CERTAIN OFFICIALS STILL FAVOR THAT.

Advisor Green Wants A. M. Smith to Have the Paying of West Haywood, but a Vote of 5 to 4 Kills the Motion.

Alderman Starnes was made presiding officer at yesterday afternoon's session of the Joint Board, and he proved to be an adept in the use of the gavel, the oceasion for using it being presented several times. The only missing members were Aldermen Waddell and Gudger.

On motion of Advisor Green the contract of Webb, Oates, Eskridge & Co., for the vitrified brick sidewalk paving on Patton avenue, was extended so as to include that portion of the street on the south side between Depot street and Woodcock's drug store.

To the city engineer was referred a request for the release of the bondsmen of E. H. Britt, contractor for retaining

walls, there being a question as to whether the year, required by the contract, had elapsed.

On motion of Advisor Miller the street committee was instructed to push the grading of Grove street, which had been suspended on account of objections from everal property owners.

In the Middle of the Street. The city engineer was instructed to notify Receiver Maddux, of the Asheville Street Railway company, to put the track on North Main street in proper condition, placing the track in the mid-dle of the street, the latter instruction being on motion of Advisor Cummings. The order made at a previous meeting. requiring relinquishment of claims for damages on the part of property owners on any street before paving can be done, was brought up by Advisor Williams, and upon his motion was repealed by a unanimous vote of the Board. Mr. Williams, liams then moved that the city engineer be instructed to advertise 30 days for bids, for the paving of Haywood street, from Patton avenue east to Patton avenue west, bids to be for rubble or brick. This was carried.

The same Old Trick. Advisor Green said he had had a talk with Contractor A. M. Smith who proposed to do the rubble paving between Park avenue and Woodcock's drug store, and accept such price as might be the lowest bid of other contractors for a similar class of work. Mr. Green moved he be allowed to do the work, and advertise for 10 days for bids, but there was no second. Advisor Miler said if this work was given to Smith the Board work was given to Smith, the Board might as well give the remainder of the

Advisor Hunt moved that bids be advertised for for 20 days and that Smith be allowed to do the work, but the motion was lost. C. E. Graham warmly advocated the giving of the work to Smith.

Advisor Miller moved that bids be advertised for for 20 days for the paving of West Haywood street from Park avenue West Haywood street from Park avenue to Woodcock's and West College street, with rubble. There was some discussion on this question, and W. R. Penniman, jr., asked the Board to open the work to bidding. Then C. E. Graham said he thought it in bad taste for Mr. Penniman to make this request, when he (Penniman) only a few months ago advocated the giving of the contract for Buxton street to Smith without bids. This assertion Mr. Penniman denied. During the discussion Advisor Green said "We don't want competition-we

work to the present contractors without advertising for bids.

want paving.' Didn't Get It. Acting Mayor Starnes put Mr. Miller's motion, and it carried, by this vote: Aye, Miller, Williams, Cummings, Baird and McDowell; nays, Green, Hunt, Bearden and Leonard. Mr. Green wanted Acting Mayor Starnes to use his vote as Alderman. That would have made a tie, and he would have to vote off the tie, which would have given him two votes. The presiding officer did not do this, how-

Advisor Bearden made a motion to advertise 20 days for bids for the macadamizing or rubble paving of Oak street, Woodin from Oak to Charlotte, and Charlotte to Chestnut. This was carried. The Board has not decided whether macadam or rubble will be used. Minor Matters.

On motion of Alderman Leonard Montford avenue from Haywood to West Chestnut, was included in the motion of Advisor Bearden. C. E. Graham urged upon the Board the need of doing a great deal of macad-

amizing.
The chairmen of the street committees were instructed to inspect the paving specifications drawn up by City Engineer

At the request of Frank O'Donnell the Flint street was ordered replaced.
City Engineer Lee submitted a statement of the cost of the 16-inch pipe line between the city and the water works, laid by M. H. Kelly. The total cost was \$42,541.90. Of this amount \$3 960.03 remains unpaid. An order was made to pay Mr. Kelly \$960.03, retaining \$3,000. the amount of Mr. Kelly's guarantee for

the work. The question of a water supply for the city rock crusher was referred to Advisor Miller, with power to act. ALDERMEN AT WORK.

Several Permits Granted and Pay

When the Board of Aldermen does decide to have the minutes of previous meetings ead it would do well to have a special day for that purpose alone, there being perhaps a half dozen meetings the pro-

ccedings of which have not been read off the clerk's books.

The following building permits were granted: Dr. J. A. Watson, eight-room house on Grove street; J. M. Plott, six-room house near Atkin street; B. Burnette comments of the building of the of th

noom house hear Atkin street; B. Burnette, corrugated iron building on College street near North Main.

A stack of bills were referred to Chairman Baird, of the finance committee, who is to select those that can be settled by giving warrants receivable for taxes, and report them to the Board Friday next, when they will be disposed of. The following were ordered taken care of in following were ordered taken care of in this way: E. B. Davis & Son. \$15; ?. P. Mimnaugh, \$61. These bills were ordered paid: Water department, \$28.42; street department, \$15.25; sanitary de-partment, \$38.13; Hickory Manufactur-ing company, \$200. MASKS AND FACES

An Example of Life Behind the Scenes That is Real.

