**A MINISTER TO SPAIN**

**HANNIS TAYLOR OF ALABAMA NOMINATED.**

The Important Office of Commissioner of Pensions Filled by the Naming of a Minnesota Man—New Postmasters.

WASHINGTON, April 6.—The President sent the following nominations to the Senate today:

Hannis Taylor, Alabama, Envoy Extraordinary and Minister Plenipotentiary to Spain.

Wm. Lochren, Minnesota, Commissioner of Pensions.

Postmasters: Conall H. Priestly, Huntington, Tenn.; James F. McCutchen, Jackson, Tenn.; Howson H. Wallace, Fredericksburg, Va.; Irwin Tucker, Newport News, Va.; Esam E. Britt, Suffolk, Va.

"All will be delighted with the appointment; all of the people love him," is what Representative Oates said of the nomination of Hannis Taylor, to be Minister to Spain. Oates should know, for it was at his suggestion that the nomination was made.

Taylor is a lawyer living at Mobile, and his reputation of the best, one of his arguments made before the Supreme Court in opposition to the constitutionality of the anti-lottery law being in evidence on that point. First of all, however, Taylor is a scholar of high attainments. His contributions to historical literature have made him well known to literary men, although he is comparatively a young man, being in his 41st year. His life work is the "Origin and Growth of the English Constitution." But one volume of this work has been published as yet, but it has already been adopted as a text book in seven universities.

**THE "NO-EX" RULE**

It is still in Force When Specially Needed.

WASHINGTON, April 6.—The fact that President Cleveland has been making exceptions to his "no-exemption" rule has given much encouragement to those ex-offenders who are again candidates for federal positions. It was in the belief that the President did not contemplate that strict adherence to the rule with which common report had credited him, that caused representative Meredith of Cleveland to present to Cleveland yesterday the name of Col. Catlett Gibson of Culpeper, Va., for the position held during Cleveland's first incumbency district attorney for the eastern district of Virginia. Meredith was not left long in doubt that he had interpreted the "no-ex" rule too hopelessly, for Cleveland quickly put a damper on Col. Gibson's aspirations in these words: "I might as well frank with you, Mr. Meredith, I can't appoint your friend."

Meredith states that the "no-ex" rule is still in force and that this rule alone barred Col. Gibson from securing his old position.

**WILL TAKE IT UP.**

The Ann Arbor Contempt Cases to Go to Washington.

TOLEDO, O., April 5.—James Lennon, the Lake Shore engineer who was found guilty of contempt of court according to Judge Rick's decision, has, in obedience to the instructions of his attorneys, refused to pay his fine and has been formally arrested.

His attorneys will appeal the case to the Supreme court of the United States for a writ of habeas corpus, and it will come up at Washington as soon as possible. The Brotherhood of Locomotive Engineers will fight the matter to the bitter end, realizing that a final decision is of vital importance to their organization.

**The Barnacles are Going**

WASHINGTON, April 1.—It is not too much to say that Mr. Cleveland's administration has achieved better success in welding the broom than any administration since the war. The time-servers and barnacles who have long fed at the public crib are in actual terror, and a good many have already walked out of office, or rather have been kicked out. Four years of Mr. Cleveland's service has made him quite familiar with the details of administrative work, and his cabinet of officers have not themselves diligently at work to weed out the superannuated, cut off the sinecures, and lop off the barnacles.—Detroit News.

**Another Democrat.**

MILWAUKEE, Wis., April 6.—P. J. Somers, Democrat, was elected to Congress in this, the fourth, district over Thobald Otjen, Republican, by about 1,200 majority. The election was to fill a vacancy made by the election of John L. Mitchell to the Senate. Judge Newman, Democrat, is probably elected to the Supreme judgeship by 4,000 over Webb, Republican. The majority of the cities of Wisconsin elected Republicans. Ashland Republicans elected O'Keefe, by a small majority.

**LAFAYETTE, Ind., April 6.**—After being out since 5 o'clock Tuesday, the jury in the opera house riot case began work Wednesday with a verdict of guilty against defendant Murphy. The punishment is 20 years imprisonment, and a fine of \$1,000. Murphy was charged with being one of the twenty persons who assaulted Dr. Priest Rydolph, who was lecturing against Catholicism.

