

Asheville Daily Citizen.

VOLUME IX.--NO 115.

ASHEVILLE, N. C. FRIDAY EVENING, SEPTEMBER 15, 1893.

PRICE 5 CENTS.

1 Man in 20

May find fault with the cigars sold by us, but if that single man will show us wherein we are to blame we will give him a cigar that will please him. Did you ever try the

"Gray - Gables?"

Today we reduced the price in several articles. The stringency in the money market is having its effect on the prices of groceries as well as on everything else.

A. D. Cooper.

Heinitsh & Reagan.

THE PANIC AT BRUNSWICK

IT IS BASED ON TWO CASES OF YELLOW FEVER

Camp Haines Will Be Opened Again--Seven Cases Since The Disease First Appeared--Too Soon To Return To Brunswick!

BRUNSWICK, Ga., Sept. 15.—After the wild rumors of last night matters have assumed a normal quiet and people are not leaving the city as they did before. At the Board of Health meeting at noon two cases of fever were reported, the Cox child reported last night, and Mrs. Turner, in the northern part of the city. Other cases that had been reported on the streets, after examination, were declared not to be yellow fever.

An important question was presented at the Board of Health meeting: Who is in charge of matters, the government or city authorities? One of the other must assume the responsibility or great confusion must exist. Dr. Guteras said last evening that it looks very much as though an epidemic is threatened, though the slow appearance of the disease was a hopeful sign. Each case has been complicated with weakness from other illness.

Camp Haines will be inaugurated by next Monday when, Surgeon Magruder will take charge. The people have little hope of egress now till after the frost however, when matters may turn.

While there is cause of apprehension, the facts are decidedly more cheerful than the street rumors. The case of the man at the hospital was that of a confirmed consumptive who had been removed from a sailor boarding house because of pulmonary trouble. After being placed in the hospital he had been up and down until Sunday, when he was reported worse. In that time he showed fever, but not of a suggestive type. Dr. Burts had not been with him during the last days of his illness. An autopsy showed, however, that he died of yellow fever.

Surgeon Guteras, the yellow fever expert at Brunswick, Ga., late this evening telegraphed Surgeon General Wynnan of the marine hospital service at Washington that another case of yellow fever was discovered today near where the Cox child had the disease. This makes the fourth case recently reported and seven since the disease first appeared. The last case is that of Mrs. Turner, a returned refugee. It is supposed that her child also has the yellow fever.

Many people have returned to Brunswick despite the advice given by the marine hospital authorities. Warnings against too speedy return were given by the public press in this section of the country, in order that everybody should be made aware of the danger.

A RECORD BROKEN.

The Columbia Will Earn Her Builders a Premium

PHILADELPHIA, Sept. 15.—When the United States cruiser Columbia returned from her builders' trial trip she was greeted by whistles of every steam craft on the river. The reason for the noisy welcome was that she carried on a steamer from her masthead the record-breaking hours "21 3-10." These figures meant that during her trial trip she had made 21 3-10 knots an hour. This is equivalent to 24 4-5 miles an hour, and was made with a heavy sea running. She is now being put in for the official trial, when she is quite likely to make as high as 22 knots an hour.

POISONERS LYNCHEED

They Threw Arsenic In a Well, Causing Two Deaths

ABERDEEN, Miss., Sept. 15.—In the line of the lynching business, Monroe county comes to the front with a case in which four negroes, two men and two women, were the victims, near Quincy, 15 miles from Aberdeen.

Two weeks ago Thomas Woodruff and five children were taken violently ill and two children died. He and the others still linger with little hope of recovery. It was learned that negroes living near had thrown arsenic in the Woodruff's well.

A Negro To Bolivia.

WASHINGTON, Sept. 15.—President Cleveland has given Washington a great surprise by the appointment of Charles H. J. Taylor of Kansas to be Minister to Bolivia. The inhabitants of that delightful South American republic will probably be more surprised when they see Mr. Taylor, if they ever do, than his acquaintances are to hear of his appointment. It has not been customary for the United States to send full-blooded Africans as representatives to countries outside of Africa, until a short time ago, but now the practice seems to be getting popular. Mr. Taylor is a very black man.

A Town Ward Worth \$50,000.

NORWALK, Conn., Sept. 15.—Search is being made for the heirs of Mrs. Mary Brennan, who was fatally burned in a fire on South street some months ago. Mrs. Brennan, who was 75 years of age, and who lived in regular, died, leaving an estate inventoried at \$50,000 or more, although no one knew of her having any means. The town supported her much of the time.

Immigration Agreement OK.

WASHINGTON, Sept. 15.—Superintendent of Immigration Stump this morning received an official telegram from the Deputy Minister of the Interior of Canada announcing that the Canadian government had refused to ratify the immigration agreement recently concluded between the United States and Canada.

A Blind Fight.

