In The Board of Aldermen An Amendment is Introduced Allowing The Sale of Newspapers and Cigars on The Sabbath-More Paving.

The Joint Board was a half hour, late in starting yesterday afternoon, and even then the meetings of both Boards were concluded before six o'clock, a condition of things most unusual. The Joint Board transacted business as follows:

The Mayor, city engineer and street committee were instructed to purchase, if advisable, 25,000 bricks and 40 barrels of pitch which the Southern Construction company had left over from the paving work.

A small brick wall was ordered built in front of A. L. Wiley's property on Park avenue.

On the recommendation of the street committee it was decided to pave with brick that portion of Haywood street from Patton avenue to West College street, and the strip of street between the brick and granite paving on the south side of the court house. The first will cost about \$800 and the latter about \$450. The Haywood street will be similar to that on Church street, while a new wrinkle will be tried on the court place work. There will be no crushed stone foundation—simply a bed of sand on ground, well rolled, and the bricks covered with a coating of pitch.

Alderman J. M. Gudger seemed surprised at the Board's voting to do this work, as he said he had made a similar motion two weeks ago and it had been killed. With a significant wink at the Chief Rich he remarked: "Oh, I favored it, but I haven't forgotten it so soon. He has an animated, good-natured discussion on the subject with Advisors Gwyn and Millard when the Joint Board adjourned.

Bills were ordered paid as follows: Frank B. Bond, \$212.03; Webb & Oates, \$12.24; Corn & Troy, \$195.95; Buncombe Brick & Tile Co., \$114.75; P. Stickleather, \$10.50; street payroll, \$357.10; W. H. Westall, \$19.50.

The Big Six (with four present) looked after the following items of business:

These names were proposed by Fire Chief Rich for addition to the membership rolls of the fire department, and the names were accordingly ordered enrolled: Hose company No. 1, J. N. Rogers, F. F. Howell, Joe Stevens, John Neely and C. A. Smith; Hook and Ladder company No. 1, Wm. Otter and Milton Hudson.

The proposition of Superintendent John P. Arthur to furnish four lights for the market house for \$10 a month was accepted. The lights burn only on Saturday nights.

C. A. Moore esq., asked for Receiver C. H. Southwick of the Glen Rock, permission to pay liquor license monthly in advance instead of for six months. Request not granted.

The Mayor, chairman of the street committee and the city attorney were instructed to confer with Dr. J. A. Burroughs with a view to compromising with him on the matter of his appeal from the report of the jury on the widening of North Main street.

It was decided to connect the city's sewer on Montford avenue with the sewer laid by the Asheville Loan, Construction and Improvement company. The "blue laws" were brought up by J. D. Murphy, esq., representing L. Blomberg. Mr. Murphy asked that the Sunday closing ordinance be so amended as to allow the sale of newspapers, cigars and cigarettes on the Sabbath. Mr. Murphy drew an eloquent picture of the distress of an Asheville man in New York on Sunday and being unable to get THE CITIZEN. The case of a New York man in Asheville was similar, and Mr. Murphy hoped to see the law changed.

Alderman Westall believed in the Sabbath as a day of rest, but thought the sale of newspapers and soda water should not be restricted on that day. Alderman H. L. Gudger introduced a resolution amending the ordinance so as to allow the sale of newspapers, periodicals and cigars. J. M. Gudger seconded it, and the vote stood: Aye, J. M. Gudger, H. L. Gudger, J. M. Westall, no, B. H. Cosby. A motion to suspend the rules and pass the amendment on its several readings was made, but Mr. Cosby objected and it went over.

The recommendation of the street committee, that the Asheville Street Railway company's request for permission to extend its Valley street line be granted, was referred to Alderman Jones and City Attorney Sandley.

The following bills were ordered paid: Penniman Bros., \$9.98; sanitary department (west district) \$38.71 (east district, \$58.25); J. V. Sevier, \$3; Powell & Snider, \$20.93; J. H. Boardman, \$15.65; fire department, \$1; B. Burnett, \$2.50; water department, \$18.75; J. J. Mackey, \$6.70; Strout Barrel-Closure Co., \$60; West Asheville Improvement Co., \$463.88.

Mrs. Tatum Buried at Knoxville. Mrs. Minerva Tatum, whose death in Knoxville was noted in THE CITIZEN, was buried yesterday morning at Knoxville. The Sentinel says: "Mrs. Tatum was well known in Knoxville, having been for more than twenty years connected with church and benevolent work in this city. She served first as home missionary for Church Street Methodist church and Sunday school. She was afterwards matron of the Girls' Industrial home. It was largely through her efforts that the new church building on the site of the old Methodist Hill church was erected in 1885. She continued in active work up to about a year ago, when she became too feeble to longer carry on her works of charity and mercy."

