**FREE TOBACCO**  
 Some That Did Not Pay Uncle Sam's Tax.

PHILADELPHIA, Sept. 13.—Under instruction from Secretary Carlisle, a thorough investigation has been made by special agents of the Treasury into the circumstances surrounding the alleged undervaluation of Sumatra tobacco which has been brought across the Canadian frontier for shipment to Philadelphia, New York and other centres of the tobacco trade in the United States.

As a result, a report dealing especially with that portion of the undervalued leaf sent to this city to the order of I. Metz, an Arch street merchant, which the government has lost duties amounting to many thousands of dollars.

According to Agent Hanlon's report, it is believed that only \$2,000,000 worth of Sumatra leaf invoiced as fillers has passed through the Ogdensburg Custom house in the last six months on which the government has lost duties amounting to many thousands of dollars.

**BARNARDVILLE WINS.**

The Mars Hill Team Defeated by a Score of 19 to 18.

BARNARDVILLE, N. C., Sept. 9.—Mars Hill and Barnardville baseball teams played one of the hardest games ever witnessed in Western North Carolina. Umpires McMahon and Carter called the game at 3 o'clock. It is a well known fact that Mars Hill's team is really hard to handle. The team that defeats it has to have a long hair and it well combed. The game was witnessed by hundreds of people, while rain and fog covered the surrounding mountains. The game was conducted by John Whitteborn of Barnardville and Les Sims of Mars Hill, and was well managed throughout. The game went off quietly and the good people of Big Ivy congratulated the players on their good behavior. Mars Hill consists of real nice young men. The score stood: Barnardville, 19; Mars Hill, 18. These teams will play another game the 16th of this month.

**MORE SIGNS OF GOOD TIMES.**

**Silk and Iron Mills Busy Again—Bank Will Reopen.**

ALLENTOWN, Pa., Sept. 10.—The industrial outlook in Allentown is brightening. The broad silk department of the Adelaide Silk mill, which has been running on half time for several months, has started on full time, giving employment to 600 hands. The Klunster Turniture factory, which has been idle for six weeks, has started up with orders enough to keep the force at work until winter. The Consolidated Steel and Wire company will resume this week. It has been idle since July 1.

COLUMBIA, Pa., Sept. 10.—The Susquehanna Iron company and the Columbia Iron company will resume tomorrow, giving employment to 900 persons.

INDIANAPOLIS, Ind., Sept. 10.—The cashier of the Bank of Commerce says the bank will resume Oct. 1.—N. Y. World.

**TO DROP IT PLAN.**

The Parochial School to Be Given Back to the Church.

FARBIAULET, Minn., Sept. 10.—The Faribault plan in this city will soon be a thing of the past. The Catholics whose children attend the parochial school, which was placed under the jurisdiction of the city Board of Education, now insist that only Catholic teachers be engaged there. The Board of Education is willing to have two Catholic teachers on the staff. Otherwise, it says, the purpose of the plan would be lost.

At the annual meeting of the School Board next month the lease of the parochial school building will be allowed to revert to the Catholic church, and it is probable that it will not again be used for secular instruction.—N. Y. World.

**COUNTERFEIT BONDS.**

A Wealthy Mexican Pays \$10,000 For Counterfeits.

GUADALAJARA, Mex., Sept. 13.—A great sensation has been caused here by the discovery of one of the most extensive swindles ever perpetrated in this part of Mexico.

A wealthy broker of this city purchased from what he supposed a legitimate source \$10,000 worth of bonds of the public debt. He has just learned that they were forged and therefore worthless. The matter is in the hands of the government authorities, and several arrests of prominent persons will probably soon be made.

**Named Margaret Folsom.**

WASHINGTON, Sept. 13.—It was reported here that President and Mrs. Cleveland had decided to name their new girl which was born at noon Saturday after the grandmother, Mrs. Margaret Perrine, of Nebraska. This information is said to come from the ladies of the household of Senator Brice. The baby will be christened in the White House, but the christening will be very quiet compared with many previous White House christenings.

**The Vatican Will Investigate.**

LONDON, Sept. 13.—The United Press correspondent in Rome telegraphs that the Vatican is about to open an inquiry of the most searching character into the latest opposition to Mgr. Satolli in the United States, an opposition which has ramifying influences extending to Rome itself. The Vatican has resolved to act with the greatest energy upon the evidence it has secured in the matter.

**Cleveland Victories.**

PRINCETON, N. Y., Sept. 10.—The Cleveland men, led by N. A. Leary, won a victory in the caucus of democratic leaders yesterday over the Hill men, led by Deputy Comptroller Hanson. The Cleveland men have captured a majority of the uncommitted towns of the county, and probably will control the county convention.

**A Prohibitionist Hangs Himself.**

LANSING, Mich., Sept. 10.—Alfred Wisc, 66 years old, one of the founders of the Prohibition party in this state, and for many years a prominent manufacturer, hanged himself today. He had been melancholy for a year, and his trouble was aggravated by financial trouble.

**CHINA'S POLICY.**

Viceroy Li Hung Chang Advises the Expulsion of Foreigners.

LONDON, Sept. 13.—The astonishing dispatches from Shanghai, printed by the Standard, which credit Viceroy Li Hung Chang with advising the expulsion or massacre of all foreigners excites some comment here.

