## BEWARE OF New : Wheat : Flour We Guarantee Old Wheat Flour

WE carry more than a million bushels of old wheat over into the new crop. We can give our trade old wheat flour one and two months after other mills are taking their chance on new wheat. And every dealer knows of the yearly trouble with new wheat flour. No wheat of the new crop ever gets into

### Pillsbury's Best

even after it is well cured and through the sweating process, unless it has been scientifically examined by our experts. We have several high priced men who do nothing else but test wheat. Every crop of wheat is different. There are always difficulties with new wheat a side from it being new. And we keep in our elevators a stock of old wheat large enough to allow our chemists, and millers, and bakers time to carefully experiment with, and accurately analyze the new crop in all parts of Minnesota and the Dakotas. We never use any of this wheat until we know its chemical properties and milling qualities. No wheat of this year's crop will be ground into

### Pillsbury's Best

which has not been through the most searching test from the samples sent to our own laboratory. This thoroughness in selecting our wheat is followed by the most skillful milling in the world. The practical work of making flour is simply perfect in our mills. All the world knows that we make the most flour of any milling company on the earth (seventeen thousand five hundred barrels a day). And it is just as true that we make the best. We have no wonderful milling secrets, but the downright ability of our millers and the superior quality of wheat used will account for the world wide reputation of our flour. And nobody disputes that

### NEW LIBRARY BUILDING.

### Something Every Good Citizen Will Be Glad To Know.

The Asheville Library association is advertising for bids for the erection of a library building, the on association's lot on Church street. The building is to be a brick cottage of the colonial style. The plans were furnished by the well known architects, Cram Wentworth & Goodhue, Boston, Mass. The specifications were drawn by Congressman J. M. West, all, and the elevations and other engineering work was done by F. E. Rice, civil engineer. Both of the latter gentlemen are Ashevilleans.

These services were kindly donated by the gentlemen named. The association hopes, through the kindness of these and other friends who have volunteered to loan the necessary funds, to soon be able to open to the citizens of Asheville a model library building, and hopes that every citizen will give them the encouragement of at least one membership. The cost of membership is only \$2 per year or \$1.50 for six months. The library has now over 3,000 volumes, and with the support it ought to have it can double this within the next year and erect the building.

### THE DR. ROBB CASE

### Dr. M. H. Fletcher Has a Few Words to Say About It.

Concerning the case of Dr. Isaac Robb, the homeopathist who a few days ago was tried and found guilty in the Criminal court on a charge of the illegal practice of medicine, Dr. M. H. Fletcher today told THE CITIZEN that there was no disposition on the part of the medical fraternity to persecute Dr. Robb. The fact was, he said, Dr. Robb applied to the State Board of Medical Examiners for license to practice medicine, and failed to pass the examination. In these examinations the examiners do not know the names of the applicants, each applicant's paper bearing a nom de plume by which he is known in the examination. The examiners know no "sect or creed," and there is no feeling to prevent a homeopathist securing a certificate if only he passes an examination. Dr. Fletcher instanced the case of Dr. Linn, the homeopathist who recently removed to Asheville from Cincinnati, and who was granted a certificate, to show that no distinction was made.

### Organize to Suppress Crime.

MACON, Ga., Oct. 24.—About 300 negroes met in the Superior court room here today and organized the Afro-American association of Georgia, pledged to use every means in their power to put down those crimes among the negroes that have given rise to lynching. A set of resolutions were drawn up, and will be presented to the Legislature, asking for the trial of all cases of rape and more heinous murders. The meeting was orderly and marked by the earnestness of the speakers and the general air of determination that pervaded it.

## THE STEWART WILL CASE

### ANOTHER ATTEMPT TO DIVIDE THE ESTATE.

### Alexander Stewart Wants What He Conceives To Be His Pro Rata of the Millions Left By The Great Shop Keeper.

NEW YORK, Oct. 27.—Another attempt is to be made to break the will of the late merchant prince, Alexander T. Stewart. Alexander Stewart, who claims to be a member of the Irish branch of the Stewart family and a cousin, once reputed for his pro rata share of the Stewart millions. His first case was thrown out of court because he could not establish his relationship, but he has since then secured new evidence and is confident that he will win the present action.

Ex-Judge Hilton, the trustee of the Stewart estate, is named as defendant in Alexander Stewart's suit. The case came up today before Chief Justice Daily in the Court of Common Pleas. Technically it is an action in ejectment. The plaintiff relies on the testimony of one Fox, said to have been a partner once upon a time of A. T. Stewart, and who has been examined abroad by a committee appointed for the purpose to substantiate his claim. Wm. H. Secor, Stewart's counsel, was taken suddenly ill in court today and requested an adjournment until tomorrow, which was granted.

