HOUSE AND SENATE.

### Five Minute Speeches Now The Order On The Silver Bill.

WASHINGTON, Aug. 24.—The five minute debate in the House on the Wilson bill began this morning, with a speech by Mr. Waugh (Ind.) who spoke for repeal in the interest of bimetalism, but would not vote for unconditional repeal.

Mr. Johnson (N. D.) spoke for silver. Mr. Pickler (S. D.) asked unanimous consent to change the existing order so as to take a vote Monday on the amendment confining free coinage to the American product. This was objected to by Mr. Wilson in charge of the administration bill. Pickler then tried to arrange for a vote on the American product, free coinage proposition after the Wilson bill had been passed, but again objection was made. He then proceeded to criticize President Cleveland as being under English influence.

Lucas (S. D.) and Hartman (Mont.) spoke for free coinage, the latter intimating that his people would not remain protectionists if the party failed to observe the bimetallic plank.

Mr. Barthold (Mo.) declared for repeal and the extension of the bank circulation. Hawk (Ohio) spoke for unconditional repeal. Heard (Mo.) against the Wilson bill, holding that the people were entitled to something more. Dingley (Me.) declared the repeal of the purchasing clause. He had voted for the Sherman bill only because it contained restrictions that would postpone the evil day.

The House joint resolution as to town sites in the Cherokee order was reported today and an attempt was made to have it passed, but objection was made and it was placed on the calendar.

A question of precedence between Stewart of Nevada, and Peffer of Kansas, as to which was entitled to the floor was decided in favor of Stewart, who then offered to yield his right if Mr. Peffer desired particularly to address the Senate.

Mr. Peffer declined the offer, but said that he would be very much pleased if he could proceed now. [Laughter.]

The Vice President took Mr. Stewart at his word and recognized Mr. Peffer, who thereupon proceeded to address the Senate on the silver question. He requested that he should have a patient and attentive hearing "such as I have given to other Senators, as I represent at least a million and a half of voters who believe just as I do."

The retirement of Judge Holman from the committee in which he has been conspicuous during many congresses when Democrats were in a majority caused a greater surprise than the retirement of Mr. Springer. Judge Holman stands before the country as the great exponent of the Democratic idea of economical government, but his efforts to cut down expenditures to the lowest possible limit have drawn upon him the antagonism of members of his party to such an extent that he made a concerted effort against his reappointment to the head of the appropriations committee.

### CHARLESTON'S DISPENSARY.

Only \$50 Was Taken In The First Day For Drinks.

CHARLESTON, Aug. 22.—The first dispensary for the disposal of the Palmetto jug was opened in Charleston today. From 10 o'clock in the morning till 7 p. m., the legal hours of closing, 55 citizens were supplied with toddy bearing the State's official trade mark.

There was quite a crowd of people at the opening of the State's barroom which is located in the upper wards, near the railroad depot, convenient to the suburbs, where thousands of negro phrenology lovers were attracted by curiosity. The liquor is supplied in all sorts of receptacles from a full pint to a five-gallon keg.

The business was opened by a gray-headed white man, who stepped up to the alcove, gave his name and swore that his red nose and bleared eyes were not caused by rum and rotgut whiskey. The gross sales of the day aggregated about \$50. The majority of the purchasers were negroes—Atlanta Constitution.

## WILSON BILL WILL PASS

PRETTY CERTAIN TO GET THROUGH THE HOUSE.

### Five Minute Debates Now The Order of the Day—Members Putting Themselves on Record—The Contest in The Senate.

WASHINGTON, Aug. 23.—At a meeting of the executive committee of the anti-silver men in the House the final figures were presented of the poll of the members upon the questions contained in the bills now pending. One of the members stated that if the friends of free coinage could concentrate their whole strength upon any one of the ratios, the majority against it would be 38. But as this is concededly impracticable, there being some who will vote in favor of retaining the present ratio of 16 to 1 who will not support a change of 20 to 1, and some who will vote for 20 to 1 who will oppose 16 to 1, the majority against either one or the other upwards of 50.

When it comes to the naked question of repeal or no repeal as presented in the Wilson bill the member stated that the majority in favor of its passage would be at least 75.

In view of the numerous requests for time on which to speak in the House on the silver question an effort is making to secure a further modification of the order regulating the discussion so as to confine the operation of the five minute rule to Thursday alone, giving Friday and Saturday to general debate. In the seven hour session tomorrow over 80 members may speak.

