For sale only by  
**Heinitsh & Reagan,**

**MONEY TO MOVE COTTON**

**HELP FROM UNITED STATES SUB-TREASURY.**

**A Friend in Need is a Friend in Deed—Southern Farmers Will Appreciate This Help—Big Money to Move the Cotton.**

New York, Aug. 12.—Bradstreet's says today: "Special telegrams to Bradstreet and information received through the trade and press within a few days have indicated the likelihood of a crisis in the cotton regions owing to the inability of banking institutions there to advance the funds necessary to move the cotton crop with anything like the usual freedom. It had become plain that few, if any, of the Southern banks would, if they could, advance the funds to cotton buyers, to enable the latter to hold the staple for an advance in price, and recent disturbances among the Southern financial institutions began to raise the question how the cotton crop was to be moved at all.

"Inasmuch as it costs \$50 per bale for picking, ginning, pressing and baling cotton, about \$50,000,000 for gathering and preparing for shipment a crop of 6,000,000 bales, it becomes plain that the phrase 'advancing funds to move the cotton crop' has a realizing meaning.

"A considerable proportion of the cotton crop is raised by tenant planters, and the owners of the land, as a rule, are expected to make the necessary advances to the tenants to provide for the picking, ginning, pressing and baling cotton. But with the Southern banks using clearing house certificates and, in many instances, permitting depositors to withdraw only a small sum of money daily, the problem how to borrow \$50,000,000 to move the cotton crop has become a serious one.

"It is with considerable pleasure, therefore, that Bradstreet learns that an arrangement was made yesterday by the Secretary of the Treasury, in view of the emergency referred to, by which the government, on deposit of currency with the sub-treasury at New York, will, on being advised of that fact, telegraph the sub-treasury at New Orleans an order to pay a like sum of money in silver dollars. This arrangement must go far to relieve the financial stringency at the South with respect to the cotton crop."

**PLENTY OF CHOLERA.**

**The Karamania Brought Over a Ship Load.**

QUARANTINE, S. I., Aug. 12.—At midnight Friscoa Mola, aged 27 years, and Marian A. Roberti, aged 23 years, died of cholera at the Swinburne Island hospital. Their remains were incinerated this morning.

Before noon today the following suspects were removed to Swinburne island for observation and treatment: Francisco Cervia, aged 31 years; Francisco Bonato, aged 34 years; Francisco Gennola, aged 34 years; Paola Mariona, aged 27 years; Anielo Gatta, aged 30 years; Giovanni Bandi, aged 27 years; Machiali Catati, aged 30 years; Ironardo Laroso, aged 11 years; Trisito Oloido, aged 20 years.

Bacteriological examinations prove that all the patients removed yesterday from Karamania were afflicted with Asiatic cholera. A census of the hospital today shows 17 patients, one of whom is convalescing. Eight of these have been biologically confirmed as cholera and nine as suspects.

**A SNAKE STORY RIGHT.**

**A 20 Rattler Killed in Swannanoa Township.**

J. W. Gragg, who lives on Bee Tree creek, Swannanoa township, brought the prize snake story of the season to THE CITIZEN today. He says that on last Tuesday Lafayette Cressman, who lives on the Bingham farm, Swannanoa township, killed a rattlesnake that had crawled up to his door and laid its head on the stoop. The snake proved to be the largest ever seen in that section. It measured nearly five feet in length and was very large in girth. It had 18 or 20 rattles. Mr. Gragg says: "It surely must have been the granddaddy or grandmother of all the snakes in the region."

Mr. Gragg lives almost in the shadow of Bald Knob mountain which regularly in each recurring September sends up columns of smoke, and which has attracted a great deal of attention. He is who first noticed this peculiarity of the mountain.

**NO MORE YELLOW FEVER.**

**Little Apparent Reason for the Pensacola Scare.**

WASHINGTON, Aug. 12.—Surgeon General Wyman this morning received the following dispatch from Assistant Surgeon Magruder of the marine hospital service, stationed at Pensacola, Florida, touching the yellow fever outbreak there:

"No new or suspicious cases have appeared since the two deaths already reported. The excitement is rapidly subsiding. House to house inspection begun today by the order of the State health officer, to be completed Sunday. A proclamation was also issued by the same officer, stating no cause for undue alarm seems to exist at present."

