THE NEW YORK STARS.

Concert at the Grand Opera House Last Evening.

The New York Stars gave a concert to one of the most fashionable audiences of the season at the Grand opera house last evening. The company is well named, for each member is a star in his or her line of work, and the audience gave every evidence of its appreciation.

Miss Drescher, the violinist, was on the program for two numbers, but each time she was compelled to respond to a recall. As an encore she rendered "Swanee River" which was, if possible, more enthusiastically received than either of the other renditions. Miss Drescher's execution was brilliant and masterful. Every tone of the instrument was perfect. In her hands the violin was a thing of life, and the bow magician's wand. Her playing was a marvel of sweetness of expression, and has rarely, if ever, been exceeded by an artist in Asheville.

No less enjoyable was the concert playing of W. Scott Heywood. He accompanied and delighted the crowd with several popular selections.

Dewey Haywood, with the flute, rendered several selections in a manner that gave evidence of his great ability—the flute in his hands did almost everything but talk. Of course he was recalled several times. When he and Scott Heywood played "Dixie" the audience fairly shook the house with their applauding.

The impersonations by S. Homer Eaton were very pleasing. As "Josiah Allen's Wife" and "Widder Green" he made the audience laugh until it almost cried.

The accompaniments during the evening were played by Chas. H. Mills, the pianist of the company.

The concert was a delightful one, and one that was fully appreciated by all who attended. The organization is one of the very best Asheville has ever seen and listened to. Everyone went away more than pleased with the entertainment.

To Prof. T. J. P. Peacock of Asheville belongs the credit of bringing the Stars to this city and Asheville's surely appreciates his efforts.

The Stars have agreed with Prof. Peacock to fill a return engagement here in April or May, if the music lovers of Asheville desire it. If they come back, a full house seems almost assured. On their return they will be accompanied by Miss Ida Klein, who is considered the best singer on the American concert stage today.

Mr. Eaton announced last evening that on April 3rd Asheville would have an opportunity of hearing Miss Neally Stevens, who he said, was "the most noted lady pianist of the day," in a subscription concert, under Prof. Peacock's management.

FIGURES ON THE PAVING

APPROXIMATE COST OF THE NEW WORK.

After the Paving Recommended by the Committee is Done There Will be About \$50,000 Left. Mr. Starnes Says.

For the benefit of those who could not understand why College street, between North Main and Oak, was omitted from the report of the Joint Board committee, published in THE CITIZEN yesterday, it may be stated that that portion of the street has virtually been contracted for, to be paved with brick. When the contracts for North Main, South Main and Patton avenue were given to Webb, Oates, Eakridge & Co. the paving between these streets was included. Later, Col. Martin, who was then in charge of the Asheville street railway, expressed a desire to let the contract for paving between the rails, and this was given to the same firm. The contractors with the promise that they would be given an equal amount of work on College street. This, it is thought, will run the brick paving to Oak street.

Alderman Starnes and Advisor Barden will submit a minority report to the Joint Board tomorrow, recommending that Chestnut street be macadamized, instead of paved with brick as suggested in the report published yesterday. Mr. Starnes says he thinks he shall also recommend that macadam be used on Central avenue instead of the rubble paving. He says, further, that when the macadamizing reaches Starnes avenue, the property owners there will petition the city engineers' office. The approximate cost of the work recommended will be:

Haywood street.....	\$ 28,800
Montford avenue.....	13,900
Total cost of rubble work (Central Avenue excluded).....	42,700
Cost of macadam (Chestnut street and Central Avenue included).....	36,550
Church street.....	2,000
Grading.....	5,000
Total.....	\$109,150

To clear up the work now contracted for will cost:

Patton avenue.....	\$ 6,000
College (North Main to Oak).....	13,000
Dept and Boston.....	11,000
Grading.....	5,000
Total.....	\$35,000

The cash now on hand to the credit of the improvement fund is \$83,278.88. The deduction of the amount of existing contracts from this leaves a balance of \$37,788.88. If the bonds now to be disposed of at 90 cents this would give \$180,000, which, added to the balance above, foots up \$217,778.88. Subtract from this the approximate cost of new work and there remains a balance of \$48,678.88.

