THE BOARDS MEET AGAIN

AND TALK AND DO SOME BUSINESS

The Street Railway Matter is Again Under Discussion, but No Conclusion is Reached—Tentative to be had!

Mayor Blanton was the only official absent during the meeting of the Joint Board and Board of Aldermen yesterday afternoon. Mr. Gudger attended but left about 4 o'clock, intending to go to Marshall on the afternoon train (the only train west, in fact.) He reached the depot just in time to see the last car of the train disappear. Then he returned to the council chamber. It was all discussions—that is, very nearly all. Mr. Gudger was called to the chair, but even he could not keep down the random talk indulged in by everybody. Mr. Cummings called attention to Bailey street's urgent need of a sidewalk. The old plank walk, he said, was poor but it was better than mud. City Engineer Lee said he was not so sure about that, as some of the property owners had taken up portions of the walk, declaring it unsafe for pedestrianism. No action.

THE OLD, OLD STORY.

A. R. Eskridge, of the brick paving firm, informed the Board that all of the necessary crushed stone had been spread on South Main street, and he would like to receive instructions as to his next seat of operations. This brought up the same old street railway question that the Board takes up and musses with every week. Mr. Williams made a motion in effect that the city stop all suits against the Street Railway company and waive the 18-inch paving clause; the company to stop all suits against the city, and pay for the paving between the city and receiver's certificates. Seconded by Mr. Hunt. Mr. Starnes offered a substitute to this motion, providing that the contractors should pave the eighteen inches on either side of the track on South Main street between Southside avenue and the Swannanoa hotel. But this substitute was ruled by the chair to be out of order, as not germane. There was a prolonged discussion on the motion. Superintendent Patton was present and said he was sure Receiver Maddux would be glad to come to a settlement of the question, and put the Patton system track in good repair, so that it might be ready for the contractors when they begin the paving of the avenue.

IT IS KILLED.

The question of the adoption of Mr. Williams' motion then came up, resulting in this vote: Ayes, Bearden, Green, Williams, Hunt and Miller; nays, Cummings, McDowell, Starnes, Leonard Baird. There being a tie, Acting Mayor Gudger voted no, and the motion was killed.

Mr. Gudger explained that if the motion should be for the receiver to pay cash for the paving, he would change his vote, as he did not think the Board ought to press the company to pave the eighteen inches on either side of its track. Mr. Starnes said that the Board had made one proposition to Receiver Maddux and that had not been answered. Therefore, Mr. Starnes thought, and said, if the receiver wished to do business in a businesslike way he should make some response. Then there was a general discussion.

ON OTHER SUBJECTS.

Here Mr. Cummings moved to instruct the contractor to begin sub-grading on the west end of Patton avenue, leaving a space wide enough for the car track and eighteen inches on either side, in the middle of the street; no second; no action.

Mr. Hunt asked that bids for the erection of an iron bridge on Atkin street be advertised for. There was a question as to whether the cost of the bridge could be assessed against all property owners on the street or not. Messrs. Miller and Cummings had an argument on the construction of one section of the act, and Mr. Miller produced the act, showing Mr. Cummings that he (Mr. Miller) was "up" on the law some himself. J. G. Merrimon, esq., gave it as his opinion that if the entire street could be worked that the cost of the bridge could be no rated. Otherwise it would be assessed only against the abutting property owners. That disposed of the matter, and Mr. Hunt will get no bridge—at least not before next meeting.

W. B. Gwyn's Idea.

Mr. Cummings resurrected his instruction resolution, moving that the contractors be instructed to pave one side of Patton avenue from the West End drug store east. But somebody "put in" here and the motion died.

W. B. Gwyn suggested that as the bad weather was about to set in, the Board give up all idea of paving Patton avenue this winter and put down instead a plank roadway twenty feet wide, which would fill all requirements, and which could, next spring, be taken up and placed on side streets for sidewalks. The cost, he showed, of such a roadway between Depot or Spring streets and French Broad avenue could be comparatively small. No action.

