TEA IS TEA!

Of course, whatever its quality. Gold is gold, whether it be 9 karat or 22, but somehow people prefer the 22. In like manner they prefer the best quality of tea when they can get it, especially if the price is reasonable. We have a dozen different kinds and flavors and can doubtless suit you in price and quality.

THE BEHRRING SEA DECISION.

It May Be Delayed Beyond the 19th Instant
WASHINGTON, Aug. 4.—Private advices later, and apparently more authentic than those received by the State department as to the movements of the Behring sea arbitrators, have reached this City. Senator Morgan cables his son that it will be impossible for him to leave Paris before August 19. This is a postponement of two weeks beyond the time originally set for his departure. Several days ago the Senator booked himself for passage on a steamer sailing August 5, and this was taken as a sign that the work of the arbitrators would be rendered this week. From the language of his cablegram it seems that he is doubtful whether the arbitrators will have finished their duties even upon the 19th.

MAY HAVE BEEN CHOLERA

ALARMING DEATHS ON A TRAMP STEAMER.

She Will Be Held Till It Is Certain That No Cholera Will Develop—Many Cases Reported in Europe.

NEW YORK, Aug. 4.—Dr. Talmadge of the quarantine board of health, boarded the steamship Karamania this morning and inspected the passengers. All on board were well. The Karamania arrived at quarantine yesterday after a long voyage from the cholera affected port of Naples. During the voyage three passengers died and were buried at sea. As the ship's surgeon did not specify the disease from which the passengers died, the vessel was held for fumigation and disinfection. A suspicion prevailed that the disease was Asiatic cholera, but nothing definite could be learned last night. After inspecting the passengers this morning the health officers ordered the transfer boats to take them to the islands in the bay where they will be detained until all doubts of the existence of cholera are removed.

Dr. Jenkins says that while he can find no evidence that there has been cholera on board he deems the circumstances sufficiently suspicious to hold the vessel. In appearance the Karamania is not a very attractive vessel. She has the aspect of a tramp steamer, and is, in fact, a Mediterranean frigate during the season. She is built of iron, is 3148 tons gross measurement and rigged as a schooner. She was built in 1882 and is little better than a floating oven with lack of both light and ventilation. In this vessel nearly 600 souls spent 21 days of warm weather cramped for room and air.

The first death on the steamer was given as "congestion of lungs." The other two cases had cramps, diarrhoea and vomiting. Dr. Jenkins says: "Many of the symptoms of the last two cases resemble cholera. There is no need of alarm. The ship and passengers will be detained until we have absolute proof that there is no danger in landing her passengers." London, Aug. 4.—According to the Lancet cholera has been epidemic in Marseilles for the last three months. During the last four weeks there have been 826 deaths throughout France. The Rome correspondent of the Central News says: "Since the outbreak of cholera in Naples more than 100,000 residents have fled from the city. On Sunday last there were 52 new cases and 28 deaths, and 40 new cases and 27 deaths on Monday. Several cases of cholera have occurred in Rome."

BANK EMBARRASMENTS.

Several of Them Close Their Doors—One Resumes.

WASHINGTON, Aug. 4.—Treasury officials are advised that the National German American bank of St. Paul, capital \$2,000,000; the First National bank of Hammond, Ind., capital \$50,000, and the Citizens' National bank of Muncie, Ind., capital \$200,000, closed their doors to business this morning. Bank Examiner Gannon, on orders from Washington, closed Texas National bank of San Antonio, Tex., today. Comptroller Eckels has authorized the Farmers' National bank of Henrietta, Tex., to resume business.

MUNCIE, Ind., Aug. 4.—The Citizens' National bank, one of the oldest and soundest banks in the city, suspended business this morning. Withdrawal of deposits and inability to realize on notes were the causes. President Kerwood claims assets as two to one. Three other banks in the city preparing for its doors this morning. The bank is a State institution with a capital of \$50,000.

ST. PAUL, Minn., Aug. 4.—The Peoples' Saving bank, one of the small concerns of the city, closed its doors at noon today.

