evidence! Great testimony !

[NO. 4] The two mountain chains, pursuing a direction towards the southwest enter North Carolina from Virginia in the

county of Ashe, approach each other WEDNESDAY, DECEMBER 14, 1892. within a few miles, and then gradually diverge; the Blue Ridge to enter boldly into North Carolina, forming a distinct So ir appears that Jones of Saudy line of demarcation between the upper Mush told Brown of Haw Creek that and lower country of the State, and ex-Smith of Waynesville has seen a letter which asserted that Mr. Crawford said tending through to its southern border then turning westwardly and forming about something-it is not clear whatfor the most part the boundary line be-"your plan is all right." Convincing tween this State and South Carolina and Georgia. The other chain, the Smoky,

It appears that the morning paper's Iron, or Unaka, as it is variously known in assertion that Congressman Crawford the course of its long extension, after its had written "a private letter to a friend divergence from the Blue Ridge, trends in this city." saying that the idea gradually towards the southwest, and of a primary "was a good one" was manufactured out of whole cloth Carolina and Tennessee. orms the boundary line between North -rotten poor goods at that. Mr.

These two master chains, running on Crawford has written nothing of the opposite sides of the State, are connected kind. The falsehood was characteristic by several cross chains in height only a of the fly-up-the-creek sheet. It announced little inferior to the outer ranges; altobefore election that it would have full gether, with the combination of the Associated Press reports of that contest; outer and the inner ranges, forming that it never had a line of Associated Press grand configuration which gives to North delivered to it; it could not get a line. arolina and parts of Tennessee their The same sheet recently said it would distinct and extensive mountain charac-istics. For it must not be overlooked that, in this section, the mountain sysprint the President's message in full; that it had the message in its office Tuesday it had the message in its office Tuesday night, December 6th. Both assertions were such as are told the marines, there was no truth in them. The most remarkable speech, in its effect that Sizeday. Calculated as a speech in its effect that Sizeday. effect, that Speaker Crisp ever prepared was the one he was invited to deliver at the Reform club dinner Saturday night in New York. He was not called on by the toast master and his speech was not delivered. This public insult to the Speaker of the House has created an immense sympathy for him. It appears that Crisp was present at the dinner by the especial request of President-cleet Cleveland, and that he was ignored because the manager of the dinnur had not sense enough to see that it was bad not sense enough to see that it was bad manners to pass by the Speaker of the House who is always called on for a sissipli, and into the Gulf of Mexico. The height of the rampart presenter almost any sort. But the speech has by the Blue Ridge, rising abruptly from drawn to Crisp the sympathy of everybody, and men who have been his political opponents now announce themselves in but a few places by the deep and naras his friends. It was a happy speech-the most effective silent speech we can recall their laborious way into the valleys of the west, and the absence over this

#### LIFE IN NORTH CAROLINA.

-Charlotte Observer: "For the first time since 1 remember," said a well known farmer of this county yesterday, "the farmers of Mecklenburg are plowing six days in succession in December," The weather this secon has weather this season has been unusually fine, and a better erop year has not been known for years.

-Charlotte Observer: The Star mill was sold Monday at public auction, under mortgage, and bought by Mr. C. Gresham. The mill was owned by a stock company, of which Mr. W. M. Crowell was the largest shareholder. The mortgage amounted to about \$6 000. \$6.000.

why

-The Fifty-sixth annual conference of the North Carolina Methodist Episcopal church. South, which is held in Golds-boro, commencing today will be a very important session of the church in many respects. A good many changes of presiding elders and pastors will occur.

-Near Patterson's mill on Friday night while enroute from Durham, Tom wens attacked his tra

BRILLIAN Opening Display of Holiday Goods, commencing Wednesday, November 30th, and continuing thirty days.

CUT GLASS AND FINE VASES-We have a small line of the finest goods on the market Always Safe!!! ARTHUR M. FIELD, LEADING JEWELER, NO. 18 SOUTH MAIN STREET. JEWELRY MADE TO ORDER. W. C. SPRINKLE. F. B. LAWSON.

# EAGLE WAREHOUSE,

#### ASHEVILLE.

The Eagle Warehouse first began business last season, and although a new house and a new firm it easily took the lead in the tobacco trade of Asheville, With our past experience and increased facilities for handling tobacco we are etter prepared to serve our friends and customers than ever before. The Eagle is one of the largest and best warehouses in the State, with a capacity of 50,000 pounds a day. Our motto: Polite and courteaus treatment to all, highest market prices and prompt returns. Give us a trial. SPRINKLU & LAWSON, Proprietors, P. M. BUBGINS, Bookkeeper. CAPT. J. M. SMITH, Floor Manager.

ion, Pickard, and cut hisright car nearly off besides leaving a great gash in his head and neck. The men were drinking. The cuts are serious

-United States Supervisor-of-Election A. W. Shaffer is now having transcribed summits and verdure-robed sides to the into special books the names of 52,000 voters at the late election, the names having been furnished him by his hundreds of supervisors.

