## BARRELS OF MONEY.

### The Backbone of the Hoarding Craze Broken

NEW YORK, Aug. 14.—The seamer Spree yesterday discharged \$4,248,750 in gold. While the Spree was discharging her cargo here, other brokers, on behalf of American shippers, were taking \$1,210,000 from the bank of England. There is now landed or about between \$20,000,000 and \$25,000,000 in gold coin and bars.

While this vigorous increase of the currency is going on in one direction, the paper money machinery in Washington is working at an extra rate, and orders have been pouring into the Treasury Department for bank circulation at the rate of \$1,500,000 per day. Hence the United States will be put on deposit to secure this outflow of paper money, and already since the stringency became embarrassing about \$15,000,000 has been deposited. This means a total of about \$40,000,000 of new money injected into the volume of circulation and it will tax the ability of the hoarders to get their money away. In fact, the backbone of the hoarding craze has been already broken.

## HINDOO AND MOHAMMEDAN.

At End for a Time to the Riots at Bombay.

BOMBAY, Aug. 14.—The religious riots that have prevailed with greater or less intensity in this city for three days past, have ended. The Mohammedans and Hindoos, whose smoldering animosity was kindled into a flame through the religious holidays of both sects falling upon the same day, have been awe-struck by the display of force made by the authorities and order prevails everywhere.

Troops are still stationed in various parts of the city, however, but will shortly be withdrawn. The many business places which were forced to close through fear of being plundered by the rioters, are open today.

## FIVE LIVES LOST.

### Hotel Fire at Chicago With Fatal Results

CHICAGO, Aug. 14.—During a fire in the Senate hotel, corner of Fifth avenue and Madison streets this morning, five people lost their lives by jumping from the windows and being overcome by heat and smoke.

The killed are: Henry Godfrey, the 7 years old son of J. Godfrey, hardware merchant, of Little Rock, Ark., burned, Edward Short, a Chicago gangster, was burned and jumped from the window. An unknown woman and two unknown men were burned.

## The Karamania Released.

NEW YORK, Aug. 14.—The Anchor line steamer Karamania which arrived at this port August 3, and which brought the first case of cholera this season, was released from quarantine this morning. She proceeded to her dock. Since the steamer at quarantine she has been thoroughly cleaned and disinfected.

## Presidential Appointments.

WASHINGTON, Aug. 14.—The President today sent to the Senate the following nominations: Edward C. Butler, Mass., Secretary of Legation to Mexico; Otto Boyesen, North Dakota, United States consul at Gothenburg, Sweden; Norborne T. Robinson, Louisiana, Assistant Solicitor of the Treasury.

## TO GIVE US MORE MONEY

### WILL INCREASE THE NATIONAL BANK CIRCULATION

A Bill in the Senate To Do That—Discussion on Silver—Hill's Resolution On The Table—A Homeless Dog.

WASHINGTON, Aug. 14.—When the House met at 11 o'clock, a larger array of members were present than at the corresponding hour Saturday, but the attendance was still a few short of a quorum. The Speaker announced the following committee appointments:

Enrolled bills. Pearson (chairman) Hines, Hager, Russell, (Ga.) Latimer, Adams and Gillett, (N. Y.)

Accounts: Rusk (chairman) Paynter, Muehler, Hertwells, Post, Wright, (Mass.) and Marvin.

Mileage: (Lynch) chairman, Strait, Hendleton, (Texas) and Mahone.

The silver debate was then resumed. The House resolution providing for the celebration of the anniversary laying of the corner stone of the Capitol passed.

Senator Voorhees has introduced his bill authorizing the issue of National bank notes to the full value of bonds deposited. It is accompanied by a letter from Secretary Carlisle recommending its passage as a measure of immediate relief, and saying that it will add \$10,000,000 to the circulation. Referred to the finance committee.

The Senate has passed the House joint resolution for the payment of employees of the two houses at the present session. Numerous petitions on the silver question were presented and referred, and one for the annexation of the Hawaiian Islands, the latter coming from the San Francisco Chamber of Commerce.

Senator Hill introduced a resolution, which was laid on the table, declaring it to be the sense of the Senate that nothing but legislation shall be undertaken during the present special session.

Mr. Vest called up the resolution offered by him last Tuesday in favor of bimetallism and the free and unlimited coinage of both gold and silver, and addressed the Senate on the subject. He likened the Sherman act to a houseless and homeless dog with no one to give it a home, and without a kennel to hide its dishonored head, but declaring, nevertheless, that he would not vote for its repeal without a guarantee of silver as a money metal.

WASHINGTON, Aug. 14.—A call has been issued for a Republican caucus immediately after adjournment of the Senate today if the hour is not too late. The primary purpose is to dispose of the minority patronage, but the situation in the Senate will probably come under discussion.