**FROM THE POPE.**

**He Approves of International Legislation for Workers.**

ROME, Aug. 12.—The Pope has written a letter to M. DeCurtis, chief of the Swiss Catholics and organizer of the International Catholic Workingmen's Congress, stating that his holiness approves of legislation to protect working women and children. The letter is designed to be a preparatory step toward the holding of an international Workingmen's Congress.

**What Will Cudahy Pay?**

CHICAGO, Aug. 12.—John Cudahy and N. K. Fairbank, the big principals in the collapsed lard deal, have been prodded into quickening their arrangements for a settlement. They have learned that their Board of Trade creditors are getting restive, and it is understood that a statement, accompanied by a proposition for settlement will be made in a day or two.

**THE SOUTH MUST WIN.**

**A Northerner Compares Southern and Northern Mill Hands.**

W. G. Maxwell, a member of the United Industrial company, which is desirous of establishing a knitting mill near Asheville, in a letter from Asheville under date July 24, to the Amsterdam, N. Y., Democrat, says:

"Cotton in the state is a cent a pound less than in New York, and labor is 50 per cent. less. And I can say of my own knowledge that this labor for cotton mill work is fully as good as in the North. In fact the employers here do not want Northern help for the reason that they are too discontented. It must be remembered, however, that in this even climate the expense of living is not so great as in the North, so that Southern wages mean more than one-half of those in the North. The balance is accounted for in the fact that labor is contented with little here. These people have been poor so long that they are happy to cluster in slanties around their great benefactor—the cotton mill—and take what she gives them. But it is a life that no self-respecting Northern workman would endure for a minute. However, this does not affect the economic advantages of cheap labor, and prominent men here are talking of erecting factories in which they will employ the colored people at even a much lower rate, for the colored people are not allowed to work in factories with white labor—and they are anxious to work for the merest pittance.

"No! No! This is the way to ruin the South is going to do the cotton manufacturing for this country and for the world—that wherever cotton is used exclusively the South must win."

**IN THE MARKET.**

**The Effect of Making a New Entrance.**

A visit to the market house since the opening of the new department on the north side is a revelation of the capacities of this section for the production of vegetables and fruits. For it must be remembered that in this department nothing so gross as meats is admitted; even poultry, with its more refined appeals to the delicate appetite, takes its place differentially outside the doors; and there is nothing to mar the impression made by the masses by the profusion of ripe and luscious glowingly tinted fruits, and the heaps of the varied stock of vegetables, fresh from the soil, meeting the fruits of a well worked, prolific garden, and proving what a rich and perfect return rewards a southern sun, a mountain air, and a skillful gardener. Nowhere is there found a profusion or more beautiful display of the products of the garden, nothing more tempting than the riches of the orchard.

The new entrance from east Court Place is convenient and appropriate to a department so peculiarly delicate in the articles for which it is used; for, essential as meats are to the perfection of a good meal, the incongruity of carcasses side by side with the fragrant richly colored fruits of the orchard at the garden, cannot fail to shock some tastes.

The new fruit and vegetable stalls are already occupied, and are already popular. Among their occupants THE CITIZEN notes, Messrs. Pope, S. S. Lynch, Fugh, Fitzpatrick, Shelton, Land, Hunt and others, add their daily fresh displays of fruits and vegetables will be a continuous attraction to thrifty housekeepers.

**NORMAL WORK.**

**The Opening at the Culwhoe High School Aug. 21.**

Prof. E. P. Mangum, superintendent in charge of the normal department of the Culwhoe high school, sends THE CITIZEN the following:

"The normal department of the Culwhoe high school, Jackson county, will open on August 21. The county superintendents of the western part of the State are urged to send the representatives from their respective counties as soon as possible. The course of study has been arranged to suit both those who are teachers and those who desire to prepare themselves for teaching. Tuition will be free and board can be obtained at very low rates. The success of the department will depend largely upon the work done this year, and we earnestly hope that each county will take advantage of the opportunities offered and thus help us in our efforts."