### THE MIDWAY.

### Many of the Shows Will Keep Open After the Fair Closes.

CHICAGO, Oct. 25.—The Midway will be a lively place after the Fair is over. It has been said many times that the foreigners are anxious to leave the International street and that they would return to their homes as soon as possible after the close of the Fair. Good business and much money, however, have induced many of them to decide to remain after the close of the exposition season.

For at least four weeks after the close of the street will have plenty of amusements, and will probably be a popular place. Hagenback's show is to remain. It has dates for December, but it will continue performances until November 15, and, if business warrants, it will remain until the first of the following month.

If the weather keeps pleasant Cairo street will be open until Nov. 15. It will remain open after the first, but will be likely to close at any time. The Java village may remain open. The directors have not yet decided. The Irish villages will combine their business.

The managers of Barney Castle have leased a store down until it is opened they will continue to be a part of the Midway. The beauty show will keep its beauties on exhibition until November 15, and perhaps longer.

Old Vienna and the German village are to close on Monday. The bands in the German village have engagements that will make their last day in the village next Monday. Manager Levy will close the Turkish village then.—N. Y. Sun.

### NOTABLE VISITORS.

### Mr. Vanderbilt's Guests at His Home Near Asheville.

George W. Vanderbilt and a party of friends will leave Baltimore tomorrow for a trip through the mountains to Caesar's Head. Mr. Vanderbilt's guests will include Clarence Barker, Mr. and Mrs. Charles McNamee, W. Gerald Barry, Miss Mamie A. Becket and John J. A. Becket.

Mr. Barry is of the party from the North now stopping with Mr. Vanderbilt at the Brick Farm House and is an artist of note. He has become an enthusiast of the beauties of the scenery in Western North Carolina. Miss A. Becket is an artist also and is filling her portfolio with sketches of the wondrous beauty of the mountains for her New York studio. Her brother, Mr. John A. Becket is a literary man, an author of distinction, and his sojourn here is proving to be a most congenial one. Miss A. Becket and her brother are descendants of the distinguished Archbishop of Canterbury, Thomas A. Becket. They will remain in the mountains for several months.

### CHRYSAANTHEMUMS.

### Fine Specimens Sent "The Citizen" by Mrs. Deake.

Mrs. C. T. C. Deake will accept THE CITIZEN'S thanks for a number of rare and beautiful chrysanthemums, sent yesterday from the Idlewild greenhouses on Charlotte street. The specimens are a delight to the eye and a study for the connoisseur. The people of Asheville will have an opportunity of seeing the large variety of chrysanthemums at Idlewild next week, as the chrysanthemum show opens there Monday and continues until the afternoon of November 4, between the hours of 1 and 6 o'clock p. m. each day.

### WORLD'S FAIR TICKETS.

### Reduced Rates to Chicago Are Known No More.

The gates of the Great White City on Lake Michigan, which have admitted hundreds of Asheville people since the opening of the World's Fair, close formally on next Tuesday, and the sale of reduced rate tickets from this point by the Richmond and Danville railroad company was stopped this afternoon. P. A. Marquardt, who set out for the Fair today, has the distinction of purchasing from City Passenger Ticket Agent Murphy the last Fair ticket sold by that official.

### AFTER THIRTY YEARS.

### A Man Reported Murdered Turns Up at His Old Home.

PARKERSBURG, W. Va., Oct. 27.—Thos. Day, a school teacher formerly of the Lubeck district, who organized a company and entered the war as captain in an Illinois regiment, and who was reported murdered and robbed while serving as paymaster, appeared here today after thirty years' absence. The story of his murder was a "fake," and has been residing in Arizona since he was discharged from the army.

### ON THE ROCKS.

### Wreck of a Million Dollar Boat and Cargo.

SAN FRANCISCO, Oct. 27.—[Special.]—The Pacific Mail liner City of New York went ashore yesterday and is a complete wreck this morning. The loss will be close to a million. She is going to pieces on the rocks. All the passengers were safely transferred.

### Married Eight Times.

NORFOLK, Va., Oct. 24.—Capt. Charles Carter, aged ninety-three years, who has been married eight times, and who was the father of thirty-eight children, died in this city last night. All of the children are living.—N. Y. World.

### Franco-Russian Cheers.

TOULON, Oct. 27.—The new French war ship was safely launched today. Cheers were heard to the echo by the Russians present.

## REV. J. C. PRICE.

### He Died at Salisbury Wednesday Morning.

As an educator and orator Dr. Price took high rank. He was without a superior among his race in any respect,

and few speakers anywhere surpassed him in persuasive eloquence and choice language. He gave the whole of his life to the elevation and improvement of the negro, choosing the task of raising them mentally and morally in preference to political or church honors. He refused the office of bishop of his church more than once and also declined the appointment of minister to Liberia tendered him by the President of the United States. It is hard to estimate the value of such a man. A life spent in the service of one's fellows is of incalculable good. We do not think it exaggeration to claim that Dr. Price has done more for his people than any other negro who has ever lived, and he was at the zenith of his power and usefulness when death claimed him. Young and vigorous his death seems little short of a calamity. But the good he has done will not die with him. On the contrary it will live and serve as an example and incentive to all colored youths who desire to be useful citizens and to make for themselves a name.—Salisbury Herald.

