KEEP THE SCHOOLS OPEN

ANOTHER SUGGESTION FOR RAISING MONEY.

A Correspondent Wants All Who Feel Able to Have a Chance to Subscribe—A Moses is Truly Needed.
EDITOR THE CITIZEN:—I have read the articles written by Captain Patton on raising funds to continue the public schools this year. His public spirited action in the matter does him great honor. While I agree with him that it is important to keep the public schools open the full term, I think it a mistake to limit the amount to be subscribed or the number of subscribers. I would suggest that aid in this way is not in accord with Democratic institutions and possibly may tend to pauperize the public schools.
In place of the proposed way of raising money I think if the school commission will have printed a statement and subscription cards, to be sent by the children in the public schools to their parents, that enough money will be raised to continue the schools until the warm weather. If this does not accomplish the object then it can be supplemented by those public spirited men and women of wealth whom Captain Patton now calls on for assistance.
As important as it is that the public schools are continued this year for the full term it is much more important that the taxation for school purpose be increased for next year, so that it will fully cover all expenses of the public schools and I would include the free kindergarten now supported by charity. If this can be accomplished I should be pleased to have my school tax doubled.
G. T. Davis.

DR. E. E. WILEY IS DEAD

A WELL KNOWN PREACHER AND EDUCATOR.

A conspicuous figure in Southern Methodism for many years—filled one office for forty years.
BRISTOL, Tenn., March 14.—The entire Southern Methodist church will be shocked to hear of the death of Dr. E. E. Wiley which occurred at his home at Emory and Henry college yesterday.

GEORGE W. VANDERBILT.

at Biltmore, is passing through Salisbury almost daily. Everything is of the very best, in fit comparison with the house. All of the furniture is sent by express instead of freight.

The cut of Mr. Vanderbilt is printed through the courtesy of the Review of Reviews.

CROWDED WITH SILVER.

More Stored in Philadelphia's Mint Than Ever in One Place.

PHILADELPHIA, Pa., March 12.—The vaults of the United States Mint in this city today hold the largest amount of bar silver ever stored in one place in the United States. The quantity is 110,000,000 ounces, or fully enough, with the usual alloy, to make no less than 150,000,000 silver dollars. The vaultage of the Mint is said to be unexcelled in this country, yet the steel-walled treasure holders are filled to overflowing and the bullion is being received from the government at the rate of 3,000,000 ounces a month. Besides this amount there are stored in the separate vaults \$50,000,000 in coined. The seal on the door has not been broken for two years.

It has been necessary to construct another steel-lined vault to store the bullion. The new vault is about 10 feet from floor to ceiling, about 8 feet wide and 35 feet long. It was completed yesterday, and the Government will begin using it on Monday. With the silver piled clear up to the ceiling, this new storage place will contain 20,000,000 ounces, and will be filled in less than six months. The construction of another storage place is, therefore, a necessity, should the purchase of silver continue.

Before 1890 there was never more than 3,000,000 ounces on hand.—N. Y. Sun.

SOUVENIR COINS IN HOE

Deposited as Security for Loans by the Banks.

CHICAGO, March 11.—About 2,500,000 of those new souvenir coins are to be put in pawn. That is not the term used by the financiers of the World's Fair in speaking of the transaction, but the coins are going in "hoe" just the same.

The immense expenditures for the Fair have consumed all the available funds, and as the bond market has been a little off, the last \$1,000,000 worth of Fair bonds has not been sold. The coin market is also stupidly slow, but the delinquents have been swift. There were about 2,500,000 souvenir coins on hand piled up in hoards.

One of the financiers suggested that the Exposition company borrow a million or so, as the money was needed, and deposit the coins as security. Several banks gladly accepted souvenairs at 50 cents each as security for loans. Several big bagsful were deposited in a safe vault today, subject to the order of one of the banks.

"The coins are not exactly pawned," said President Higginbottom. "When times are easier we will pay off the loan and get our coins again."—N. Y. Sun.

Called on Cleveland.

WASHINGTON, March 14.—Speaker Crisp was one of the President's callers today, and with him was J. W. Walters of Albany, Ga., applicant for the district attorneyship for the southern district of Georgia. Another Georgian who called was ex-Congressman Blount, chairman of the 52nd Congress of the committee on foreign affairs. Rumor connects Blount's name with the Hawaiian commission.

They Die Hard.

WASHINGTON, March 14.—The collectors of customs, commissioners of immigration, internal revenue collectors and other treasury officials located throughout the country are taking the President at his word that they are to be allowed to serve out their terms of four years. Only two resignations of this kind have so far been received, that of Collector Weber and Collector Hendricks, both of New York City.

To Save Schneider.

WASHINGTON, March 14.—The United States Supreme Court today decided an application made yesterday by the counsel for Howard Schneider, sentenced to be hanged next Friday for murder, to leave to file petitions for a writ of habeas corpus and also a writ of error.

DR. E. E. WILEY IS DEAD

A WELL KNOWN PREACHER AND EDUCATOR.

A conspicuous figure in Southern Methodism for many years—filled one office for forty years.
BRISTOL, Tenn., March 14.—The entire Southern Methodist church will be shocked to hear of the death of Dr. E. E. Wiley which occurred at his home at Emory and Henry college yesterday.

DR. E. E. WILEY.

His death was due to heart failure.
Dr. Wiley was born in Massachusetts more than 80 years ago. He graduated at the Wesleyan college in Middletown, Conn., joined the Boston conference in 1840 and was appointed professor in the Emory and Henry under Dr. C. C. Collins, president. When Dr. Collins died Dr. Wiley was elected president and filled the office uninterrupted for forty years.

During that time he was a conspicuous figure in Southern Methodism. He received several votes at one or two General Conferences for bishop. His greatest distinction was the rare executive ability with which he conserved and built the fortunes of Emory and Henry on the foundation so deeply and widely laid by Creed Fulton, C. C. Collins and others.

He leaves a wife and several children. He was a brother-in-law of Dr. D. K. McComdy, editor of the St. Louis Christian Advocate.