A Great Meeting Tomorrow. One of the most important meetings in the Y. M. C. A. series in the opera house will be held tomorrow, when Dr. H. M. Wharton, the distinguished evangelist and singer, will be present to speak and possibly sing. Dr. Wharton was formerly a lawyer of known ability, but for a number of years has been one of the most noted preachers in the South. His addresses are attractive and powerful, and he is gifted with unusual magnetism which holds and influences his audiences. The musical part of the meeting will also be an influential feature. Cards of admission may be had free on application at the Y. M. C. A.

INTERESTING STATISTICS

250,000 Gallons of Water Used in Asheville in Five Hours.

Every citizen of Asheville who takes an interest in the city's affairs will be further interested by a statement concerning the consumption of water by renters in Asheville, the facts coming from Mayer Patton, who has given the water question much study.

At midnight last night there were 250,000 gallons of water stored in the reservoir and standpipe. At 5 o'clock this morning this amount had been entirely used up. A little calculation on these figures show that at this rate the consumers were using water at the rate of nearly 100 gallons a day for every man, woman and child in Asheville. And this too during the early hours of the morning, when the consumption would seem to be less than at any time of the day or night.

The figures show that there is excessive waste of the water that it has cost thousands to turn into the city, and is another strong argument for the meter system. A few meters have been put in here and the Board is well pleased with their working. Alderman Westall tells of one livery stable that put in a meter in preference to paying new rates as fixed by the Board. After a few days work it was found that the water used would cost the owners of the stable \$1.75 a day if the usual rate of consumption was kept up. The meter rate fixed by the Board is 25 cents a thousand gallons. Where consumers prefer, the authorities place a meter in the building and make charges only by the registry of the machine.

THE WAR IN SIAM

Another French Gunboat—Better Feeling Prevails.

BANGKOK, July 15.—The French gunboat Forfait arrived at the bar at the mouth of the Menam river today. This is the fourth French warship to arrive. The Forfait saluted the British cruiser Baltas, lying off the bar and her salute was returned by the British warship.

A better feeling now prevails in the city. The French Captain Leroux has been within two days' journey of Battambang, a village on the Gulf of Siam to the southeast of Bangkok. He is in command of the party that is conquering the rebellious Annamese who were recently captured by the French at Khong.

BRAZILIAN REVOLUTION.

It Will Be Suppressed by The Legal Forces.

LONDON, July 15.—A telegram from Montevideo received here today states that the members of the Brazilian ministry replying to a question asked in the Chamber of Deputies regarding the situation in Rio Grande do Sul said Admiral Wandenkolk, leader of the insurgent naval force, who is now blockading the port of Rio Grande do Sul with the steamer Jupiter, will shortly be attacked by the loyal fleet. The despatch further says the Chamber of Deputies has voted confidence in the ministry. Public opinion in Rio de Janeiro is favorable to the cabinet government.

A SHERIFF ROBBED.

He Was a Bad Marksman, and Said \$12.

MEMPHIS, Tenn., July 15.—Sheriff Warner of Crittenden county, Ark., left here late last night on an Iron Mountain train. Just across the river he stepped on the platform, when some unknown person shot at him. Sheriff Warner in return, pulled his gun and let go, but the assailant landed a second shot in the sheriff's right arm. The assailant then fled, but the sheriff followed and his gun fell from his grasp. The robber then went through him for \$12 and escaped.

The Sheriff is now at a hotel in this city where the doctors are dressing his wounds.

Their Doors Closed.

STARKVILLE, Miss., July 15.—The First National bank closed its doors yesterday. Its depositors will be paid in full. CARMEL, Ill., July 15.—The old banking house of Hayes & Webb made a general assignment yesterday. Assets, \$216,297; liabilities \$180,000.

Hanged for His Crime.

VINCENNES, Ind., July 15.—Allen Butler, a wealthy colored man of Lawrence county was found hanging by his neck dead at an early hour Thursday. It is believed he was hanged by a mob. He had a wife and child about 15 years of age working for him. His son became intimate with the girl and the father performed an operation on her. This became known and the lynching is doubtless the result.

Killed The Judge.

