Williams went out at first. In the Ardens' half Charley Whitaker hit to right and Weaver stopped the ball but threw wild toward first. The runner took the chance for second and died there beautifully by Catcher Garri-son's throw. A double play by Williams Fletcher and Chambers retired Hemphi and Case and the side.

In the home boys' second Garrison Morris and Levy scored. The outs were by Fletcher, Weaver (struck out), and Alexander who was shut off at first by a neat stop by Case at second. Arde thought she would score on J. Whitaker right field fly but the runner was put out at third. Garrison knocked a ball to third and it traveled from Levy to first so quick that the runner might have saved himself the exertion had he known.

This made two goose nests the Ardens had found, and the crowd began to fear that the score might run into next week. The visitors, however, began picking up, and if they could not do much for them above statement is entirely fair and hon-

made another score for the visitors in

Just one was the size of the addition to Asheville's score in the seventh, the scorer being Lindsey. But the visitors couldn't even do this well, their balls meant business.

The eighth was opened by Levy knock ing a liner right into first's hands. Dick Weaver struck the ball a vicious spat, sending a soil-astonisher 'way out to acre or more. Three runs were piled up in this half, while the Ardens scored three before the White Wings could put out J Whitaker, J. Walker and Frank.

The ninth didn't help Asheville a bit, because the men went out double quick, two of them on a double play. The same sort of sauce, however, was dished out to the visitors, and the game ended, with five ciphers against Arden and three against Asheville. The score by innings

The return game will be played at Arden in a couple of weeks from now. The Arden boys lack team practice,

and with this will put up good ball. Will Walker's pitching was especially fine, he having struck out a number of Asheville's beaviest sluggers. Arden should also keep Charley Whitaker behind the bat.

Chambers, Williams and Levy were the outers. When Arden went to bat J. Walker and D. Whitaker hit the ball but were put out by a pretty double play by Alexander, Fletcher and Chambers. C. Whitaker scored and J. on all deposits of \$90 or under, and \$90

The fourth inning was stopped a few minutes by rain. Morris made the only score from Asheville. Weaver struck 30 days notice. There seems to be no doubt of the entire solvency of this bank and that it can meet every obligations. The greater portion of those were penniless dependent absolutely upon what charity might offer. Jas. Yesterday morning it was worse, and the town was almost surrounded by fire. About 2 o'clock the wind, which had been rising all the morning, began to blow a perfect gale, and the houses on the edge of the town began to burn. The people went mad. They attempted at first to save everything and began mov-ing the furniture. Then they tried to save the lighter articles, but as the fire Fletcher started 'round on four balls.

Forest fires have been raging all through Northern Wisconsin today The fire is likely to sweep on south and burn millions of feet of standing pine. The result of a year of enterprise on the Mesaba range has been wiped out in

Virginia, this State, and they were undoubtedly burned by yesterday's forest fires. Among them were the Mountain, the Iron, the New England, Rouchleau, One Jack and Poco mines. All the camps had large storehouses. It is leared some of the men may have perished in the forest fires.