**FOR A W. C. FAIR.**

**The Meeting To Be Held Next Saturday.**

A meeting that means much for Asheville and the whole of Western North Carolina is the one to be held here next Saturday, August 19, for the purpose of bringing together the men who are alive to the interests of this section and to take the first steps in the organization of a Western North Carolina Fair association. Concerted action is what is necessary to get up a fair that will attract the attention of the country and result in the greatest good to the entire mountain section. The meeting next Saturday will be open to everybody interested and there should be a large attendance.

**Just a Cartridge.**

It was nothing but a little cartridge, but it was loaded, and it lay in the street on North Main in front of the Buck hotel yesterday afternoon. Presently a buggy came along, the wheel struck the cartridge and it (the cartridge) exploded. The buggy kept right on, but there was a bustling among the shopkeepers who do business in that vicinity and who evidently thought the Siamese-Franco war had broken out in a new spot. A big crowd gathered and spent a time inquiring into the matter, aided by the police, but no conclusion was arrived at as to where the cause of the excitement came from or where it went.

**Clerk Williams Hurt.**

Yesterday afternoon about 7 o'clock Clerk R. V. Williams, of Collector Elias' force, was riding his horse down Patton avenue at a lively gallop. When he reached South Water street he turned the animal down that street, but it slipped and fell, throwing the rider heavily to the ground. Mr. Williams' leg and shoulder were very painfully bruised by the fall. He was taken to his boarding house, Mr. Reagan's, on Patton avenue, and his bruises were dressed. This morning he was resting very well, but he will probably be kept from work for several days.

**SILVER DEBATE RESUMED**

**HEARTY REPUBLICAN APPROVAL OF THE MESSAGE.**

**Trying Hard to Get Up a Tariff Scare Against the Democratic Party—Harter Deep in Liquor Lore.**

WASHINGTON, Aug. 12.—Before a small audience of both members and spectators the silver debate was resumed today and Mr. Wheeler of Alabama continued his speech. Mr. Morse, Massachusetts, followed Wheeler. He gave his hearty approval to the views of the President relative to the repeal of the purchasing clause of the Sherman bill, but believed that the present business depression was not attributable entirely to the Sherman bill; it came from the threat of the Democrats to pass tariff legislation.

Mr. Harter, Democrat, Ohio, in speaking in favor of the repeal proposition, likened Uncle Sam to a man in the last stages of alcoholism. The drunken man taken to the emergency hospital would receive treatment by the doctors who would agree upon their treatment, but Uncle Sam's doctors did not seem to agree in their diagnosis.

**HOUSE MOVED FIRST.**

**And The Slow Motioned Senate Will Follow Later.**

WASHINGTON, Aug. 12.—The Senate Democratic caucus committee has adjourned over until Monday when they will meet again and attempt to come together on some common ground. Owing to the agreement reached in the House the committee feels relieved and sees no reason for presenting action on its part. The fact that the House will devote two weeks to discussion of the silver question removes the necessity that existed to formulate a plan immediately, and the probability is that the caucus of Democratic senators will not act finally upon a policy to be outlined by its committee until towards the close of the debate in the House. For the same reason, it is said, the finance committee may take more time in the deliberation of the various measures referred to it and not make a report as early as has been anticipated.

**POSTAL FRAUDS.**

**Capt. C. H. Barrett in Jail in Default of Bail.**

WASHINGTON, Aug. 12.—Captain C. H. Barrett, who is under arrest at Spartanburg, S. C., for alleged complicity in postal frauds, was given a preliminary hearing yesterday before the United States commissioner and committed to jail in default of \$6,000 bond pending the action of the grand jury. Barrett was arrested on three charges of defrauding the government of its revenues, using mails to defraud, conspiracy to defraud. He was at first held in the sum of \$1,500 on each count, but at the preliminary hearing his bond was increased. The case is one of great interest to the department because of the adroitness of the swindlers and the years of labor which the department has expended in their detection and capture.

