## ALLIANCE SILVER MEETING

### DISCUSSION IN THE COURT HOUSE TODAY.

Resolutions Adopted Endorsing Senator Vance's Views—Capit. Atkinson's Respects to Editor Caldwell.

The silver meeting called by prominent Alliancemen of the county held its session in the court house today, with between 60 and 70 persons present.

The gavel was rapped at 12 o'clock by N. Plamondon, esq., who said the meeting had been called by the friends of silver in the interest of silver, and that a big meeting had been expected; but that the notice of the meeting had been given through the columns of THE CITIZEN, a paper that had but a small circulation [Thanks, thanks! Mr. Plamondon.—Ed. CITIZEN.] in the county, and that circulation was usually delayed three or four days after the day of publication, so that sufficient notice had not been given and the small attendance was the result.

Maj. W. H. Malone was called to the chair and the representatives of the city press were made.

Major Malone said that the present crisis in the financial affairs of the country needed the spirit of compromise in the days of May and Calhoun to bring about a satisfactory solution. The South and West should not be held to be disloyal if they do not accept the ideas of New England. The cry from Wall street is for gold. Statesmanship and patriotism must come to the front and the politician must be sunk out of sight. The present assemblage can do no better thing than pass resolutions endorsing Senator Vance for his firm stand in his country's need and for his repudiation of the shuffling politicians who would sell their souls for a mess of pottage.

J. R. Dubose was called for and in response said the time had come for everybody to put their shoulders to the wheel to get the country out of the present dilemma. He stood squarely on the Democratic platform and believed that its principles were carried out the relief needed would come. The people of the South and West do not desire an advantage over their brethren of the East, but they do want relief that will be equitable to all. Congress should place gold and silver on an equality.

Mr. J. H. Merrimon answered the call of the house by saying a fair proposition would be that not a man on American soil understands the great question under discussion, not even the president, in the silver question, for whose opinions he had the greatest respect. Judge Merrimon read extracts from the platforms of all the parties showing that the people have spoken for silver and that Grover's policy is in line with the people if the utterances read are sincere. The straw that broke the camel's back and compelled the call for an extra session, said Mr. Merrimon, was the act of the English government in destroying free coinage in India; that act dropped the price of silver, closed the mines in the west and sent up the wall for bread from those dependent upon the miners who are leaving that country by whatever means they can secure. Wall street says the hard times are the result of a loss of confidence in the silver dollar; the statement is false, as the daily transactions of every citizen will prove. Wall street and a subsidized New York press shout the destruction of the country if the free coinage of the silver product continues, but the tale is utterly fallacious. It is the croaking of a horde that is fattening upon the calamities of the people.

In conclusion Judge Merrimon said that the great earnestness of the people but I am going with silver. I stand by the silver dollar. I stand by Senator Vance and pray that he will be given strength to lead up in Congress on the platform of Democracy until the great issue is settled. I may be wrong, but I'm in a mighty big crowd under the leadership of many able men.

Capit. Atkinson said that he had read the letter of Senator Vance and that he had listened to the remarks of Judge Merrimon and was convinced that there was honesty in the country yet. Sixty-nine hundredths of the people of the Old North State are solid friends of the silver dollar, and here comes a one-hoss, flea-bitten, wormy, spavined, little fellow, one Joe Caldwell, who tries to teach statesmanship to Zebulon B. Vance!

Col. T. B. Long said he had come out to hear Judge Merrimon and to listen to the subject. A remark of Judge Jones had called him to his feet; he wished to be distinctly heard on the great question. All the parties profess to agree in the demand for free coinage. The patriotic men of the parties must show their hands, and the good element of the parties are going to combine to whip Wall street out of its boots. The way for patriots to do was to rally to Zeb Vance and his ideas as enunciated in his letter; stand with Messrs. Merrimon and Jones, who had come out and said there were with Senator Vance. Two things had brought the country to the condition she is now in—the demonization of silver and the national banking system. Maryann Butler, Col. Long said, "the man who has been ridiculed so much, and the conservative element in the Democrat, Republican and Prohibition parties and the People's Party, will stand shoulder to shoulder and show Wall street that the people she can impoverish no longer."

Mr. Plamondon introduced a set of resolutions of some length, and spoke to them briefly. His resolutions endorsed the views of Senator Vance, resolved for the amendment of the various coinage acts so that gold and silver may be converted into bullion and deposited in the treasury of the United States and gold and silver certificates be issued thereon for circulation, and closed with the alliance demands.

