SUMMER : : COMFORT

We are preparing to thoroughly introduce to the people of our city the great advantage of a gasoline stove. For ten years or more they have been a source of comfort to the people East and West, and to our people in our use we know will convince you of their great blessing to the housewife. Just let us see: A dinner can be cooked by the mistress in a white dress and with the least possible labor. There is neither coal, wood nor kindling, smoke nor soot. Best of all there is no dust nor ashes. With a vapor stove the kitchen becomes one of cleanest, coolest and most delightful rooms in the house. No danger, no trouble to start burner. Space forbids further details of its qualities. Call and see it in operation. Can be found only at our store.

The following call was circulated this afternoon, and signed by the citizens whose names are appended:

SOUTHERN GOVERNORS.

They Meet in Richmond to Discuss Ways and Means.

Richmond, Va., April 13.—Promptly at 12 o'clock yesterday, Gov. McKinney, of Virginia, entered the legislative chamber at the head of the Southern governors. The distinguished guests were at once seated. Twenty-five minutes were then consumed in hand shaking and introduction. Then Gov. McKinney, still standing on the floor, rapped the body to order and said:
"Gentlemen. It is the time—honored custom in Virginia to open all deliberative bodies by asking God's blessing."
He then called upon Dr. Nelson, of the Baptist church, who offered a brief but fervent prayer, at the close of which the Governor proceeded to deliver a brief but cordial welcome to the visitors, saying that he trusted this would be a working and not a talking body. He then nominated Gov. Fitzback, of Arkansas, as temporary chairman. He was unanimously elected.
A committee on permanent organization was named and the convention adjourned till today, when the committee recommended that the temporary officers be made permanent and that each State shall be entitled to one Governor, Carr, of North Carolina, offered resolutions (which, under the rules was referred) that, to continue the work now and here begun, it is recommended "that the Governors of these States appoint several persons, one to investigate carefully each of the following subjects in its relations to immigration to that State: Direct trade, labor and employment, mining, climatology and health, advertising and manufacturing, and these persons under the direction of the Governor of that State shall co-operate with him in such immigration work as he may direct."
The following States were represented in the convention: Maryland, Virginia, North Carolina, South Carolina, Georgia, Alabama, Missouri, Tennessee, Louisiana, West Virginia, Arkansas, Mississippi.

County Alliance.

D. A. Blackwell, president, and N. Plamondon, secretary, of the Buncombe County Farmers' alliance, send this criticism the following call:
"The Buncombe county alliance was to meet today, but owing to the heavy rain this morning, the attendance was small. The meeting adjourned to meet at Alexander's on Saturday, April 22, at 11 a. m. A full turnout is desired."
What Says the Company?
A visitor now in Asheville makes the suggestion that the Richmond and Danville railroad put on sale tickets from Southern points to the World's Fair with the privilege of a stopover in Asheville. In this way, he says, many people would come here, and the good resulting therefrom might be greater than would be supposed at the first thought.

FROM WEAVERVILLE.

An Interesting Budget of News—Dula Springs Sold.

WEAVERVILLE, April 11.—For some time past our village has been disremembered in your excellent paper. We are, however, alive.
It is reported that the much talked of Dula Springs have been sold to a northern syndicate for a good round sum. The Springs will immediately be improved; a hotel and electric car line out there are among the things mentioned.
Friday evening the young ladies of the college gave an open session of their society—called extra notes. It was quite a success. All of the exercises were highly entertaining, and especially so was the recitation of Miss Evelyn Cole, "How Ruby Played." This took the house by storm.
The county chain gang, about 35 in number, are making great improvement in the road way leading from Weaver to Alexander. The road will be finished up in about two weeks.
We hope the main Asheville and Bursville road, this place and our city will receive a few needed repairs.
Col. John S. McElroy who has just returned here, came home Saturday for a short stay with his family.
Mr. E. Byerly has nearing completion a nice house on Alexander avenue.