Some color is given to the report, which would ordinarily be dismissed as absurd, by letters and other telegrams, declaring that the anti-foreign craze, which is fostered by the government, is becoming alarmingly strong. Chang is reported as arguing that an anti-foreign policy is necessary to prevent an eventual partition of China among the European powers.

**INCREASE OF CHOLERA.**

The Terrible Spread of the Disease Among the Pilgrims.

WARSAW, Sept. 13.—Cholera has invaded seven new localities along the regions of the Vistula river.

Pilgrims from Mecca state that those making the pilgrimage who suffered from cholera came from Morocco, Algeria and Tunis, while Egyptian pilgrims lost very few from the disease. One battalion of infantry, which went to Mecca 700 strong, lost before returning to Djeddah 500 men.

**Confederate Veterans' Reunion.**

NEW ORLEANS, Sept. 13.—The general commanding the United Confederate Veterans has issued an order fixing Monday and Tuesday, October 3 and 4, as the dates for holding the reunion at Birmingham, Ala., and October 7 as the date of the unveiling of the Confederate monument at Chicago.

At Chicago W. C. F. Breckinridge of Kentucky will be the orator; the day, and Gen. J. B. Gordon of Georgia will preside on the occasion as commander-in-chief of the United Confederate veterans.

**Hon. Willis B. Machen Issues.**

PRINCETON, Ky., Sept. 13.—Ex-United States Senator Willis B. Machen has been adjudged to be a lunatic at Eddyville. At one time he was the most brilliant man in this section of Kentucky, but of late years his mind has been failing. In 1872 he was a prominent candidate for governor.

**TRAIN ROBBERS' BIG HAUL**

**THEY SHOOT THE ENGINEER AND GET \$19,000**

The Passengers Scared Out of a Year's Natural Growth—Dynamite Used to Break Open The Express Safe.

CHICAGO, Sept. 13.—Twenty masked men held up a Lake Shore train 120 miles from Chicago, near midnight, and after wounding the engineer blew open the safe in the express car and stole its contents. The train is the one which drew out of Twelfth street depot of the Illinois Central road at 7:45 Tuesday evening. It reached Kendallville, a small station in Indiana, little short of four hours later. It went past the town and had hardly gone a mile through a stretch of timber land, when the engineer slowed up near a curve. As the engine rattled round the turn the engineer saw a red light ahead. When the train came to a stop a dozen men sprang into the cab, shot the engineer, seriously wounding him, and then blew open the express car with dynamite and drilled open one of the safes, getting safely away with their booty.

The amount stolen by the train robbers is \$19,000. Within two hours of the commission of the crime Capt. Byrne was on his way to the scene with a detachment of detectives from his Buffalo district. The first trains out of Pittsburgh, Cincinnati, Toledo, Detroit, Indianapolis, Chicago and St. Louis carried squads of detectives in the employ of the United States Express company and the confederated companies.

**TO SAVE HER CHILD.**

A Mother's Heroic But Unsuccessful Effort.

BUFFALO, Sept. 13.—Mrs. Wm. Wolschlagel and her two year old baby were struck by a Nickel Plate freight train on the Hamburg grade yesterday afternoon. The child was killed and the mother fatally injured.

The little one was playing on the track as the train came along. The engineer blew his whistle to frighten the child away, but instead the child tottered toward the train. The engineer reversed the train and did all in his power to stop.

Meanwhile the mother had seen the child's danger and flew to save it. She had just reached the baby when the train struck them, throwing both into the ditch. When picked up they were lying side by side, the baby dead and the mother bleeding from half a dozen ugly gashes, while clutched in her hand was the pink dress of the little one. She cannot recover.

**ENDORSED THE MESSAGE.**

Action of the Boards of Trade at Washington.

WASHINGTON, Sept. 13.—The convention called by the New York board of trade and transportation, to consist of delegates appointed by the various commercial bodies throughout the country, yesterday adopted a resolution heartily commending "the President's message and the decisive action of the House of Representatives in passing an act in accordance with his recommendation" and earnestly urging "upon the Senate of the United States the necessity of speedily and unconditionally concurring in said action."

**Arkansas Cotton Crop**

LITTLE ROCK, Ark., Sept. 10.—The boll worm is devastating the cotton crop on river bottom lands of Arkansas. It is now estimated that only 73 per cent of a crop will be gathered. A general rain has fallen during the last two days and will do great good. The Arkansas banks have ample means to move the crop.

**He Won't Have It.**

FORT DODGE, Ia., Sept. 13.—L. S. Coffin, who was nominated for governor by the prohibition republicans September 5, while absent from the State, issued a letter today declining the nomination. The prohibition central committee will probably select another candidate.

**M. Chas. DeLesseps Pardoned.**

PARIS, Sept. 13.—M. Chas. DeLesseps, who was sentenced to five years' imprisonment for complicity in the Panama canal scandal, was released from prison today.

**Plain Enough.**

From the Chicago Tribune.  
 "Zat man," exclaimed the excited Gaul, "ees one excer-rable, enufamous liar-r-r! I would tell 'em so in plain English, by gar!"

**CONDENSED TELEGRAMS.**