**He's Probably Right.**

PHILADELPHIA, April 5.—A. A. McLeod, president of the Philadelphia and Reading railroad and coal and iron companies has tendered his resignation. His reason for resigning is the belief that needed financial assistance will not be given the company as long as he remains with it.

**Two Hundred Lives in Peril.**

PLAINFIELD, N. J., April 4.—An attempt was made to burn the Children's Home at this place tonight. Two hundred children, the inmates of the home, had a narrow escape. The fire was not extinguished by hard work. This is the second attempt within a month to destroy the home.

**SWITCHBACK ACCIDENT.**

One of the Injured Passengers Was From Asheville.

An account of the serious accident on a "switchback" at Raleigh, in which a number of pupils of St. Mary's school were injured, was printed in THE CITIZEN yesterday, although the name of one of those injured was not given in the dispatch. Miss Sadie Johnson of Asheville, was one of the injured, although her hurts were not serious. The following account of the accident is taken from the Raleigh News and Observer:

"One car was started from the end of the track next to the grand stand and had proceeded a short distance when the other car was started from the other end by Mr. A. F. Bowen, who was in charge of the switchback. He meant it to go on the other track, but when it had left his hands he saw the switch back frog, to the horror of all it jumped to the wrong track and shot like an arrow down the rapidly sloping track to meet the other car coming in the opposite direction on the same track. Every heart stood still and the blood chilled in the veins, for the awful crash which was coming was foreseen by everybody, and there was no human means of averting the disaster.

"The cars met at the lowest point of the track where both had attained their highest speed and momentum, going at the rate of a railroad train. The crash was followed by grinding of wood work and cries of agony. The scene which followed can scarcely be carried in language.

"A view of the telescoped carriages showed that the end of one had been broken off, and thrown back upon the other, so that the iron axle was exposed and jammed against the opposite car."

**Raleigh, N. C., April 6.**—Among the children hurt at the switchback accident, was Frances Hodgson, niece of Frances Hodgson Burnett. She, as well as the others hurt are better. No deaths have yet occurred. Some amputations will probably be made.

**NUDITY AND HEALTH.**

A New Fad Agitating the Fashionable English.

LONDON, April 3.—English society is just now eagerly discussing the merits of the latest fad that is agitating fashionable hypochondriacs. The scene of the fad is laid in the Tyrol, and the cure is effected by the patient walking about in absolute nudity certain number of hours each day. The promenade consists in going down the sides of a rather high mountain and climbing up again, and the efficacy of the treatment is vouched for in English society, at least, by the statement that it has entirely cured the wife of a prominent member of parliament.—Chattanooga Times.

**SCIENTIFIC SLUGGING.**

It Generally Brings About a Flattened Nose.

NEW ORLEANS, April 6.—Andy Bowen of New Orleans, and Jack Burke of Houston, Texas, will meet tonight at Olympic club in a fight to the finish for a purse of \$25,000 and the light weight championship of the South. Advice from training quarters is to the effect that both men are in tip-top condition. Bowen will arrive from Covington this morning. Burke, who is training at Carrollton, will remain at his quarters until it is time to go to the club. Both men are game and scientific, and a long fight may be expected.

**President's Summer Residence.**

WASHINGTON, April 5.—By the end of the present month it is expected that the Middleton place, on the Woody Lane road, will be ready for the occupancy of President and Mrs. Cleveland, who have leased it for a term of years. The house is a large old-fashioned structure, roomy, comfortable and occupying an ideal location. Situated on the south side of the Woody road, and to the east of the fine country home of Mr. Gardiner Hubbard, the house stands on an elevated knoll surrounded with fine old oak trees. The house is larger than the one at Oak View and has thirty acres of land about it.—Atlanta Constitution.

**The Santa Maria on Her Way.**

HAVANA, April 3.—The Columbus carried Santa Maria, which left Porto Rico a few days ago en route to the United States to take part in the great naval review in New York harbor, left Porto Rico yesterday. The weather was fine when she left, and gave promise of continuing so.

