HANGED AN INNOCENT MAN. WHAT A MOB IS LIKELY ANY TIME TO DO. Connection of The Negro Miller With The Murder of The Ray Sisters Not Established—There Was No Blood on His Clothing. CAIRO, Ill., July 10.—It is now pretty generally conceded that C. J. Miller, the Springfield, Ill., mulatto who was hanged, shot and cremated at Bardwell, Ky., Friday afternoon, was executed upon the flimsiest of circumstantial evidence, or probably no evidence at all.

Miller's first examination was held at Wickliffe, Ky., Friday morning. It had been generally understood up to that time that there was blood on the clothing of the negro, and that a razor and large pocket knife which he carried were also covered with blood. It turns out that not one of those who were present at the examination was convinced in his own mind that there were blood stains on the knife and razor or his clothing.

At Bardwell after the man was dead there was no indication manifested. On the contrary, a sort of mental wet blanket seemed to settle down over the crowd. Two out of every three men cautiously expressed doubts as to the propriety of their action, and said they feared Miller might be lynched.

NEW ORLEANS, July 10.—Gov. Foster will today issue a proclamation through the press calling a meeting of the members of all the levee boards of the state, the levee boards of Arkansas and Mississippi and the United States engineers having in charge the levees in the Mississippi valley. The meeting will be held July 12 at the State capitol, Baton Rouge.

VICTORIA, B. C., July 10.—The Warrino arrived yesterday from Sydney, whence she had sailed June 19 with passengers and freight. She brings news from Hawaii that the provisional government is awaiting advices from Washington to Minister Thurston as to the treaty proposals with the United States, and will retain the present system of government until arrangements are made with the United States or some other power.

SALT LAKE CITY, Utah, July 10.—It has been discovered that Oscar F. Hill, cashier of the Commercial National bank of Ogden, is a defaulter to the amount of \$65,000, and the bank will close its doors and go into voluntary liquidation. The depositors will lose nothing, as the principal stockholders are among the strongest financial men in Ogden. Hill had been speculating.

WASHINGTON, July 10.—The July returns to the Department of Agriculture make the average condition of cotton \$2.7 against \$5.6 in June, showing a decline of nearly two points. State averages are: Virginia, 92; North Carolina, 81; South Carolina, 83; Georgia, 86; Florida, 96; Alabama, 80; Mississippi, 80; Louisiana, 84; Texas, 84; Arkansas, 80; Tennessee, 85.

ONE PERSON KILLED AND ANOTHER SERIOUSLY INJURED. CHATTANOOGA, July 10.—About a dozen members of the Tammany political organization, headed by Chief of Police Mitchell and Police Commissioner Heifey, took one of the city's patrol wagons yesterday morning, and drove to Chickamauga, where they intended to spend the day fishing and boating. About 12:30 a severe storm came up. Part of the crowd took refuge under the wagon and J. D. Crimmins and Mitchell, with an umbrella raised, got under a large tree. They had hardly become located when the wind tore the top of the huge tree from the trunk, and it came spinning to the ground with frightful velocity. It struck Crimmins on the top of the head and the limbs caught Mitchell. The former's head was frightfully mangled and the latter had two ribs and one wrist broken, his foot was badly mangled and he received severe cuts over the body.

ALL THE COURTS HITTING TILLMAN'S STATE BAR SCHEME. BALTIMORE, Md., July 10.—Gov. Tillman's liquor law received another black eye today when Judge Bond, of the United States Circuit court signed an order restraining the South Carolina State railroad commission from enforcing the latest issued schedules of rates on liquor. Hugh L. Bond, jr., representing the receivers of the Richmond and Danville railroad and liquor dealers who are testing the constitutionality of the obnoxious law, in his petition says that the act of December, 1892, allowing the railway commission of South Carolina to make arbitrary rates without permitting the railroads a hearing thereon is in violation of the constitution of the United States.

ANOTHER MINE CLOSED. And 8,000 Miners Are Now Idle in the Ishpeming District. ISHPEMING, Mich., July 10.—The Mayor of this city has recommended to the council the immediate stoppage of municipal work other than absolutely necessary, urging that all the money the city can raise will be required to support the idle miners and their families during the winter. The Winthrop mine was closed Saturday night and over 1,000 miners are now idle in Ishpeming alone, and 8,000 in the district.

The exports for the week were \$1,063,070, of which \$1,061,070 were silver and \$2,000 gold. All the silver went to Europe and all the gold to South America. The imports exclusive of specie at this port for the week were \$12,862,350, of which \$2,612,947 were dry goods and \$10,249,403 general merchandise.

