A busy set of clerks may be seen at Blanton, Wright & Co's Shoe Store on Patton Avenue. Their stock is being largely replenished. The large stock of gents' hats are neat, clean and stylish, but for want of room for increased shoe stock they mean to close out every hat at a sacrifice. They make a specialty also of umbrellas, traveling bags and trunks.

**WE GET ONLY A HALF LOAF**  
**PROBABLE RESULT OF THE MONETARY CONFERENCE.**

**United States to Continue Coining Silver as at Present and The Other Nations To Purchase Unless The Price Gets Too High.**  
LONDON, Nov. 29.—Referring to the monetary conference the Daily News says: "Alfred De Rothschild's plan, which seems to have saved the conference from collapsing, turns out to be mild and in no sense heroic. Theoretically it would be best to let silver alone, but when we find Rothschild trying to prevent a collapse of the conference it may be supposed that such results would be disastrous. "We cannot suppose it can be remotely suggested that the five pound notes would be made redeemable in silver. The most striking part of the plan is the belief of the first rank financiers that unless something is done America will discontinue the purchase of silver. Were she to sell silver we might be compelled to close the Indian mints. Even then we might be hampered if America raised a big gold loan. It is not Europe's interest to precipitate a currency crisis in America. The disturbance of trade would amount to a catastrophe."

**BRUSSELS, Nov. 29.**—The plan of Mr. De Rothschild is in brief that a syndicate of nations be formed to make purchases of silver to the amount of 5,000,000 pounds sterling, and that the United States continue her purchases of silver as at present. In the event of the price of silver rising above forty-three pence per ounce purchases are to be at once suspended. It is the general expectation that Mr. De Rothschild's proposals will be accepted by the committee and then referred for adoption or rejection to the conference and governments represented, with modifications suggested by the schemes of M. Levy.

**CLEVELAND AND THE DUCKS.**  
**The Weather is Against the President-Elect's Sport.**  
EXMORE, Va., Nov. 29.—A cold north-east gale this morning swept over the broad water, which gives its name to the inlet dividing Hay Island from the mainland, effectually cutting off any communication between President-elect Cleveland and his friends ashore. Another disappointment was thus added to those which Mr. Cleveland has already experienced during the few days that he has spent as a guest of the Broadwater club. There was something very tantalizing in the way that wild fowl of every description flew hither and thither seeking to find shelter from the storm. The distinguished visitor watched them with evident eagerness, but abandoned all hope of sport for the day, when at 9 o'clock a beating rain added discomfort to the raging elements. After breakfast Mr. Cleveland turned his attention to his mail which is daily increasing in volume. This had been brought to him in a sail boat which was sent to Exmore last night for that purpose. It is now said that the President-elect may prolong his stay at Hog Island, with the hope that milder weather will afford him a greater opportunity for sport.

**DEATH OF GEN. JACKSON.**  
**He Will Probably be Buried Beside His Son**  
ATLANTA, Ga., Nov. 29.—Richard H. Jackson, Fourth United States artillery, died yesterday at Fort McPherson, of rheumatism of the heart. He was well known throughout the South, having served as commander of many posts throughout this section. He is the first officer who has died at McPherson since the post has been established. He was 62 years old and would have retired from the army in 1894 at the age of 64 if he had lived. Gen. Jackson leaves no children, his only son having died at West Point while a cadet. The funeral arrangements have not as yet been decided on, but the general will probably be buried by the side of his son at West Point.

**CALIFORNIA**  
**Democrats May Yet Have a Slice of It.**  
SAN FRANCISCO, Cal., Nov. 29.—The official vote of all the counties in California with the exception of San Francisco gives Harrison a plurality of 6,422. Returns from all but nine precincts in this city reduce Harrison's plurality to the state to 310. It is possible, when the official vote has been completed, the vote may be divided between Harrison and Cleveland.

**Predicting a Strike.**  
CHICAGO, Nov. 28.—There may be a strike on the "L" road within the next 24 hours as a result of the action of General Manager Barnard in discharging seven engineers, four conductors and three guards for alleged violation of rules. Chief Arthur of the engineer brotherhood has been requested to come and take charge of affairs.

**Convention of Christian Workers.**  
ATLANTA, Nov. 29.—It is announced that a world's convention of Christian workers will meet here next year. There will probably be 5,000 delegates present. Arrangements are already being made to look after their comfort and it will be the largest convention ever held in the South.

