THE DEBATE CONTINUES

URGING REPEAL OF THE SHERMAN ACT.

First Meeting of the Committee on Rules—The Senate Preparing to Move—The Case of Maule.

RICHMOND, Va., Aug. 17.—The Virginia Democracy went into convention at noon today to nominate candidates for governor, lieutenant governor and attorney-general. The contest for governor lay between Representative C. T. O'Ferrall of Rockingham, J. Hoge Tyler and A. S. Buford, with the probabilities strongly favoring the first. For an hour before the time for the convention to assemble the streets leading to the hall were thronged with people on the way to the place of meeting. The stage was crowded with distinguished citizens from all over the State.

At 12 o'clock Hon. John Goode entered the hall. A delegate from the second Congressional district proposed three cheers for Goode, which were given with a will. This was shortly followed by the band playing Dixie, which again caused the audience to break out in cheers. Senator John W. Daniels, being recognized as he ascended the platform, was saluted with applause.

At 12:15 o'clock Hon. John Taylor Ellison, chairman of the State committee, rapped the convention to order and feelingly alluded to the absence of Chairman Basil B. Gordon on account of sickness. He announced temporary officers as follows: Temporary chairman, B. B. Munford, Richmond; secretary, W. H. Mann, Petersburg; sergeant at arms, Thos. Kivelberg, Staunton. He then introduced Mr. Munford, who made a brief speech, which was frequently applauded. Munford referred to the history of the party during the past four years, which he pictured in glowing colors and complimented the career of Governor McKinney. This was received with cheers. In closing he referred to three candidates in the order named, The rally, Tyler and Buford, the candidates were liberally applauded, but it was an easy matter to determine that the cheers which greeted the name of O'Ferrall were the loudest and longest.

Committees on credentials, permanent organization and resolutions were then called by districts, a resolution to that effect having been adopted.

The recommendations of the district delegates for the respective counties were all adopted, after which the convention at 1 o'clock took a recess until 4 o'clock in order to give the committee time to confer and report.

THE SLOW MAILS.

A Word About Them From Hot Springs—Visitors.

HOT SPRINGS, N. C., Aug. 17.—The Southern mails passing Spartanburg at 6 p. m. this evening, reach this place only about 24 hours later and, your correspondent learns, the same unpleasant state of delinquent mail deliveries applies to Asheville, a place supposed to be of no less importance even than Hot Springs! Why don't the ever-alert Citizens raise their voice in trumpet tones and go a little for Uncle Sam's slow mail service?

The Mountain Park hotel is well patronized, and between pleasant parties in day time and euchre, whist, dancing, music, singing and evening parties, to forget the lovely baths, nor the excellent cuisine, "tempus fugit." Among the guests are:

CHOLERA IN AUSTRIA.

Six New Cases Developed Recently—A Floating Hospital.

WASHINGTON, Aug. 17.—Surgeon General Wyman of the Marine hospital service received a cablegram from Antwerp this morning stating that since last advices six new cases of cholera had developed and that five had proved fatal. Emigrants, the dispatch says, are now to be isolated in selected hotels for five days and guarded by watchmen. The steamer Pennland will be used as a floating hotel and medical assistance will be employed when necessary.

NAPLES, Aug. 17.—During the twenty-four hours ending at noon yesterday there were eleven new cases of cholera in this city and eight deaths from the disease.

Loss of \$65,000.

ATLANTIC CITY, N. J., Aug. 17.—Fire at about 4 o'clock this morning destroyed the city hall, grand opera house and a portion of the train shed of Pennsylvania road. The loss is estimated at \$70,000, with not over \$5,000 insurance. The body of a man known as "Shorty" is supposed to be in the opera house ruins. The fire is supposed to be of the incendiary origin, though that is not definitely settled.

Suggest a Day of Prayer.

DENVER, Aug. 14.—At a union meeting of the preachers of Denver yesterday a memorial was adopted to be sent to President Cleveland, asking him to appoint a day of fasting and prayer, when the people of the nation might meet in their houses of worship and ask God to lighten the burdens which are now oppressing the people of this land.

NOT HURRYING.

The People of McDowell Think Collector Elias Slow.

"Our people seem to think," says the Marion correspondent of the Charlotte Observer, "that Mr. Elias, the collector, is slow in getting rid of the Republican storekeepers and grangers, but I guess he is simply trying to decide who are the best men to fill their places from the large number of applications on file in his office. So far our county has received only three appointments."

Collector Elias is making no appointments without first learning something of the men who apply for positions. He told a visitor from Marion yesterday that he proposed to make no appointments hurriedly and that before appointments are made he wants to be sure that the applicants are worthy and of such character as will give tone to the service.

When the Collector shoves his feet under his desk these mornings he usually finds a stack of applications half a foot high. He is also constantly in receipt of telegrams and letters congratulating him on his appointment of good men to positions in the service. One letter received yesterday was from Raleigh, and the writer thanked the Collector for his prompt attention to some matter of business, adding that the writer had been trying without avail for two years to have the matter adjusted.

