ALDERMAN JONES AND THE CITY POLICEMEN.

Mayor Patton Discovers a Legis lative Enactment That Practically Puts the Police Under the Civil Service, and Some Interesting Talk Follows.

The individual who asserts that the new administration is not buckling down to work and preparing to precipi ate several surprises in different quarers simply articulates through his tile very strong intimation of the Board's attitude toward the members of the present police force was given yesterday, too, and the end is not yet.

The Aldermen met a little after 4 clock, Mayor Patton, Aldermen Jones, H. L. Gudger, Cosby and Westall being present. The missing members, Messrs. Starnes and J. M. Gudger were not in It Was Introduced in The House the city.

Mayor Patton laid I cfore the meeting copies of several acts passed by the last Legislature and relating to the city charter of Asheville, which he had received from the Secretary of State. One of these, he said, was very surprising, inasmuch as the Buncombe representatives at Raleigh had said that they would avor no legislation that did not come from a mass meeting of the citizens of Asheville. The material portion of the oill is as follows:

"That section 20, chapter 111 private laws of 1883, be amended by inserting after the word 'officer' in line 5 of said so that the amended portion of said section from the beginning of said sec-tion down to the word 'duties' in line 8 of said section shall read as follows: That the Aldermen at the first meeting after their election shall appoint a clerk and treasurer who may be one of their own number; also a collector of taxes who may be one of the marshals pro-vided for; and shall appoint one or more marshals, all of which officers ex-cept said marshal or marshals, shall respectively hold their offices during the official term of the Aldermen, the said marshal or marshals holding their offices during their good behavior, all o which officers shall be subject, however to be removed at any time, for misbe havior or neglect of duties, or for any other good causes such as inability to perform the duties of said position."

Mr. Jones' Views. Alderman Jones read this bill for the benefit of his brethren and then proin his mind to "fix" the old administration's policemen upon the town. "Men of self respect and character," said Mr. Jones, "would not want to continue in office after what has taken place here. If I was on the force I should resign. The Board does not like to single out the men and prefer charges against the members of the force, because that might be with heavy rain struck Cleveland and Pittsburg and in the vicinity of Louisville, Ky.

Louisville, Ky. May 23.—A heavy about 4 o'clock this morning blowing down and unroofing 20 houses in the castern portion of the city. No loss of life is reported.

CLEVELAND, Ohio, May 24.—A cyclone with heavy rain struck Cleveland at the vicinity of Louisville, Ky.

Louisville work. We would much rather each man would come up and tender their resignations. This bill's passage was a very extraordinary proceeding, in the light of the promises made by our members of the Legislature, and the man who drafted it, as I have said, had it in his mind to energif went to wreck and one man was badly hurt. Part of the Cleveland rolling mill was blown down and one man was killed and several badly injured. It is reported that the steel works in South Cleveland were blown down, killing two mind to engraft upon the city perma-nently so much of the old administration as has been in force for two years."
Mr. Jones' talk throughout was very

plain, and gave an intimation that the headsman would be unrelenting when it came decapitation day. He also said charges would surely be preferred against somebody. On motion of Mr. Jones the consideration of this new bill was reerred to the police committe to report

Always Something New. The Board requested Clerk Young to bring in the official bonds and when done it was found that City Tax Collector Reynolds bad not made a bond for the taxes of 1832. The bond for 1831 was
there all right, but none for '92. The
laxity of the old administration was here
laxity of the old administration was h brought up again, and the finance com-mittee was instructed to investigate and making weekly and monthly reports from his department. This committee was also requested to look into Sanitary Inspector Brevard's bond, which is

merely a personal bond.

Postmaster Kerr asked for the water rate that the government would have to pay for its big building next year, and his request was referred to the water committee, which will also consider the advisability of a thorough revision of

These bills were ordered paid: Water department, \$28; sanitary department, \$8.60. This latter bill is the cost of Sunday's street cleaning.

Bonds Asked For.

The finance committee was at work till noon today, and among other things considered the matter of the official bonds of Tax Collector Reynolds and Sanitary Inspector Brevard. These gentlemen were instructed to have their bonds prepared properly by next Friday to be submitted to the Board.

THE ADVISORS. Some Interesting Facts About

At the Joint Board meeting Advisors Sawyer, Redwood and Gwyn were present, in addition to the Mayor and Aldermen named above. The special business of the meeting was to go over Patton avenue and decide on a final estimate for Webb, Oates, Eskridge & Co. for paving. Before going, Advisor Gwyn read the contract between this firm and the city and some of the specifications, dwelling humorously upon "the modulus of rup-ture" which he found therein. Alderman

ONLY ABOUT 100 DOZ. OF THIN TUMBLERS WANTS THEM TO RESIGN act was a very important one. He had A SEVENTY MILLION DEBT ound, he said, that the first payment or improved streets is due six months after the assessment is made, and not from the time the street was completed, as some thought. Mr. Jones apologized for hav-ing to be out of the city, whereat Mr. Gwyn expressed his surprise and gratification upon hearing a member of the Board express an apology for absence. Mr. Jones thought it exceedingly impor-tant that the assessments should be made on the completed streets as soon as possible, for he felt sure that a mortgage placed on any property on a payed street before the assessment is made would have priority over the city's lien, even though the mortgage should have been put on after the paying was done. He moved that the city engineer calculate these assessments as soon as possi-ble and report to the Board. Carried. Advisor Sawyer was placed on Mr Gwyn's committee. The body then went into commit

tee of the whole and went to Patton THAT POLICE BILL.

by Hos. John W. Starnes.

