SPEAKING OF THE MARKET

AND, INCIDENTALLY, ON OTHER CITY MATTERS

Mayor Patton Gives Some Points That Will Interest Ashevilleans, Whether Straightouts or Reformers—Mr. Lynch's Case.

EDITOR THE CITIZEN:—You give the names of several men who signed a petition in favor of Mr. Lynch's re-election. Are you aware that many, perhaps most of these men after signing, went to the chairman of the market house committee and requested him to see that Mr. Lynch was not elected? I have been told that such is the case, and for the credit of these men will be very glad to have the report contradicted.

Indeed there is no greater evil now threatening the public than the loose way in which men, otherwise sincere, sign any application presented to them. Only a few Sundays ago while my brain was puzzled how to get water for Asheville, and how to protect the sanitary officers from arrest by riotous policemen, I looked with envy on an earnest man, disturbed by no such un-Godly meditations, but calmly going to Sunday school to teach boys and girls the words of "Sincerity and truth, but my envy disappeared next day when this same friend said to me: "I signed a petition for — as sanitary inspector, but of course I know you have more sense than to appoint him." I hunted up the petition and found it to certify that the applicant was well qualified for the position.

I am rather surprised to learn that the recent elections satisfy ex-Mayor Blanton, because I am told his only petition in favor of John Thomas Neighbors as policeman, and he certainly was not elected.

Now Mr. Editor is it not time for honest men to call a halt in this petition signing business? For one I think it is and I have that opinion of your good judgment, as to be surprised at your basing your criticism of yesterday on any such ground.

The fact is, as your reporter will state today [Tuesday's report of the Board meeting,] that good reasons existed for not electing Mr. Lynch. These reasons have been submitted to the market house committee to report, and I have no intention to forestall this report, but hope it will set Mr. Lynch in the position as an honorable man, which all ex-Confederate soldiers should maintain, and shall maintain if I can aid them to do so.

Now a word, Mr. Editor, as to your criticism of the recent election. You seem to object to Mr. Lynch because of his being a Republican. Please ask the Straightout Democrats whether or not they solicited Republican Harkins to be their candidate for mayor at the late election. If city officers I know not whether any man is a Democrat or a Republican; I only seek competent men. I do know that under the former administration I saw a number of negroes who had been arrested for gambling lodged in the largest and most comfortable room in the city prison, and passing away the Sunday by the aid of the warden; and I do know that I found at the same time white men shut up in a dark and comfortless cell; and I do know that at another time I saw a white man locked up, eating and sleeping in the same apartment with negroes; and with out asking Mr. Harkins as to his politics, I notify him now that should I ever see these things perpetrated by him, I shall certainly ask speedily for his resignation, but I am so well acquainted with Mr. Harkins that I have no fear of any such abominations existing in the city prison this year.

Now, why will you not criticize all things fairly? Let me suggest a plan. Reproduce a certain family tree which adorned your columns two years ago, and say this was the result of the Straightout Democratic administration and then publish the names of those elected last Friday, and I will endeavor to point among them to a single son or brother, and will advise you if you find any such among them to kick out the Reform Aldermen, as the Straightouts certainly deserve to be kicked out, when they disgraced Asheville by planting their genealogical tree of 1891. Very respectfully, T. W. Patton.

THE LYNCH CASE.

Differences Between the City and the Ex-Market Keeper.

THE CITIZEN understood from Alverman J. M. Gudge's statement to the Board on Monday that the Lynch case stands about this way: Two years ago or perhaps longer, Mr. Lynch was given charge of the city scales, the market house at that time being a thing of the future. Some sort of an arrangement was made, just what nobody seems to know absolutely, between the city and Mr. Lynch whereby he was to receive all or the greater portion of the receipts for a certain length of time. After this time the per cent, which Mr. Lynch was to receive was lessened. The old Board had the matter of settlement under consideration at various times, and after he was made market keeper he began paying into the treasury the per cent, which the city claimed was due it. Near the close of the old administration Mr. Lynch told the Board that he believed he had about finished his payments. The question was not settled then nor has it been settled so far, although it is now in the hands of a committee from the new Board.

