AFTER OFFICES

Asheville Democrats Who Want

and matters generally have settled down to their normal state, the question of the filling of the offices to be turned over to the Democrats after next March is agitating the public mind. Asheville has a host of good Democrats who could fill all of the offices in the district, but it is known that everything cannot come here. But there are candidates just the same, and every man will work his hard-

est to get the "persimmon."
For the position of postmaster, now held by Geo. W. Cannon, there are several aspirants. These are Capt. J. R. DuBose, Chas. T. Rawls, N. B. Atkinson

and Juo. P. Kerr.

Sheriff Dan. L. Reynolds and John Y.

Jordan are candidates for the office of
United States marshal for the Western

District of North Carolina.

For the office of collector there are so far three candidates, Locke Craig, Cleveland elector for the Ninth district, H. A.

Gudger and M. L. Reed. Kope Elias of Franklin is a candidate for appointment to the position of district attorney, now held by Chas. Price.

From the Statesville Landmark it is learned that the candidates in the eastern end of the district are numerous. It says W. H. Williams of Newton, Paul B Means of Concord and M. H. Pinnix of Lexington are candidates for the collections. orship; R. B. Glenn of Winston and H. C. Jones of Charlotte for the attorney ship; M. O. Sherrill of Newton to be marshal, and L. C. Caldwell and F. D Hackett of Statesville for the assistant attorneyship.

HANGS FIRE

The Street Rallway Matter Not Yet Bettled.

The Asheville street railway problem seems no nearer a solution than it was before the action of the Joint Board on Wednesday. The Board on that day adopted a resolution waiving the right to force the company to pave eighteen inches on either side of the rails, provided the company would waive the right to re-occupy Patton avenue, between Bailey street and the square, and provided further that the court should authorize the receiver to make this change in the track. Here is where the matter hangs. The question was in the United States court, but was postponed while the supposed agreement was being made. Now the court has ad-journed, and the order cannot be gotten from this court at least.

Alderman Starnes says President Car rier, of the West Asheville and Sulphur Springs company, has proposed that he will make trackage arrangements with the Asheville company, and that if they cannot agree upon the price he will leave the matter to referees. In the meantime paving moves along rapidly on Patton avenue west of the government building Mr. Carrier put his proposition in proper form and presensed it at the meet-ing of the Joint Board this afternoon.
