City Clerk Young's resignation was offered, and Mayor Patton stated that, as the term as recorder of Mr. Miller, the clerk-elect, would not expire until the 15th of June, he, the Mayor, would be glad if he were given authority to be glad if he were given authority to employ the help necessary to keep the books in proper shape until Mr. Miller can take hold. Mr. Starnes moved that Mr. Young's resignation be made effective on the 15th. This was seconded by Mr. Cosby. Mr. Jones did not want it this way and moved as a substitute for Mr. Starnes' motion that the resignation be accented and that the Mayor be inbe accepted and that the Mayor be in-vested with power to make the necessary arrangements in the premises. Mayor Patton said he had a great deal of respect for Col. Young, and esteemed him highly as a friend, but the fact of the business was, he wanted a man who could keep up with the work of the office The minutes of Friday's meeting he said, had not been made up, and, while he had all respect, etc., i.e thought the clerk should not get behind with the minutes,

very important feature. Col. Young explained that the minutes were necessarily very long and that, on account of his other duties (the clerk will have to do the work of two Boards for \$50 a month) he was unable to complete the minutes, although they were nearly ready. He stated that he pre-ferred, after what had been said, to have his resignation accepted at once, as his

official term was just expiring.

Alderman Jones here said that if the clerk could not do the work in the day time he should sit up nights with it, and stanter after what had been said. Mr. Jones said he meant no reflection on Col. Young, and the question on the adoption of the substitute was put, resulting in four ayes and two noes. Mr. Starnes called for a division; "for," said he, "I want to see if the Alderman who seconded my motion goes back on it." Ile saw that the vote stood: Aye, Jones, Cosby, Westall, Gadger; no, Starnes, J. M. Gudger, Then on motion of Mr. Jones it was ordered that Col. Young be compensated for any extra work he might do.

Emergency Clerk On Hand. This business disposed of, F. W. to duty, at the clerk's desk, by Mayor tled. Patton. Someone suggested at this juncture that a shorthand man would

be necessary to get down all of Mr. Jones' speeches. Postmaster Kerr asked proposals for sprinkling the streets about the government building and the removal of rubbish (this is not to be construed as a hit Carried. at the Republican employes) and ashes from the building. Referred to the street committee and the Board of Health with

power to act.
The bill of S. S. Lynch, ex-market keeper, was sent in and referred to the finance committee for a report. There is a difference between Mr. Lynch and the old Board as to the settlement of scales receipts a very first the settlement of scales receipts a very first the settlement of scales receipts a very first the width, etc., of Riverside Drive. lement of scales receipts a year or more

Mr. Starnes moved that hereafter all ommittees appointed with power to act hall at the meeting following their appointment make a report of their dispo pointment make a report of their dispo-sition of matters intrusted to them. This provoked a long discussion princi-pally between Messrs. Jones and J. M. Gudger, the latter declaring that "power to act" was a power that should never be exercised except in an emergency. He believed, as Mr. Jones did not, that "power to act" bound the body confer-ring that rower.

Bonds Iv. The official bond of H. C. Fagg, the

perintendent of water works was accepted, the sureties being: T. C. Brown, Jesse R. Starnes, M. J. Fagg, A. Rankin and John Frady.

City Clerk Young's bill of \$87.50 for services was ordered paid, if found correct by the finance committee. THE JOINT BOARD.

mittee had found some errors and had had the correct figures inserted in the minutes, instead of those first considered by the Board. Advisor Gwyn proceeded to make a very clear interpretation of "power to act," and thought the finance committee should have reported its action in the matter to the Board, leav-The day is a very frigid one that is not productive of something really lively in the meeting of the Board of Aldermen or utes. The figures should have been left the Joint Board—especially it Aldermen as ordered, and any correction might be Jones and Starnes are present. The latter does not seem to care a fig for the suggest, be left to the finance committee fact that neither he nor Alderman J. M. to pay if found correct. Advisor Gwyn fact that neither he nor Alderman J. M. then gave out some straight goods, sav-ing that the old rule should be followed, Gudger is consulted in the least degree by the Reform members when new offiby which the finance committee had to go through the bills before each meeting and "O. K." them. The present way was a slip-shod style of doing business,

and Mr. Gwyn was emphatic in saying so, though his remarks were not relished The contract between the city and the Southern Construction company for paving part of West Haywood, was read by Advisor Gwyn, and after some cross-motions from Aldernen Jones and Starnes the Mayor and Clerk were or-dered to confer with the city attorney little spice mixed with it, and nobody suffered. The Joint Board meeting was to have been held first, but the Aldermen (all present) met instead, in order to and sign the contract if found properly

drawn. Keeping Up The Lick.

Advisor Gwyn brought up the Patton ivenue question, which was started reregarding the procurement of license and came near letting the opportunity slip, but the Board kindly considered his peti-tion and granted the license on motion ently by a request from the contractors for a final estimate on the paving of the in groin. He is dangerous wounded and avenue. He wanted Aldermen Starnes, may die, evenue. He wanted Aldermen Starnes, of Mr. Starnes, in order that the petition might be taken before the County Com-J. M. Gudger and Jones to go over the avenue and make up their minds as to whether the work has been done according to contract, and made a motion to that effect.