Chairman Malone introduced the following resolutions, not because he opposed Mr. Plamondon's resolutions, but in order to present the sense of the meeting in the briefest form:

Resolved, That we cordially endorse

## SHUT DOWN.

### New England Hard Hit by the Present Depression.

WALTHAM, MASS., Aug. 5.—The Boston Manufacturing company will close its works tonight for two weeks. At the end of that time the company hope to resume business again with a full force and on full time. This is a great improvement over the prospect that had been in view and the employees of the concern, numbering 2,800, are encouraged.

EAST LIVERPOOL, Ohio, Aug. 5.—The Pioneer Pottery company at Wellsville, one of the leading industrial establishments of the city, has gone to the wall, assignment having been made. Assets, \$72,000; liabilities somewhat less. About 400 men are thrown out of employment.

LAWRENCE, Mass., Aug. 5.—The Pacific, Washington, Atlanta, Arlington and Pemberton mills have now announced a shut down for from two to four weeks. The enforced vacation means a loss to employees of \$75,000.

LEWISTON, Me., Aug. 5.—The Lewiston mills shut down today at noon for four weeks.

LOWELL, Mass., Aug. 5.—It is announced that the Lawrence mills will run on half time, beginning Monday. Faulkner's mills have shut down for an indefinite period. The Lowell Ingrain department has laid 100 hands off for 30 days.

## STEERING'S SUICIDE.

### The Sad Story of a Demented Young Man.

NEWBERNE, Aug. 3.—Several years ago Ferdinand Steering came to this country with his father and mother, he being then a boy. On the way, while on shipboard, Ferdinand dropped his baby sister over the side of the ship and to a watery grave. The father and mother were nearly crazed by the accident and censured poor Ferdinand severely for what they deemed culpable carelessness or wilful crime. So great was the boy's remorse over the matter that his reason failed and he has plodded along through life a half idiot. The father became deranged and died in an insane asylum, leaving Ferdinand and his aged mother alone in the world. Some time ago Ferdinand became insanely enamored with a young lady of this city and importuned the father of the young lady to give her to him.

Last month this young lady was married to a gentleman from the North and left for her new home. A few days ago Ferdinand purchased some Rough on Rats, took a dose, and in a few hours was in eternity.

The family came to Newbern since the late war and conducted a cabinet-maker's shop as a means of living.—Richmond Dispatch.

## HE HAS ARRIVED IN WASHINGTON—Looking Well.

NEW YORK, Aug. 5.—President Cleveland arrived on the Fall River steamer Puritan at 6:15 o'clock this morning. He was driven direct to the Pennsylvania station in Jersey City and left over that road at 8:13 o'clock for Washington. He was accompanied by Secretaries Lamont and Carlisle.

The President was looking better than for some time. He is brown from being out of doors while at Gray Gables.

The President, beyond saying that his vacation had been beneficial and that he would now settle down to hard work, refused to talk. The party traveled in the private car of Vice-President Frank Thomson which had been placed at their disposal. The car was attached to the Washington special which drew out of the station at 8:13. There was no demonstration of any kind, none of the arriving or departing passengers being aware of the presence of the presidential party.

PHILADELPHIA, Aug. 5.—President Cleveland and party reached Philadelphia at 10:02. A large crowd gathered at the station and greeted the President with cheers, which he acknowledged by bowing and raising his hat.

WASHINGTON, Aug. 5.—The President and party arrived here at 1:44 p. m.

## AT QUARANTINE.

### No Cholera On the Karamania Yet.

QUARANTINE, L. I., Aug. 5.—All were reported well on board the Karamania this morning. Dr. Tallmadge made an inspection at 9 o'clock. When he came ashore he said there was no sickness on board and no indication of cholera among the passengers or crew.

Health Officer Jenkins said Tallmadge's report was what he expected, yet he would go on with all precautions and measures he has laid out. The steamer will be detained and the passengers will get a good bath and scrubbing while their clothing and luggage are being disinfected.

## Another Cat's Egg.

J. A. Wiggins, colored, brought to THE CITIZEN museum today a freak in the shape of a guinea egg. The egg was all right in size and shape but on the shell dored the views of Senator Vance. It is a match for a Henderson county egg already in the museum. The "Wavy" egg was bought from a wagon here from the country. Who is there that will explain this extraordinary outbreak among the guinea hens?