AN ALLIANCE VIEW.

Wants the Whole Democratic Platform Carried Out.

RALEIGH, Aug. 2.—Congressman S. B. Alexander arrived here this morning to attend a special meeting of the executive committee of the State alliance, of which he is chairman. This meeting is preparatory to the meeting of the State alliance next Tuesday at Greensboro. Congressman Alexander said: "I want the whole Chicago platform carried out. I am more interested really in the balance of the platform than the repeal of the Sherman act, but I want the entire platform carried out. I do not think there will be the trouble during the approaching session which many apprehend. The Republicans, while they will vote for the repeal of the Sherman act, will probably antagonize many measures for the benefit of the country."—Charlotte Observer.

THE BEHRRING SEA DECISION.

It May Be Delayed Beyond the 19th Instant

WASHINGTON, Aug. 4.—Private advices later, and apparently more authentic than those received by the State department as to the movements of the Behring sea arbitrators, have reached this City. Senator Morgan cables his son that it will be impossible for him to leave Paris before August 19. This is a postponement of two weeks beyond the time originally set for his departure. Several days ago the Senator booked himself for passage on a steamer sailing August 5, and this was taken as a sign that the work of the arbitrators would be rendered this week. From the language of his cablegram it seems that he is doubtful whether the arbitrators will have finished their duties even upon the 19th.

PROBABLY LYNCHED.

The Life of a Negro Who Eloped With a White Girl Wanted.

ST. LOUIS, Aug. 4.—A dispatch from St. Charles, Mo., dated at 1 o'clock this morning says: "The sheriff has just sworn in 25 deputies to assist in protecting the negro John Dickman, who a few days ago eloped with a white girl and was captured in St. Louis and afterward brought here. The streets are filled with people and the negro will probably be lynched before morning."

12 LIVES LOST.

A Steamer Sinks At Her Landing In Lake George.

ALBANY, N. Y., Aug. 4.—A steamer with an excursion party left Fourteen Mile Island, Lake George, for Pearl Point this morning. At Pearl Point landing the steamer sank. Twelve lives were lost.

THE INCENDIARY TORCH

THE DEPOT AT ALEXANDER BURNED LAST NIGHT.

A Trunk Containing \$3,000 Worth of Diamonds Was In the Building and the Fire Was Probably Due to Conceal a Theft.

MARSHALL, Aug. 4.—[Special.]—The depot at Alexander was burned last night. The fire is supposed to be the work of an incendiary. It is said that a gentleman who is stopping at Blackwell's Springs had a trunk in the depot at the time containing diamonds and other valuables amounting to \$3,000. This is the second time the depot has been burned at this place.

ONLY ONE TODAY.

A Taylorsville Man Appointed Collector of Internal Revenue.

Collector Elias last night accomplished something he has not thought of heretofore. He retired at 9:30 and arose at 7 this morning. He made only one appointment today, that of Wm. Herbert Matheson of Taylorsville to be brandy gauger at a salary of \$3 a day and expenses. Mr. Matheson was in the city today.

L. G. Waugh of Dobson, N. C., one of Collector Elias' recent appointees, was here today to consult the collector. One of the largest seizures of whiskey ever made in Western North Carolina was at Maxwell, Henderson county, on Tuesday by Deputy Collector Geo. W. Reed of this city. The Hendersonville Times says the distillery where the seizure was made belonged to M. R. Jackson. According to the Times Revenue Agent A. C. Patterson visited Jackson's distillery and inspected it. As he was leaving his driver told him he had seen a man carry a small barrel up the branch into a thicket while the officer was in the building. Patterson informed the department at Washington, with the result that the seizure was ordered. The property seized embraced the still and fixtures and 31 packages containing 1,256 gallons of whiskey.

The Brevard Hustler is pleased with Collector Elias' Transylvania appointment, as is attested by the following: "Continue the good work, Mr. Elias, and if it is your appointments are as commendable as that of Mr. Loftis, the Democratic people will say 'well done.'"