One frequently reads in the newspapers articles which depict the vicissitudes in the life behind the scenes-the realities which are a part of every theatrical company's existence-but they were probably never so strikingly illustrated in Asheville as they were last evening when the "Zozo" company appeared at the Grand opera house.

Every person in the audience saw and aughed at the merry-making of "Cupid," as played by Chelso Peruchi, who, by the way, is an old favorite. But little did his hearers think that behind the paint and powder, the grimaces an I the tumbling, there was a sorrow that made Peruchi's heart as heavy as lead. Soon after the troupe arrived here yesterday afternoon Peruchi received a telegram from home which stated that his mother was dying. And while going through his part he was momentarily expecting a dispatch bringing the news of her death. But the audience must be pleased; his part was an important one, and had to go on, despite the heart that was bursting with grief and fear—fear of the

against attempting to go on last even-ing. A physician told him he would go on at great risk. But he, too, had a principal part, and, despite the warnings, made his appearance, and played his part, although the physical pain he was enduring at times found expression on his face so plain as to make it noticeable to many of the audience.

This is an example of stage life in real.

Hearts may break, but the public must be pleased. BROKE CIVIL SERVICE LAWS

Kentucky Officials in a Heap o

Trouble Louisville, Ky , March 11 .- Collector of Internal Revenue Albert Scott of the Fifth Louisville district, Chief Deputy Collector William E. Riley and Special Internal Revenue Storekeeper Shaw were indicted late yesterday by the United States grand jury. There are two in-dictments against Collector Scott, one for violation of the civil service laws, which includes several counts. The other is one of twelve counts, for swearing falsely to pay rolls. It is claimed five storekeepers did not work April 28 and 29, 1892, yet they were paid for their service, and Collector Scott, know ing they did not work on these days signed a voucher for their pay. By such action, it is claimed, he was party to de-frauding the United States government. Riley and Shaw are indicted for violation of the civil service laws in receiving money from gaugers and storekeepers for campaign purposes. Riley has nine counts against him and Shaw five. The cases will be called in October.

REDUCED COTTON ACREAGE. Convention Held in Texas to Consider the Matter.

AUSTIN, Tex., March 11.-The State cotton acreage convention met here yesterday. Among the most important things done was the appointing of a committee consisting of one member from each congressional district to draw farmers of the South on the subject of decreasing the cotton acreage. Reports were adduced showing an immense surplus crop, and the farmers were urged to turn their attention more to other pro-

The committee's report advises that no change be made in this year's acreage, in consideration of the lateness of the season, and recommends further that Texas cotton growers take no concerted action in the matter of reducing the cotton average until a convention of the whole cotton-growing world has met and taken action in the matter.

A REPUBLICAN BOUNCE.

Minneapolis City Council Wildly Shaken Up.

MINNEAPOLIS, Minn., March 11 .- The city council has been Republican by two majority, but a veto of an ordiance relating to the water works by Mayor Eustis caused two Republicans to bolt. This gave the Democrats a major-ity and they forthwith ousted President Brazie, Republican, and elected Alderman K. U. Echle, Democrat, to succeed him. Hardly had the new president taken his seat when a new list of committees was announced. All the city of ficers, save the policemen, are elected by the council, and the action taken means that every city official drawing a salary will be removed at once, and a Democrat installed in his place.

AIMED AT DEMOCRATS.

tion. The proposition was carried by a vote of 88 to 6 and the senate concurred. The Populists supported the measure which is aimed at the Democ-

CONVICTS STARVING.

THE LOSS WILL REACH FOUR

AND A HALF MILLIONS.

Boston, March 11,-Fire broke out about 4 o'clock yesterday afternoon in the building owned by F. L. Ames, corner of Essex and Lincoln streets, and involved the entire block. The area burned over comprises practically one whole square, bound on the north by Essex street, on the east by Lincoln street, on the south by Tufts street and on the of Essex street extending along Columbia street was burned, also three buildings on the east side of Lincoln street, and one on the south side of Tufts street.

The Emergency hospital, which was part of the United States hotel, and the rear corner of the hotel was burned. message with the sad news, the coming of which he would give his all to avert. All day Thursday, Thursday night and yesterday morning, Tom Mills, who will be remembered as the patriotic American, "Washington Knowall," who planted the stars and stripes in fairyland last evening, was delirious, suffering from a fever. He was cared for by the company in the best possible way, and warned against attempting to go on last evenand nets. Several jumped to the pave-ment, six stories, and were terribly mangled, and others fell back into the caul-dron of flames, or were overcome by the dense black smoke which suffocated all who did not speedily escape.

Vast crowds of people began at once to flock to the scene and as a matter of precaution Governor Russell speedily ordered two companies of militia under arms and proceeded to the fire in person, where he was soon joined by Mayor Matthews. The fire spread rapidly from building to building, and despite the heroic effort of the entire fire system of Suffolk county, was not controlled until the whole square had been levelled.

The loss is \$4,500,000, a little over one million in buildings and the remainder on stock. This is covered by insur-

Only three persons are known to have lost their lives. The injured will number more than a score. One of the dead is Leonidas H. Redwood, a merchant; another is a fireman named Robert J. Restaux. Two of the bodies are not identified; one is agirl too badly burned to be recognizable.
