LEGISLATING AT RALEIGH

LARGER PART OF THE NEW BILLS OF A LOCAL NATURE.

Many Young Men in the House—Four Preachers Present—The First Democrat Elected From Wilkes—The Buncombe Temperance Question.

RALEIGH, N. C., Jan. 16.—[Special.]—It seems to be the disposition of many of the members to watch the treasury. The finance committee in the Senate, and especially McDowell of Mecklenburg, and Davis of Haywood, are giving close attention to and objecting to unnecessary and extravagant expenditures.

The larger portion of the bills introduced have been either of a local character or changes of present statutes. Some of those introduced, in which the people of your county are interested, are those looking to the election of criminal court judges and solicitors by popular vote, instead of by the justices of the peace. A petition was received a few days since, addressed to Speaker Overman, from a few citizens of Buncombe, asking for a vote on the temperance question. This was quite a surprise to both the Senators and Representatives who had not been apprised of the petition until read before the House.

In the House there are quite a number of very youthful members; five less than 25 years old: W. H. Grimes of Wake, and S. Erwin of Cleveland, 22; F. L. Merritt of Wake, 23; W. R. Gore of Gates, 24, and F. L. Fuller of Durham, nearly 25. In the Senate R. B. McLaughlin of Iredell, aged 27, is the youngest man and he is followed closely by J. A. Brown of Columbus, E. P. McKee of Robeson, and also J. W. McLaughlin of Cumberland. The latter keeps one eye on the ladies' gallery.

Reva, G. W. Newell of Franklin and J. C. Burch of Alamance, represent the ministry in the Senate.

A number of the members have formerly been connected with the press, among them Senators Trotter of Beaufort and Erwin of Stiles.

"How many preachers are there in the House?" asked a gentleman a few days ago. The reply was: "Four, including Bob Vance, who is a good preacher as anybody." All three of the ordained preachers are leading members of the Primitive Baptist church. They are Elder Rowe, of Beaufort; Elder Lawrence, of Martin, and Elder McLaughlin, of Pitt.

The most prominent members in the House are Gen. R. L. Vance of Buncombe and Hon. W. H. Kitchin of Halifax, both ex-Congressmen and tried and true Democrats.

The Senate has four physicians—Drs. T. B. Twitty, W. P. Mercer, M. A. Roy and W. M. Merritt.

Only three of the present "Tar-heel Solons" are colored, one in the Senate and two in the House.

The average age of the members will hardly exceed 35 years.

Senator John S. Cranor was the first and only Democrat ever elected in Wilkes, and this is not altogether due to the fact that Dr. Tyre York had returned to his old party.

House bills introduced: To give the Railway Commission power to assess the property of steam companies to establish a State colored normal college at Winston; to give the Railway Commission power to require the careful handling of baggage; to amend the code in regard to married women and to relieve railway companies from making annual reports to the Governor.

Bills passed a final reading to remove the State College Normal college from the University of Franklin; northern Presbyterians having pledged commodious buildings and \$2,000 a year at the latter place; to change the date of the inauguration of State officers and make it the third Wednesday after the first Monday in January next after the election.

By Mr. Vance of Buncombe—To prohibit shooting at pigeons as a target; to make it a misdemeanor to abandon animals; to turn over fines paid for cruelty to animals to societies organized for the prevention of that cruelty.

Bills of prominence introduced in the House recently were to repeal the merchant's purchase tax, to create an additional cause for divorce, and to exclude married persons from the benefits of the public schools.

A resolution was introduced in the House Saturday requesting members of Congress to urge an amendment to the Constitution giving the people the right to vote directly for President and Senators.

The Senate on Saturday tabled three important bills, those being to amend the code in regard to usury; to restore to the tax lists lands unlisted for three years, and to repeal the homestead law.

A bill to prohibit county commissioners from appointing ignorant or incompetent persons as judges of election, went to the table, the Republicans voting for it.

A committee of five Senators and seven Representatives was appointed to take into consideration the matter of a proper exhibit by North Carolina at the World's Fair.

A bill to repeal the present county government law, introduced by the Republicans, was overwhelmingly defeated.

Frances Ann Kemble Dead.
LONDON, Jan. 16.—Miss Frances Ann Kemble (Mrs. Pierce Butler) the well known actress, died today.

Miss Kemble had been ill but a short time. Her condition was not regarded as serious, and her death was unexpected. The remains will be interred in Kendall Green cemetery, where the body of Miss Kemble's father was buried.

Nearly Always Bad Medicine.
PEORIA, Ill., Jan. 16.—There is a waiting and gnawing of teeth among speculators in whisky stocks in this city. The slump in prices cost the city over a million dollars and the bulk of the loss falls on one man. The slide in stocks was caused by a report that the National House of Representatives would make trouble for the whisky trust.

Simplifying the Situation.
ATLANTA, Ga., Jan. 16.—An understanding has been reached between Bailey Waggoner and A. A. Harris, whereby Waggoner will retire from the canvass for the United States Senatorship in the interest of Col. Harris.

THE ROAD CONGRESS.

The Program For Discussion Announced.

