleveland will be the next President of these United States."

No Fusion in South Dakota.

YANKTON, S. D., Oct. 6.—Secretary O'Brien, of the Democratic state central committee, has forwarded to the secretary of state, as required by law, certificates of the nominations as made by the Democratic State convention. This settles the question of a fusion in South Dakota.

Another New Democrat.

EVANSVILLE, Ind., Oct. 6.—William Dudley Foulke, during all his life a prominent Republican and well known to the country as one of the foremost advocates of civil service reform, addressed a large audience last night urging the election of Cleveland and Stevenson.

A Case in Cork.

LONDON, Oct. 6.—A dispatch from Cork says a man employed by the Cork Steam Packet company was seized with cholera in that city and died a few hours after being taken to the hospital. An examination showed that he had true Asiatic cholera.

It May be Cholera.

NEW YORK, Oct. 6.—The Board of Health has been notified that James Farley, 27 years old, is sick with what his physicians think may be cholera. The case will be investigated.

GRANT'S PHARMACY.

ANTIMIGRAINE

Has earned for itself the enviable reputation of being the finest, most effective and reliable article in the market for the speedy relief and cure of every variety of that common trouble, headache. The immense favor which has greeted it from all quarters proves its true merits and acceptability to the public. It is something which almost everyone needs, and those who have once tried it will never be without.

For its curative powers it does not depend upon the subtle influences of such poisonous drugs as

Antipyrine, Morphine, Chloral and Cocaine,

since it does not contain an atom of either of these. It is absolutely free from injurious chemicals, and can be taken by young and old without fear of serious results. It is not a Cathartic, does not disarrange the stomach, and contains no noxious or sickening ingredients.

The peculiar advantages of Antimigraine consist in its being thoroughly reliable as a cure for any kind of headache—without respect to cause—leaving no unpleasant or annoying after effects, as in the case of other so-called "harmless" remedies. These qualities make it the most popular and saleable article in the market, wherever known.