**Killed for Killing.**

PHILADELPHIA, Pa., April 6.—Wm. Moore, colored, was hanged in Moyamensing prison this morning. Moore killed Chas. Madden, his rival in love affairs, last September.

**PITTSBURG, April 6.**—Dennis Cloonan, wife murderer, was hanged this morning.

**Threatened to Burn The Town.**

ANTLERS, I. T., April 6.—The insurance companies cancelled all policies on property here yesterday on account of threats to burn the town. A special train left Paris, Tex., last night with a strong force of deputy marshals to protect the lives and property of United States citizens.

**Drowned in Charleston Harbor.**

CHARLESTON, April 6.—C. L. Martin, auditor of the Charleston, Sumter & Northern railroad company, was drowned in the harbor yesterday afternoon. He, with Col. Knox Livingston, counsel of the road, was out sailing in a small boat which tipped over.

**An Assessment Needed**

WASHINGTON, April 6.—The report of the examiner in charge of the Commercial National bank, Nashville, Tenn., indicates that it will require an assessment of about 80 per cent on the stockholders to pay off its indebtedness.

**Woman Suffrage.**

LITTLE ROCK, Ark., April 6.—The Senate passed a bill yesterday conferring on the women of Arkansas the right of suffrage, making them eligible to membership on the school boards.

**From a Switchback.**

**A WASHINGTON SENSATION**

**SENATOR VANCE'S STEPSON SHOOTING HIMSELF.**

The Exact Circumstances of the Shooting Not Known, But It is Rumored it Followed Rejection by a Lady.

WASHINGTON, April 6.—Harry Martin, stepson of Senator Vance of North Carolina, shot himself yesterday in the breast at the residence of a lady on I street.

One report in circulation is that he proposed to the young lady, was rejected and then shot himself.

Friends of both parties say the shooting was accidental, and it is impossible to obtain the exact history of the circumstances attending the affair.

Martin is reported to be in no danger of death.

**BEHRRING SEA SLUMBERS.**

They are Induced By Ponderous Arguments.

PARIS, April 6.—The morning session of the Behring Sea court of arbitration today was dull, even the eloquence of such pleaders as Attorney General Russell and J. C. Carter awakening interest. Even the members of the court seemed bored, and it was noticed that the august head of Sir John Thompson, one of the British arbitrators, frequently nodded, suggesting the suspicion that he was tempted to slumber. Sir Charles Russell concluded his argument in reply to the objections of Hon. E. J. Phelps, counsel for the United States, to the legal character of certain evidence offered by Great Britain. J. C. Carter then proceeded to reply to Sir Charles Russell's argument.

**COMING TO ASHEVILLE.**

**Mrs. Vanderbilt and Mrs. Elliot F. Shepard.**

NEW YORK, April 6.—Mrs. William H. Vanderbilt and Mrs. Elliot F. Shepard and children left this city today for Asheville, N. C., where they will remain for a month or more as guests of George Vanderbilt.

Mrs. Shepard has been suffering from nervous prostration since the death of her husband, and her brother has invited her to seek rest and renewed strength in his beautiful North Carolina retreat.

**KILLED IN A FIGHT.**

A "Glove" Contest Results Fatally Arrested.

SURACUSE, N. Y., April 6.—Joe Dunfee of this city and Don Donovan of Cleveland, met for a glove contest at Maple Bay, an Onondaga resort, last night. In the seventh round Donovan was knocked senseless. He never regained consciousness and died today. Dunfee and several of those who participated in the fight as attendants were arrested.

**Words of Commendation.**

At the monthly meeting yesterday of the board of managers of the North Carolina Society for the Prevention of Cruelty to Animals, the secretary read a letter received by him several days ago from Secretary Davis, of the American Humane association, congratulating him upon the success of the pigeon shooting case in the lower and Supreme courts. In conclusion Secretary Davis says: "The decision in your court will go far toward the abolition in the end of all such brutality in every State. You have done a good work and I shall take occasion at our next convention of anti-cruelty societies to call special attention to it."

**A Fizzle.**

CHICAGO, April 4.—The strike of 10,000 carpenters scheduled to take place today at the World's Fair grounds to enforce discrimination against non-union men, turned out to be a dismal fizzle. Less than a hundred quit work.