THE CITIZEN talked with several prominent renters in the market yesterday with regard to their signatures on Mr. Lynch's petition. One said he had signed the petition and would do so again a dozen times over. Another said he had signed it mainly because he had sympathized with Mr. Lynch in his affliction, but he thought him a good man, though a little too fiery. A third said Mr. Lynch was a very good man, sometimes quick in temper, and that sympathy was one consideration when he signed the petition; any good man would suit this renter. The fourth man said he was not particular as to the Board's choice; that he and Mr. Lynch had always gotten along well together. One renter said he signed the petition because he wanted Mr. Lynch retained, because he was in the first place a good officer, and in the second place a man who needed the position.

Whole Block Burned.

SAN FRANCISCO, Cal., June 7.—At 3:45 this morning fire burned the whole block on Page street between Baker and Lyon streets. Two firemen were instantly killed by falling walls.

AT THE LYCEUM.

Col. A. T. Davidson's Address Last Evening.

There was a small crowd present at the Lyceum last evening to hear the address of Col. A. T. Davidson upon the Indians of Western North Carolina. It is a lamentable fact, but nevertheless true, that there is not that interest taken in the history and traditions of Western North Carolina that there should be. Col. Davidson's address consisted of a specially prepared paper, in which he related incidents within his own knowledge that illustrated the prominent characteristics of this now rapidly declining race, and also the reading of an article written by himself 40 years ago, relating a most touching story of Indian integrity and hardship at the time the tribe was removed from Western North Carolina to the West.

It was much enjoyed by those present, and would have been improved could it have been delivered extemporaneously instead of being reduced to manuscript, as much of the charm of Col. Davidson's reminiscences consist in the easy and fluent flow of language and the manifest feeling and sympathy shown by the narrator as the story pours out of his memory.

THE CITIZEN will publish as much of Col. Davidson's address as will fit in, and Friday as space will permit. It is to be hoped that it will be kept intact, and added to as the author has leisure, as there is much along this line that must increase in interest as time goes by, and will always constitute a valuable portion of the history of North Carolina.

GRADUATION EXERCISES.

Diplomas To The Kindergarten Normal Training Class.

The graduation exercises of the Normal Training class under the auspices of the Asheville Free Kindergarten association were held yesterday afternoon in the Sara Garrison kindergarten, the handsome gift of Geo. W. Pack to the association, on East street. The bad weather prevented many from attending but the few who were there thoroughly enjoyed the exercises.

A most comprehensive address was made by Prof. P. J. Claxton, president, setting forth very clearly the place the kindergarten is meant to fill in the educational world.

The work of the young ladies is so well worth seeing that the association has determined to keep the room open this and Thursday afternoon from 5 to 7 o'clock, and all are invited to go and see this part of what the normal class has accomplished in these two years' work.

The young ladies who received diplomas, which were presented by Prof. Claxton, are: Miss Laura Williams, Miss Annie Kerr, Miss Maggie Stockton, Miss Alice Stockton, Miss Winifred Turner, Miss Maggie Hall, Miss Hattie Scott, Miss Emma Clegg, Miss Laura Parish, Miss Maggie Smith, Miss Frances Gudge.

BRISTOL HIT BY WIND.

Two Men Injured and \$70,000 Worth of Property Ruined.

BRISTOL, Va., June 7.—A destructive cyclone visited this town Monday night, doing considerable damage to property and injuring two men, F. Clintwood and J. P. Koder. The damage to property is estimated at from \$70,000 to \$100,000.

Both the St. Lawrence and the Hamilton house were unroofed. In the latter house the guests were almost all retired, some were thrown from their beds while others had the rain to pour in upon them without the slightest warning. Men, women and children rushed down stairs in their night clothes, screaming and calling for mercy. Every light in the town suddenly went out, leaving everything in intense darkness.

The roof of the Norfolk and Western railway round house was blown off.

Business in the district part of the town is temporarily suspended. Linemen have been working all day to get the wires in shape, but it will be some time before electric cars can be run.

Fire Bug's Quercus Excuse.

WAACO, Texas, June 7.—Yesterday the jury investigating the origin of the recent extensive fires in this city, returned a verdict charging Rufus Bowen, Arvie Houston and Louis Powell, members of the fire department, with setting buildings on fire. Houston confessed to the charge and Bowen and Powell deny it. The only motive advanced is a desire to procure additional fire apparatus and larger force.

Negative News.

WASHINGTON, June 7.—Secretary Gresham has received no information from Minister Blount that warrants the conclusion, as asserted in some Honolulu letters, that he is prepared to endorse all that has been done in Hawaii, and that he is now strongly inclined to recommend at least the establishment of an United States protectorate over the Hawaiian islands.