## A CRAZY SHOOTER

### Wild and Possibly Fatal Antics of An Insane Durhamite

DURHAM, Aug. 14.—The Sun Saturday afternoon contained the following:

"Parties who arrived in the city on the 11:25 train this morning brought the news of a terrible tragedy which occurred at University Station this morning about 9 o'clock. J. F. Shoemaker, who has been the agent of the Richmond and Danville railroad and also postmaster at that place several years, tried to burn out the place and kill every one that came in his reach. He set fire to his store and the Richmond and Danville depot, but the flames were extinguished before much damage was done. He shot his wife in the back of the neck, the ball lodging in her cheek, shot a Mr. Strayhorn through the arm and shot at a Mormon preacher.

"There was a wild scene around the station for a few minutes. A Mr. Scruggs finally succeeded in capturing Shoemaker and tied him to a tree where he still remained when the train passed there. He had been drinking quite heavily for a week or more and seems to have become suddenly insane from strong drink; that is the only way they can account for his terribly rageful behavior. Shoemaker's condition is thought to be quite serious."

## BEN PARKER KILLED.

### "Conflicting Attention" to Young Lady the Cause

FAYETTEVILLE, N. C., Aug. 11.—In a fight on Hay street at 2 o'clock today, E. J. Fuller, of a well known and prominent family here, clerk in the insurance office of Col. J. A. Pemberton, shot and killed Ben Parker, a young man of good standing, clerk in the New York bargain house on Person street. Fuller was on the ground, underneath, when the shot was fired. After the shooting Fuller calmly walked to King's drug store, had the wounds on his face dressed and then crossed the street to the bank of Fayetteville where, the sheriff's officer coming in, he gave up his pistol and surrendered. It is supposed to have come from conflicting attention to a young lady. Cast iron knuckles were found on the ground near the shooting. It is not known to which combatant they belonged.—Charlotte Observer.

## OBJECTED TO WATER.

### So Bob King Fired at Jacob Davis Through a Window

CANTON, N. C., Aug. 11.—At Robbinsville, Friday night, Jacob Davis, who is a clerk in a store there, was shot by Bob King. Davis was in his room over the store washing and threw a basin of water out at the widow, some of which fell on King, who happened to be below the window. King swore that no one should throw water on him, and stepped back from the house a little and began firing at Davis through the window. One ball struck Davis in the thigh and another went through his arm. King was drunk, but made his escape and the officers are after him. It is not known how seriously Davis is hurt.

## Rep. Oates Not So Well.

WASHINGTON, Aug. 14.—Representative Oates of Alabama, who was struck by a cable car last week and badly injured, is not so well today. Saturday his improvement had been so great that it was thought he would be in the House Tuesday. When he will be able to resume his duties in the House his physician cannot say.

## At Loretta Hall.

HOT SPRINGS, N. C., Aug. 14.—The following guests are stopping at Loretta Hall: Mr. Bishop and wife, Washington, D. C.; Rev. J. A. Burk, Me. A. C. Burk, Philadelphia; Mr. Cudd, Spartanburg, S. C.; Mr. Bequest, Charleston, S. C.; Mr. Hook, Mr. Scharb, Columbia, S. C.; Mr. Merrill, Monroe, N. C.; Rev. A. W. Poyer.

## CONDENSED TELEGRAMS.

In the Supreme court of the District of Columbia Saturday suit was filed for \$50,000 for seduction and breach of promise against Representative Wm. C. P. Breckinridge of Kentucky, by Madeline V. Pollard. Breckinridge was married recently.

Bradstreet's telegram about the probable crisis in the cotton region is laughed at in the South. Brokers and cotton men may money needed to start the crop will be secured without difficulty and without resorting to unusual effort.

Brunswick, Ga., has a case of yellow fever, and there is a great scramble in Georgia towns to declare quarantine against it.

Nancy Hanks was started Saturday at Mystic Park, Boston, to beat her record of 2:04, but her time was 2:08 1-4.

## THE PRESIDENT NOT WELL.

### He Has Gone to Gray Gables to Rest.

WASHINGTON, Aug. 14.—The President has returned to Gray Gables, after spending a week in Washington. Before leaving he made the following statement for publication:

"My absence from the capital at this time may excite some surprise in view of my intense interest in the subject now awaiting the determination of Congress. Though my views and recommendations have already been officially submitted to that body and though I am by no means certain to be called further into bringing about the result which seems so necessary, it would be a great satisfaction to me if I could remain at the scene of action. But whether I am here or elsewhere, I shall look with hope and confidence to the action of those upon whom the responsibility now rests of relieving our people from their present dangers and difficulties.

"I am going back to my summer home at the seashore because I am not sufficiently rallied from the strain to which I have been subjected since the 4th of March to fit me to again assume the duties and labors which await me here. I have been counseled by those whose advice I cannot disregard that the further I contemplate is absolutely necessary to my health and strength, I shall remain away during the month of August, and shall devote myself to rest and outdoor recreation. My doings will be devoid of interest to the public, and I shall be exceedingly pleased if I can be free from the attentions of newspaper correspondents."

## SUPERIOR COURT AT WORK

### THE AUGUST TERM CONVENES TODAY.

Judge R. F. Armfield's Remarks To a Juror Who Wished To Be Excused—Jordan Damage Suit Set for Trial Tomorrow.