The bill alluded to in the Aldermanie report was introduced in the lower house of the North Carolina legislature by Hon. John W. Starnes, oncef Buncombe's representatives. The petition asking for the passage of the bill was signed by nearly 500 citizens of Asheville, among them nearly all of the business men.

The present members of the force have made up their minds to resign, and will hand in their resignations in a bunch, to take effect the first of June, one day before the day of election of their suc cessors.

A good joke is told on Patrolman after the word 'officer' in line 5 of said section the words 'except said marshal or marshals,' and by inserting after the word 'Aldermen' in line 7 of said section the words 'the said marshal or marshals holding their offices during their good behavior, all of which officers shall be,' so that the amended portion of said section from the beginning of said section from the problem of the force sitting around the community of the force sitting around the commun in off his beat after having walked about 50 miles, and had intended to take a few minutes' rest, when in stepped the Mayor just at a time when he could form his conclusion without knowing anything about the long walk.

THE JUNIORS.

Pleasant V M.C. A. Entertainment Last Evening.

A company that filled the Y. M. C. A. hall last evening enjoyed an entertain ment given by the junior department of the Y. M. C. A. Fred Miller, the presitaxes of 1892. The bond for 1891 was form as to be loudly applauded and they don lecture, two of the juniors performed report at once, also as to whether the collector has complied with the law in audience by members of the ladies' com-mittee and the junior reception commit tee. Mrs. E. E. Eagan rendered very effi-cient assistance with the piano. The entertainment was thoroughly enjoyed by the parents and friends of the boys,

who were present in large numbers.

The boys have been preparing for this event for several weeks and were all prepared last evening to do the honors successfully. The various com-mittees were on duty, distinguished by rosettes of various colors. Mr. Barrows, the gymnasium instructor, re ceived considerable praise for the train ing given the boys in the gymnastic class. Fitch Taylor, who is chairman of the

A report has been started by someone to the effect that all checks issued by the city are signed by T. W. Patton as mayor, W. R. Young as clerk, and by T. W. Patton again as chairman of the finance committee. Much comment is made upon this supposed fact by persons who were not in sympathy with the re-form movement. In the first place Alderman H. Lamar Gudger is chairman of the finance committee. Again, Mayor Patton is merely an ex-officio member of the committee. And again, no check can be issued without authority of the Board.

Marriage Anniversary. There was a happy gathering yester-

day at the residence of James Buttrick, near Bingham Heights, the occasion ture" which he found therein. Alderman Jones moved that the city engineer make a written report to the Board on this avenue. Carried.

Drexel, Morgan & Co Announce Their Programme-A General Morigage Bond-There Will be Very Little Scaling-Prepared to Furnish \$25,000,000.

NEW YORK, May 23 .- The Richmond Terminal reorganization plan as given out today shows that that corporation will cease to exist as a security company. All the roads are to be merged into one railroad company. The floatng debt of the Richmond Terminal and the Richmond and Danville amounts in ound numbers to \$70,000,000, and although the banks and capitalists holding the same have agreed to extend it at six per cent. for two years, Drexel, Morgan & Co.'s plan provides for the raising of money to pay it off by assessment on junior securities There will be a general mortgage bond, secured by a blanket mortgage on all properties included in the new system. The receivers of the East Tennessee have

have acquiesced in the plan.

All high grade bonds of Richmond Terminal, Richmond & Danville and the Virginia Midland will be well protected and the only scaling will be the unler-lying securities of each property. There will be two classes of stock, preferred and common. A syndicate is prepared to underwrite the plan and furnish \$25,-000,000 if necessary.

Woody Doesn't Drink. C. W. Burton, of Yancey county, who

is in the city today, tells THE CITIZEN that the item concerning the killing of McAlister by Sheriff Woody of Yancey, which item was reprinted from the Ba-kersville News, is totally untrue. The News' story said that the shooting was done by Woody while he was drunk and that it was unjustifiable. Mr. Burton says McAlister had told the sheriff the day before the shooting that he would not be arrested, and on the day of the shoot ing McAlister advanced on the shooting McAlister advanced on the sheriff with knife drawn threatening to kill him, and it was then that Woody shot him. Mr. Burton says further that A. C. McAlister, a brother of the man killed, says the killing was justifiable. Regarding the story that Woody was

drunk, Mr. Burton says the sheriff does not drink. As soon as the killing oc curred he gave a \$5,000 bond, his sure ties being G. D. Ray and Wesley Hig gins, two of Yancey's best citizens, and is pressing for a trial at this week's term
