TO PAVE CHURCH STREET

THE JOINT BOARD MAY DO

THIS SOON.

A Right Lively Little Session--Mr.

Cummings Says "Sneak" and

Various Matters of Common Inter-

est Are Talked About.

Had Alderman Guder attended the

meeting of the Joint Board yesterday

afternoon there would have been a full

board present. Mayor Blanton pre-

sided.

The committee on Orange street wid-

ening, damages to the Melke property

and selection of a reservoir site, were

unprepared to report and were given

another week.

Alderman Starnes, who was one of the

committee on damages to property of B.

J. Alexander on Bailey street, recom-

mended that the bank of the lot be

sloped and the fence set back. Alderman

Barid, also a member of the committee,

said he concurred in Mr. Starnes' report

if Mr. Alexander would accept the con-

ditions. The report was adopted.

Says The Company Sneaks.

Advisor Miller, of the committee to see

Receiver Maddux about the Asheville

Street railway's appropriation of the

city's material for paving between its

rails on Patton avenue, said the com-

mittee was unable to report, and was

given another week. Mr. Miller said he

rather thought the company would take

the position that it found the material

in the street and had put it back between

the rails in as good shape as it had

formerly been.

Advisor Cummings: "Yes, if the com-

pany can sneak out of anything it will

do it. This street railway company

never gave money to anybody when it

could help it."

Advisor Miller and Alderman McDow-

ell reported on the bills sent in by W. G.

Corpening & Son for extra work while

grading the streets. They recommended

that the estimates of the city engineer be

approved, which was against Mr. Cor-

pening. They allowed him \$20.60, that

had been withheld by mistake. They

stated that the contractors' bills in-

cluded one for \$48 for moving sidewalks,

etc., on Depot street, which, the com-

mittee might have done for about

\$10. Mr. Corpening asked that action

on the report be deferred a week.

Special Order for Tuesday.

The paving committee's report was

made a special order for a special meet-

ing next Tuesday at 4 p. m. Advisor

Hunt requested that property owners on

streets proposed to be improved at the

meeting and take part on the discus-

sion.

Duff Merrick asked the Board to re-

open the matter of alleged damages to

the property of Mrs. Duilich, opposite the

Melke house. A committee reported

"no damage" last week and the report

was adopted. Mr. Merrick said he had

been instructed to bring suit against the

city if the matter could not be settled

otherwise. The claim for damage is

based upon the fact that the grade of

West 11th street has been lowered

several feet. There were some sharp

salaries between Mr. Merrick and Alderman

Starnes and Advisor Green, and then

Alderman Waddell moved that the ques-

tion be reopened, so that Mrs. Duilich's

representatives could be heard before the

committee. This was voted down--ayes,

Miller, Waddell, Bearden, McDowell,

Williams, nays, Starnes, Hunt, Cum-

mings, Green, Hunt, Leonard.

Got Satisfaction.

Dr. J. A. Watson asked that the grade

be established on Grove street, as he

wished to build a new house south of his

present one. The Board instructed Mr.

Lee to establish the grade.

The Board here branched off again on

the Asheville street railway. That com-

pany's obstruction of Patton avenue

was considered and on motion of Ad-

visor Cummings the company was or-

dered to move the rubbish as fast as the

paving is done. Advisor Williams said

that the superintendent of the railway

should be arrested for obstructing the

streets just the same as any other man

would be.

May Rip Up the Bricks

Webb, Oates, Eskridge & Co., the pav-

ing contractors, then presented a res-

olution which they wished the Board to

adopt, which said, in short, that the

Board approved the paving between the

rails of the car track on South Main

street. There seems to have been a dif-

ferent brick used, and the company had

refused to pay until the Board had ac-

cepted the work. Mr. Bostie, one of the

firm, said they had said the railway had

declared that if something was not soon

done he would put South Main in worse

condition than Patton avenue was. "I'll

tear every brick out of there," he said.

The Board agreed to adopt the resolu-

tion and then did so.