Not often does the judge's chair in the court house support more avoidous points than it has today and will until the August term of Buncombe Superior court finishes its work. And the members of the bar do not often have to do with a jollier gentleman than Judge R. F. Armfield, who, assisted by Deputy Clerk J. McD. Whitson, opened court this morning promptly at 10 o'clock. One of the first things for Judge Armfield to do was to hear an excuse from R. R. Porter, president of the Asheville Cigar company, who wished to be excused from jury duty. Mr. Porter stated that he was a commercial man and that his business would suffer if he were kept on the jury. "You cannot be excused," Mr. Porter said the Judge; "we want some men on the jury who know commercial law." Then in a more serious tone, "It is necessary sometimes that men should sacrifice their business interests to serve the interests of their country." The court business was then proceeded with.

In the case of J. A. Keith vs. W. M. Cooke, jr., land suit, the plaintiff took a nonsuit.

W. W. McDowell and wife vs. the city of Asheville, judgment in accordance with the opinion of the Supreme court. This suit was for a mandamus to compel the city to send a jury on Southside avenue to re-award damages to the property of the plaintiffs. The Supreme court handed down an opinion in the plaintiffs favor.

In the case of W. T. Reynolds and others vs. T. C. McNely, a land suit, judgment was rendered in favor of the plaintiffs for \$100 and costs.

The case of Mrs. M. A. Jordan vs. the city of Asheville, for \$10,000 damages, was called and continued until tomorrow.

While this case was under discussion Judge Armfield got the laugh on Maj. Chas. M. Steinhilber, who arose to state that he had withdrawn from the counsel for the defence, and that his withdrawal was perfectly agreeable to counsel on both sides. The Judge said, good-naturedly: "I suppose they wanted to get rid of you or you would not have withdrawn." Then Maj. Steinhilber laughed, the Judge laughed, everybody else laughed and business went on. Mrs. Jordan is represented by Alderman W. W. Jones and F. A. Soudley, while Guder & Carter and I. S. Adams are counsel for the city.

## Short of Money.

SPRINGFIELD, Mo., Aug. 14.—The Bank of Springfield, with a capital of \$100,000, failed to open this morning.

CHICAGO, Ill., Aug. 14.—The A. R. Beck Lumber company, with assets and liabilities in South Chicago, assigned this morning. Assets, \$511,000; liabilities, \$250,000.

CINCINNATI, O., Aug. 14.—May, Brothers & Co., wholesale dealers and manufacturers in clothing, 90 West Pearl street, assigned this morning. Assets and liabilities about \$100,000.

## Order of Acting Secretary Hamlin

WASHINGTON, Aug. 12.—Acting Secretary Hamlin has issued a circular instructing collectors of customs hereafter to classify the entire contents of all packages of imported leaf tobacco, any portion of which is suitable for cigar wrappers, for duty at the rate of \$2 per pound. Heretofore the practice has been to charge \$2 per pound when packages contained 15 per cent. of tobacco suitable for cigar wrappers.

## Big Minneapolis Fire.

MINNEAPOLIS, Minn., Aug. 14.—Two fires, presumably the work of incendiaries, destroyed over a million dollars' worth of property yesterday afternoon. Among the losses are: Minneapolis Brewing Co., \$110,000; one hundred and twelve houses at an average of \$500 each, \$50,000; Nicolette Island Fire, \$125,000; bridges, \$10,000. Total, \$1,057,000.

## Bank Statement.

NEW YORK, Aug. 12.—The weekly statement of the associated banks shows the following changes: Reserve decrease, \$2,527,575; loans increase, \$3,078,200; specie decrease, \$2,305,000; legal tender decrease, \$408,000; deposits decrease, \$11,700; circulation increase, \$731,100. The banks are now \$16,545,373 below the requirements of the 25 per cent. rule.

## To Visit Corrigan.

WASHINGTON, Aug. 14.—Archbishop Satelli, papal legate to the United States, left this city this morning for New York to pay his much discussed visit to Archbishop Corrigan.

## NEWS IN OUR OWN STATE.

—Wadesboro Messenger: During the severe thunder storm of last Monday afternoon, a cow belonging to Mr. W. A. Curlee was fastened to a stake by a chain 24 feet long. This chain was struck by lightning at a point about a foot from the cow's head, and from there every link, except two, in the direction of the stake was unlinked, but the cow was not hurt at all.

—The Statesville Landmark says the main point in Judge Whitaker's charge to the grand jury of Iredeil Superior court last Monday, was his condemnation of the jail system of the State. He said the jails of North Carolina were a disgrace to the civilization of the age.

—Watauga Democrat. A rumor was afloat two weeks ago that Rev. E. F. Jones had been shot and killed in Dixon, California. We are glad to state that it is a mistake and that he is alive and well.

—The Baptists of North Carolina are expecting a great time at their Sunday school Chataqua to be held at Mt. Vernon Springs, Chatham county, August 22d to 27th.

—Mr. David Brown, of Duplin county, has lost several head of cattle which had been bitten by a worthless cur. The cattle died of a disease resembling hydrophobia.

—