**CLOSED DOORS.**

**No Very Important Failures in This List.**

BROOKLYN, N. Y., Aug. 12.—The Commercial bank of Brooklyn, a State institution, failed to open its doors this morning.

GADSDEN, Ala., Aug. 12.—The First National bank suspended payment this morning. Depositors will be paid in full.

LANCASTER, Pa., Aug. 12.—The bank of E. K. Smith at Columbia, closed this morning to liquidate. The bank is a small one.

NASHVILLE, Tenn., Aug. 12.—The People's bank at Lewisburg, Tenn., suspended payment this morning.

**AT GRAY GABLES.**

**President Cleveland Not To Return To Washington At Once.**

BUZZARD'S BAY, Mass., Aug. 12.—President Cleveland arrived here this morning on the train connecting with the Fall River boat. He was accompanied by Dr. H. H. The President was met at the station and conveyed in his carriage to Gray Gables. He appeared to be somewhat tired. The President will remain until about September 1, or until Mrs. Cleveland is ready to return to Washington.

**6,472 Pensions Suspended to Date.**

WASHINGTON, Aug. 12.—Up to date there have been 6,472 pensions suspended which were granted under the act of June 27, 1890. A large proportion of these cases, it is said, were suspended pending medical examination. Only about one-third, however, have as yet made any response to the notice of the fact that additional evidence as to their inability to perform manual labor was required.

**Increasing Its Circulation.**

ROME, N. Y., Aug. 12.—The Farmers' National bank of this city has taken steps, through the purchase of Government bonds, to increase its currency circulation \$50,000 in 10 days and \$20,000 additional in 20 days. This, it is believed, will somewhat relieve the stringency of the money market in this vicinity.

**Lynchers Cannot Get Ball.**

MEMPHIS, Tenn., Aug. 12.—The motion for bail in the lynching cases against the men who participated in the hanging and burning of Lee Walker was overruled by Judge Scruggs. The evidence against Harry Frayzer, Phil Bode, J. M. Benson, Jake Gueatti, Tom Burke and John McNabb proves their guilt.

**Meteor Passes Over Savannah.**

SAVANNAH, August 10.—A meteor, apparently the size of a barrel, passed over the city at 9 o'clock and struck in the marsh near Isle of Hope, a suburb of Savannah, six miles out. The shock was felt in the city and created great excitement in the section near where the meteor fell.

**Some One Has Money.**

NEW YORK, Aug. 11.—It is officially announced that a majority of the stockholders of the Richmond and West Point Terminal Co. have paid the balance of the first installment of the assessment of \$1.62 per share.

**DRUGS, MEDICINES AND SODAWATER.**

A Strange combination, but when you have tested the new drinks at our fountain which, always delicious themselves, contain extracts of medicinal properties, the most popular of these are:

**COCA COLA, AROMATIC EGG PHOSPHATE, HIRE'S ROOT BEER.**

Besides these, our Ice Cream Soda, Pineapple Snow, Peaches and Cream are more popular than ever.

In drugs our stock is as complete as it is possible to be.

We also carry a fine line of druggist sundries. Strangers will find our stock in this line far better than is expected of a town this size.

We have just received a very pretty new novelty in the Columbian Pen Knife, aluminum handles, and three good steel blades. We only have a few and will sell for \$1 each. Very suitable as a World's Fair Souvenir.

Don't leave Asheville without calling at our store. Open evenings till 11 o'clock.

**RAYSOR & SMITH,**  
PRESCRIPTION DRUGGISTS,  
NO. 31 PATTON AVENUE.

P. S.—75 Boxes Tanglefoot Sticky Fly Paper left at 45 cents a box. Call early for this bargain.

**STAR-SHIRT-WAIST**

How many words can you make out of the above letters?

The three boys 14 years or under sending me the longest list by Wednesday morning, August 10, at 10 o'clock, will receive one each of the Celebrated Star Shirt Waists free. The best made. For those that don't win they are \$1.00 EACH.