Paying Out Money.

The Board got into a bill-paying mood about this time and ordered the payment of the following bills: J. D. Henderson, lumber, \$13.80; street pay roll, \$384.75; T. R. Oates, \$198.35; Govan Pressley, salary, \$90; rock crusher pay roll, \$121.25; Buncombe Brick and Tile company, \$1,162; Spring street pay roll, \$63.62; J. D. Henderson, re-erecting curbing, \$6.23.

Looks More Like.

Here the street railway matter was taken up again. Capt. M. E. Carter said he came as a citizen and a taxpayer of Asheville, asking that the matter be settled if possible. He was satisfied that the receiver could and would pay cash if the city would do the paving between the rails. He knew that if that matter was adjusted the paving would not be delayed a day. Mr. Starnes moved the appointment of a committee to confer with Receiver Maddux and inform the Mayor when it had done its

work, when a meeting should be called to consider the matter at once. Mr. Gudger made a vigorous protest against anything of the kind, because he thought Mr. Maddux should be the one to make a proposition. He did not think it "dignified" for the Board to make a proposition to a man who should make the proposition to the Board. It was Mr. Gudger, it will be remembered, who some months ago thought the Commercial club "disrespectful" to the Board.

Capt. Carter, replying to Mr. Gudger, said that this was not a time to stand back upon "dignity," when cold weather was coming on and paving almost stopped. He then, for Mr. Maddux, asked for the appointment of the committee as contemplated. Mr. Maddux came in a few minutes later and took a seat outside of the railing. Mr. Starnes withdrew his motion, there were some more minutes of jawing and then Mr. Starnes renewed his motion and it was adopted—that a committee should be appointed to confer with Mr. Maddux and report to a special meeting Saturday at 4 p. m. The committee: Messrs. Gudger, Starnes, Cummings, Miller.

And then the Board, weary after the day's work, adjourned and groped its way down the dark stairway to the street.

THE B O F A

Inhabitants of Tentville Must Come Up and Show Up.

It was very late when the Aldermen met, and there was a great deal of impatience on the part of some of the members to get away. Dr. D. T. Millard, who owns the Villa, near Tentville, wanted to enter complaint against that reservation. Mr. Gudger said it was very late, and Dr. Millard replied that he supposed it would not do to talk business to the Board when it was late. The Board members discussed the subject and finally adopted a motion by Mr. Gudger citing the Tentville people to appear before the Board next Friday and show cause why the tents should not be declared a nuisance and removed.

Geo. S. Powell, president of the Asheville Loan, Construction and Improvement company, informed the Board that he had an application for a franchise over West College street, but would let it go over to next Friday, owing to the lateness of the hour.

T. L. Johnson gave up one of his stalls in the market and was relieved of bond for the rent of that stall. Five dollars of a \$10 fine by the Recorder was remitted to H. K. McBea. Wills Bros. were given the city's note for \$700 for services as architects of the city hall.

Bills were ordered paid as follows: Street department, \$16.50; water department, \$21.95; sanitary department, \$28.50.

THE COLOR LINE.

If the Colored Student Doesn't Leave the Faculty Will DENVER, Col., Nov. 23.—The faculty of Denver University Dental college have notified Chancellor McDowell that they will leave in a body if the trustees insist on the reinstatement of U. S. G. Cooper, colored, as a student. Cooper entered for the infirmary course November 5. In a few days all the members of the dental class except one joined in a written protest against the reception of colored students. Several patients objected to having Cooper work at their mouths and the faculty decided that Cooper's presence was an injury to the college.

Dean Hartung laid the matter before Cooper, who agreed to leave. There is a young colored woman in the college, but no objection is made to her presence by either students or faculty.—N. Y. World.

BRISCOE IS DEAD.

He Was a Great Swell in His Day in Atlanta. ATLANTA, Ga., Nov. 26.—News has reached here of the death of Benjamin Briscoe in New York yesterday. It created something of a sensation as he had not been heard of for years.