## WHISKED THINGS AROUND RATHER LIVELY.

NEW YORK, Aug. 24.—A cyclonic storm struck this city last night before midnight. The wind blew a gale and the rain fell in torrents. The storm was by far the most severe experienced in this city this summer. There was no thunder and no lightning, and there was not the brief, heavy fall of rain characteristic of August storms in this region. Instead the storm was preceded by an overcast sky, occasional light shower and an atmosphere sultry to a painful degree. Then came the outbreak that startled those who were on the streets. A gentle breeze began to relieve the sultriness just before 11 o'clock when 10 minutes it had increased to a violence that was calculated to frighten the timid. It whistled round every corner; it caught every light object in a hat, umbrella or stray newspaper and whisked it off. The rain came soon after the wind and it was not a shower, but a deluge. The high wind carried the water through the air so that its volume was apparently greatly in excess of the actual fall. It was driven into the streets and over the pavements, and pedestrians had a hard time.

ASHLEY PARK, N. J., Aug. 24.—The two masted fishing schooner, Mary F. Kelly of New York, Capt. Chris of Brooklyn, was wrecked here at 5 o'clock this morning. Four of the crew of 11 men were drowned. The others were rescued by Captain Edwards of the life saving station at Deal beach and a volunteer crew of hotel guests. There has been considerable damage done along the entire New Jersey coast.

### THE PRESIDENT'S HEALTH.

#### It Is Improving, Says Secretary Thurber.

WASHINGTON, Aug. 24.—President and Mrs. Cleveland, it is understood, will return to the White House the last days of this month. The work which has been in progress about the mansion for some weeks past has nearly been completed, and, excepting the Red parlor, the house will be in perfect trim for the return of the family. The Red-room will not be finished until about the middle of September.

Private Secretary Thurber, when asked this morning regarding the report that the President was suffering from Bright's disease, unhesitatingly stated that there was absolutely no truth in the report, and when asked as to his general health stated that there was nothing organic the matter with the President.

Mr. Thurber added that the rest the President needs is simply what any man however vigorous may require when overtaxed. Mr. Thurber received a letter only yesterday from the President in which he stated that he was rapidly gaining strength and vigor.

### BOIES AND VICTORY.

#### The Iowa Democrats Name a Boy Winner.

DES MOINES, Ia., Aug. 24.—The Democratic State convention was called to order yesterday morning by Chairman Patton of the State committee, who introduced Dr. Edward A. Johnston, pastor of the Central Presbyterian church of Des Moines, who delivered an impressive prayer.

Mr. Fulton, after a few remarks on the significance of the convention, presented the brilliant young mayor of Davenport, Henry Vollmer, whose address was liberally punctuated with applause. After the appointment of committees the convention adjourned until 2 p. m.

When the convention reassembled it renominated Gov. Boies by acclamation and Lieut.-Gov. Bestow on the first ballot.

Cleggitt of Mason City was nominated for supreme judge. Superintendent of Education Knoepfer was renominated by acclamation and the ticket was completed by the nomination of Thos. Bowman of Council Bluffs for railroad commissioner.

### A BRIDE HAS DIPHTHERIA.

#### Nearly a Score of Those Who Kissed Her Have It Too.

JAMESTOWN, N. Y., Aug. 21.—Miss Aiken was married to Mr. Amstell last Wednesday evening in Kiantone, a few miles south of here. The bride's throat was sore, but she thought little of it and made complaint to no one. Since the wedding the case has developed into one of diphtheria. Nearly a score of her friends who kissed her when offering their good wishes after the wedding have been attacked by the same disease, but many of the cases are very serious.—N. Y. World.

### A Blow With a Hatchet.

BALTIMORE, Md., Aug. 24.—Charles Leacock of Fredericksburg, Va., mate of the schooner John T. Ferguson, was killed in a quarrel last night on that vessel. Joseph H. Spruille of Edenton, N. C., a colored deck hand under arrest aboard, Spruille disobeyed orders while the schooner was coming up the bay and hot words were followed by a blow with a hatchet.

### Fire Raging Around a Theater.

ST. LOUIS, Aug. 24.—The Western brass foundry, corner Sixth and Walnut streets, has been destroyed by a fire which is still (noon) raging. The Standard theatre and other valuable property is threatened. The loss will be heavy.

### Advanced The Discount Rate.

LONDON, Aug. 24.—At the regular weekly meeting today of the directors of the bank of England it was decided to raise the bank's rate of discount to five per cent. This is an advance of 1 per cent.

### Will Probably Resume.

CHATTANOOGA, Tenn., Aug. 24.—The directors of the First National bank of Dayton, Tenn., have decided to suspend payment for sixty days. The assets are more than double the liabilities.

Attend the lawn etc. of the Y. M. C. A. at the residence of Dr. J. A. Burroughs, corner North Main and Woodfin streets, tomorrow evening.

## THEY ARE BADLY SCARED

### STILL FLEEING FROM BRUNSWICK, GA.

One New Case There, and Much Destitution Exists Among Those Who Are Too Poor to Follow—Divided as to Quarantine.