MR. MILES SWEATS THEM.

Particulars of the Attempted Robbery at Bernard.
BERNARD, N. C., April 12.—The little village of Bernard has lately been the scene of an exciting sensation. For some months past a band of robbers have been making nightly attacks on the merchants of Madison county. They made an attack on the store of A. J. McDevitt & Co. some time since, but succeeded in so covering their tracks as to elude pursuit.
On the night of the 10th inst. a band of six tried to rob the store of Mr. D. P. Miles. One of the thieves succeeded in entering by the window, and proceeded around the counter. There he struck a match to light a pipe, and a shot gun in the direction of the robber. The latter's confederates at once took flight and are yet at large. The wounded man was taken to Marshall's veterinary and lodged in jail by Deputy Sheriff Ramsey.
Mr. J. E. Miles says that other bands of burglars may hereby take notice that he is ready to wait on them when they may call.

GRESHAM AND THE EAGLE.

Indications That This Will be an American Administration.
WASHINGTON, April 11.—Secretary Gresham is a mettlesome man, without being in the least obstreperous. His attitude is straight, without being in any manner disguised by inharmonious perpendicularity. His head is level on all occasions. When shot down on the field of battle he still had the pluck to enforce the threat to use his pistol to kill the surgeon who proposed at once to cut off his leg; therefore he has two pretty good legs left today. He doesn't swagger, but acts in a never offensive, nevertheless, he makes himself understood. He did it when in everyday life, on the beach, and is doing it in the Department of State. The Sultan of Turkey knows that the exceptions to the rule will be rare indeed. He is an American, born on the stump on the Indiana border, where men stand on their feet naturally. These few remarks are pertinent to what is ahead, whether as to results in the Atlantic or the Pacific ocean, or in any other part of the world. Gresham esteems the American eagle, and lives up to Uncle Sam's teachings, in or out of the Cabinet.—N. Y. Sun.

THE WINSTON RAID

Is Burbank to Have His Own Way Unchallenged?
CHARLOTTE, N. C., April 12.—[Special] The Observer's Washington special says: The friends of Mr. E. J. Hale expect his appointment to the Turkish mission. They say that the efforts hostile to him are not apt to have weight with the President in view of Mr. Hale's record in the foreign service of the Government and his extensive endorsement.

ASKED TO RESIGN.

WASHINGTON, April 13.—Robert S. Chilton, chief clerk of the department of State and lately private secretary to Vice-President Morton, has been asked to resign by Secretary W. W. Rockhill, friend of Assistant Secretary Quincy, will be his successor.
Terrell for Turkey.
WASHINGTON, D. C., April 13.—The President sent the following nominations to the Senate today: Alexander W. Terrell, Texas, Envoy extraordinary and minister plenipotentiary to Turkey; Francis R. Lassiter, U. S. attorney for the eastern district of Virginia.
Fire Loss of \$150,000.
BROOKLYN, N. Y., April 13.—The planning mills, lumber yard and stables of Hardy Voorheis, of New Creek, were destroyed by fire early this morning. Sixteen valuable horses were burned to death. Total loss \$150,000.

