In all large add well regulated cities there is an auditor, controller and treas-urer. The Mayor of Asheville seemed to be

and at once saw the necessity of doing away with the practice of leaving it in one man's power to disburse the people's money. He offered an ordinance requiring the audit of the finance committee of each bill against the city. If this had been in vogue prior to the Young matter, the city would now have two thousand dollars more money on hand. Is this not an evidence of the inability of the present "City Fathers" inability of the present "City Fathers' to conduct your affairs?

The Aldermen of your city are the servants of the people. We would kindly ask them if they would allow a clerk in their employ unlimited power to draw at will on their personal bank account? A special meeting of the Democrati xecutive committee was held this morn ng. Eug. D. Carter, esq., tendered his resignation as a member of the committee, on the ground that he was not a resident of the city and not a legal votes pere. The resignation was accepted and J. D. Brevard was elected in his stead.

The following resolution was adopted: Whereas, information has been given to this committee that there will be no vacancy for alderman-at-large, it is moved that the nomination of Mr. John McDowell as aldermau-at-large be withdrawn, under the call for the pri-mary, and that as no vacancy exists, no

nomination be mad. The Truth About It.

Many of the opponents of Capt. Patton, the Reform candidate for mayor are, in order to array the white laboring class against him, circulating a story to the effect that when Capt, Patton was member of the Board of Aldermen several years ago he appointed a colored man as street overseer; that that overseer was over white men, and paid off the white men. When asked for the truth of the matter Capt. Patton said that a colored man was appointed, but the appointment was made at the request of the colored workmen, and that no white workmen were employed under this overseer. Capt Patton said also that had there been any white men on this street force he would never have con-

sented to the appointment of the colored Dented Emphatically. It has been rumored that Jos. E. Dick-

erson, who was suggested yesterday by the Democratic executive committee to take the place on the ticket given up by Dr. Baird, would it elected, resign before the time for the annual election of officers in June, that Dr. Baird would be chosen in Mr. Dickerson's place, and that Mr. Dickerson would then try for the position of city treasurer. THE CITIZEN, discrediting the story, asked Mr. Dickerson about it. "It is not so," that gentleman replied, emphatically. "I have not sought the position of Alderman and do not wan it. I would not have ac-

cepted the place on the ticket had I not desired to do all I could to keep the Dem ocratic party from a split. Dr. Baird Talks a Little. Alderman E. Baird, who withdrew from the Straightout ticket yesterday,

ond ward, was seen this morning. "What are your reasons for withdrawing, Doctor?" was asked by THE CITE "Ob, well," he replied, "I did not want to undergo the bother and worry that the race would subject me to. I'll get enough 'cussing' anyway," and that was all Dr. Baird would say.

Having decided to support the Citizens' ticket I will have to decline to serve as clerk in said primary. Respectfully,

W. H. Westall.