Mr. Gudger said he would not vote for the final payment until the street committee and city engineer should say the work was done according to contract. He moved as a substitute for Advisor Gwyn's motion that the street committee be requested to say whether the contract had been properly carried out There was a strict party vote on this, Messrs. Starnes and J. M. Gudger being the only ones to vote aye. Mr. Gudger then rose, as he said, to a question not then rose, as he said, to a question not only of personal privilege but parliamentary politeness. He thought Mr. Gwyn's motion was extremely discourteous to the Mayor, in that it named the committee. He also said he would be out of town and could not work. He said he was in dead carnest and Mr. Gwyn modified his motion by leaving off the names of the committee. This carried and the chair appointed Advisor Gwyn and Aldermen Starnes and II. L. Gudger.

Gwyn and I H. L. Gudger. On motion of Alderman J. M. Gudger the mayor was instructed to confer with Contractor Kelly as to the material that should be kept on han'l for breaks in the pipe line and report to the Board. Streets Tendered.

Moyor Patton informed the Board that he had ordered Boyce & Burton, the sewer contractors, to stop work on Montford avenue, as it was found that the sewer with which it was expected to connect was a private line belonging to the Asheville Loan, Construction and clerk could not do the work in the day time he should sit up nights with it, and illustrated his point with an anecdote. Mr. Starnes moved about this time and he was hot sure enough! He called for the question, and thought it unusual for a man (Mr. Jones) to speak twice to get a second. Further, he did not blame Col. Young for wishing to resign init it desired to accept them. On motion of Advisor Gwyn City Engineer Lee was in structed to report grades, size of mains, etc., on the streets tendered. Then, on motion of J. M. Gudger, the street committee was instructed to confer with the company and learn just what it offered. The contractors were ordered to proceed

with the work of laying sewer. On motion of Advisor Gwyn the Mayo was given power to appoint an inspector of brick paving temporarily, upon nomination of the street committee.

The city engineer and water commit

A Change That Will Please Char lotte Street Residents.

An agreement has been entered into by the Sunset Mountain Land company and Receiver Lewis Maddux, of the Asheville Street railway company, whereby the Camp Patton line of the latter company It is for \$30,000 and the sureties are: M.
J. Fagg., J. P. Sawyer, J. A. Wagner and
D. S. Hildebrand.

J. L. Murray's bond for \$5,000 as superintendent of water works was point where the dummy line begins the ascent of the mountain, a distance of about a mile. The track heretofore used by the dummy down to Charlotte street will be used by the street cars, making the Camp Patton line nearly two miles in least. n length.

The extension has the approval o Judge Dick, to whom Receiver Maddux submitted the proposition. The material has been ordered and it is expected that the change will be made by July 1 Cars will then run at least every half hour, and if travel justifies it, every 15 minutes, connecting at the end of the lin with the dummy.

THE BIG FAIR

E. E. Eagan Talks About His Trip to the Expo.

E. E. Eagan, who returned Saturday from a two weeks' trip to the great fair at Chicago, gives a glowing account of what he saw at the exposition. He says that a person who has not seen the fair can form no idea of the vastness of the show, and nothing but a trip there will ever give such idea. Specially interesting, he says, were the build-ings devoted to manufactures and liberal arts, transportation and machinery. In the building first mentioned every nation on the globe vies with each other in the display of manufactured articles. Some idea of the scale on which this exhibit is made cam be had when it is stated that there are 44 agree of floor stated that there are 44 acres of floor space in the building. Of course, Mr. Eagan says, the visitors will pay most attention to the exhibit in which they are more directly interested because of their business, but no one who goes to the fair will leave without seeing the whole exhibition, for there is something new and interesting at every step h

On the 30th of May there were 137, 000 persons in the grounds, besides the 30,000 exhibitors and employes. But, notwithstanding this enormous crowd,

made against the Chicago people, Mr. Eagan says they are groundless. Of course, if the visitor chooses to do so, he can pay enormous prices for his living there, just as he can do in any city. But with \$100 a visitor can spend two weeks at the Fair and see something that will impress him for the remainder of his life. Mr. Eagan has been prevailed upon to give some of his Chicago experiences at the informal social in the parlor of the Y. M. C. A. Saturday evening. This will be an opportunity for young men con-templating a trip to Chicago to learn a great deal that will be really valuable to them. The association extends an invitation to all young men to hear this informal talk on an interesting theme.

IN HONOR OF MISS PORTER

A very happy occasion was the social given in Central church last evening by the Sunday school and Epworth League of that church, in honor of Miss Porter, who has shown such an interest in the music departments of these organiza tions. The program consisted of a trio between H. G. Chandler, Miss Alice Smith and Miss Porter; a guitar solo by DeWitt Brown; solo by Miss Porter, and a recitation by Miss Willie Ray Refreshments were served to all who attended. A handsome set of Dickens' works was presented to Miss Porter, in recognition of her work, the presentation address being made by Prof. P. P. Claxton. The social was a decided success and afforded great, enjoyment to those and afforded great enjoyment to those who gave it as well as to the lady in whose honor it was given.
