

A.R.

Now Has a More Useful Look.

Water supply was running this morning and continued so until about noon. This is the first time in many days that thirsty Asheville has had so prolonged an opportunity of wetting its whistle.

Mayor Patton in a talk with the citizens this morning was hopeful of a very decided improvement in water matters within the next two or three days. The new water pump is at work and doing very good service, although it cannot be run at its guaranteed speed because of its being connected with the 10 inch main. The pump's regular speed when connected with the new 16-inch main will be 26 revolutions a minute as against 19 at present, and when running up to its capacity, is guaranteed to force into the city 750,000 gallons of water every 24 hours.

The new 16-inch main is now being connected by Contractor Kelly, with the old 10-inch main near Beaumont gap. This work will perhaps be completed by noon tomorrow, when the new pump will be connected with the larger main, and can then be run up to its guaranteed speed. After the connection is made it will require several hours for the pump to fill the pipe, and then several hours must be allowed for the pumping of the "head" into the reservoir. In Mayor Patton's opinion the situation will be greatly improved by Sunday morning. It must be thought, however, that there will surely be an abundant quantity of water by Sunday, although it is expected that by the proper care against any unnecessary waste, the city will have a reasonably good supply.

The new steam pump will be ready for work early next week and Mayor Patton has ordered a car load of coal with which to run this pump. It has a pumping capacity of 1,250,000 gallons every 24 hours, and, if no accident happens, Asheville will soon have a sufficiency of water.

In the meantime, however, see that you allow no waste.

FOR THE THIRTIETH

The G. A. R. Extends Thanks For Contributions.

EDITOR THE CITIZEN:—Marion Roberts Post G. A. R. tenders their sincere thanks to the following gentlemen for their contributions for Decoration day, which is all we have received for that day: G. W. Pack, \$10; Mr. Sampson, \$5; Mr. Houghtaling, \$5; Col. C. W. Woolsey, \$2.50; Mr. Shook, \$1; Mr. McCall, \$1.

We wish to thank all the ladies of Asheville to furnish all the flowers they can, free, and those who cannot do this, we will pay. We will have four laborers at Newton academy cemetery Monday morning to mound up the four Union soldiers' graves there, and the 37 Confederate graves also, and if the Confederates desire to assist in dressing them up we will be very glad—otherwise we will have to put more laborers on.

We would be glad if all the school children and ladies would help to spread the flowers. The 30th is a national holiday and we think all the business houses should close from 10 a. m. to 4 p. m. There is no reason why all the Sunday schools should not be with us. We will furnish flags for every child that goes. We will also have some good address what does THE CITIZEN think about it?

W. H. Deaver, Post Commander.

IN THE REALTY WORLD.

ART EXHIBIT.

Work of the Female College Students Judged Today.

The annual exhibit of art in oil and crayon work by pupils of the Asheville Female college was judged by the art committee at the college today. The display contains fourteen groups with eighty-eight subjects. The judges were F. A. Hall, J. P. Sawyer and W. F. Randolph, and their award will be made public at the graduating exercises on next Tuesday. The entertainment by the elocution and music classes of the college will take place this evening in the college chapel. A select program has been chosen and the public is invited to be present without charge.

Another Sore Building.

Capt. M. J. Fagg is to build a brick store house on his property at the intersection of North Main street and Merrimon avenue. The building will be 27x60 feet, with two stories and basement. The basement walls will be of stone and the remainder of brick. Work on the foundation has already begun, and the store will soon be built. Capt. J. A. Wagner will superintend the construction of the building.

Y. M. C. A. Notes.

The juniors of the Y. M. C. A. will hold their regular meeting this evening at the rooms of the association. The bathers at the Y. M. C. A. have been very much interfered with by scarcity of water recently, but water is promised for tomorrow, when it is hoped that men may wash and be clean.

An Opportunity While it Lasts.

After July 1, 1893, the original 10 cent fare between the depot and Sulphur Springs will be resumed. Until that date the round trip from postoffice 25 cents. Open car until 6:30 p. m. See schedule. J. D. CARRIER, May 26, 1893, Secretary.

To Advertisers.

To insure change of advertisements running on regular contract, copy must be handed in by 10 o'clock a. m. Cream and alpen coats and vests at cost, at J. D. Brevard's.

The citizens of Asheville drink the water of the Swannanoa river. If that water is impure, it must be conceded that the ice taken from its surface is likewise impure. BUT if there is danger in the ice, it is a patent fact that there is awful danger in the limpid, sparkling water itself, and the incoming administration should hasten to provide a new untainted supply from an undefiled source. Meanwhile the anxious and perspiring citizens can obtain pure, wholesome ice, BOTH NATURAL AND MANUFACTURED, at reasonable and seasonable rates from only THE CAROLINA ICE AND COAL COMPANY, No. 39 Patton Avenue. Telephone, 130.

THE EMPORIUM Is crowded day and night—every department rushing, from West College street to Patton avenue, from basement to third floor; a perfect jam; business 50 per cent in advance of any season we ever had in Asheville. The public has discovered the superlative quality of our goods, our improved methods of business, our every effort to please, our talented assistants, our immense stock and our low prices; they have discovered also that anything comes from Minnaugh's has the stamp of style about it. Off styles are as much avoided as bad debts in this establishment. Our Dressmaking Department is already a success. Worth, the renowned dressmaker of today, would be jealous were he to see some of the lovely gowns turned out by our modiste, Miss Haupt. Our Millinery are styles exclusively our own. We have shapes and colorings, you cannot find anywhere South. No more complete department to be found anywhere. Miss Driver is not only a trimmer of talent but a designer. Nearly everybody prefers her hats to the French patterns. Our prices range for nice goods from \$5 to \$40. Our Dry Goods and Notions are the largest and finest collection in North Carolina. No bombast; we can prove every word of it. 'Tis known in business circles in New York we buy the finest goods South except Atlanta and New Orleans. More fine stuff here than this town can show collectively. Our Kid Gloves, new Parasols and Sunshades, new Dress Goods and Trimmings, Silk and Laundered Shirt Waists and new Eaton Suits will command a great deal of attraction this week. Our Special Sale of Silks will surprise everybody Monday; 33 inches wide, beautiful designs; our price will be 80 cents as long as they last. Respectfully, F. P. MIMNAUGH Our Ladies' Hair Dressing parlor is business, Miss Smith is quite an art!