WIND BLEW GREAT GUNS

DAMAGE DONE IN SEVERAL WESTERN STATES.
The Wires Are Down and Particulars Are Hard to Obtain—Several Towns Badly Damaged—School Children Killed.
CHICAGO, April 13.—Tuesday night's wind storm wrought such havoc with telegraph wires that it is almost impossible to obtain particulars of the damage done in the West. The destruction seems to be widespread in the State of Iowa, probably the greatest damage was done in Iowa, although reports from Nebraska indicate that that State may lead in loss of property and human life.
Along the line of the Chicago, Milwaukee & St. Paul railroad, in Iowa and Nebraska the storm cut a wide swath. The town of Akron, in the former State, was wrecked, and Westfield, a few miles distant, was badly demoralized.
Meagre reports from localities in the interior show that the devastation was general, although its full extent will not be known for several days, owing to lack of telegraphic facilities and the washing out of country roads.
Continuing along the railroad in Nebraska the storm swept up farm buildings, fences and bridges and finally stopped down on the town of Page tonight and Wednesday morning. At that point the first loss of life was reported, Mrs. Clara Magee being the victim. Her two children were dangerously injured, and several other persons were hurt.
The storm travelled with great velocity, covering the 200 miles between Akron and Page in an hour and a half. Other damage was done farther west, but, owing to the complete prostration of the telegraph wires, absolutely no particulars are obtainable.
INDIANAPOLIS, April 13.—Advices from all over the State tell of heavy damage and loss of life by the storm of Tuesday night and Wednesday morning. HIGGINSVILLE, Mo., April 13.—In the path of the storm between Mayview and Lexington, eight persons were killed and twenty five were wounded. JACKSON, Tenn., April 13.—This city was struck by a cyclone at 5 o'clock yesterday afternoon. Dozens of buildings were wrecked; no lives were lost. Everything in the path of the storm was levelled.

At Vandalia, Michigan

YPSANT, Mich., April 13.—This city is in ruins. A cyclone struck here last night coming from the southeast and sweeping everything in its path. The storm took a strip out of the business portion of the town, moving houses from their foundations, razing the business college and Curtis' carriage factory. The Hawkins house and Occidental hotel were badly damaged, upset and set on fire. The streets were blown off. Twenty store fronts were smashed in. On Huron street the rubbish is piled ten feet high. The postoffice was blown off and demolished, and the mail was scattered in the street. All telegraph, telephone and electric light wires went down, leaving the city in complete darkness. It is thought some persons were killed. The loss of property, it is now estimated, will reach \$200,000.
The report has reached here that the town of Saline, in Washtenaw county, nine miles west of here, was wiped out by a cyclone last night. Saline has a population of 1,200 or 1,400.

A Mississippi Town Destroyed.

TUNICA, Miss., April 13.—Robinsonville, ten miles north of here was completely destroyed by a cyclone at 4:30 o'clock yesterday afternoon. Not a house is left standing in the town of about 300 inhabitants. Lamps burning and stoves were upset and set the houses on fire and all is ashes. Even the depot building was not spared. The night telegraph operator's wife was killed and the day operator's wife badly injured.
The cyclone swept the country west and east of the fatal strike and killed many persons. It is mostly color. It is reported that the colored school house on Indian creek one mile west of Robinsonville was swept off and about 25 children were killed or are missing.

THE WINSTON RAID

Is Burbank to Have His Own Way Unchallenged?
CHARLOTTE, N. C., April 12.—[Special] The Observer's Washington special says: The friends of Mr. E. J. Hale expect his appointment to the Turkish mission. They say that the efforts hostile to him are not apt to have weight with the President in view of Mr. Hale's record in the foreign service of the Government and his extensive endorsement.
Editor W. F. Burbank of the Winston Sentinel is desiring to have Winston selected as the headquarters of the Fifth Internal Revenue district, called on Secretary Carlisle in this behalf today. Burbank says the matter is in a very satisfactory shape, while as yet nothing has been decided. The secretary asked four questions, just such as Burbank was prepared to answer. Senator Vance went with Col. Thomas W. Strange, of Wilmington, to the White House today. Col. Strange wants to be district attorney in North Carolina.
Among the postmasters appointed today is S. L. Owenby at Calverton, Cherokee county.

Too Bad.

LONDON, April 13.—The English, Scottish and Australian chartered bank has failed, with liabilities amounting to \$30,000,000.
LIVERPOOL, April 13.—Samuel Williams & Co., cotton brokers, of this city have suspended. Liabilities, \$250,000.

Eckles Confirmed.
WASHINGTON, April 11.—The Senate has confirmed the nomination of Jas. H. Eckles to be comptroller of the currency.