CITY OF MEXICO, July 15.—In the court room at Tabasco Thursday, an outlaw named San Francisco Rodriguez, was tried and found guilty and the judge had just finished reading the sentence when the prisoner drew a pistol and discharged it at the magistrate, killing him instantly.

An Insurance Agent Skips.

RICHMOND, Ind., July 13.—M. B. Howard, representing the Mutual Endowment Insurance company, of Waterloo, has fled the city, leaving large bills unpaid. Policy holders here they have been swindled. He is at \$500,000 worth of insurance in this territory.

The Georgia Central.

NEW YORK, July 15.—The attempt to re-organize the Georgia Central railroad is to be abandoned and a circular to that effect, signed by the reorganization committee will be sent out to the security holders.

Left The Walls Only.

RICHMOND, July 15.—A fire last night completely gutted the large four story building, 1016 East Main street. It was occupied by Leitwick Bros., art dealers, and W. R. Harwood, ticket broker.

STRUCK BY LIGHTNING

STATE SENATOR GREEN BADLY SHOCKED.

A Furious Electric Storm Near Raleigh sets a Dwelling House on Fire and Injures The Inmates.

RALEIGH, N. C., July 15.—Last evening, in the midst of a furious lightning storm, the dwelling house of State Senator Green at Wakefield was struck by lightning. In the house were Senator Green and wife and Mr. Purnell and wife. Mrs. Green had taken refuge on a bed and escaped injury. The others were in the sitting rooms. Green was badly injured and is unconscious. Purnell's left arm was paralyzed.

The dwelling was fired by the lightning and Purnell with difficulty was rescued unconscious.

H. I. HARRIS DROWNED.

He Was Assistant State Geologist of North Carolina.

RALEIGH, N. C., July 15.—Hunter L. Harris, assistant State geologist, was drowned while bathing Thursday evening near Little River Academy, Cumberland county. He got into an eddy of the river and could not swim.

State Geologist Holmes went to his aid with a log, which reached Harris and supported him. Holmes finding that he could not make the log swim to the shore for a plank. Before he could return Harris lost his hold on the log and disappeared. He was 26 years old, a man of culture and ability.

THIS READS BETTER.

Banks Resuming and Not on Borrowed Money.

WASHINGTON, July 15.—The comptroller of currency has authorized the First National bank of Los Angeles, California; the National bank of Commerce of Provo, Utah, and the Second National bank of Ashland, Kentucky, to resume business.

All these banks have resumed with plenty of money, none of which was borrowed, but obtained by the collections of amounts due on notes, or supplied by directors.

SIX WERE KILLED.

A Train Goes Over a Precipice in Northern Spain.

MADRID, July 15.—A despatch from Bilbao, the capital of the province of Biscaya, northern Spain, states that a terrible railroad accident occurred in that province last night. A train consisting of a locomotive and six carriages while rounding a sharp curve in the mountains ran off the track and went over a high precipice. Six persons were killed and 30 seriously injured.

SILVER MEN.

The California Kind Want the White Metal Remonetized.

SAN FRANCISCO, July 15.—A meeting of the prominent silver men of the State was held here last night. A resolution was adopted favoring the restoration of silver to the position it occupied as a money metal previous to the demonetization of 1873. Another meeting will be held next week for the purpose of electing a delegate to the silver convention at Chicago.

NAPHTHA EXPLOSION.

Harris' Lithia Water.

Harris' Lithia Springs, S. C.

Office of Dr. John Hey Williams, Asheville, N. C., April 24, 1893.

An extended use of Harris' Lithia Water, prompts me to the statement that I regard it as one of the best, if not the very best Lithia waters known to the profession. In the condition of "phosphatic urine" its action is marvelous. Its use in the rheumatic and gouty diathesis, affords me more comfort than either the Buffalo or Londonderry waters. Very truly yours,

(Signed) JNO. HEY WILLIAMS, M. D.

R. P. Walker testifies:

I have used Harris' Lithia Water and when using same was both pleased and benefited. In using it liberal quantities should be taken, for my experience teaches me that small amounts are disappointing, whereas a generous use is followed by most gratifying results. Yours truly,

(Signed) R. P. WALKER.

STILL ANOTHER.

Asheville, N. C., April 14, 1893.

I am glad to be able to say a word with regard to Harris' Lithia Water. I have used it with the greatest possible benefit in chronic rheumatism. As compared with the Buffalo Lithia, I find it quicker and it requires less quantity. It has my hearty endorsement. Very truly yours,

(Signed) MRS. T. W. BRANCH.

These are all bonafide letters from people who know and have confidence in their statements. Analysis on each bottle.