Collector Elias expects to have a batch of appointments ready for tomorrow.

MURDOCH WALLACE.

Wedding Bells at "Wallace Farm" Last Evening.

Miss Margaret Kennedy Murdoch, the pretty daughter of ex-Street Inspector John A. Murdoch, was married last evening at 8 o'clock at the residence of her father, "Wallace Farm," on Bingham Heights, to William H. Wallace of Cleveland, O. The ceremony was performed by Rev. R. F. Campbell, pastor of the First Presbyterian church, in the presence of about 50 relatives and friends of the contracting couple. Thos. Henderson was best man.

After the wedding the guests sat down to a marriage supper that was elegant in every detail. The enjoyment of this was followed by a dance which was kept up by the happy participants till near 5 o'clock this morning.

Among the guests were Mr. and Mrs. Frank Reynolds of Ayr, Rutledge county; Angus Donovan of Wadley, Ga., and a number from Biltmore.

Mr. Wallace, the groom, is a stonecutter on the Vanderbilt place and has many friends in Biltmore and Asheville. The bride is a lady well known here and is popular in her large circle of friends.

Mr. and Mrs. Wallace will live on Starnes avenue, this city.

THE MONEY MAKERS.

The Only Professionals That Are Now Prosperous.

ST. LOUIS, Mo., Aug. 17.—Train robbers held up train No. 4, northbound, on the Frisco railway at St. James, Mo., at 3 o'clock this morning. They compelled the express messenger to open the safe, and after securing its contents jumped from the car and escaped. A posse was organized and is in pursuit. The amount of the booty secured is not known.

North Carolina Oyster Interests.

RALEIGH, N. C., Aug. 14.—A fish and oyster convention, representing all the counties interested in that industry, has just been held at Ocracoke, N. C. It resolved to endeavor to induce the State to reclaim thousands of acres of oyster grounds of the East, which have been bought up by capitalists, in order that oysters may be kept constantly planted in them, whereas now these grounds are being gradually robbed of all their oysters.

May Need Troops.

SELMA, Ala., Aug. 17.—Captain Phillips of the Dallas dragoons has received orders from Governor Jones last night to hold his command in readiness to march to the scene of trouble in Clark county at a moment's notice. More trouble is feared from the Mechanites and State troops may be necessary.

THE VIRGINIA CONVENTION

A DEAL OF ENTHUSIASM WAS SHOWN.

List of the Prominent Candidates and Their Chances—Favorites Cleared in the Hall and When Named by the Speakers.

WASHINGTON, D. C., Aug. 17.—In the House today Mr. Daniels, New York, opened the day's debate with a speech urging the unconditional repeal of the purchase sections of the Sherman acts.

The first meeting of the house committee on rules of the 53rd Congress was held this morning in the room of the Speaker. All the members were present, but only a little progress was made. A code of rules as agreed upon by the majority of the committee—Speaker Crisp and Catchings and Outwitt—was submitted in proof to Reed and Burrows. Only that portion relating to the proposed increase of membership of the committee was considered at the meeting today. Committees affected are those of the ways and means, appropriations, judiciary, banking and currency, coinage, weights and measures, interstate and foreign commerce, rivers and harbors and agriculture. In the 52nd Congress these members consisted of 12 each, with the exception of the last named, which had sixteen. A majority of the committee on rules have provided for the increase to 17 members of each of these committees. The majority of the members desired to consider the subject and the committee adjourned until tomorrow morning, that they might have an opportunity to do so.

Daniels was followed by Cooper, Fla., Democrat, who announced himself as opposed to every proposition made by the silver men and that he was for unconditional repeal.

The Senate finance committee will probably report favorably on the unconditional repeal bill tomorrow morning and ask the Senate to fix a day for the vote, perhaps within a day or two after the vote in the House. The committee has agreed upon all but the phraseology of the bill, which will contain a declaration favorable to bimetalism.

After the ordinary routine morning business in the Senate the report of the Montana senatorial case was taken up and argument made by Passo against the right of Mantle to his seat under the governor's appointment.

CAN'T GET LABORERS.

Farmers Complain That Unemployed Won't Come to Them.

ST. PAUL, Minn., Aug. 14.—Farmers in the Northwest are now harvesting. They find great difficulty in securing help. The country in this section is overrun with tramps and unemployed people, and it was thought that the unemployed would accept places with the farmers. They refuse to do so, and say that wages are too low, and fears are entertained that unless the harvest excursions change, the situation the farmers will be unable to take care of their crops properly. A dispatch from Hallock, Minn., says: "The average of grain in this country is larger than ever before and the crops fine, but unless the farmers obtain more help a great deal will be lost. Big wages are offered, but not succeeded in number of workmen necessary to harvest the crops is to be found in the country."—N. Y. Sun.

A strong condition will be placed around several blocks near the infected house and the surrounding thoroughly disinfected. The aim is now to confine the infection to one case.

MADRID, Aug. 14.—The recent proposition of the government to compel the payment of all customs duties in gold, which would have been equivalent to heavy increase in those duties, evoked protest from commercial circles in every part of the country.
