WE WIN AND WE LOSE

DECISION IN THE BEHRING SEA CASE

The Points The United States Laid The Most Stress On Are Decided In Our Favor—Others Go Against Us.

PARIS, Aug. 15.—The decision of the Behring Sea tribunal of arbitration was handed down this morning. The five points of Article VI, are decided against the United States. A close season is established to begin in May and to continue until July 21. This close season shall be observed both in the North Pacific Ocean and in the Behring Sea. A protected zone is established, extending for 60 miles around the islands. Pelagic sealing is allowed outside the zone in the Behring Sea until August 1. The use of fire arms sealing is prohibited.

The American arbitrators have expressed their satisfaction with the text of the decision.

Baron de Courcel, after the decision was rendered, thanked the arbitrators for the close and intelligent attention they had brought to bear upon the case. Lord Hannen and Senator Morgan, in reply to the present of the tribunal, acknowledged his courtesy and hospitality.

The American arbitrators believe that regulations decided upon by the tribunal mean practically the end of pelagic sealing and that they are better terms than were heretofore offered to the United States by Great Britain in settlement of the question involved.

Washington, Aug. 15.—The Secretary of State has received cable advices from Paris which confirm the statement that the decision of the arbitration tribunal on all points involving exclusive jurisdiction over Behring sea has been rendered against the United States; that is to say, the tribunal has decided:

- That Russia did not assert and exercise exclusive jurisdiction in Behring Sea and in the seal fisheries therein prior to the cession of Alaska to the United States.
- That consequently Great Britain never conceded any such rights to Russia.
- That Behring Sea was not included in the phrase "Pacific Ocean" as used in the treaty of 1825 between Great Britain and Russia; and
- That consequently no exclusive rights of jurisdiction over Behring Sea and over the seal fisheries therein passed to the United States with Alaska under the treaty of 1867.

The inference is that it is under the last of the five points submitted to arbitration by article VI, of the treaty that the concessions as to a close season, a 60-mile protected zone and the prohibition of the use of firearms apply. This fifth point was the one on which the great stress was laid in the argument by the United States counsel. It raised the question whether the United States had any right to the protection of property in fur seals frequenting the islands of Behring Sea outside the three mile limit. The preliminary abstract of the decision received here as implying that the tribunal to a certain extent has conceded this right. Only in the future, seal life will be protected by virtue of an international agreement entered into under the award of arbitration and not solely by the authority of United States.

FOR AND AGAINST CANADIANS.

LONDON, Aug. 15.—Pall Mall Gazette this afternoon publishes a dispatch from Paris saying that on the question of fact regarding the seizure of sealing vessels the decision of the Behring Sea tribunal is in favor of Great Britain. The paper adds that as a natural result of this decision, the United States will give the Canadian sealers the compensation for seizures illegally made. The regulations of the tribunal providing for a close season are very stringent. The proposition of fire arms may be found a serious disadvantage by Canadian sealers.

A Good Railroad to Keep On It.

SHEFFIELD, La., Aug. 15.—The southbound passenger train on the New Orleans Pacific railroad was held up by eight masked men three miles south of Mansfield at 8 o'clock last night. The men boarded the train at Mansfield junction, and when it had pulled out some distance they began "holding up" the passengers. Only a small amount of cash was secured. No attempt was made to rob the express or mail cars. It is thought the bandits were frightened off before finishing the job. They jumped from the train and escaped in the darkness.

NO DOGS FOR PEARY.

The Scientist's Exploring Expedition Delayed.

St. Johns, N. F., August 13.—The Labrador mail steamer reports having spoken Peary's steamer, the Falcon, at Davis Inlet, Northern Labrador, on August 2. She had been storm-bound two days. Peary had been engaged in visiting the coast settlements for the previous two weeks endeavoring to get dogs, but had not succeeded, and then proposed visiting the Moravian settlements to the North and then going to Disco, as he was certain to get dogs there. His plan had been seriously disrupted through the unexpected delay.

—Charleston News and Courier.

ASHEVILLE AGAIN WINNER

TAKING THE PRIZE FROM THREE OTHER CITIES.

The American Pharmaceutical Association, in Session in Chicago, Decides to Meet in Asheville Next Year—White G. Smith Elected Local Secretary.

CHICAGO, Ill., Aug. 15.—[Special]—The American Pharmaceutical Association will meet in Asheville the first Monday in September, 1894. Montreal, Can., Denver, Col., and Hot Springs, Ark., asked for the meeting, but the vote was almost unanimous for Asheville.

The following are the officers for the ensuing year:

President—E. L. Pach, Boston, Mass.

First vice-president—Leo Elick, South Bend, Ind.