PORTSMOUTH, Ohio, Sept. 14.—Adam Eck, a broom maker, whose residence is on Front street, this city, and who has been totally blind for 30 years, has issued a challenge to any blind man in the State for a finish fight. Marquis of Queensberry rules for \$250 a side. Eck has put up a forfeit of \$25.

Ruth and Esther.

WASHINGTON, Sept. 15.—The new White House baby will be known hereafter as Esther. This old-fashioned name has been selected for the child by President and Mrs. Cleveland.

BRECKENRIDGE WILL DENY.

Meaning Miss Pollard Says Nothing, But Thinks.

WASHINGTON, Sept. 13.—Congressman Breckenridge will return to Kentucky in the next 10 days and stand for reelection. He will take the stump next summer, making the fight on Miss Pollard's charges, and deny absolutely that he is the father of her children. He will try to prove that he never introduced her to Mrs. Luke P. Blackburn as his future wife and that the latter never so stated to General Duke or anybody else. Miss Pollard, meanwhile, is awaiting the trial. She says she has many witnesses high in the social world ready to testify that Breckenridge not only publicly stated that she was to be his wife, but introduced her to them as his bride. The only compromise she will make is that Breckenridge shall sign her complaint acknowledging the truth of these charges.

DEMOCRATS BEATEN

The Republicans Filibuster And Win the Day.

WASHINGTON, Sept. 15.—The first skirmish over the Federal election repeal bill took place in the House yesterday, and although the casualties were few it was manifested that both sides were in earnest and that the regular battle will be a severe one.

The Republicans opened their batteries by declining to allow the bill to be even reported to the House. Under the leadership of Mr. Burrows of Michigan, the Republicans resorted to filibustering tactics and for the day had the best of the skirmish, as they prevented the reporting of the measure, and the House adjourned without action. But before this was done the Democrats adopted a resolution revoking all leaves of absence, except those granted on account of sickness.

BOMBARDMENT BEGUN.

The Revolutionists Fire on the Rio Janeiro Forts.

WASHINGTON, Sept. 14.—Secretary Gresham has received the following cable from Minister Thompson at Rio: "At 11 this morning the revolutionary forces bombarded the fort commanding the entrance to the harbor, also the arsenal, which is in the center of the city. A few shells were fired into the city, and a woman was killed in her residence. Commercial telegrams have again been forbidden. The Charleston has not yet arrived."

NOT LIKELY.

A Rumor About Senator Vance, Elias and Simmons.

WASHINGTON, Sept. 13.—It is said, on apparently good authority, that Senator Vance is fighting the confirmation of Messrs. Simmons and Elias. It is also said it is not probable that he can induce enough Senators of both parties to vote against their confirmation to defeat them. The Senator is now at his mountain home.—Charlotte Observer.

Spread of the Cholera.

LONDON, Sept. 14.—Another death from Asiatic cholera has occurred at Rotterdam, in the west riding of Yorkshire. The physicians report as to the two deaths at Delford, county of Nottingham confirms the statement that they were caused by Asiatic cholera. A death that recently occurred at Gansborough is now declared to have been due to the scourge; also the one today in Leicester.

\$80,000,000 In Bonds.

SAN FRANCISCO, Sept. 14.—Bonds to the par value of \$80,000,000 will be issued at once by the Southern Pacific railroad, constituting a first mortgage lien on its property in California. This action was decided upon today by the directors. The purpose is to retire all the earlier bonds, amounting to \$50,000,000 and bearing 6 per cent. interest. The remaining \$49,000,000 will be expended in building new lines.

The House of Lords.

LONDON, Sept. 13.—The National Liberal Federation has issued a circular in connection with the rejection of the Home Rule bill by the House of Lords in which it says that the question of mending or ending the House of Lords may displace for a while in the House of Commons all other subjects of reform. The question the circular adds, needs unflinching treatment.

Senator Daniel's Great Speech

WASHINGTON, Sept. 15.—The great event of yesterday's session of the Senate was the delivery of a speech by Mr. Daniel, Democrat, of Virginia, against the passage of the repeal bill. It occupied four hours and five minutes, and was listened to throughout without intermission which did not seem to diminish from exordium to peroration.

CONDENSED TELEGRAMS.

Attorney-General Olney says the deportation clause of the Geary law will not be enforced by any general action on the part of the United States until Congress, by supplemental legislation, directs that this should be done and provides adequate means to do it.

Notwithstanding the alarmist reports in regard to Prince Bismarck's condition that have been circulated, it is said in Kiel that the ex-chancellor is recovering from his recent attack of sickness. His condition is improving daily.

Senator Hill will make three speeches in the Ohio campaign, at Cleveland, Columbus and Cincinnati. He will travel on a special train and make little speeches from the platform.

Among things sent to destitute seafarers by wealthy New Yorkers are plush dolmans, French shoes, tailor-made suits, etc.

The First National bank of Gadsden, Ala., which recently suspended, has been authorized to resume business.

Emigration from the port of New York exceeds immigration for the first time in the history of the port.

Malaria and diarrhoea is terribly prevalent in South Carolina in the track of the late cyclone.

