## THE CHRISTIAN'S JOURNEY

REWARD THAT COMES TO BELIEVERS IN JESUS.

### Dr. Wharton's Sermon Last Evening From the Text Num. 10:29.—The Meeting to Close Tomorrow Evening.

There was, doubtless, the largest congregation at the First Baptist church last evening that has attended the evening revival meetings since Dr. Wharton began preaching. All available space in the aisles was filled and the gallery was crowded. Dr. Wharton told the old, old story in his usual powerful style and with good result. His sermon was from the text:

"We are journeying unto the place of which the Lord said, 'I will give it you; I will give it you; I will give it you.'—Num. 10:29.

"We are journeying, friends, said Dr. Wharton, 'there is no doubt of that. Here we are 24 hours nearer the grave than we were this time last night. The grave and what then? The scientists have long been disputing about what man came from. Why, that does not make any difference. We are here. The question is, where are we going? If you ask the christian whether he is going, there is not one here tonight but will tell you he is on the way to heaven. Ask those who are not christians and they will tell you they do not know. They are like a blindfolded man rolling a wheelbarrow, they have no idea where they are going.

"We are better than the sinners in our hope. Your only hope is in your own poor little puny self. The christian will tell you

"My hope is built on nothing less than Jesus and his righteousness.

"We are better than you in our promises. It is said that there are no less than 60,000 promises in the Bible. Were I the weakest christian in the house tonight I would not exchange places with the strongest worldly man in the world. The devil will try to get you off from God's promise whenever he can. Don't let him do that, my friend. We have God's promise and that is the only way to heaven. Don't go out into the world and then come here with your hypocritical mask on and think you can fool God. You may fool the church, but you cannot fool God.

"There are many weak christians in the world, but the weakest of them would not exchange the hope that is in him for all the world. There is not money enough on earth to buy it from him. Christianity is the most unselfish thing you can find anywhere. It does not get up a German and invite a select few, with their swallowtail coats and so on. That is selfishness. God swings the doors of heaven and the one who soever will may come. That is unselfishness.

"Do you know I believe the gospel can be put into two words: 'Come and Go.' Come to Jesus, receive Him, believe on Him, and then go everywhere laboring for Him. Come, young man, away from the life you are living. It will rain you, come out into the open air in which you have been traveling away from God—come to Him. 'Come with us and we will do thee good.' The best people in the world are christians. I want to live with them always. Come with us and you will do us good. You will add strength to the church. Now, you are lending your influence to the world, as you are today who was asked if he had been to these meetings. 'No,' he said, 'my wife goes for both of us. It reminds me of the story of the man who made the same excuse. He dreamed that he died and went to the gates of heaven and asked to be admitted when he was told 'Your wife has gone in for both of you. We want your help and work. It is a hard, hard fight these days against the enemy.

"If you don't feel sure about being a christian just when you are trying to bring a soul to Christ and you will be the happiest christian you ever saw. It is the best thing in the world to do—every day trying to save some one to Christ. You will find that the light will do you good. Some people go about flaunting before the world the declaration 'I am an infidel.' I don't believe there is a real infidel in the world. I don't believe Bob Ingersoll is an infidel. Read his oration over the grave of his dead brother and his remarks at the Wait Whitman banquet in Philadelphia. He said Ingersoll is going up and down the country undermining religion wherever he can.

"Every day brings us nearer the grave. Don't forget that when the last hour shall come it will be the happiest day of the christian's life. You will be stepping into that land of which the Lord said, 'I will give it you.' By and by the light will be over and the victory won. It will be well with you if you take Jesus as your Savior. Will you do so tonight? God help you to accept Him."

The invitation was accepted by many persons who desired to come out on the Lord's side.

Dr. Wharton has five appointments for tomorrow, as follows: In the morning at 10:30 he will talk to the Sunday school; at 11 he will preach the regular morning sermon; at 3:30 p. m. there will be a mass meeting for all, to which the children of the city Sunday schools are specially invited; at 4:30 he will make an address to young men at the Grand opera house under the auspices of the Y. M. C. A., and at 8:30 he will preach his last sermon of the revival at the First Baptist church.

### HE HAD CUT HIS THROAT.

But the Hanging Occurred All the Same.

### After 24 Years.

## GOOD-SIZED HAUL.

Thieves Get Some of Uncle Sam's Money at Alexander.

