ANOTHERIMONARCHY GONE

THE HAWAIIAN GOVERN MENT OVERTHROWN.

The gacen Allempted to Get More Powe and Lost All She Had— Prov onal Government Estab-shed-Want to be Aunexed To the Vo ted States.

San Francisco, Jan. 28-The Hawaiian steamer Claudine arrived at this port at 2 o'clock this morning with news of a revolution at Hawaii.

The revolutionists succeeded in overthrowing the government.

United States troops have been

A provisional government has been established, and a commission, headed by Mr. Thurston come on the Claudine enroute to Washington, with a petition to the United States government to annex

the Inwian islands to the United States. The first intimation of the trouble came January 15, when the Queen tried to get the cabinet to sign a new constitution that disfranchised all foreigners and put the whole Government in the hands of native politicians. The ministers refused, and, when threatened by the Queen, fled for their lives.

They returned later and induced the Queen to postpone the coup. Then there w a public meeting in frost of the pal-ace. The Queen announced the failure of her plans, and a native orator demanded R. H. Bryant and Alfred Wilson and

the lives of the ministers. Early in the er ening citizens met and formed a committee of public safety. January 16, a mara meeting was held in the armory. us to furnish them better At about 5 o'cleck,p. m. the United States steamship Boston landed 300 men fully armed. They marched to the Groceries by always giving office of the consul general of the United States and preserved order there for the be-oft of any Americans who might need a refuge.

Later the Queen was forsaken by her s mer s pporters and a provincial gov-

POSTON, Jan. 28 .- A despatch received by Charles Brewer and Company of this promptly returning any ar- city gives additional information that the revolution in Hawaii occurred Jan uary 14. It was caused by the attempt ticle that does not give en- of the Queen to abrogate the constitution and promulgate a new one.

The people there dethroned the Queen tire satisfaction. Respect- and placed S. B. Dale at the head of the provincial government. President Dale, a despatch states, has been recognized by all the powers except England.

Washington, Jan. 28 .- Matt Smith, Hawaiian minister, has received an official dispatch confirming the report that the Hawaiian government has been overthrown and that commissioners from the new government are on their way to Washington from San Francisco to ask that Hawaiian be annexed to the United States.

Smith is now (noon) at the partment, waiting to advise the Secre-tary of State of the information he has received. The State and Navy departments have been officially informed of the

Secretary of State Foster's advices state that the Hawaiian Cabinet revolted on January 12th. Another was ap-pointed on the 14th, on which date the Queen prorogued the Legislature and attempted to proclaim a new constitu-tion, disfranchising foreigners and in-creasing the royal prerogatives.

January 16th the citizens organized a

committee of safety. On the 17th the provisional government was established and the Queen dethroned. The revolution was accomplished with-

out the loss of a single life.
United States troops landed in accordance with the request of the American minister to preserve the property of Americans. The new government was promptly recognized by most of the dip-lomatic representatives. The four men who constitute the head of the provisional government are of the highest character, one baving resigned his place on the Supreme court to assume the position. Latest advices report the Islands in a state of tranquility. 4

BANK ROBBERS CAUGHT.

They "Cover" the Cashler, But an WAVERLY, Kans., Jan. 28 .- Yesterday

afternoon two masked men entered the front door of the Waverly bank, and, covering Cashier Duvall and Assistant Cashier Converse with a revolver, coolly proceeded to rob the vault and cash drawer. While thus engaged Mr. O'Neil, a merchant, entered the bank to make a deposit. At the risk of his life Duvall called to him to run and alarm the citi-

O'Neil ran across the street and gave an alarm. The robbers ran for horses, which were in the alley behind the bank, closely pursued by a number of citizens. The foremost in pursuit was A. S. Ingle-man. As the first robber leaped into the saddle he turned and fired at Ingleman, sending a ball through his heart and killing him instantly.

A fusilade of shots followed, but the robbers got away. About two miles

from town they were surrounded and surrendered after their horses were killed and their ammunition exhausted.

Denies the Bacillus Theory.

Burlin, Jan. 28 .- Prof. Pettenkefer, of Munich, thinks the outbreak of cholera at Nietleben illustrates his theory that cholera is bred by local conditions of soil and water rather than by an imported bacillus. Le says there was a similar outbreak in Laulen prison in 1878, and eighty-three inmates died in three weeks. Nobody was able to discover how the disease got into the prison, but the town remained free from the epidemic.

Oldest College Student Vot. ATHENS, Ga., Jan. 25 .- Mr. G. M.

ALDERMEN AND ADVISORS.

Meeting of the Two Boards This Morning.

If either Alderman Baird, Waddell or Gudger had gone to the council chamber yesterday afternoon there would have been a meeting of the two Boards. But they did not appear, and the other members present adjourned to 10 o'clock today, at which time Mayor Blanton, Advisors Cummings and Miller, and Aldermen Starnes, Waddell, Leonard, McDowell and Baird were present.

