IN A SPECIAL MEETING

ALDERMEN AND ADVISORS
HOLD A SESSION.

Meeting Held To Consider Spec-

ifications for Paving—West Hay-
wood Again—W. B. Gwyn's Illus-
tration on a Much Talked of
Matter.

The advocates of Advisor Green's
proposition to give to A. M. Smith the
contract for putting down rubble paving
between Buxton street and Woodcock's
drug store, on West Haywood street,
mean to win, if they can do so by keep-
ing everlastingly at it.

Not that the advocates are so very
formidable in numbers, but because prob-
ably a majority of those who favor the
scheme have a vote in the Joint Board.

A special meeting of this body was
held yesterday afternoon, attended by
Aldermen Baird, Leonard, Waddell,
Starnes and Guder; Advisors Miller,
Bearley and Green and W. B. Gwyn.
Mr. Waddell was chosen to preside over
the meeting, which was called to con-
sider the specifications for brick and rub-
ble paving, and macadam, drawn up by
City Engineer Gwyn.

Mr. Lee submitted the specifications
for brick paving, and they were adopted.
In these the pitch, as now used on the
foundations is omitted, the foundation
being made up of six inches of crushed
stone, and two inches of sand.

Alderman Starnes moved that the ab-
sorption test of the paving brick be made
3 instead of 4 per cent., but the motion
was lost.

The rubble paving specifications were
submitted, and adopted. The size of the
smallest block that may be used is 4 1/2,
instead of 3 1/2, as is the case in the Buxton
street paving.

The macadam specifications were also
adopted, and on motion of Alderman
Starnes it was decided that "limestone or
any other hard stone" should be used as a
top dressing.

The city engineer was instructed to
advise the Board as to the best way of
carrying out his plan for paving, in-
stead of 20 days as ordered Friday.

W. B. Gwyn addressed the Board in
relation to the proposition to give the
West Haywood street paving contract
to A. M. Smith, which proposition was
knocked in the head Friday. In Mr.
Gwyn's opinion the Board would do the
proper thing if it should reconsider the
contract of either Mr. Smith or Webb,
Oates, Eskridge & Co. He said THE
CITIZEN was opposed to the proposal,
but he had no objection to it.

Mr. Starnes' idea, he very kindly ex-
plained to the listening members,
was very much like the building of a
bridge and the flooring of both ends
thereof, after which the build would
advertise for bids to furnish a few planks
with which to complete the flooring.

Mr. Gwyn neglected to state, however,
in carrying out his illustration, that the
"few planks" in this instance are just
1,100 feet of street, and would cost
between \$4,000 and \$5,000.

Advisor Miller's outcroppings of a
"give-away" and he objected to the con-
sideration of this paving question. The
meeting was called to consider the spec-
ifications, he said, and anything else
would be out of order.

As things appear now, it seems that
the contract for the work under discus-
sion will be given Mr. Smith. At Fri-
day's meeting the voting on the proposi-
tion was 4 to 5. Advisor Williams,
who voted against the proposition, is
out of Asheville. This leaves only four
of those who opposed Mr. Green's pro-
position. Alderman Guder was not in
Asheville Friday, and it is not known
how he may vote. But suppose he votes
against the proposition. Aldermen
Starnes and Waddell will have each a
vote, which they will use in supporting
Mr. Smith, and which will give Mr.
Smith's champions six votes with a full
Board. That is the way it appears
now. If it can be done, it is apparent
that an attempt will be made Friday to
reconsider the action whereby the city
engineer was instructed to advertise for
bids for paving West Haywood street.

DIVORCE THEMSELVES.

A Brother of Bishop Haygood
and His Wife.

ATLANTA, March 12.—The following
card has been made public:
"The undersigned have this day dis-
solved their relation as man and wife.
Neither claims nor believes any cause for
divorce against the other, either upon
Scriptural or legal grounds. Having
gradually discovered what we did not
know at the time of our marriage,
that we did not do us but have
that degree of mutual love essential to
a happy union, and feeling that time
widens rather than heats the breach, we
believe it our duty to dissolve our mar-
riage relations. We will in the future
regard ourselves as neither husband nor
wife, the one to the other, and neither
will interfere nor be responsible for the
other."
Signed in duplicate at Atlanta, Ga.,
this 20th day of January, 1893.
"Mary H. Haygood,
"Wm. A. Haygood."

William A. Haywood is a brother of
Bishop Atticus G. Haygood of the Meth-
odist Episcopal Church, South, and is a
leading church and society man.—New
York Sun.

A Clerk's Blunder.
WASHINGTON, March 13.—During the
last session of Congress \$37,000 was ap-
propriated with which to pay employees
of the bureau of engraving and printing,
and to meet incidental expenses during
the present fiscal year. It has just been
discovered that the engraver bill signed
by the President only carried \$37,
the clerical error cannot be rectified
until Congress again convenes.

Mrs Miller's Triplet.
COLD SPRINGS, N. Y., March 12.—The
many admirers of Mrs. Elsworth Miller,
who holds the world's record in the
matter of multiple child bearing, will be
glad to learn that she has just pre-
sented her husband with triplets—two
boys and a girl. This brings her record
for triplets up to three sets and her total
up to sixteen. She is 31 years old.

Georgia Comes to Her Own.
WASHINGTON, March 15.—Secretary
Smith has appointed M. Cooper Pope, of
Washington, Ga., chief of the division
of lands and railroads, Secretary's office,
Interior Department, vice F. A. Weaver,
of Pennsylvania, resigned.

IN A SPECIAL MEETING

ALDERMEN AND ADVISORS
HOLD A SESSION.

AN IMPORTANT ADDITION

C. E. GRAHAM'S NEW WEAV-

ING MILL.

It Will Start Out With 264 Looms
and 100 Hands—Work to Beg
Within Thirty Days.

In all probability Asheville will soon
have an important addition to her man-
ufacturing industries.
When asked this morning if it were a
fact that he proposed to go into active
business life again, C. E. Graham replied
that it was, and gave THE CITIZEN these
particulars:
The industry which Mr. Graham con-
templates establishing is a weaving mill,
for the manufacture of gingham and
other colored goods. The mill will at
first be equipped with 264 looms, and
built with a view to an enlargement to a
504-loom capacity. All of the man-
ufacture has been purchased. When in
operation the mill will employ 100
hands, the outlay in wages alone being
more than \$30,000 a year.

As to the site for the mill Mr. Graham
is not certain. He is now corresponding
with Col. A. B. Andrews, president of
the Southern Improvement company,
looking to the purchase of a site from
this company in or near the southern
portion of Asheville. If he cannot get
the site he desires the mill will be erected
at some point on the Murphy branch of
the Western North Carolina railroad.

Mr. Graham expects to begin work on
the mill within the next thirty days.
The establishment of this mill would
be