So They Were Married.

WASHINGTON, June 7.—Jeanette, daughter of Major E. W. Hartford, formerly private secretary to President Harrison, was married today at Nottingham, Eng., to Edmund A. Benedict of New York.

A Case of Cholera.

PARIS, June 7.—A death from cholera occurred today at Nismes, capital of the department of Gard, where a death from a disease of a choleric nature was reported May 29.

Mrs. Davis Home.

RICHMOND, June 7.—Mrs. Jefferson Davis and her daughter, Miss Winnie, will, it is now pretty well settled, make their home in Richmond after a few months.

Wheat Puts Its Armour On.

CHICAGO, June 7.—P. D. Armour bought wheat yesterday, probably as much as 3,000,000 bushels, and an advance of over a cent a bushel was realized.

One Southern Appointment.

WASHINGTON, June 7.—Among the appointments in the Treasury today was W. G. Bradley, South Carolina, chief of division first comptroller's office.

EARLY BIRD DEPOSITORS

A LONG RUN ON A CHICAGO BANK.

The Doors Kept Open Till 11 a. m. To Pay Out Money To Depositors—The Fever Spreads To Other Banks.

CHICAGO, ILL., June 7.—It was not until after two o'clock yesterday morning that the Illinois trust and savings banks closed its doors after paying the last depositor that remained in line at that hour. This performance, it is said, broke the record, for the first time in this country, so far as is known that a bank has remained open after midnight in order to meet a run. As early as 7 o'clock, however, another batch of depositors had made their appearance, and they lounged against the walls or sat on the curbstone awaiting the regular hour for opening.

The Bank of Commerce, further up the street, as well as at the Dime Savings bank, the Union Trust and the Hibernal bank the same scenes were being enacted.

A BAD GANG.

The Robbers of The Bentonville, Ark., Bank.

BENTONVILLE, Ark., June 7.—Farmer Stone was wounded by the bank robbers Monday. He is still alive, but cannot recover. After three engagements with the robbers in which the sheriff's posse were worsted, the party returned home. The bandits are thought to be the remnants of the old Star gang. United States Marshall Coplen with a strong posse of men has the robbers surrounded and there is no escape for them.

The bank, though crippled, will make all accounts good. The stockholders have offered \$1,000 reward for the capture of the robbers, together with 50 per cent, of the money recovered. The robbers secured \$12,000.

BOOTH IS DEAD.

The Great Actor Died at The Players' Club.

NEW YORK, June 7.—Edwin Booth, the greatest actor of his time, quietly passed away at his apartments in the Players' club at 11:50 this morning.

TAR HELL TRACKS.

—Lenox Topic: Last Wednesday, about 5 p. m., the southbound C. & L. train just missed running over a little 3-year-old child on County trestle, four miles from Lenoir. The train approached the trestle on a curve and at down grade and the engineer was horrified to see the child about midway of the trestle. He blew brakes for all he was worth, but the child looked smilingly toward the pretty train. Provisionally the train stopped within five feet of the child.

—John Donahoe, an employe in the dye room at the Salisbury Cotton mills, was instantly killed Monday afternoon. He was on a step ladder putting a belt on a wheel when, it is supposed, his sleeve was caught by the belt and he was hurled over the shafting, tearing off his arm and mashing his head to pieces. Donahoe was a married man.

—Raleigh correspondence: All the talk about the killing of the fruit is now found to be silly. Trees are loaded, the reports state, and peach trees are breaking down. There is great improvement in all crops during the past eight days. Wheat is ripening fast, and the crop will be a splendid one all over the State.

—Red Springs Scotelman: A piece of steam pipe was found recently near Hotel Townsend which was thrown there at the time of the terrible explosion at the mill of the Red Springs Lumber company some months ago. The distance this pipe was thrown, which is six feet long, is about half a mile.

—Sanford Express: Mr. Archie McDuffie, of Fayetteville, who attended the school of Prof. John E. Kelly here some four years ago, has distinguished himself at Bellevue Hospital Medical College, New York, attaining the highest mark for proficiency of the one hundred and ten students examined.

—Governor Carr has commissioned the following officers of the First Brigade staff, all with the rank of major: Carl W. Jeffreys, assistant adjutant-general; Samuel M. Smith, quartermaster; Henry K. Nash, commissary; W. J. Griffin, assistant inspector-general.

—One day's shipments by rail and water from Newbern will return the truck men \$35,000.