Briscoe, about ten years ago, was a leader of Atlanta society. He spent money lavishly and was probably the most noted swell in the Southern states. Several years ago West, Edwards & Co., a firm of which Briscoe was a member, failed for a million and Briscoe was sent to jail for a long term. After his liberation he went to New York. Nothing has since been heard of him till today.

ASIATIC CHOLERA IN MAINE.

There Seems to be no Chance of Doubt in This Case. LEWISTOWN, Me., Nov. 26.—A special to the Journal from Bangsley says Dr. Q. A. Budge, a physician of high standing, announces a case of Asiatic cholera there in the person of Mrs. Stephen Philbrick. She was taken last Monday afternoon, but is now much easier. The house has been placed under quarantine.

Perhaps Fraudulent.

SAVANNAH, Ga., Nov. 26.—News has been received here of the general assignment of Jennings Bros., turpentine distillers and dealers in general merchandise, at Jasper, Fla. Liabilities \$40,000; assets \$40,000. Savannah merchants, creditors to the amount of \$20,000, held a meeting and decided to fight the assignment on the grounds of fraud.

Bishop Howe Resigns.

CHARLESTON, S. C., Nov. 26.—Right Rev. W. B. W. Howe, Episcopal bishop of South Carolina, has tendered his resignation. Bishop Howe had a stroke of paralysis last May and his health has since been feeble. His successor will be chosen at the diocesan convention here next May.

Blaine Going West.

WASHINGTON, D. C., Nov. 26.—As soon as Mr. Blaine is able he will leave Washington and take up his residence for a time in Pasadena, Cal. All callers at Mr. Blaine's house this morning were informed by an attendant that "Mr. Blaine is very much better this morning."

No Chance For Bimetallism.

LONDON, Nov. 26.—The general impression, resulting from yesterday's proceedings at the monetary conference, is that American proposals have no chance of being adopted in their present strongly bitalic shape.

THIS IS VERY GOOD NEWS

REACHING A SETTLEMENT OF THE RAILWAY MATTER.

The Joint Board's Committee Holds a Conference With Receiver Maddux, and It Ends Satisfactorily.

The committee appointed by the Joint Board yesterday afternoon held a conference with Receiver Maddux, of the Asheville Street Railway company, this morning. Before the committee left it was agreed that all suits instituted by the city and the company shall be withdrawn. Mr. Maddux agreed to pay cash for the paving between the rails, upon the monthly estimate of the City Engineer. He also said that the lines would be put in condition, so that there would be no delay on account of rotten ties and stringers.

Mr. Maddux told THE CITIZEN this afternoon that the conference had resulted very satisfactorily. He also said that application would be made at once to Judge Dick for permission to issue receiver's certificates. There is no doubt that this will be given, and when it is the money for the paving will be raised.

As matters stand now, the railway middle seems practically straightened and the people will say "AMEN!"

ELECTRIC CONSOLIDATION.

A New York Company Reaching Out All Over the Country. CLEVELAND, O., Nov. 24.—A consolidation of electric lighting and power companies has taken place in this city, and it is said that the concern controlling it is the General Electric company of New York.

The Thomson-Houston company of Boston purchased the Brush Electric company's works in this city and obtained control of the Edison company in New York a few years ago. It is said that the General Electric company of New York is now in control of all these electric companies.

The New York company has obtained control of lighting companies in other cities also, and from appearances it is likely to become one of the most powerful corporations in the country.—N. Y. World.

COTTON.

The Market Had a Downward Tendency Today. NEW YORK, Nov. 26.—Cotton contracts opened very irregular and excited with prices 15 1/22 points lower, with free selling caused by a loss of 507 points at Liverpool. Buying orders from outside, however, sent prices up again and from that to the close the trading was irregular, closing at 10 1/4 points below yesterday. Port receipts estimated for the day at 31,000 bales. Sales for the day 265,000 bales. Spot cotton steady and unchanged.

HILL SAYS IT'S BILLY.