Second vice-president—Wiley Rogers, Louisville, Ky.

Third vice-president—Chas. Caspari, Baltimore, Md.

Treasurer—S. A. Sheppard, Boston, Mass.

Permanent secretary—J. M. Maiseh, Philadelphia.

Reporter on progress of pharmacy—Henry Kraemer, New York.

Local secretary—White G. Smith, Asheville. *Henry R. Chears.*

OLD HOMINY.

She is Not Lagging Behind in the Race for Spoils.

TURNPIKE, N. C., Aug. 15.—Your correspondent has visited a good many sections of the county during the present season, but nowhere else has found the husbandman so amply rewarded for his toil as here. The corn crop, I am told, has never been better, while wheat is considerably above the average.

It is estimated that the crops of small grain above Sulphur Springs will reach an aggregate of 20,000 bushels.

Spire P. Morgan, the business agent for the F. A., at this place, sold during the spring 300 bags of fertilizer to his neighbors, which has been used, not only in the culture of tobacco, but the various products of the garden and farm.

Mr. J. W. Smathers, the genial hotelier, has his house filled to overflowing with guests.

The extensive vineyards of Messrs. Smathers and Hoyt are not so fruitful as common, but have a tolerably fair crop.

The directors of the Hominy institute hope to have their new building completed and opened for work sometime during the fall. No section of Buncombe county has better citizens than this, successfully conducting a school of high grade.

Mr. I. C. Curtis is highly pleased with the prospects of his husbandry. Our country has no better citizen than this modern Joshua, or one who feels a deeper interest in the public welfare.

The public schools of this section have opened under very favorable auspices and bid fair to maintain a good patronage.

C. C. Boone.

A FEW MORE LADIES.

The Mountain Park Still Years For The Unattainable.

HOT SPRINGS, Aug. 15.—Twenty arrivals of health and pleasure seekers in one day at the Mountain Park hotel speaks volumes, and that being the case, add innumerable pleasure parties on foot and on horses and donkeys, and you have but a small part of our many and varied amusements. The beautiful music furnished by Professor Dietrich, assisted by that fine pianist, Miss Marie Mallard and others, deserve especial mention.

Our rheumatic guests are rapidly recovering. For instance, Mrs. D. Henry of Raleigh, believed to be a confirmed rheumatic sufferer, is now up and about and took a donkey ride this afternoon, while her sister, Mrs. Parker, also a former sufferer with rheumatic trouble, is walking around without any assistance.

Mr. W. A. Turk, the general passenger agent of the Richmond and Danville, whose immense shadow ought not to grow, or doesn't seem to grow, any less, is here in the Mountain Park, with his interesting family, for rest only, and they as well as the many other guests seem to be doing splendidly.

The weather is fine, the days pleasant, the nights cool and invigorating and everything is lovely, only a few more young ladies would prove a most acceptable addition. Let them come!

An Revolver.

THOUGHT IT UNLOADED.

Not All of This Kind of Idiot Dead Yet.

BATESVILLE, Ind., Aug. 14.—Miss Louisa Schrader, 23 years old, who has been in Indianapolis for some time, was visiting her father near here. This afternoon she and her brother were visiting a neighbor. Young Schrader, thinking his revolver was unloaded, picked it up and playfully snapped it in his sister's face. The gun went off and the ball crashed through her brain, killing her instantly.

TALKING FOR FREE SILVER

THE DISCUSSION IN THE HOUSE GOES ON.

Progress of the Bill to Allow National Banks to Issue Currency Up to the Par Value of the Bonds Defeated—Motion to Suspend the State Bank Tax.

WASHINGTON, Aug. 16.—The committee on finance by practically unanimous vote this morning decided to report favorably the bill introduced yesterday by Senator Voorhees providing for the issue of circulating notes to the national banks to the par value of government bonds on deposit to secure circulation. Mr. Voorhees will endeavor to put the bill on its passage today.

After prayer and approval of the journal before a small attendance of members, Mr. Burrows offered a resolution giving Charles E. Belknap the right to contest the seat of Geo. F. Richardson from the fifth district of Michigan. Richardson, sitting member, asked that the resolution be laid over until tomorrow, so ordered.

The silver debate was then resumed, Hutcheson, Texas, concluding his remarks begun yesterday in favor of the free coinage of silver.

Hutcheson was followed by Blanchard, Louisiana, who spoke in favor of free coinage.

In the Senate today Gordon introduced a bill to suspend for six months the operation of the law taxing the notes of National State banks ten per cent. He prefaced its reading with a statement in which he claimed that the passage of his bill, if not a panacea for existing ills, would stop the panic in 15 days. It would, he said, allow the Savannah banks to issue notes sufficient to move the whole cotton crop of which that city is the central port. The bill was referred to the finance committee.