600 IN AN ACCIDENT. CINCINNATI, July 10.—About 5:15 yesterday afternoon a Chesapeake and Ohio excursion train, with over 600 people aboard, ran into an open switch at Newport, Ky., and collided with a freight train with one and coal car. Albert Lang, of Covington, Ky., was killed and seven others were seriously injured. It is thought some vandal deliberately opened the switch. The Chesapeake and Ohio authorities are making a thorough investigation.

A FIGHT POSTPONED. NEW YORK, July 10.—The famous middle weight Jack Dempsey and Billy Smith will not fight on July 24 to contend for the championship of their class and a \$6,000 purse. The Coney Island Athletic club's board of directors decided to postpone the event because they have no proof that the men are in proper condition.

Whitehead, State Commissioner of Agriculture, has accepted an invitation to address the convention of commissioners of agriculture held in Atlanta July 19, the subject being a uniform law for the control and inspection of fertilizers. THE TRADE HAYES MADE HOW HE GOT THE LOUISIANA VOTE. Ex-Gov. Chamberlain Gives Some Inside History of a Very Interesting Period—Time For Others To Talk. CHARLESTON, S. C., June 10.—At the recent Congress of Charities in Chicago, Frederick H. Wines delivered a memorial address in honor of ex-President Hayes, in which he sought to defend Hayes from the charge that he was made President in pursuance of a bargain to remove the troops from Louisiana and South Carolina. The News and Courier today has a letter from ex-Gov. Chamberlain denying the truth of Wines' statement and asserting that there was a bargain of which Hayes was cognizant. He concludes his paper as follows: "I have the evidence of no less than five of those who took part in the Wornley Conference, who have told me in detail the terms of an agreement or understanding reached between Hayes and Wines' friends, one or both, and the shrewd, long headed men of the South, for removal of the troops. I have seen and read two written memoranda of this agreement or understanding, and I know that those memoranda and other memoranda to the same effect are now in existence which will some day set at rest all doubts of the fact that Hayes was either by himself or by his friends, or by both, a party in every sense of the word to an agreement whereby the support of his claims to the Presidency was to be rewarded or paid for by the removal of the troops, as it was, in fact, rewarded or paid for."

\$100 AND A MEDAL. An Asheville Man Captures a Prize in Chicago. Captain J. W. Glaser has returned from the Windy City, where he has been for the past three months. While in Chicago Captain Glaser held the position of manager and head waiter in a large restaurant in the German village in the World's Fair grounds. Last Thursday night there was a contest at this restaurant, participated in by about 6,000 waiters, at which a \$100 bill and a beautiful gold medal were offered to the waiter who was decided by the referees to be the most efficient, quickness, grace, etc., being taken into consideration. The money and the medal were awarded to Capt. Glaser, and he is proud of the fact. The medal is on exhibition at his musical instrument store, No. 26 North Main street.

GROVER CLEVELAND, CITIZEN. From "An Englishman's Impressions at the Fair," July Review of Reviews. Making allowance for a peculiarity in cheering, no royal personage could have been more rapturously received than was the plain citizen, Grover Cleveland. In the simple morning dress of the ordinary citizen, without ribbon, or medal, or other decoration on his breast, with nothing in his garb to distinguish him from other men, this ruler of more than three score million men stood out in instructive contrast to the brilliantly adorned representatives of European royalty behind him. It was an object lesson which could hardly be lost on the hundreds present from monarchical states.

He recovered from the fall and caught the mules which had torn the wagon to pieces, and drove them to the nearest house, telling those he met that his skull was fractured, that he would die, and wanted to be carried home to die with his family. There he died. —Shelby Review: Farmers are said to be disappointed at the "turnout" of the wheat that has been threshed so far this year. The nest contained nine hen eggs and three partridge eggs. —Shelby Review: A correspondent writes us from Bladen county that a fearful hail storm swept across that county some days ago. Messrs. Gillam & McCoy, of that place, close a trade for about two million feet near Greenville. —Bakersville News: Miss Mollie Pritchard, of Asheville, is on a visit to her brother, Geo. K. Pritchard.—Woodfin Slagle, who has been in the Racket store at Asheville for some time, is on a visit to home folks. —Two white men employed in the lumber yards of the Golden Valley company in Rutherford county were overcome by heat Wednesday, and it is feared both will die. —Maxton Union and Scottish Chief: The raising of goats seems to be a growing industry. We noticed on our recent trip through the sand hills many herds. —Shelby Review: Mr. R. S. Ellis has sold his plantation, five miles south of town, to Capt. Albert Wesson.
