STREET RAILWAY MATTER
HANGING FIRE
Receiver Maddux Submits a Proposition That is Not Accepted—The Joint Board's Proposition—Receiver's Certificates
At the Saturday afternoon meeting of the Joint Board, held for the consideration of street railway matters, all of the members were present, with the exception of Alderman Waddell and Advisor Williams. Mayor Blanton was able to preside.
The report of the committee on conference with Receiver Maddux, of the Asheville Street Railway company, was read by Mr. Cummings. It stated that a proposition was submitted by Mr. Maddux, but that the committee could not assent to the proposition. The committee then recommended terms of compromise as follows: That both parties in the controversy withdraw all suits and pay costs of their own suits; that the city waive the 18 inch paving clause; that the company pave between its rails where paving has been or is to be done and put its track in proper condition for paving; that the receiver apply at once to the judge of the Federal court for permission to issue receiver's certificates to be used in paying for paving; that the city do the paving for the company, being paid in cash therefor upon the monthly estimate of the City Engineer; that should the receiver fail to pay cash at the end of the month, and should he fail to put the track in condition so as not to impede paving, then the agreement shall be null and void and the suits to be reinstated in their present condition in the courts. The proposition is to be accepted by the receiver in writing by next Friday, or to be of no avail. The report was signed by T. C. Starnes, J. M. Guder, P. A. Cummings and F. M. Miller, committee.
Mr. Cummings said the proposition submitted by Mr. Maddux did not embody exactly the agreement with the committee in the conference, and that it had been drawn by Thos. A. Jones, the attorney of the street railway company.
Mr. Guder moved the adoption of the committee's report, and it was seconded by Mr. Leonard. Upon vote, it was adopted unanimously, and the City Clerk instructed to furnish a certified copy to Receiver Maddux.
Mr. Maddux's proposition stated that that gentleman was but an officer of the United States court of the Western district of North Carolina, and would never be done by him must be approved by the court. The closing paragraph reads: "The action by the city in the name of the Attorney General, recently authorized by the Supreme court, is to be discontinued and abandoned by the city absolutely if the company is to release the city, the Mayor and members of the Board from any and all claims for damages for destroying the track on Patton Avenue, and other alleged unlawful acts since August 12, 1892."
A bill of Cobb & Merrimon was ordered paid. It is for \$378, as follows: Services in Street railway suit, \$300; expenses of trip to Waynesville, Robbinsville and Raleigh, \$50; notary clerk's and sheriff's fees, \$28.
Hasn't Accepted Yet.
After the meeting of the committee from the two Boards with Receiver Maddux Saturday morning, Mr. Maddux understood by himself, and submitted it to Mr. Cummings, one of the committee, in the presence of Superintendent T. W. Patton, asking Mr. Cummings whether or not it was in substance correct. Mr. Cummings replied that it was and thereupon Mr. Maddux signed it and it was taken by Mr. Cummings to the meeting of the Board.
Mr. Maddux told THE CITIZEN today that he could not say whether the proposition would be accepted. He had the proposition typewritten and sent to New York and it will probably be Thursday or Friday before he can give a definite answer. He also says that he will make application at once to Judge Dick for permission to issue receiver's certificates, having been assured that as soon as he has done so he can procure the money with which to place the lines here in good condition.

WITH A KNIFE
Octavia Snipp Cuts James Morris In the Breast.
Jas. Morris and Octavia Snipp are colored people living in Asheville. They were in each other's company last night walking along Montford avenue. James evidently said something Octavia did not care to have him say, for when they had reached a point near the junction of the avenue and Cherry street, Octavia suddenly drew a knife with a long keen blade and plunged it into James' breast. Octavia made only one pass at James, pulled the knife from the wound and ran off. James went home, and today is laid up with a serious wound. Octavia was found this morning by Patrolman Hunter, who lodged her in jail.

Threatening a Tax on Petroleum.
PHILADELPHIA, Nov. 28.—Because of the heavy import tax which the French government threatens to impose on petroleum after January 1, 1893, one of the greatest rushes ever seen among the petroleum exporters is now in progress here. Both steam and sail craft are being hurried around from neighboring ports in order that the vessels may reach France or clear the custom house before New Year's day. The supply of tonnage here is not adequate to the demands and New York has been called upon to make it up.

\$25,000 for World's Fair.
RALEIGH, Nov. 28.—Saturday there was a conference between Gov. Holt and the State Board of World's Fair managers here, at which it was decided that the \$26,000 which the last Legislature appropriated out of the direct-tax fund is now found available. This assures a fine exhibit from this State at Chicago.

AN EPIDEMIC OF TYPHOID
ST. LOUIS IS TERRIBLY AFFLICTED.
Nearly 1,000 New Cases There Last Week and Over 200 on Saturday—All the Hospitals Have Patients Down With This Fever
ST. LOUIS, Nov. 28.—There were nearly 1,000 new cases of typhoid fever last week. The asylum for the blind is becoming a veritable hot house for typhoid fever patients. Over twenty students are down with the fever and the malady is spreading. A pathetic feature is the fact that most of the students are from outside the city and generally belong to families in poor circumstances, who are not able to respond if summoned to the bedside of the sick ones.
Every hospital in the city contains typhoid patients, one of the Catholic institutions having as many as thirty-five. There are sixty-five at the city hospital. Only three of the cases at the asylum for the blind have proved fatal. There is no official record of the number of deaths in the city as yet, but there were 215 new cases Saturday. It is thought fully 450 new cases will be recorded for the forty-eight hours beginning Saturday. A committee was appointed at a meeting of the Board of Health to go to Sewell and investigate the water supply. The churches were scantily attended yesterday.

