THE BOARD STUDIES OVER A REQUEST.

Application Made For License to Sell Liquors in The Grand Centrat—The Aldermen Make Haste Slowly in The Matter.

Mayor l'atton presided over vesterday's meetings of the Joint Board and the Board of Aldermen, which were three quarters of an hour late beginning. Those in attendance were Advisors Sawver and Gwyn, and Aldermen Jones, Westall, H. L. Gudger, Cosby and J. M.

Duff Merrick, esq , entered a protest against the manner of construction of the rock wall in front of Mrs. Duffield's property on Buxton street, declaring that the wall was ugly and practically useless. Clerk Miller looked up the record and it said that a "dry rock wall"

record and it said that a "dry rock wall" should be constructed, and no action on Mr. Merrick's request was taken.

To the city attorney was referred the question of whether the Board can lawfully expend for further improvement the money paid in in the way of assessments on paying heretofore done.

Instructions were given the street com-mittee to construct a rock wall in front of Mrs. M. M. Jones' property on Patton evenue. This is in accord with a judgment taken at the last term of court in a suit against the city.
Only one bill was ordered paid, that
of Penniman Bros. for \$15.80.

THE ALDERMEN.

Will There be a Saloon on Patton Avenue?

When the Board of Aldermen met Duff Merrick, esq , presented a petition from C. II. Southwick requesting license to sell liquors in the Grand Central hotel building. At first thought it seemed that the old "Pattonavenuesaloon" question was coming up, but Mr. Merrick said that it was the intention of the petitioner to have the saloon in the basement of the hotel, and the entrance would be from West College street. Of course one entrance would be from Patton avenue, as patrons of the saloon could go to the bar by way of the hotel office. The question was at once sprung whether the saloon would be within 200 feet of the Y. M. C. A. building. Mayor Patton recalled the storm of indignation raised by the granting of a license for a saloon on Patton avenue last year, and said the Board could not be too careful. An order was made instructing City Engineer Lee to measure the distance between the proposed saloon and the Y. M. C. A. Mr. Merrick later on produced the law concerning the granting of licenses, and said Mr. Southwick did not want to run a bar in the ordinary acceptance of the m, but as a part of a first class hote. 1 Alderman Jones said if there were an en-trance on Patton avenue by which patrons could go to the bar, it would amount to about the same thing as having a main entrance on the avenue. Mr. Merrick pleaded against delay but the

Doctors Petition Mr. Westall submitted an ordinance prohibiting the sale of fish and oysters outside of the market house, and providing a fine of \$10 for violation thereof. It does not apply to persons selling fresh water fish "of their own catching. Chas. A. Webb, esq., presented a peti-tion signed by nearly all of the city's physicians asking that no such restrictions be placed about the succulent bivalve, as in cases where sick persons need oysters it frequently happens that the market is closed and were the ordinance passed it might be a detriment to the health of the aforesaid sick patient. Mr. Jones, speaking about the petition, said that such things were generally gotten up by persons interested, and any-body would sign them-he might sign them himself. The ordinance passed on first reading, but laid over a week because of Mr. Cosby's objection to a motion to suspend the rules. A jury was ordered to assess benefits

and award damages on an extension of

J. M. He was a good officer, said Mr. Gudger, and although he looked over the politi-cal fence contrariwise to Mr. Gudger, that gentleman moved that his salary be increased to \$45 a month. This was voted down, Mr. Jones, saying that Mr. Brwin could get seven hours' sieen and that that was about enough. But Mr.

Westall made a motion to increase to \$40 a month and it carried. tic work we will refund you your money. We will add daily different lines of cake.

A GRADUAL RECOVERY.

Money Has Become Plen'y at NEW YORK, Sept. 23 .- R. G. Dunn Co's weekly review of trade says:

"There is no longer only a miscrospic or sentimental improvement that cannot be measured. Some increase is seen both a production and distribution of products. True it is smaller as yet, but after the worst financial blizzard for 20 years, it is not to be expected that all roads can be clear in a day. But all conditions, except at Washington, favor gradual recovery. Business goes on in unquestioning confidence that the general Westall, H. L. Gudger, Cosby and J. M. Gudger, Business was transacted as follows:

The finance committee submitted a report regarding the \$3,000 deposited by M. H. Kelly, contractor for the new pipe and products are dull without serious fall in prices, the industries are rapidly line, as a guarantee, and the committee recommended that the question be submitted to City Attorney Sondley.