The postoffice at Alexander, ten miles north of Asheville, was robbed on Thursday night. As near as has been obtained the thieves got \$203.29 belonging to the money funds, \$7 or \$8 postal money, and about \$28 worth of postage stamps. In addition to this the thief got four watches, some tobacco, about a dozen boxes of sardines, and a few other small articles.

The bulk of the money was kept in a case used by the postmaster for the money order funds. Entrance was made through a window, by prying the blind off and entering through a broken window pane.

The postmaster, D. J. Hunsucker, was at home sick, and had not been at the office for more than a week.

The deputy postmaster, W. L. Kuykendall, was also absent, having been summoned to Henderson county to attend a trial.

Mr. Kuykendall's wife spent the night at her brother-in-law's, nearly a mile away from the office, and did not know of the robbery until Friday morning.

The authorities in Washington have been notified of the robbery.

Two negroes and two white men, supposed to be tramps, were seen about the neighborhood on Thursday evening. This is the only clue given as to who committed the robbery.

### N. & C. INSTITUTE.

The Second Session Opens On September 13.

The second session of the Normal and Collegiate institute, located in the beautiful suburb of Victoria will open Sept. 13. The first year of its history was a very successful one. The enrollment of pupils was 138, and of these 123 were boarders. The promises made in the modest circular given to the public one year ago have been more than fulfilled, and the management can now look confidently forward to a prosperous future.

The aim of the institute is to provide solid and thorough training in each department, under teachers competent and qualified to use the best modern methods. The terms are placed at the lowest practicable figures, that the advantages offered may be within the reach of the larger number, especially those who are desirous of becoming teachers, and all others who may find it impossible to avail themselves of like privileges in connection with more expensive institutions. The institute is pre-eminently a christian school and its paramount object the development of christian character.

Those desirous of sending their daughters to school would do well to consult the card of the institute in another column of THE CITIZEN today.

### BACK FROM CHARLESTON.

Excursionists See a Rowboat Named for Bill Nye.

Foreman R. C. Frank and W. T. Herriage, of THE CITIZEN'S typographical force, returned yesterday afternoon from Charleston, where they went on Capt. Ramsey's excursion, made up of 13 coaches all of them pulled by the Maffeo. They report a pleasant time in the City by the Sea. Charleston was new to the majority of the excursionists, but they felt at home when, in taking a trip to Solihull Island, they saw a rowboat on which were painted in great big letters the name "Bill Nye." When this name came to the mind of Buck Shoals was surprised to find that the country was safe and the expressions of pride would have filled Col. Nye's heart to overflowing.

### MEETING FOR MEN.

Dr. Wharton at the Grand Opera House Tomorrow.

One of the best of the Y. M. C. A. opera house meetings is expected tomorrow afternoon, when Dr. Wharton, the evangelist, will speak. Tomorrow is the Doctor's last day in the city and a large number of his hearers are expected to hear this last address especially to men. The musical service preceding the address will be especially good, besides the chorus singing assisted by a full orchestra of instruments. Mrs. C. L. Fraley, organ soloist of Christ church, Nashville, Tenn., will assist in the singing. Admission will by ticket to be obtained at the Y. M. C. A. rooms without cost to men.

### "OUR ZEB" HERE.

Senator Vance in the City to Stay Until Tomorrow.

United States Senator Zebulon B. Vance came in from Gombroon yesterday afternoon and stopped at the Swananoa. He received many calls from his old friends last night and this morning was on the streets early shaking hands with everybody. The Senator is looking very well and is enjoying good health. This afternoon he took a carriage ride to Vande Bilt's in company with several friends.

Senator Vance will remain here until tomorrow afternoon. On the 6th of August he will go to Washington to remain through the session of Congress.

### Home From Chicago.

A. D. Cooper has returned from Chicago, where he spent a week looking over the White City. Mr. Cooper was there last year when the buildings were being erected and thought he would have some idea of what the Fair would be. But what he saw on his last trip greatly surpassed all his expectations. No man, he says, can conceive of the vastness of the Fair without a visit. He heard of no excessive charges. Chicago has room for five times as many visitors as she has now. Mr. Cooper says one will never regret a trip to the great show.