COTTON.
It Declined Today From Saturday's Prices.
NEW YORK, Nov. 28.—Cotton contracts continue active, unsettled and very irregular. Opening was easy at 10 1/2 points decline, advancing 7/8 points, declining again and then standing 8 1/2 below Saturday with sales of 165,000 bales. Liverpool opened irregular at 5 points advance, but closed unchanged to 1 point below Saturday and caused an early decline here. Later a rally was made on buying orders, while the weakness is due to realizing. Port receipts estimated today at 52,000 bales against 76,710 bales last year, and, for the week, 255,000, and in the interior 80,000 bales.

KNOXVILLE NEWS.
A New Adjutant General Wanted For Good Reasons.
KNOXVILLE, Nov. 28.—There is some stir in military circles as to who will be the next Adjutant General of the State militia. Many names are mentioned for the place, including Col. S. D. Kyle, Col. Henry Boyles and Col. Phil. P. Shepherd. General Keller Anderson, commandant at Coal Creek, it is said, will accept if it is offered to him. Governor-elect Turney gives assurance he will appoint a military man and that politics will not enter into the appointment.
The general verdict is that the State national guard needs a thorough reorganization and the new Adjutant General would have to do it.

BIG BEER COMBINE.
A Scheme The Rothschilds Are Said to be Back Of.
ST. LOUIS, Nov. 28.—The consolidation is proposed of the four mammoth export breweries of the United States, the Anheuser-Busch and W. J. Lemp of this city and Schlitz and Pabst. The last has its four auxiliaries with a capital stock of \$40,000,000 and bonds to the amount of \$200,000,000. This gigantic enterprise is fathered by the Rothschilds of England. That the consolidation will ultimately be accomplished A. B. Busch, President of the Anheuser-Busch Brewing company, states there is reason to believe. The combined output of the consolidated business will be something enormous, as the scheme involves an increase of the capacity of each brewery.

MONETARY CONFERENCE.
What Great Britain Will Propose in the Interest of India.
BRUSSELS, Nov. 28.—The International monetary conference met again today. The latest report regarding the conference is that the delay in issuing to the delegates the proposals of Alfred Rothschild, one of the representatives of Great Britain, is due to his assenting, last night, to a proposition that the proposals be modified in accordance with suggestions made by M. Montefiore, President of the conference, and other members.
It is reported that under the scheme to be formulated by Mr. De Rothschild each government represented in the conference is to be associated in the purchase of silver to the minimum amount of \$5,000,000 sterling and is to take a fixed proportion of this amount at the rate of forty-three pence per ounce, purchases to be made direct by the treasuries of the various countries or through the agency of some financial institutions. It is expected that the British delegates will support the plan in the interest of East Indian currency.
LONDON, Nov. 28.—Bimetallism has found an advocate in Archbishop Walsh of Dublin. The Archbishop declares the adoption of bimetallism is a matter of necessity to save the Irish tenants from ruin.

ROBBED A NATIONAL BANK.
The Cracksmen Got Over \$10,000, But Missed Some.
LIBERAL, Mo., Nov. 28.—Four expert cracksmen with dynamite and the latest approved tools succeeded in cracking the big safe of the First National bank of this city on Saturday night and securing a sum of money which, though it cannot be fixed definitely owing to the reticence of the officers of the bank, is estimated at from \$11,000 to \$15,000 by those who are in positions to know.
The burglars were started away before they had completed their work and did not get into the reserve vault of the safe in which was \$10,000 more, principally in gold. They had dynamite and fuse attached to this, but for some reason fled without touching it off.

CAN PLAY POKER.
A South Carolina Judge Has at Least One Qualification.
COLUMBIA, S. C., Nov. 28.—The State, the anti-administration newspaper, publishes today the following comment on election of Mr. Gary as Circuit court judge by the legislature last Saturday: "Mr. Ernest Gary, who was elected by the dominant element on Saturday to succeed the learned Kershaw as judge of this circuit, is a young man who, we are informed, is a proficient poker player and has hopes of understanding law. We trust his experience on the bench will enable him to even up his knowledge."
Fought With Boiling Water.
PIEDMONT, Ala., Nov. 28.—Three notorious Conner brothers were arrested yesterday near here by detectives and a posse of citizens. There was a desperate fight in which a woman took part, pouring scalding water over the attacking party while the men fired Winchester and six-shooters.
The Conner brothers are supposed to be the men who robbed the mail and express cars of the East Tennessee, Virginia and Georgia near Piedmont, October 31.

No Collision.
People who paid any attention to the predictions of disaster attendant upon a collision of the earth and the comet, scheduled for last night, could see nothing on account of the very cloudy weather. If there was a collision no one knew of it. Tentville was right side up this morning, which is a sure indication that the collision did not occur.