### CLEVELAND GLAD.

### He Was a Winner and Knows It Well.

WASHINGTON, Oct. 26.—President Cleveland is very much gratified at the turn affairs have taken in the Senate, though he has believed all along that the unconditional repeal bill would pass. There have been times of anxiety, but never for a moment has the President wavered in his belief.

It was learned at the White House that the President would have no suggestion to make, as to an adjournment or recess after Congress passed the bill, though he was anxious to have the Chinese bill, extending the time in which Chinamen could register, pass before the dissolution of Congress. It was the impression at the White House that no message would be sent in until the regular session in December.

### SILVER DROPS IN BOLIVIA.

### A Fall of Over 25 Per Cent in the Price of the White Metal.

PANAMA, Oct. 14.—Advices from La Paz, Bolivia, say: "A crushing blow has fallen on this Republic, in common with other silver producing countries, but which is felt with more severity in Bolivia than elsewhere, because this metal is by far the most important export of the country. It is said to have fallen to the full effect of a fall of over 25 per cent. in the price of silver and a corresponding loss in exchange, nor do we yet know if there will be a favorable reaction, or if silver is still to fall to unknown depths. We must hope for the best and prepare for the worst."

### FIRE AT SEA.

### The 400 Became Greatly Excited, Naturally.

NEW YORK, Oct. 27.—[Special.]—The ocean liner Gilbert arrived this morning. Last Sunday fire broke out. The 400 passengers were in a panic. Much of the cargo was jettisoned. The fire was extinguished after a day's fighting.

### WANTED, A LION TAMER.

### New York Has One That Downes The Police.

NEW YORK, Oct. 27.—[Special.]—The lion in the Eighteenth street stable had not been caged at noon today. The police will kill him unless he is caged this afternoon.

### What Ransom Might Have.

WASHINGTON, Oct. 25.—Senator Ransom could secure the Circuit court judgeship vacated by the death of Judge Bond, and the other from California—are better than any small arm powder so far invented in this country.

### Canadian Pacific Loan.

LONDON, Oct. 27.—The £1,320,000 issue of 4 per cent. preference stock of the Canadian Pacific has all been underwritten at 90, and already commands a premium.

### Big Failure in Mexico.

CITY OF MEXICO, Oct. 26.—[Special.]—Pedro Martin & Sons, the largest bankers here, failed for a million and a half this morning.

### CONDENSED TELEGRAMS.

Rev. Benjamin Griffith, D. D., aged 72 years, died suddenly from heart disease at his home, in Upland, near Chester, Pa., recently. He was elected secretary of the American Baptist Publication society in 1858 and he held the office uninterruptedly until his death.

After years of experiments the ordnance bureau of the United States army has found that two brands of smokeless powder—one invented by a Virginian and the other from California—are better than any small arm powder so far invented in this country.

Suits have been begun in Tiffin, Ohio, by Mrs. Anna Ball of Fostoria, one of the creditors of ex-Governor Foster, to enjoin the transfer of certain property, real and personal, on the ground that they were made under pending insolvency.

The independent Democratic movement in New York against the Tammany ticket has failed. The Republican State and county committees are at war and Tammany, it is thought, will have a walkover at the election.

The three Spanish caravels which are now at the World's Fair, Chicago, will be towed to Washington next spring and anchored in the lakes about the flats south of the White House, where they will remain permanently.

The Ferris Wheel company has the privilege by its lease of operating the wheel in its present position until May 1, 1894, and it will do so. It may be moved to Coney Island after that date.

Quincy, Omaha and Kansas City railroad directors have decided on a sweeping reduction in the wages of employes, commencing November 1.

## STILL THERE'S NO VOTE

### BUT STEWART IS NEARLY THROUGH.

It is Not Yet Known When The Repeal Bill Will Be Passed In The Senate, But Passed It Will Be.

WASHINGTON, Oct. 27.—[Special.]—The repeal bill was again taken up, Stewart making his closing remarks. No time has yet been fixed for a vote.

### PECULIAR FATALITY.

### Revolver Falls and Its Bullet Goes Through a Woman's Head.

KOKOMO, Ind., Oct. 27.—A peculiar accident occurred at the home of Mr. G. B. Seavers, two miles north of this city, last night, by which his wife was fatally shot, only living a couple hours. Seavers and his wife were cleaning up the backyard and buildings, and finding an old boot hanging up in the woodhouse, turned it upside down to see what it contained. An old worn out and forgotten revolver dropped out and striking the ground went off, the only ball it contained striking Mrs. Seavers, who was outside the house in the forebay, passing through her head. The revolver had been there so long it had been forgotten, was rusty and useless and probably could not have been fired in any other way. Seavers is a highly respected farmer.