Mr. Miller, for the Joint Board committee, made a report recommending the putting in of a line of pipe between the main running down the mountain and the old reservoir, to avoid the leakage from the reservoir. The report says that the leakage amounts to about 150,000 gallons a day. On motion of Mr. Starnes the report of the committee was adopted and the city engineer was instructed to advertise for bids for the construction of

the line, to be opened next Friday. The line will be about 500 feet long. Superintendent Ingle was instructed to have a line of pipe put down on South Water street running to the livery stable in rear of Fulenwider & Co.'s store. The Joint Board then adjourned ar the Aldermen held a short session.

O. K. Johnson asked permission to repair the small building used as a fruit stand on the south side of Patton avenue, but the request was not granted.

Wm. Weaver was given a warrant re-ceivable for taxes for his bill against the city for the making of a number of bar rels now being used by the sanitary de Mr. Starnes, for the committee on damages caused by the bursting of the

asked for damages, and the matter was referred to the committee.

Bills ordered paid were as follows Water department, \$27.35; sanitary de partment, \$23.82; Asheville Ice and Concompany, \$4 50. Mr. Starnes moved to go into the elec tion of a policeman to succeedd W. B. Wild, but after a little discussion the

matter was postponed. UP FROM RALEIGH

Representative Walter E. Moor Talks About Legislation

Hon, Walter E. Moore, member of the ower house of the State Legislature from Jackson county, arrived in Asheville last night, having been summoned to appear as a witness for the defence in the case of the State against A. G. Glover, which began in the Crininal court this morning.

In a talk with THE CITIZEN this more ing, Mr. Moore said there were two additional contested election cases yet to be determined, one in the Senate and one in the House. The one in the House will beard before the committee on Thursav next.

As to the question of changing the present rate of interest, Mr. Moore thinks no change will be made, the House having already tabled a bill processing to get restrict to six per cent. osing to reduce interest to six per cent. Mr. Moore thinks there will undoubtedly be some legislation concerning the estead law, in the way of a reduction of the homestead or allowing a waiver by note, as in the State of Virginia.
As to the road question, Mr. Moore

State law, for the reason that alaw suit able to the eastern, or flat section, would not suit the western or middle sections, and vice versa

Mr. Moore thinks the question of dis-tributing the convicts throughout the State to work on the public roads a dif-ficult one to handle, in view of the additional cost of transportation and the building of stockades, together with the extra guard service. These difficulties present themselves when considered in onnection with the scarcity of money among the people throughout the State. The statute giving magistrates jurisdiction in cases of concealed weapons, has been repealed by placing it back into

The statute allowing members of the Pinion detective agency to carry concealed weapons, has also been repealed. Mr. Moore says the present Legislature is universally considered a conservative body of men, and that no rashor radical legislation need be apprehended.

the Superior and Criminal courts of the

MRS. MAYBRICK'S CASE.

Her Mother Abandons Hope of Securing Her Release

LONDON, Jan. 25 .- The latest action of the authorities indicates that there is very little prospect for the release of Mrs. Maybrick. The Baroness de Rouque, mother of Mrs. Maybrick, succeeded in obtaining the consent of the well-known physician, Sir Thomas Spencer Wells, to visit her daughter and examine her condition. Application was made to Home Secretary Asquith to permit the visit. The Home Secretary refused to grant the application on the ground that the medical treatment given by the prison doctors was sufficient for Mrs. Maybrick as for other prisoners.

The decision of the Home Secretary apparently convinced the Baroness that for the present, at least, nothing further could be done, and she has gone back to France-N. Y. Sun.

Disinterred to Change Shirts.

MILLERSBURG, O., Jan. 24.-In preparing the corpse of Edward Woods for the casket his son's shirt was put on him by mistake. Mrs. Woods did not learn of this until several days afterwards. She at once concluded that unless the shirt was restored to its owner the son would tollow his father to the grave. Mrs. Woods had the corpse disinterred, the change in shirts was made and the body was then buried a second time .- N. Y

Blown to Atoms. BESSEMER, Ala., Jan. 28.-The Sterling

dynamite plant situated at McAdairy, two miles from Bessemer, exploded with terrific force yesterday. Trees were torn up by the roots and great holes made in the ground. Two of the employes, Jim Parsons and Geo. Williams, were instantly killed and only small pieces of skin and bones can be found to tell of their fate.

TO BE BURIED MONDAY

THE FUNERAL OF J.G. BLAINS WILL BE PRIVATE.

The Doctors at Last Give Out the Cause of His Death and the Ex act Nature of His Hiness-The North Carolina House Adjourns Out of Respect.