Mr. Starnes favors the changing of the character of material on Haywood street and Montford avenue from brick to rubble, which would make the cost \$9,372 less than estimated above. This amount added to the balance would make the amount left after the completion of the new work \$580,058.88. From this amount, Mr. Starnes says, if the Legislature so declares, may be taken the \$30,000 desired for the extension of the water and sewer system.

NO SILVER REPEAL NOW

DEMOCRATIC HOUSE KILLS THE BILL.

It Was Introduced for the Repeal of the Sherman Act, According to the Democratic Platform—The River and Harbor Bill Already Too Large.

WASHINGTON, Feb. 9.—Immediately after the reading and approval of the House journal Mr. Catchings called up the resolution of the Committee on Rules setting apart this legislative day and, if necessary, the next legislative day for consideration of the bill repealing the Sherman silver act. But the House re-committed the entire silver special order to the Rules Committee which kills the silver repeal for this time.

In the Senate Mr. Frye, in reporting back adversely certain amendments referred to the Committee on Commerce proposing river and harbor appropriations, said the sundry civil appropriation bill already contains river and harbor appropriations to the amount of about \$10,000,000 under the continuing contract clause, and that the Committee on Commerce would not recommend any further river and harbor appropriations.

THINGS THEY'RE JOKING.

'Citizen' Criticizes the Joint Committee's Report.

EDITOR THE CITIZEN:—That wonderful report of the committee appointed to recommend what streets shall be paved is before the public for criticism. It is certainly a most remarkable document. For instance, allow me to call attention to some streets that have been conspicuously omitted:

First, Merrimon avenue, from Broad street northwards; second, Pine street; third, East street, along which a railroad is in operation; fourth, South Broadway, beyond Phillips street; fifth, Phillips street.

Now the worst part of Merrimon avenue for mud is that part between Broad and Hillside streets. No argument is necessary beyond a statement of this fact. Pine street is an important one for driving, pays a pretty large tax, and yet not even macadam is proposed. East street is narrow, is split in two by a railroad, and has a large travel over it. South French Broad and Phillips have been simply butchered by the West Asheville and Sulphur Springs railway, and yet it is seriously proposed to pave them. Broad street, Grove street is one of the best in the city, pays a huge tax, is closely built up, and has never had any improvement except a little board walk. It should be paved in the best manner which is possible.

But the most remarkable thing about the reports, that sober city officers appointed as a committee to decide on such important matters, should indulge in such jokes, without explaining that they meant it as a joke. When I first read it, I took it in earnest, but soon saw the humor of the thing, for I knew that nobody could seriously propose to pave them. The joke was that the streets from South Main street down the hill, takes a "running go" and jumps the branch, and then brings up with a bump into the side of the mountain, along side of three or four streets belonging to Advisor Hunt. To grade and widen that lane, and build the bridge or culvert required, would cost nearly as much as the rubble pavement.

The other joke was to pave Bridge street, restricted "Central avenue," with rock, and then come to the square through town, over macadam and mud, along Spruce street, where property is worth twice as much as ever. Bridge street will be, or over, Woodfin, in the same category with Spruce.

I don't think the committee ought to joke this way, without explaining themselves.

By the way, doesn't it look a little queer to you, for an outgoing board to predetermine on such a large scale what their successors shall do? Are some of them afraid that the streets they live on won't get proper attention unless they decide the matter now?

Some may think this board can not bind their successors in such a way, but you just wait! See if the next move won't be to let all these streets to contract, and then watch the favored ones holding contracts bob up and threaten future boards with "the law," if they attempt to interfere with their dear rights.

Hotel Fire Victims.

CINCINNATI, Feb. 9.—Hieder's hotel, 265 West Fifth street, was completely gutted by fire this morning. Four persons were burned to death: Fred Deitch, Albert Gran, Joe Mann, and a waiter named Gottlieb Grau. The latter was wakening the inmates of the hotel, but was unable to escape himself and burned to death.

Doubtful.

CHICAGO, Feb. 9.—The Herald prints a New York dispatch stating that Judge Walter Q. Gresham has been tendered the Secretaryship of State by Mr. Cleveland and has accepted. The dispatch states also that Cleveland will make the fact public in a day or two.

A LITTLE PROTECTORATE

MINISTER STEVENS ESCAPES LIBERALS ONE OVER HAWAII.

He Did Not Wait For Authority From This Government, But Hoisted the Stars and Stripes February 1.

