Noble List of Givers-Nearly \$1200 Collected-Now Asheville Comes Forward and Shows Her Best Side in a Way to Make Life Seem Entirely Worth Living.

There was a noble response to the call made in THE CITIZEN yesterday for a public meeting of the citizens of Asheville to take steps to ascertain and relieve any cases of suffering in the city. The meeting was held in the court

ouse and was organized by calling Hon. H. A. Gudger to the chair and the election of J. P. Kerr secretary. Short talks were made by G. S. Powell, U. P. Walker, G. W. Pack, E. L. Brown,

Rev. E. L. Stamey, C. E. Graham and others, showing the need for immediate action in order to relieve known suffer-ing in various portions of the city. Committees. A motion by Geo. S. Powell, as amended by C. E. Graham, was passed, providing for the appointment of a com-

mittee of six gentlemen to solicit sub-scriptions for a fund to be known as the Emergency Fund. Also a committee of twelve gentlemen whose duty it will be to aid the Flower Mission in ascertaining the names of persons in need, and in the distribution of aid. All of the money raised is to be dis-

tributed through the Associated Charity, or Flower Mission, and should any of the fund be left over, it is to be returned pro rata to the subscribers.

The soliciting committee named by Chairman Gudger was: I. H. Merrimon, G. S. Powell, C. E. Graham, S. R. Kepler, F. A. Sondley, J. E. Dickerson.

The distributing committee named was: J. D. Brevard, R. P. Walker, James M. Alexander, A. D. Cooper, Rev. H. S. McDuffey, Dr. R. H. Bryant, J. P. Kerr, H. B. Carter, P. P. Claxton, W. L. Walker, H. S. Harkins, J. B. Bostic.

hey must do secret work, and to adver tise themselves by a placing a pistol, you might say, in their bands would cause the guilty to flee, and perhaps leave their pursurer a corpse. "You take Asheville, for instance, where we have a floating population an nually of 10,000, people from every country under the sun. As a matter of ourse many of them are criminal or bad people; and you put a policeman in uni-form after them, and how many would

get away "I do not believe the legislators will pass such a bill as is proposed. Every officer of the State ought to write their nembers their views on the matter-and, I dare say, there will not be a single one who would indorse it. Everybody can carry a pistol now, if he does not conceal it, provided he can rebut the presumption that he carries it concealed, and any bad man can do it.

"Oh, well, so far as the Pinion detec-tive officers are concerned, they are only an auxiliary to the State officers. While we are not peace officers, we help them and they help us. If this law passes, crime in North Carolina will be as common as it is in the mountains of Ken-tucky."

NOT OUT OF LUMP COAL Mr. Collins Makes a Statement About the Matter.

Geo. R. Collins, of the Asheville Ice and Coal company, requests THE CITIZEN to say that his company's supply of lump coal is not exhausted, as indicated by an article in THE CITIZEN yesterday. He says the quantity of lump on hand is not great, and, where the consumers would consent, they have been furnished domestic nut coal, this being done to the end that the supply of lump might last until the railroads brought a fresh sup-

ply from the mines. The statement was made yesterday after a talk with Mr. West, at the uptown office of the company, who was understood by THE CITIZEN to say that there was no lump coal on hand, but plenty of the domestic nut, and the fact was printed just as understood.

Teachers' Meeting Postponed. Superintendent C. B. Way requests THE CITIZEN to announce that the Buncombe County Teachers' association advertised to meet Saturday, January 21, is postponed until Saturday, Febru-

Electric Execution Would Have

Prevented This Sight. GLASGOW, Jan. 18 .- A horrible scene occurred today at the execution of Wm McEwan for the murder of a woman at West Pollokshiel. McEwan, after com mitting the crime, attempted to commit suicide by cutting his throat, but the doctors succeeded in saving him for the gallows, although his neck was left in very weak condition.

The condemned man was given a drop of seven feet. He walked, without apparent fear, to the gallows and the rope was adjusted. When the bolt was drawn and the man fell his head was nearly tort off. The blood gushed out over his body and the gallows. Death was instants