**Diaz Free to Select New Cabinet.**  
CITY OF MEXICO, Nov. 29.—The secretary of foreign affairs has delivered to President Diaz the collective resignation of the entire cabinet leaving him at liberty to appoint a new cabinet after his inauguration for his next term which begins December 1.

**BILL MURPHY IS ALIVE**  
**He is a North Carolina Desperado Who Has Murdered.**

JARRETS, N. C., Nov. 26.—Bill Murphy, the noted desperado, who was reported shot to death several months ago, is alive and hiding in the Nantahala mountains. Persons from that region say he is terrorizing the entire country, and levying contributions for the support of himself and his gang. For thirty years Murphy has been a terror on the border line of Tennessee and North Carolina. His father before him, who married a Cherokee squaw, made the rifle his only law. In 1862, with a half dozen companions, he rode into town, took possession of it, and held it for several days. Bill was a boy of fifteen then. He followed in his father's footsteps. The gang always kept on the outer edge of civilization, having nothing to do with people from a distance, and keeping the tongues of those around silent by threats. The first break in the family was when George Murphy was about to marry a girl whom Bill wanted himself. He shot George dead while on the way to the wedding, forced the guests to bury the dead man, and then shot the girl's brother dead when he objected to the proceedings. A sheriff's posse which sought Bill soon after this was routed and one of them killed. Fear of treachery, after having made this break in his own ranks, forced him into the Nantahalas, where his gang has been reorganized. No one dare go near him.—New York Sun.

**THE GREAT COTTON STRIKE**  
**The Operatives Now Feel Sure of Winning It**  
LONDON, Nov. 29.—The refusal of the North Lancashire Cotton manufacturers to attempt to force a reduction of wages upon their employes enables the locked out spinners to execute their cherished desire to assist the locked out card room hands, whose union is comparatively weak, by raising extra levis from the spinners still at work. Had the manufacturers in North Lancashire agreed to reduce wages, 150,000 hands might have been rendered idle. Prudence forbade the spinners giving assistance to the card room hands a prospect of such a draught upon their resources as would have resulted from the strike or lock out in North Lancashire. The operatives now await the outcome of the struggle with the greatest confidence.

**FOR TARIFF REFORM**  
**Atlanta Colored Men on the Right Track at Last.**  
ATLANTA, Nov. 29.—"Yes sir we are tired of being chained to the protection corpse," said Capt. Moses H. Bentley, a well known colored man, who attended the colored men's tariff reform meeting. Bentley, who is captain of the colored military company and a prominent Republican politician, continued as follows: "This action has been taken after due reflection. We find our financial interests are bound up with those of the people among whom we live. We would not deserve prosperity if we knifed the very people who rendered our prosperity possible. Our people, under no circumstances, could ever get any benefit from protection. We are going to make a state organization of this reform movement. We will push it into other states."

**COTTON**  
**Yesterday's Sellers Became Buyers Today.**  
NEW YORK, Nov. 29.—The Liverpool market opened easy at 69 7/8 points decline, advanced 2 3/8 points, became irregular and unsettled and closed at 70 1/8 points below yesterday. Contracts opened here from at 5 1/10 up and became unsettled and, following the course of Liverpool, are now standing at 39 1/4 points above yesterday with fairly active speculation. Port receipts estimated for today 48,000 bales, against 50,408 bales last year. Sales so far, 185,000 bales. Sellers of last night are free buyers this morning.

**CAMPBELL WON'T ACCEPT A CABINET PLACE.**  
CHICAGO, Nov. 29.—Ex-Gov. James E. Campbell of Ohio, arrived in Chicago this morning. Mr. Campbell denied having any insight into the political probabilities. "Mr. Whitney is a very able man, and I should think he ought to have a portfolio," said he. "Ohio did nobly, and she has a lot of good men. If a Cabinet place were offered me, I certainly should not object to the offer, but I should have to decline it. My business is in such a state that I cannot leave it."

**Woman in Party of Horse Thieves**  
SANTA FE, N. M., Nov. 29.—John McLeod and Sam Pollock, two Sierra county ranchers in pursuit of horse thieves, yesterday came upon a band of three and a fight ensued, in which one of the thieves was killed and one wounded. The third proved to be a woman, Alice Parker, and known as the "Kid." She was dressed in male attire, with a big revolver in her belt. She and her wounded partner are in jail.

**Look Out for Another Lynching**  
LUMBERTON, Nov. 29.—Archie McPhatter who, together with his brother, Duncan McPhatter, murdered Deputy Sheriff Livingston in Richmond county some time ago, was captured by a colored man named Marshall Max, near Moss Neck, in this county this morning. McPhatter is now in jail here and will be sent to Rockingham.—Wilmington Messenger.