## MAMMOTH KNITTING MILL.

### ANOTHER BIG INDUSTRY PROJECTED.

The United Industrial Company of New York wishes to put up a factory on the Swannanoa, with a dam 85 feet high.

One of the biggest schemes for the establishment of an industry near Asheville which has been known in this section was made known yesterday.

W. R. Whitson, esq., as attorney for the United Industrial company of New York, appeared before the Board of Aldermen and gave that body an outline of what was proposed, for the purpose of learning the Board's views before work was begun.

The United Industrial company proposes to erect a mammoth knitting plant, for the production of every conceivable article of knit goods, on the Swannanoa river, 2 1/2 miles above the city water works. A dam 85 feet high is to be built at this point and a number of buildings for machinery and operations are also to go up. The company wished to know if the city would raise any objection to the construction of the dam on the ground that the city water supply might be contaminated thereby. It did not care to begin work and afterwards be stopped by the city. The Board told Mr. Whitson the question was one for the consideration of experts; that the city would object if there were any danger of contamination. Otherwise the city would not make the slightest objection. The matter will likely come up at a future meeting. Alderman Jones said the city could enjoin the company from building the dam if contamination were probable.

The company which proposes to establish this industry has been quietly at work for some time, looking over land, etc. W. G. Maxwell of New York, one of the members of the company, has been several times in consultation with Mr. Whitson. The company has \$5,000,000 back of it and desires to begin work very soon if no obstacle is thrown in its way. It should turn out that objection will be raised against the erection of the dam the plant will be established elsewhere.

The people of Buncombe and Asheville will hope that this important industry may become a certainty for the county.

## KNIGHTS OF HONOR.

### Biennial Session of The Grand Lodge at Statesville.

J. J. Hill, who represented Swannanoa lodge at the biennial session of the State grand lodge Knights of Honor in Statesville this week, has returned to Asheville and reports a very pleasant and instructive session.

At this session the following officers were elected: C. M. Brown, Washington, Dictator; G. W. Blount, Wilson, Vice Grand Dictator; N. Jacobs, Wilmington, Assistant Grand Dictator; Rev. W. H. Call, Washington, Grand Chaplain; R. K. Jones, Newbern, Grand Guide; P. C. Carlton, Statesville, Grand Reporter; S. C. Scofield, Davidson College, Grand Treasurer; W. H. Carstarphen, Williamsport, Grand Secretary; F. B. Boyer, Clinton, Grand Sentinel; Trustees, S. P. Clark, Wilson; M. O. Sherrill, Newton and J. H. Hoffman, Statesville. Supreme representatives, J. T. LeGrand, Rockingham, and B. M. Nadai, Wilson. Alternate, P. C. Carlton, Statesville.

## A. L. I. PICNIC.

### Refreshments, Music and Fun Tuesday Evening.

The Asheville Light Infantry proposes to give all of its friends a happy time next Tuesday afternoon and night. The company has arranged for a picnic to be held on the grounds at the end of the street car line on Charlotte street, beginning at 5 and continuing until 12 o'clock. Refreshments will be on sale and music will enliven the festivities. The streets will run to accommodate everybody and the dummy will carry to the mountain all who care to go up. The proceeds will go to replenish the A. L. I. exchequer, and there will be a great crowd of jolly picnickers out on this occasion.

To add to the enjoyment of the picnic the "sojers" will give a skirmish drill on the picnic grounds at 9:30 o'clock. This alone will be worth the cost of the trip.

## TILLMAN ANGRY.

### He Will Arm His Spies and Tell Them to Shoot.

COLUMBIA, S. C., Aug. 5.—The rough treatment accorded Gov. Tillman's dispensary spies in Sumter and Charleston has made the Governor angry, and today he announced that he was going to arm constables and intended to give them instructions to shoot anybody who interfered with them.

"I'm going to issue orders for the first one of the men to shoot when he is struck. I'm not going to allow State constables to be made dogs of by barkeepers and their followers."

**These Are The Facts.**

From the Washington News.

The saddening intelligence comes from Arden, N. C., that Col. Bill Nye's farm has slipped from the top of the hill on which it was located, to the bottom. The gifted proprietor has been trying for three days to haul it back with the windlass, but with poor success, as it splits in two whenever the rope is tied around it and the pressure commences. Mr. Nye unfortunately failed to fasten down his farm with a mortgage.