### Accident at Biltmore.

Today Roland Bunn drove out to Biltmore on business. While sitting on the porch of Mr. McNamee's office, holding his horse's reins, a train came along and frightened the horse, causing it to run. Mr. Bunn clung to the lines and was dragged some distance, the sulky finally being overturned on him. He was knocked unconscious, and was taken to Dr. Bunn's office, where he was given medical attention. His hurts are not supposed to be dangerous.

## IT IS HIGHWAY ROBBERY

POOR LITTLE SIAM HOLDS UP HER HANDS.

She Accepts the Ultimatum in Its Entirety, and Pleads Piteously For Peace and Reconciliation.

LONDON, July 29.—The Siamese legation in this city have received a dispatch from Bangkok stating in effect that the Siamese government learning that France regards its reply to the ultimatum as a refusal to grant the French demands and, being most desirous of maintaining peace, has telegraphed instructions to the Siamese minister at Paris to inform M. Develle, the French foreign minister that Siam accepts the ultimatum in its entirety.

The dispatch adds that the Siamese government hopes that the blockade will cease, that diplomatic negotiations will be resumed, and that an early settlement of the trouble will be effected.

Lord Roseberry, secretary of State for foreign affairs, was at the foreign office at a very early hour this morning. He remained there for several hours. Gladstone has concluded that his presence in London now is not necessary, and has gone today to make his promised visit to M. Stewart Rendel at his Hutchlands place near Guildford.

BANGKOK, July 29.—It is stated here that England protested to France that her threatened blockade of the Siamese coast would not be a legal act, and that France conceded the point made by Great Britain. France, it is said, has undertaken that British commerce will in no wise be interfered with by French war ships. English vessels will be allowed to cross the Menam bar inward for Bangkok after Sunday. The situation here now presents much more peaceful aspect.

### HIS OWN VICTIM.

A Night Watchman Burned to Death by His Own Carelessness.

LOCKPORT, N. Y., July 29.—The plant of the United Indurated Fibre company was entirely destroyed by fire early this morning, only the pulp mill used in connection with the work being saved. The whole plant was valued at \$200,000, loss \$80,000; insurance \$72,000.

The fire was caused by the explosion of the gas from over heated ovens and resulted from the carelessness of the night watchman, Frederick O'Donnell, who was burned to death.

The company manufactured indurated fibre pails, tubs, etc., and had a branch establishment at Portland, Maine, besides a branch office at New York, Chicago and elsewhere. The works will be rebuilt at once.

### COAL CREEK TROUBLES.

The Soldiers Will Be Withdrawn At An Early Day.

NASHVILLE, Tenn., July 29.—The state board of prison inspectors returned yesterday from the East Tennessee coal mines, where troops have been stationed the past 18 months to protect the property of lessees of convict labor and prevent the release of convicts by free miners.

The board of inspectors has decided to remove the troops at an early date, but will make arrangements for the proper protection of the stockades at Coal Creek and Big Mountain mines. The state superintendent of prisons will select eight guards, whose duty it shall be to see that convicts do not escape.

### CHOLERA SPREADING.

An Outbreak in an Important Mediterranean Port.

WASHINGTON, July 29.—Consul Wm. C. Immett, at Smyrna, cables the State Department that cholera exists in that port. The outbreak of the disease in this important center of the Mediterranean trade is regarded as of much significance. The United States consuls and officers of the Marine hospital service abroad will exercise redoubled diligence in the line which has thus far been so successful in warding off or giving timely notice of the approach of the cholera.

### A Factory Will Shut Down.

KNOXVILLE, Tenn., July 29.—The tannic acid factory of this city will shut down next week indefinitely. The plant was erected several months since by the Standard Tannery company, of Chicago, and represents an outlay of over \$100,000. Over 200 men will be thrown out of employment.

### Adial on The Wing.

SEATTLE, Washington, July 29.—Vice-President Stevenson and party arrived from Victoria yesterday and at 3 a. m. left for Spokane.

## DRUGS, MEDICINES AND SODA WATER.

A Strange combination, but when you have tested the new drinks at our fountain which, always delicious themselves, contain extracts of medicinal properties, the most popular of these are:

### COCA COLA, AROMATIC EGG PHOSPHATE, HIRE'S ROOT BEER.

Besides these, our Ice Cream Soda, Pineapple Snow, Peaches and Cream are more popular than ever.

In drugs our stock is as complete as it is possible to be.

We also carry a fine line of druggist sundries. Strangers will find our stock in this line far better