He Won't Pay Attention to Any More of Elder Shepard's Yarns. ALBANY, N. Y., Nov. 23.—Senator Hill laughed when told about the Mail and Express story to the effect that he was about to resign his seat in the United States Senate.

"I am not going to pay any more attention to silly stories emanating from such sources," said he. "As to this particular story I will say there is no truth in it."—N. Y. World.

Ready For Robbers.

DENSON, Tex., Nov. 26.—The officials of the Missouri, Kansas and Texas railroad have received what they consider reliable intelligence that an attempt will soon be made to hold up their passenger trains in the Indian Territory. A guard of ten armed men has been placed on each passenger train in the Territory, between Denson and Parsons, Kansas.

Insurance Men Did Not Bite.

ATLANTA, Ga., Nov. 26.—The Atlanta grain elevator on the Western and Atlantic railroad track near this city caught fire this morning. At 10:47 the fire was under control. Several unsuccessful attempts have been made to secure large insurance policies on the buildings. Several small buildings adjoining were also destroyed. Loss \$10,000.

Objects to Arbor Day.

SAVANNAH, Ga., Nov. 26.—There is considerable excitement here over the refusal of Superintendent Baker, of the Savannah public schools, to permit Arbor Day to be recognized as a holiday here. Baker says there are enough trees in Savannah now and that school work is interfered with too much by holidays.

A Dry Goods House in Trouble.

CHATTANOOGA, Nov. 26.—The Angier Dry Goods company made an assignment yesterday. The assets amounted to \$40,000 and the liabilities to \$12,000. J. C. Angier, head of the firm, is a brother-in-law of the Dukes of the Durham tobacco firm.

All London Smelled Coffee.

LONDON, Nov. 26.—Dock warehouses, 200 feet by 700 and six floors in height were entirely destroyed by fire today. The floors were filled with coffee and choice herbs and the aroma of the burning coffee spread far throughout the city.

Mrs. Jefferson Davis.

CHATTANOOGA, Tenn., Nov. 26.—Mrs. Jefferson Davis, widow of the ex-President of the Confederacy, and her daughter Mrs. Winnie are expected here soon for a visit.

A Little Reciprocity.

LONDON, Nov. 26.—An agreement has been effected between Spain and Denmark whereby a minimum tariff is imposed on Danish products imported into Cuba.

The Way of the Transgressor.

TOCOMA, Wash., Nov. 26.—Three of the five robbers who robbed the Roslyn, Washington, bank of \$10,000 last September have been captured.

BUNCOMBE

SYRUP OF TAR

AND

WILD CHERRY

Is a safe and reliable cure for coughs, colds, croup, hoarseness and all affections arising from an inflamed condition of the throat and lungs. Price, 25 cts

Manufactured at Grant's Pharmacy, 24 South Main Street.

BUNCOMBE SARSAPARILLA, with Iodide of Potash.

Sarsaparilla has been long esteemed as possessing decided alterative properties, and, in combination with Iodide of Potassium, exerts a marked curative action in all diseases due to impurity of the blood, especially such as are inherited or are the result of Syphilis or Mercurial Blood Poisoning.

By its use you can save yourself from the suffering caused by foul Eruptions and Ulcerous Sores, through which the system strives to rid itself of Corruptions. It Purifies the Blood, giving it renewed Vitality and Force. Being an Alterative, it changes the action of the system, imparting Fresh Strength and Vigorous Health.

The Concentrated Power and Curative Virtues of Buncombe Sarsaparilla render it the most Reliable Blood Purifier that can be used, while it is entirely safe for patients of all ages. Manufactured at Grant's Pharmacy, 24 South Main st.

BUNCOMBE LIVER PILLS are mild, yet sufficient; do not cause pain or gripe, and act upon the liver and bowels.

They are especially valuable as after dinner pills, and readily cure constipation and costiveness, nausea, distress in the stomach, etc.

They are purely vegetable and we believe they are the best family pill yet prepared and offer them with perfect confidence, believing that whoever used it will be with the happiest results.

Try them and judge for yourself.