RALEIGH, Jan. 16.—The Committee of Arrangements of the Raleigh Chamber of Commerce will recommend to the Road Congress, January 19, the following programme for discussion:

1. The benefit of good and permanent highways and the values saved by their use.

2. Is there any need at this time for the improvement of our public roads? The special reasons therefor.

3. The kind of roadways needed in various parts of North Carolina, and the best manner of keeping them in repair.

4. Ways and means for building good permanent public roads and maintaining them.

The committee hopes that delegates and others who have given these matters particular thought will come prepared to submit papers before Congress under either of these heads. It is expected that the proceedings of the Congress will be published, including all papers of value.

SUFFERING FROM COLD

PERSONS FROZEN TO DEATH IN TENNESSEE.

All the Rivers Blockaded With Ice—Snow to Inches Deep—Business Suspended—The Poor Being Helped.

MEMPHIS, Tenn., Jan. 16.—Never in the history of the Central South has there been so much suffering from cold weather as at present. All the rivers are blocked with ice and snow, rendering passage over them impossible. Many trains are late, some abandoned by their suffering crews. Most intense suffering is prevalent among the mountaineers. The snow is from ten inches to three feet deep in eastern Tennessee and western North Carolina and eastern Kentucky, and all kinds of labor are suspended.

KNOXVILLE, Tenn., Jan. 16.—Not for thirty years has there been such severe weather as now prevails in this section. The thermometer is far below zero, and frozen to more people are reported to have died. Business of all kinds is suspended, and the united efforts of city officials and church members are being utilized to aid the poor. All trains are late and it is difficult to run them on anything near schedule time.

MR. CLEVELAND'S CABINET.

Neither Illinois Nor Wisconsin Likely to be Represented in It.

WASHINGTON, Jan. 13.—Unless Mr. Cleveland changes his mind during the next few weeks the chances are that Illinois nor Wisconsin will have a representative in the Cabinet. A Senator who has been recently in consultation with Mr. Cleveland reports to his anxious colleagues here that both of the Western States which threw their electoral votes to the Democratic column are likely to be left in the cold as far as representation in the Cabinet is concerned. The only man who has been seriously pressed upon by the President-elect from Illinois is Col. Morrison, and Wisconsin's one candidate is Mr. Wall. As things now stand Mr. Cleveland doesn't want either of them in his Cabinet.

As for Illinois, Mr. Cleveland believes that State already has sufficient honor under the government. He is represented as saying that Illinois has the Vice-Presidency, the Chief Justiceship, and at the present time the Chairmanship of the Committee on Ways and Means in the House, and that this was enough for any State. Possibly this is a mere excuse for leaving Illinois off his Cabinet slate. His objections to Wall and Morrison are not entirely personal. Geographical considerations have much weight, and just now the chief trouble which Mr. Cleveland is struggling with is to fit the geography of the country to the men he has under consideration for the various places.

Although it is only seven weeks to inauguration day, he has not made much progress with his Cabinet. Carlisle and Lamont are the only certainties. Don Dickinson has once declined to be Secretary of State, and Mr. Cleveland is after him again. The friends of the Michigan statesman think he will succumb in time and take the place. While this remains unsettled Mr. Cleveland naturally has some geographical embarrassments as to Illinois and Wisconsin. To add to the complication, it is believed that the post now held by Jerry Rusk has been offered to ex-Gov. Gray, of Indiana, and if Dickinson should accept and Gray decide to become Secretary of Agriculture, that would make three Cabinet officers in a row—Kentucky, Indiana, and Michigan—and render it well nigh impossible to take two more from the adjoining States of Illinois and Wisconsin.

Mr. Cleveland can make no further progress with his Cabinet till he has upon a Secretary of State. There is little prospect that that Don Dickinson will be the man, and that Wisconsin and Illinois will be left out in the cold.—N. Y. Sun.

Just a Republican Hope.

WASHINGTON, Jan. 16.—In the Senate today Morrill (Rep. Vermont) addressed the Senate in an argument against the McGarran bill. Alluding to John Randolph Tucker as having made an adverse report on the claim, he expressed the hope that the rumor that Tucker would be Cleveland's attorney would prove to be true.

To Allow Railway Pooling.

WASHINGTON, D. C., Jan. 16.—The House Commerce committee today adopted the report of the sub-committee on a bill prepared by it to allow pooling by railroad companies when sanctioned by the Interstate Commerce commission. The measure will probably be called up in the House, and its passage urged some day this week.

Mr. Blaine no Better.

WASHINGTON, Jan. 16.—There is no apparent change in Mr. Blaine's condition today.

CONDENSED TELEGRAMS.

It is believed that Mr. Croker has pledged the support of Tammany to the Cleveland administration and will keep his word in good faith.

The mercury was five below zero at Washington Saturday at daybreak. At St. Paul it was twelve below and in some places in the Northwest as much as thirty below.

The suffering of the poor in Cincinnati has become frightful. Small buyers of coal are charged at the rate of seven and eight dollars a ton. Cases are reported where men, driven by hunger, have held up bakery wagons and plundered them.

The deadlock in the Nebraska Legislature was broken Saturday and the two houses met in joint session and canvassed votes. Gov. James E. Boyd's (Democrat) farewell message was read and Governor Lorenzo Crouse (Republican) was duly installed.

A report is current in London that Prince George of Wales contemplates a trip to the United States in the Spring. His intention is to participate in the naval review in New York harbor with a large squadron of warships, after which he will go to Chicago.

Governor William McKinley, in an address before the Ohio State Woolgrowers' association at Columbus, said that in his opinion "the great policy of protection is the true policy, and I believe that it is just as dear to the American people as it ever was before, and that it will, in time, continue to be."