Mr. Voorhees reported back from that committee the bill introduced by him yesterday to enable national banks to issue currency to the amount of the full par value of their bonds deposited. He expressed the hope that the bill would now be taken up and passed practically without discussion. He met, however, an opposing force in the person of Cockle who objected to its immediate consideration, and then proceeded to make an argument against it as favoring the national banks to the disadvantage of state banks.

Mr. Voorhees said that, as a single objection caused his bill to go over till tomorrow, he would now give notice that he would call it up tomorrow and move to put it on its passage. He was also instructed to ask permission for the finance committee to sit during the sessions of the Senate and gave notice of the meeting of that committee tomorrow.

The Senate finance committee this morning decided to hold daily sessions beginning Thursday next, during which time they will endeavor to reach some conclusion on the silver question. Senator Voorhees subsequently notified the Senate of this action and asked authority to sit during the session of the Senate.

The Lee Mantel case involving the right of governors of States to appoint Senators, under certain circumstances, was then taken up and Hinton, Virginia, addressed the Senate in support of Mantel's right to a seat.

AT THE PHILADELPHIA MINT

Orders Given to Hurry Up the Coinage.

PHILADELPHIA, Aug. 15.—The superintendent of the Philadelphia mint has received instructions from Washington to push the small gold and subsidiary silver coinage as rapidly as possible and if need be to have the mint worked after hours to get the specie out.

Washington, Pa., has stated that the stock of small gold coin is getting depleted, and the above order to hurry the coinage is to fill up the hole that is being made.

The work will be commenced at once, and the eagle, half eagle, silver halves and quarters will soon be rolling out by the thousands every hour.

Working up a Silver Settlement.

SAN FRANCISCO, Aug. 13.—The committee appointed by the recent silver mass meeting in this city met last night and adopted resolutions declaring it to be the design of the committee to confine itself to a simple proposition to restore the coinage of silver at a ratio of 16 to 1, and inviting people all over the State to hold mass meetings in various cities on August 24, and to appoint committees similar to this one, with a view to a comprehensive development of the silver sentiment of the State.

A Toting of a Pistol.

MARION, Aug. 15.—[Special]—Thomas M. Finley, son of our worthy townsman and marshal, Fred H. Finley, had the misfortune to be shot in the head, just over the left eye. A young lad in pulling a handkerchief out of Mr. Finley's pocket, caused his pistol to be discharged. The wound is not fatal.

Loss of \$800,000.

BUFFALO, N. Y., Aug. 15.—The Coalsworth elevator situated on Michigan and Gauson streets having a capacity of 12,000,000 bushels of wheat, was totally destroyed by fire this morning. The total loss is \$800,000.

Kitchen Is Resigned.

WASHINGTON, Aug. 15.—Robert B. Mayes, Mississippi, has been appointed chief of division, sixth auditor's office, Treasury department. W. H. Kitchen, North Carolina, Chinese inspector, has resigned.

He's Better.

SAVANNAH, Ga., Aug. 15.—Surgeon Branham, the yellow fever patient at Brunswick, is considerably better.

—Oxford Ledger: Mr. J. W. Mitchell informed us on Monday that a lady, at the tender age of 70 years, Miss Iscove, who lives within 8 miles of Kittrell, never saw the train or a show of any kind of a steam engine, and never has seen a grist mill.

—King Brothers' Pure Food company, Winston, has made an assignment, naming Colonel Thomas H. Sutton as trustee. Estimated assets, \$3,500; liabilities, \$5,000.

For fresh vegetables call on P. E. Hare, city market.

DRUGS, MEDICINES AND SODA WATER.

A Strange combination, but when you have tested the new drinks at our fountain which, always delicious themselves, contain extracts of medicinal properties, the most popular of these are:

COCA COLA, AROMATIC EGG PHOSPHATE, HIRE'S ROOT BEER.

Besides these, our Ice Cream Soda, Pineapple Snow, Peaches and Cream are more popular than ever.

In drugs our stock is as complete as it is possible to be.

We also carry a fine line of druggist sundries. Strangers will find our stock in this line far better than is expected of a town this size.

We have just received a very pretty new novelty in the Columbian Pen Knife, aluminum handles, and three good steel blades. We only have a few and will sell for \$1 each. Very suitable as a World's Fair Souvenir.

Don't leave Asheville without calling at our store. Open evenings till 11 o'clock.

RAYSOR & SMITH,

PRESCRIPTION DRUGGISTS,

NO. 31 PATTON AVENUE.
