REORGANIZATION
A Plan That Completes Our New Receiver
NEW YORK, March 21.—The reorganization of the Richmond terminal system of more than 8,000 miles by Drexel, Morgan & Co. may now be said to be assured. The plan is about ready to be announced. One of the first steps toward restoring order out of chaos will be the appointment of a receiver for the Richmond and Danville railroad. He will represent Drexel, Morgan & Co., and he entirely independent of either faction in the company. Samuel Spencer, who is connected with the banking firm, will be selected for the position, and it is understood that Receiver Reuben Foster will be the one to receive the receiver's duties.

THE RABBIT FOOT.
One Hundred Thousand Hind Feet Wanted.
RALPH, N. C., March 17.—When Vice-President Stevenson was canvassing this State last September he was presented with the traditional "let hind foot of a graveyard rabbit," a good deal about which was said in the newspapers at the time. The animal, it was alleged, had been captured in the old city cemetery of this city.
A firm in this State which makes a specialty of rabbit skins and handles thousands of them every year has issued an order for "100,000 rabbits' feet, hind feet preferred." It is evident that some enterprising Northern firm is getting ready to take advantage of the Stevenson incident, and in some way spring the North Carolina rabbit foot on the country as an emblem of good luck.—New York Evening Post.

DELESEPPE'S GUILTY.
The Jury's Finding in the Panama Canal Case.
PARIS, March 21.—Charles DeLesseppe, accused of corrupting ex-Minister of Public Works Bailhaut to support the Panama lottery bond bills, was found guilty today by a jury. Bailhaut, who confessed his guilt in open court, and Bloudeu, who acted as go-between in the bribery of Bailhaut, were also found guilty. All the other prisoners were acquitted. They are Marius Fontane, Panama canal director; M. Sans Leroy, ex-Deputy, accused of changing his vote in committee on the Panama bill; and the receiver of bribery, Senator Beral, accused of being bribed by Baron Reinisch, and Deputies Dugue, De Lafaucanne, Gobrien and Antonin Lrouer, accused of corruption.

CHOLERA LOWERED THE DIVIDENDS.
LONDON, March 19.—The report to be presented at the meeting of the Cunard Steamship company next Friday will recommend the payment of a two per cent. dividend. The gross profit for the year was more than \$860,000, of which \$160,000 is available for the dividend. The business for the year was exceptionally unprofitable on account of the low prices of freight rates and the suspension of the steamer trade.
Miss LaBarbe has returned from the north with a beautiful lot of Spring Military. She will have her reception opening Tuesday and Wednesday the 28th and 29th of March. All are invited to call.

THEY WILL NOT SQUABBLE

DEMOCRATS WANT TO REORGANIZE THE SENATE.
The Republicans say The Proposed Act is Without Precedent, and They Mean to Oppose It A Struggle Coming.
WASHINGTON, March 21.—The first step of the Republicans of the Senate as a body, looking to preventing the reorganization of elective officers of the Senate, was taken at a caucus held yesterday in the office of the sergeant-at-arms. There was a very large attendance, almost every Republican Senator being present. Sherman presided. Speeches were made by Senators Manderson, Hoar, Cullom, Chandler and others.

It was announced that the Democratic caucus committee which will report to the Democratic caucus to be held today was supposed to have been at work upon a plan for the reorganization of the elective officers. The Senators who spoke said that this was in violation of all precedents. That Senate had never in its history elected such organization at an executive session and to attempt it now would be to the detriment of its working force and cause great injury to public business.
There was not a dissenting vote to this proposition, and it was agreed that Sherman, chairman of the Republican caucus, should wait upon Gorman, who holds a similar position in the Democratic caucus and notify him that any attempt to reorganize the Senate at this session would be very distasteful to the Republicans. Beyond the formal protest nothing was decided upon.
There will be no opposition to the election of Harris as president pro temp., and Manderson will leave that place without a word of protest. The committee clerks have also been changed, as have the clerks of the Senate, and the reorganization is complete, the Republicans say.

It is understood that certain prominent Democrats have said that rather than remain here and engage in an unseemly squabble they would be in favor of permitting the present organization to remain until Congress meets in regular session. If there is to be a struggle over this matter it will, no doubt, be precipitated before the end of this week.

MR. CARRINGTON

J. W. Summers Gives a Word in Needed Explanation.
EDITOR THE CITIZEN.—In your issue of March 20 appears a short notice of Mr. Carrington in which truth and falsehood are so mixed that in justice to all concerned makes it necessary for me to say a word or two in explanation. In the first place Mr. Carrington did not disappear from Asheville for the purpose of defrauding his creditors, as hinted in the article mentioned. The morning before he went away he came to see me, and I confess that I was concerned as to his mental balance. He was so distressed about these same creditors, wondering how he could make them safe. He spoke of going away to hunt some kind of work for the express purpose of paying these creditors, but I did not know that he would do anything to hinder the delivery of debt to secure them. Mr. Whitson's claim among others. He made a second mortgage on certain property in this city to secure the three endorsements on his paper with the banks, Messrs. Whitson, Atkins and Davis. Dr. Smith was not an endorser. His bill was for goods bought.
And now for the little stock of goods, Mr. Carrington did not assign the stock of goods to his wife in the ordinary sense of that word. Mrs. Carrington had furnished practically all the money that paid for the original stock of goods, that was paid for at all, and knew that most of the stock had been paid for. Besides advancing money to her husband for this purpose, she had also advanced him various sums of money before, till the whole sum amounted to more than five hundred dollars. Mr. Carrington was naturally obliged to the first of March to Mrs. Carrington for the sum of four hundred dollars, more than the goods were worth, in order to pay her partly in advance of her. She was a creditor, just like the others, and it being all the way she would have to make any money to pay her necessary expenses during his absence. Any one can find out by asking me. He did not leave the city to beat anybody out of a cent, but his whole trouble was on account of his wife's debt. He was naturally going away at all to get something to do in order to pay his debts, having failed to get anything to do here.