SAN FRANCISCO, Feb. 9.—The most important news brought by the steamship Australia, which arrived from Honolulu last night, is that the United States Minister Stevens has established a protectorate over the Islands. The act was formally acknowledged at 9 o'clock on the morning of the 1st instant, when the stars and stripes were raised over Aliisani hall and Minister Stevens issued the following proclamation:

"To the Hawaiian People: As the request of the provisional government of the Hawaiian Islands I hereby, in the name of the United States of America, assume protection of the Hawaiian Islands for the protection of life and property and the occupation of public buildings on Hawaiian soil as far as may be necessary for the purpose specified, but not interfering with the administration of public affairs by the provisional government. This action is taken pending, and subject to, negotiations at Washington."

This was signed: John L. Stevens, Envoy Extraordinary Minister Plenipotentiary of the United States to Hawaii. Approved and executed by C. C. Wilts, captain United States navy, commanding U. S. steamship Boston.

The Advertiser says regarding Stevens' proclamation, that the act was principally due to incessant agitation on the part of certain whites who have always been the curse of the country, coupled with English and native newspapers' efforts to discredit and block the new government. These agencies spread through the town a feeling of uneasiness and distrust. The Provisional government concluded that some positive step was necessary and it would be the wisest to call on the United States for direct assistance. The Advertiser, continuing says: "At 8:30 a. m. on the 1st, the Boston's battalion landed under Lieut. Commander Swinburn and went up to the government building, where detachments from volunteer companies of the provisional government were also drawn up. Lieut. Rush, read Minister Stevens' proclamation and on the roof of nine the star spangled banner fluttered up the staff on the tower. The flag was saluted by the troops and marines and the heavier guns of the Boston, and Hawaii was under Uncle Sam's wing for the time being at least.

Among the passengers on the Australia from Honolulu were Paul Newman, the deposed Queen's attorney, and Prince Kawannakow on the way to Washington to present the Queen's case.

HONOLULU, Feb. 1.—Shortly after the sailing of the last steamer the provisional government received certificates of recognition as the de facto government from Japan, France, Great Britain, Chili, Denmark, Germany, Austro-Hungary, Spain, Portugal, Peru and the Netherlands.

MARRIAGE IN HIGH LIFE.

B. FRANK MOREHEAD and Miss L. C. Morehead Wedded.

DANVILLE, Va., Feb. 9.—[Special.]—A very brilliant wedding occurred yesterday in Leaksville, N. C. The contracting parties were Mr. B. Frank Morehead, a distinguished young North Carolinian, now residing in New York, and Miss Lilly Connolly Morehead, one of the most popular and accomplished ladies in the South.

The marriage occurred in the First Baptist church at high noon, and the ceremony was performed in a most impressive manner by Rev. Dr. Henry M. Wharton of Baltimore and Rev. E. A. Potent, of New Haven, Conn. The decorations of the church were very elaborate. Innumerable candles shed a soft light on the great crowd which thronged the edifice, while the sweet notes of the organ added interest and impressiveness to the scene.

The attendants were: Misses Eugenie Gray, Blanche Williamson, Bleecker Springs, of North Carolina; Carrie Cochran, Washington; Janie Guerrant, Danville; Susie Heck, Raleigh; Mrs. M. B. Many hundreds of loving hearts wish the happy couple the best blessings of heaven and will always think with pleasure of the blissful day.

WOULD DO SO AGAIN.

Paris, Tex., Not Ashamed of Torturing a Ravisher to Death.

PARIS, Feb. 9.—The special message of Governor Hogg to the Legislature on lynching was not known here until the arrival of the morning papers. There were, at first, expressions of indignation that the governor should continue to agitate a matter which he confesses is without remedy, but this gave way to pity for the absurdities, as the people called them, into which he had plunged. The execution of Smith was said to be simply a decree of the higher law of the South. No error was made, they say, and there was no doubt of the crime or of the criminal, and the same crime would be punished with the same fate, but there will be no such act here for many a day, as the arm of the people has been felt.

G. M. Carter, Chester, S. C., writes: "A negro boy here had a bad case of scrofula. The doctor said it would kill him. I got him to use Botanic Blood Balm. He took a dozen bottles and is now well. He has not used any of it for four months and continues well."