THROUGH ITS BUSINESS.

The Criminal Court Completed Its Work for the Term.

The Criminal court completed all of its business, with the exception of hearing motions, yesterday afternoon. Geo. Gant, colored, the boy who knocked Willie Wood in the head with a brick at the market house some time ago, was tried and sent to the chain gang for a year's service.

John Bailey, colored, pleaded guilty to a charge of stealing eggs and was sent down to join Overseer White's lock-step battalion, there to remain for six months. Eggs are not regularly on the menu in "the gang."

Jim Barnett, colored, heretofore convicted of an assault on Wm. Reynolds, colored, was sent up for six months. Claude Jones, white, who heretofore submitted in two cases, carrying a concealed weapon and an affray, was sentenced to three months in the chain gang.

Seach Taylor, white, for an assault on Peyton Durham, was sent to jail for six months. Durham was referred to by Solicitor Carter as a "colored individual of yellow persuasion."

Bob Russell, colored, got one year for larceny. John McDowell, colored, was acquitted of a charge of assault.

The \$50 fines of ex-Patrolmen Crenshaw and Leonard were reduced to \$25. Bob Poole, charged with an assault, was assessed the costs.

EX-SECRETARY FOSTER.

He Overdrew His Bank Account, Taking Other Peoples Money.

TOLEDO, O., Aug. 4.—Ex Secretary Charles Foster stands under the shadow of a terrible cloud. Cold figures in black and white, are the silent witnesses who charge him with gross mismanagement, if not worse, of the financial affairs of those who entrusted their interest to his care.

According to the schedule of Foster & Co.'s bank filed in the probate court, Mr. Foster, who was president of the bank, overdrew his account \$136,321.92. The value of this assets is placed at "nothing" in the report of the appraisers.

SILVER OFFICERS.

Congress Will be Watched by Committees.

CHICAGO, Aug. 4.—The general committee selected by the silver convention met today at the Palmer hotel and effected a permanent organization by electing Gen. A. J. Warner of Ohio, as president, and Geo. P. Washburn of Boston, Mass., general secretary.

It was decided that the general committee, together with the members of the sub-committees, should meet in Washington next Tuesday. They will probably remain there until the close of the special session of Congress.

Navahoe, Come Home!

LONDON, Aug. 4.—The regatta of the royal yacht squadron took place today. The Calluna, Satinla, Valkyrie and Navahoe started. Though the Navahoe got the best position she cut a poor figure. The Satinla finished first, Valkyrie second, Calluna third, Navahoe last.

Board of Trade Tragedy.

CHICAGO, Aug. 4.—It is reported that Nelson van Kirk, a board of trade operator, has just shot and killed himself in front of Exchange hall.

SCARCITY OF CURRENCY

THE WHOLE COUNTRY SUFFERING THEREBY.

The Banks of Chicago, Boston and Philadelphia Blamed For Some of The Stringency—Some Relief Looked For.

NEW YORK, Aug. 4.—The overshadowing feature of the financial situation has come to be the scarcity of money. From all over the country there has been a continual demand for bills of small denomination, and New York has responded so freely to the requests of out of town banks that now the metropolis itself is suffering from what very closely approaches a currency famine.

The banks of Chicago, Philadelphia and Boston are blamed for the present situation to the extent that they have failed to take proper measures of relief, and New York has been called upon to supply the whole country. To do this, the banks here have taken out clearing house loan certificates to the amount of \$35,000,000.

The developments of the last few days prove conclusively the wisdom of the savings banks presidents in deciding to enforce the time clause rule. Difficulty in getting currency was what prompted their action, and if the drain from that source had not stopped promptly the situation now would not be what it is. Some relief is looked for when the gold reaches here and more as soon as the comptroller of the currency is able to begin delivering the new circulation ordered by the national banks.

COLORADO WILL MISS THESE

If Not Now, Then in the Near Future.

TOPEKA, Kas., Aug. 4.—The exodus of Colorado miners continues through Kansas, proving a heavy burden to Western farmers and a source of great annoyance to the railroads. The tramp trains on several roads carry from 200 to 400 each day going east, and the regular trains are still beset by idle and desolate miners who are determined to get out of the country.