Wm. McAdoo, New Jersey, assistant secretary of the navy.

NEPOTISM

President Cleveland Against it as Might Have Been Expected
WASHINGTON, March 21.—President Cleveland defined his views on nepotism today in a manner so forcible that he left no doubt in the mind of his hearer that he was irrevocably opposed to the practice. The gentleman to whom Cleveland outlined his views on the question is a Western congressman who has secured the appointment of a constituent to office. He told Cleveland that the applicant was a good Democrat, a good fellow, and furthermore, a relative of the President himself.
"That settles it," President Cleveland is reported as saying. "His name cannot be given to the position. The President is said to have read the congressman a lecture on the danger of appointing relatives to offices, in which he placed himself and his family in the line, and in all its shades, meaning and application."

HACKAY'S CONDITION

An Operation Necessary and He is Not Strong Enough.
SAN FRANCISCO, March 21.—Millionaire John W. Mackay's condition has changed for the worse and it is said he is in a dangerous condition. Something has lodged in the vermiform appendix, and an operation has set in. An operation is necessary, and this Mackay's weak condition, would be dangerous. He has been delirious and under the influence of opiates, and last night was a little better. He knows his condition and has called his wife's. The latter leaves Liverpool tomorrow morning.

FLOUR DUST EXPLOSION

A MILLION DOLLAR MILL IS DESTROYED.

The Shock is Felt Over a Wide Area and Does Great Damage—One Man Instantly Killed and Several Injured.
LITCHFIELD, Ill., March 21.—At 3:30 o'clock this morning fire was discovered in the big Keele flouring mill in this place, and despite the efforts of the employees quickly spread throughout the building. In less than 20 minutes the flames were beyond control. While the employees and firemen were fighting the flames a terrific explosion, caused by flour dust, occurred and the immense structure was blown to fragments. John Coevie, head millwright, lying at Waterloo, N. Y., was instantly killed and several employees were seriously injured.
The explosion wrecked nearly every business house in the village. Many persons were badly hurt by flying bricks and falling timbers.
The damage to the mill alone will reach \$1,000,000 and other property is damaged over \$150,000.
The shock was felt in the adjoining villages of Clyde, Butler, Gillespie and Hillsboro. In many of these places the concussion was so great that plate-glass windows were broken.
When the fire started the citizens were awakened by the ringing of fire bells and before many of them could dress they were astounded by the shock of the explosion and the next moment found the walls of their homes falling upon them. It is not known how the fire originated.

MINISTER TO FRANCE

An Ex Confederate Will Represent us at Paris
WASHINGTON, March 21.—J. B. Eustis, who was named yesterday as minister to France, was Mr. White's predecessor as Senator from the State of Louisiana in the fifty-first Congress. He is a native of Louisiana, about fifty-nine years of age, and possesses legal abilities of the highest order. He is a graduate of the Harvard law school, and at the beginning of the rebellion entered the Confederate service as judge advocate on the staff of Gen. Magruder. He also served in the same capacity with Gen. Joseph Johnston until the end of the war, when he resumed his law practice at New Orleans. He was a prominent figure in the reconstruction era in Louisiana, having been one of the members of the Washington convention with President Johnson on that subject.
After six years of service in both branches of the State Legislature, he was elected to the United States Senate, where he served two terms, his service expiring March 3, 1891. Since that date he has been engaged in the practice of his profession.

SENIATOR'S CREDENTIALS
One Republican Votes With such Democrats as Vance
WASHINGTON, March 21.—The Senate committee on privileges and elections held a meeting yesterday afternoon in regard to the credentials of the appointed Senators from the new States. All three appeared before the committee. After looking up precedents the committee took a vote which resulted as follows: Giving the Senators seats, Turpie and Hugh' for the Democrats, and Chandler, Hoar and Higgins, against seating, Messrs. Vance, Palmer and Gray, Democrats, and Mitchell, Republican.
Chandler, in order to prevent a tie and secure a report to the Senate, voted in favor of seating the Senators, but reserved the right to take such action as he thought best on the floor of the Senate. The majority report will be made by Vance and the minority by Hoar, early next week.

Q. & C.

Its Control Purchased by the E. T. V. & C.
NEW YORK, March 21.—It is stated officially that control of the Cincinnati, New Orleans and Texas Pacific railway, for which a receiver has been appointed by the U. S. court, was purchased by issue of \$6,000,000 East Tennessee Cincinnati extension bonds which were also signed by the Richmond and Danville and endorsed by the Richmond Terminal company. The road has been in litigation, involving about \$500,000, arising from over issue of stock by a former official, and this litigation has been decided against the company, putting it in a dangerous position. The receiver was applied for by General Thomas in accordance with the wishes of the Danville and Terminal interests.