The present government in Brazil will almost certainly be dethrown by the revolutionists.

MANY THOUSAND ACRES

LARGE PURCHASE OF MOUNTAIN LANDS.

Dr. S. Westray Battle Buys a Vast Tract in Buncombe, Henderson and Transylvania--New York Parties Will Get It.

The lands of Western North Carolina, and especially those lying near Asheville, are just as attractive to investors as they ever were. The transactions may have been held back during the financial depression, but now that the tide has turned it is expected that the coming year will see many vast investments in landed property in this section.

Two citizens this morning heard of one of the largest deals that has been consummated in Western North Carolina, and Dr. S. Westray Battle's name being mentioned in connection with the transaction, that gentleman was called on at the Battery Park.

"Yes," said the Doctor, in answer to an interrogation, "it is true that I have just completed the purchase of an interest in a large area of land lying in the counties of Buncombe, Henderson and Transylvania. I am not at liberty to state to what purpose the lands purchased will be put, but I do know that they form one of the grandest possessions in North Carolina. More than this, I may tell you that it is to be turned over to some New York gentlemen. The timber and water power of the possession are not surpassed anywhere east of the Rocky mountains."

The land referred to lies, at the nearest point, about 10 miles from Asheville, and adjoins the famous Pink Beds property. The tract bought by Dr. Battle will amount to many thousand acres. It includes Big Pisgah, Little Pisgah, the Bald, the Looking Glass, and numerous mountain peaks. Fine timber covers a great portion of the tract. In fact, in speaking of the land, Dr. Battle grew quite enthusiastic over this feature of it.

It is predicted that this vast purchase is only the beginning of investment in this section in lands for timber purposes as well as for game preserves.

The price paid for the property could not be learned.

RE ADVERTISED "ZEB"

And the Bicyclist Interviewed Chief Harkins.

For the past three days a member of the "Zeb" company has been in Asheville, accompanied by a big wooden bicycle and a haysack suit, with which he appeared on the streets as an advertisement for the performance. About 8 o'clock last evening the fellow climbed upon his ungainly machine, borrowed a bell and began a tour of the streets, ringing the bell and shouting for "Zeb." He soon collected a large crowd of boys, who followed in his wake, and together "Zeb" and his followers made enough noise to rouse the sleepest neighborhood in America. The procession came up Patton avenue on its triumphal march, but an obstacle in the shape of Chief of Police Harkins got in the bicyclist's way and arrested the rider for creating such an unwelcome disturbance.

The "Zeb" man pleaded with the Chief, telling him that he was to play an important part in the show and the aforesaid show was soon to begin. The man begged so earnestly that Chief Harkins told him to go his way. This he did, rejoicing. This morning he was up and away early with the company and the name of "Zeb" is heard no more in the land or on the bicycle.

ON TO THE BRIDGE.

The Extension of The Red Line About Complete

Notwithstanding the bad weather the work of laying track on the extension of the Montford avenue car line to Pearson's bridge has been pushed, so that up to last night all of the rails had been put down except on a section of about 100 feet. This was finished today, and the trolley wire was expected to be strung by this afternoon. Manager Baird told THE CITIZEN that he expected to run the first car over the line late this afternoon or tomorrow morning. After the first trip is made the track force will do some "surfacing," and then cars will begin regular trips between the square and the bridge.

JUST IN NORTH CAROLINA.

—Waynesville Courier: Doctors Abel and Mease last week cut off the only pension that neighbor Giles had—wounded toe which he has carried since the war. They did it in a strictly democratic manner and Mr. Giles howls less than any of the G. A. R. veterans. With good judgment, he sees the justice in it and is jovial. Says his doctors are equal to Hoke Smith.

—North Carolina's only phosphate mines now operated are at Castle Hayne. These have been called upon to furnish 10,000 tons of phosphate rock to the phosphate works near Charleston. Owing to the effects of the storm in the latter section the price of phosphate rock has advanced 50 cents a ton, to the consequent profit of the North Carolina mine owner.

—The heavy rains of the last two or three days have caused the Catawba river to overflow its banks in numerous places, doing heavy damages to farmers along its course. Pumpkins and watermelons can be seen on their swift course to the sea.

—Winston Sentinel: Rev. L. G. Broughton, of Broad Street Baptist church, has tendered his resignation as pastor, to take effect November 1st.

—The Greensboro Record is indignant because its Republican postmaster, whose term expired a month ago, has not yet been replaced by a Democrat.

—Mr. Samuel T. Nicholson, editor of the Raleigh Electric is endorsed by people in fifteen States for a chiefship of division in the Treasury Department.

—The Monroe Cotton Mills have been running on double time all the year, and part of the time they were unable to fill orders.

—W. M. J. Toomer becomes cashier of the Atlantic National bank of Wilmington in place of Mr. H. W. Howard.

—Raleigh News: We have reason to believe that Mr. Jernigan will receive a good appointment.

—Senator Vance is in North Carolina.