The crowds are so great in Denver that the first class passenger trains are frequently backed away from the depot and then run through the station at full speed in order to prevent men from jumping on. Trains that refuse to stop are pelted with rocks and clubs. In some instances trains are accompanied through Kansas by gangs of soldiers to avoid any interference with regular travel by these flying laborers. Kansas farmers hire them along the route whenever they are able to do so, and many of the men have accepted work on the farms.

THIS IS TOUGH.

Thousands of Workers Turned Into The Streets Idle.

PHILADELPHIA, Aug. 4.—The worsted goods manufactory of John Bromley and Sons closed last night on account of the depressed condition of trade. Three thousand employees are affected. Tonight Doak and Son, worsted manufacturers, will close their mill for some reason. Eight hundred employees will be thrown out of work.

John Blood & Bros., hosiery manufacturers, have closed their plant, and 500 men and girls are idle. Numerous other manufactory of this class are run on short time.

SCRANTON, Pa., Aug. 4.—The Scranton Lace Manufacturing company has temporarily suspended work in all departments except finishing on account of the depressed market. Nearly 400 operatives are affected.

THIS MAY BE TRUE.

Alleged Desertion From the Ranks of Tammany.

NEW YORK, Aug. 4.—The latest and most sensational desertion from the Tammany allegiance is that of Hon. W. Bonkie Crocker, member of Congress from the Ninth district.

Mr. Crocker is no longer a "tiger." When Congress meets he will make his debut as a Cleveland democrat. The great orator has not formally withdrawn from Tammany, but if he does not very soon his expulsion from the organization is likely to follow. Mr. Crocker and the Tammany leaders no longer regard Mr. Crocker as one of them.

FLORIDA DISGRADED.

Thrown Out of The Horticultural Building at The World's Fair.

CHICAGO, Aug. 4.—Florida has been ousted from the Horticultural building at Jackson park. The State Commissioners have shown no disposition to maintain a creditable exhibit, and Chief Samuels, after giving them several warnings, decided yesterday to take away Florida's space and divide it among other States which are anxious to make a good display.

Blount's Report In.

WASHINGTON, Aug. 4.—Minister Blount's long expected report on Hawaiian affairs is in the possession of the Secretary of the State. It arrived in the official dispatch bag from San Francisco in company with a communication from Severance, the United States consul general in Hawaii.

The Siam Blockade.

PARIS, Aug. 4.—Rear Admiral Humann, commanding the French fleet now in Siamese water, announces that the blockade of Siam was raised yesterday afternoon.

Off For Washington.

BUZZARDS' BAY, Mass., Aug. 4.—The President and party left here this afternoon by way of the Fall River line for Washington.

No Flies on Charlotte.

From the Charlotte News.
It is a fact that all housekeepers are talking about—that the flies have nearly all disappeared. Where they have gone no one seems to know. But there is not one fly now for every ten there were two weeks ago. The doctors say that while it is delightful to be without this pest, still it may not be a very good sign. Where there is cholera or yellow fever, the doctors say, there are no flies.

DRUGS,

MEDICINES AND

SODA WATER.

A Strange combination, but when you have tested the new drinks at our fountain which, always delicious themselves, contain extracts of medicinal properties, the most popular of these are:

COCA COLA,
AROMATIC EGG PHOSPHATE,
HIRE'S ROOT BEER.

Besides these, our Ice Cream Soda, Pineapple Snow, Peaches and Cream are more popular than ever.

In drugs our stock is as complete as it is possible to be.

We also carry a fine line of druggist sundries. Strangers will find our stock in this line far better than is expected of a town this size.

We have just received a very pretty new novelty in the Columbian Pen Knife, aluminum handles, and three good steel blades. We only have a few and will sell for \$1 each. Very suitable as a World's Fair Souvenir.

Don't leave Asheville without calling at our store. Open evenings till 11 o'clock.