WASHINGTON, Jan. 28 .- All the ar angements for the Blaine funeral Monday are nearly completed. The pallbearers will be personal friends of the dead statesman. Admission to the Church of the Covenant where the services will be held, will be

been assigned to the family and imme-diate personal friends, to the President and cabinet and to the diplomatic corps, who will attend unofficially, there will be very little room left.

by card, and after the alloted seats have

Telegrams of condolence from every part of the United States and from for ign countries pour in hourly.

Following is the official statement of
the attending physicians as to the cause

of the death: "The beginning of Mr. Blaine's illness dates back some years. The earliest signs of ill health were associated with, and no doubt due to the gouty tendency which manifested itself in sub-acute attacks of gout, disturbances of digestion and progressive innutrition and ance-

"Subsequent events prove that at this time changes were going on in the arter-ies of the body, which resulted later in symptoms of obliteration of the vessels and in a chronic disease of the kidneys The attack of paralysis in 1887 was con nected with similar alterations in the blood vessels of the brain. During the summer of 1892, evidences of a failure of health were more decided, and in Noember, after his return to Washington his symptom suddenly assumed an aggravated form. From this time, al-though there were times of apparent improvement, he continued to grow wors rom week to week. The symptoms wer at first more directly connected with the kidneys, and an examination showed that he had a form of chronic Bright's dis-

"In December signs of lung complica-tion appeared, which were no doubt connected with the general disease, but as tubercle bacilli were found in the sputa it is probable that there was some tubercular infection as well. Much of the distress which Mr. Blaine suffered was associated with this disease of the lungs, and his death was certainly has

tened by it.
"Toward the end of December the heart began to show signs of unusual weakness from cardiac degeneration and dilation and on December 18th be had an alarming attack of heart ex-haustion. From this he rallied, but others of the same nature recurred or several occasions.
"From the middle of January these at

tacks ceased and the action of the heart was more uniformly good. There was, however, a daily loss of fiesh and strength. For three days before Mr. Blaine's death there was no marked change in his condition; each day he seemed somewhat more feeble than on the day before, and on the night before his death he did not seem to be in any immediate danger. Toward the morning of the 27th inst., his pulse was observed to be very feeble and his breathing was em-barrassed. As a result of the failing of the heart cedema of the lungs occurred. He died without much suffering at 11 o'elock.

"During the whole of Mr. Blaine's illness digestion was well performed, and the liquid food (chiefly milk,) was taken in full quantities. His mind was ger erally clear, except when clouded by urcemia and disturbed brain circulation Although unable to express himself in words, he recognized all the members of his family up to within a few moments of his death."

Dispatches received here announce that the Legislatures of all the Northern States now in session adjourned upon the announcement of Mr. Blaine's death as did also the North Carolina Legis ature.

IN FAVOR OF AN INQUIRY.

rue Rules Committee Will Prob ably Order One This Week

WASHINGTON, D. C., Jan. 26 .- The reso-

lution calling for investigations of the American end of the Panama scandal hangs fire in the Rules Committee of the House. An informal meeting of the Democratic members of the committee was held in Speaker Crisp's room this afternoon, but no agreement was reached. Considerable attention was given to Col. Fellow's resolution, and the information pre-

sented was carefully gone over. Speaker Crisp and his Democratic collengues realize that the impression is abroad that a big part of this money was spent to throttle legislation which would have defeated the enterprise, and bave defeated the enterprise, and if they are convinced that an inquiry would not be futile they will undoubtedly favor one. The committee has been placed in possession of a great deal of information on the subject and it is probable that a favorable report will be made before the close of the week.—N. Y. World.

Westwarm Lan. 28.—The House

Washington, Jan. 28.—The House today adopted resolutions for an investigation of the whiskey trust by the udiciary committee; also a resolution for investigation of the Panama scandal by a select committee of five members, which is also charged with an inquiry into the contract between the Pacific Mail steamship company and the trans-

continental railroad companies.

The construction of a bridge across the St. Mary's river between the States of Florida and Georgia by the Florida Central railway, is authorized by a bill in troduced in the Senate today.

May Attend Blaine's Funeral.

Lagewoon, N. J., Jan. 28 .- Mr. Cleveland left here for New York early this morning. He will not return until late tonight, as he has considerable business to dispose of. He will meet several wes-tern politicians who wired him late last night they would be in New York today. The political conference of leaders here Monday may be postponed should Cleve land attend Blaine's funeral.

Linoleum Works Burned.

LONDON, Jan. 28,—The linoleum works at North Allerton, in West Riding, York-shire, were destroyed by fire today. Loss w. Lewis, Jan. 28.—Fire today destroyed Cellars' new central market. Loss 3500,000.

WHEREAS 'tis known beyond a questi that head sche, bile and indigestion have formed a pact of treason to haunt the gay and f stive board throughout this gladsome scason; now, "therefore, be it understood that all such direfull ills can be defied and curved 'or good by using Buncombe Pillsio pills for 15 cents. Grant's,