-The Baptist convention at Raleigh has adopted resolutions in honor of the late Mr. J. A. Bostwick, the Standard Oil milliouaire who gave nearly \$150,-000 to Wake Forest college.

-The Winston board of aldermen have purchased a large la France fire engine and two outfits for two hook and ladder companies.

-Capt. John E. Lewis and crew of Morehead city caught recently at two hauls, 4,160 speckled troat which sold for \$19.72.

-It is alleged that there is no North Carolina law against prize fighting.

# A DISCUSTING FALSEHOOD.

The Morning Reprint Offers a Confession THE ASSERTION.

From Tuesday's Fly Up the Creek Congressman W. T. Crawford, who has the appointment in his power, in a private letter to a friend in this city, says he "thinks the idea [of a primary] a good one.'

THE RETRACTION.

From Wednesday's Fly Down the Creek. In a conversation with Mr. E. B. Atkinson, that gentleman informed him that he had received a letter from Dr. H. L. McFaden of Waynesville stating that in an interview with Congressman of from 4970 feet high to 6500 feet, or that in an interview with Congressman Crawford as to the suggested primary Crawford as to the suggested primary for the postmastership at Asheville, he words of the letter in this regard are as follows: "I saw Mr. Crawford and he said your plan was all right."

The Waste of Public Money. From Mr. Cleveland's speech on Saturday Night.

We should strive to rid ourselves and our countrymen of the idea that there a countrymen of the idea that there is anything shabby or disgraceful in economy, whether in public or in private life. There is no breach of duty so pal pable as the waste of money held by pub-lic servants for the people's use. Our government was founded in a spirit of frugality and economy, and its adminis-tration should not depart from those lines.

A Back Number

#### From the New York World.

There is no State in the Union in which the Republican party is more of a back number than Wisconsin. Gov. Peek says there is nothing left of it except the

olored man who attends the furnace in the State house cellar. Just a Little More, Please

From the St. Louis Republic. If Ohio will inject a little more Aus-

tralia into her Australian ballot law the Democrats will elect the other twenty-three electors next time,

CONDERSTORES

States preserved so perfectly in the in-tegrity of its pristine wildness and beauty, no place where the civilized white man of the present day may tread so closely in aboriginal steps and surround himself with the associations once so familiar to the primitive savage. Here he mountains, as they have done time immemorial, still lift their forest-clad

same clear skies and blue transparent heavens; here the unfettered streams still leap down the mountain sides and sparkle in the quiet valleys with the same freedom as in the days when the white

man first trod the soil of a newly found clothes or cumbers the earth with its giant trees, or adorns it with the un-

rivalled beauty of the flower-bearing trees and shrubbery. Here, in truth, is to be found nature in her beauty, gran-deur or simplicity; nature such as the weariest denizen of the crowded cities, or of the density nearbod benchanged of the of the densely peopled lowlands delights o seek, to which he demands access, and for which he asks for perservation against the increasing encroachments of

he inroads of civilization In Western North Carolina there are two extensive tracts that may be con-trolled to the uses of such park as the people of the east have an interest in having created for them through the aid of the general government. The first of these lies along the south flank of the Smoky mountains, extending from the Pigeon river on the northeast to the Ten nessee river on the southwest; spreading downward towards the south to th Ocona Luftee, the Tuckaseegee and the Tennessee rivers, and embracing in a ter-ritory of from 150,000 to 300,000 acres

as much of the grand and beautiful in landscape, as much of the unmutilated in nature, and as much of purity of air as can be elsewhere found on the whole continent. In this area is to be included a portion of Tennessee, lying on the northeast face of the Smoky mountains, northeast face of the Smoky mountains, and which contains the noted "Group of

trout, and capable of being made a vast Honest in an out. tout and capable of being made a visit fish preserve, the California or Rainbow trout having been proved by successful experiment in the streams among the Balsam mountains to be well adapted to the mountain streams of this State. The tops of some of the mountains are

The tops of some of the mountains are some times bare of trees, though having a rich soil, and producing luxuriantly grasses suitable for herbage. Most of them, however, are mantled with dense forests, chiefly of a semi-arctic character such as the various species of the fir famuch as the various species of the fir family.