**Otho Wilson Boycotted.**  
RALEIGH, N. C., Nov. 26.—The fact was ascertained today that the executive committee of the State Farmers' alliance issued orders that S. Otho Wilson was on no account to be given any position in the State business agency of the alliance.—Wilmington Messenger.

**FRENCH MINISTRY RESIGNS**  
**PANAMA CANAL SCANDAL IS THE CAUSE.**

**The Belief is That The Government Has Deceived the Deputies—The Grave To Be Opened To Secure Evidence—New Cabinet.**  
PARIS, Nov. 29.—In the Chamber of Deputies M. Brisson, chairman of the committee on the Panama investigation, demanded of the government that an autopsy be held on the body of the late Baron Reinach. M. Rickard, Minister of Justice, replied that the law did not permit it. Division was taken as to sustaining M. Rickard and the government was defeated. The resignation of the ministry was at once announced. Within the past few days events have ripened rapidly in the Panama affair and there has been a growing feeling that the government was deceiving the country. Hence today when the chamber met there was a general disposition to exact more information regarding Reinach who is supposed to have been the chief beneficiary of the alleged Panama mismanagement. When questioned by M. Brisson, M. Rickard showed a purpose to shield the Reinach estate, or at least give unsatisfactory assurance that the estate would be made to disgorge should his guilty complicity be established. When this became evident the majority of the Chamber refused to support the government and defeat was followed by the resignation. The adverse majority was made up of 121 Republicans and 171 members of the Right. It is certain that M. Feytaud, M. Ribot and some other members of the Loubet ministry will be in the new cabinet.

**MISSING ANY DIAMONDS?**  
**Here's a Woman With \$10,000 Worth Unaccounted For.**  
CHATTANOOGA, Tenn., Nov. 29.—Chief of Police Kilgore says he will keep under surveillance a woman arrested here yesterday with \$10,000 worth of diamonds in her possession until the jewels are restored to their rightful owners. He has information that a gang of diamond thieves, some of whom have been arrested in Nashville, are wanted in Atlanta, Birmingham, Memphis, Augusta, Ga., and perhaps other cities. They expect to make some startling developments about extensive operations of these diamond thieves. It is possible that another lot of diamonds may be found.

**THE PRESIDENT'S MESSAGE**  
**Mr. Harrison Unable to Complete It in Time.**  
WASHINGTON, Nov. 29.—Owing to his present affliction the President will be unable to complete his annual message to Congress in time for submission to that body on the opening day of the session. The present indications are that he will be precluded from making any progress whatever during the remaining days of the present week. Consequently it is more than probable that the completion of the message will be delayed until the end of next week or the beginning of the following week. The President will probably send a brief message to Congress Monday, explaining why the regular message is delayed. It is learned on good authority that the annual message will be about the length of that of last year and will include a review of the work of the present administration. It will contain about 5,000 words.

**PROHIBITION**  
**The Great Question is Now On Again in South Carolina.**  
COLUMBIA, S. C., Nov. 29.—In the House of Representatives today Mr. Perry of Greenville introduced a bill to refer the question of prohibition to the people at an election to be held next August. The extreme prohibitionists will fight this proposition and they are confident in their strength of numbers. They will push through the bill introduced yesterday by their State committee. This is the most important question now before the Legislature and it will create a hard fight.

**A Murderer Captured.**  
RALEIGH, Nov. 29.—A dispatch to the State Chronicle from Marion says: Hoke Schrest, who is charged with the murder of his wife and child and then burying their bodies, has been captured near Spartanburg. Schrest was tried for the crime several years ago and sentenced to death, but he secured a new trial and was sent to the insane asylum, from which he escaped twice. It is understood he will be tried again for murder.

**Genuine Tin Plate Works.**  
LONDON, Nov. 29.—The London Daily Telegraph says that the Cynon tin plate works have resumed after a suspension of three months. There has been general resumption in Swansea, Morriston, and many other districts, resulting from extensive orders.

**Wrecked Two Trains.**  
PETERSBURG, Va., Nov. 29.—A collision between two freight trains occurred this morning on the Norfolk and Western railroad a short distance from Blackstone. Both locomotives and 45 cars were wrecked. William Lealer, fireman, was painfully scalded.

**Eighty Rounds and a Draw.**  
CONEY ISLAND, N. Y., Nov. 29.—The fight last night between Martin Costello and Alexander Greggains was declared a draw at the close of the eightieth round. The purse of \$2,500 was divided by the men.