WASHINGTON, Aug. 24.—Inspector Guiteras telegraphs the marine hospital bureau from Brunswick, Ga., that there is a third case of yellow fever there, but that it is unconnected with the others. The child was removed out of town by its mother. Surgeon Carter, on hearing of the disease, followed and isolated and guarded the case.

The marine hospital bureau has made arrangements for the establishment of a probation camp 25 miles from Brunswick, Ga., on the road to Waycross.

SAVANNAH, Ga., Aug. 24.—S. P. Harris, the second victim of yellow fever at Brunswick, Ga., died late last night.

The following message has been sent from Brunswick, Ga., to Washington, addressed to Senators Gordon and Colquitt, Speaker Crisp, Hon. H. C. Turner and all the members of the Georgia delegation, Washington, D. C.:

"The situation here is distressing. Starvation stares the poor people in the face. The refugees, the ordinarily bread winners with families, have left the city without means. About 4,000 people are left in the city unable to procure supplies. We appeal in behalf of a stricken people for immediate aid and confidently rely upon the heart of the great American people and the government to respond. (Signed.) Thos. W. Lamb, Mayor; C. P. Goodyear, Jacob E. Dart, Rev. Edward Cook, Rev. J. H. Thompson, Rev. Father Hennessy, relief committee."

### CONFLICT OF AUTHORITY.

#### Yellow Fever Refugees Are Welcomed and Not Welcomed.

COLUMBUS, Ga., Aug. 24.—The city is filled up with refugees from Brunswick and a serious disagreement has occurred between the board of health and the city council. Tuesday, immediately on announcement that another case of yellow fever had appeared in Brunswick, the board of health met and recommended that quarantine be established. At a meeting of the council, held later, the recommendation was enforced and the council decided that there was no necessity for quarantine.

Last night the board of health met and four of the six members decided to tender their resignations at once. The four are leading physicians of this city, and they are naturally indignant at the manner their recommendation was treated. They considered it was prudent to quarantine, although not alarmists or apprehensive.

### Got Off With \$600,000.

KANSAS CITY, Aug. 24.—E. M. Donaldson, president of the First National bank of Marion, Kan., and president of the United Trust company, of Sioux City, Ia., is wanted by the United States officers and also by the people here. He is a defaulter to the amount of at least \$600,000 and is believed to have most of this money with him.

### Hotting Poles.

BUFFALO, N. Y., Aug. 24.—A call for police reinforcements has been sent in from East Buffalo, where the unemployed Poles have stormed the market and are rifling the booths.

### NEWS IN OUR OWN STATE.

At the meeting of business men in Wilmington Monday the Atlantic Coast Line made a proposition to issue script in sums of \$5 or more, with which to pay off its employees, in order to obviate the necessity for the withdrawal of large sums from the banks, provided the business community would receive the script without discount. The meeting adopted a resolution to accept the script so long as it will be received by the banks without discount.

The Warsaw Gazette says: At the colored picnic at the old Powtyn place, a few days since, ex-Congressman Chatham made a bitter speech. He raved about negroes being lynched and said God would have to put a stop to the hellish work, or send a war to do it. We interrupted him and told him to preach down the crimes they had committed and stop such, or that lynching would continue as long as the crimes did.

Among North Carolinians in the House Messrs. Henderson and Bunn retain their chairmanships of postoffices and claims, respectively. Mr. Alexander continues on agriculture and Mr. Branch on Territories. Mr. Crawford is on public lands and on manufactures. Mr. Grady takes a place on public buildings and grounds, and retains his old position on the education committee.

Cherokee Scout: The good people have come to their senses and are convinced that real estate in the town of Murphy is not worth as much money as it is in New York City, and from this very fact property now is low but has an upward tendency, and our town has a healthy growth and the improvements are good.

Upon investigation it has been discovered that the statutes of North Carolina forbid the issuance of such certificates as was proposed by the local banks of Winston. When issued with interest they shall circulate as money. The banks, therefore, declined to issue them.

Bank Examiner Miller, of Lynchburg, Va., has taken charge of the People's bank of Winston. President Blair says the comptroller of the currency granted every request made. There are good prospects for reopening the bank.

The Wilmington Star says that Rev. D. B. Black, senior member of Wilmington Presbyterian, died at his home near Burgaw, last Sunday, in his 83d year, and was buried Monday at noon at Pike church, Fender county.

Secretary Carlisle has held up the appointment of J. P. Shipp, as keeper of the Neuse river light house, North Carolina.

The receiver of the suspended People's National bank at Fayetteville will declare a dividend of 15 per cent. this week.

If you wish to enjoy yourself tomorrow evening attend the lawn etc. given by the Y. M. C. A. at Dr. J. A. Burroughs' residence.
