**PEACHTREE ROW FRACAS**

**UGLY NIGHT'S WORK IN THAT  
PRECINCT.**

**A Free Fight at One of the Houses,  
in Which Knives and Rocks  
Figure, and Five Men are Hurt.**

Peachtree Row, which has for some  
time been swarming with unsavory  
precincts, quietly broke out in a fresh spot  
last night, and as a result five men today  
are suffering from wounds of greater or  
less seriousness inflicted with knives  
and rocks.

The facts so far as obtainable are that  
several visitors to Asheville, who came  
in to attend Federal court, went to No.  
49 Peachtree Row, a resort presided  
over by two women named Davis and  
Austin, about 2 o'clock and applied for  
admission. They were told that they  
could remain a certain length of time,  
when other persons were expected. The  
crowd went in, and while there the ex-  
pected men arrived.

Just how the trouble sprang up is not  
known, but a fight ensued and R. L.  
Cline of Bryson City, N. Wheeler of Bil-  
more, Deputy Marshal Cogden of Gran-  
ham county, Bud Cunningham of Fran-  
lin and A. C. Galloway of Jackson county,  
were injured. Cline was cut two or  
three times in the shoulder. Wheeler re-  
ceived a dangerous cut in the lung on the  
right side. Cogden was hit in the head  
with a rock, while Cunningham and Gal-  
loway received knife wounds. Cline is at  
G. M. Cole's on North Main street, at-  
tended by Dr. W. P. Whittington, while  
Wheeler is at the Worley house just be-  
yond French Broad, attended by Dr.  
L. B. McBrayer. Cogden left on the  
early morning train for his home in  
Graham.

When men Ventman and Powers took  
the case this morning secured the names  
of the men injured and started out to  
make arrests. They went to the scene  
of the row, accompanied by Mr. Gallo-  
way, one of the men who was hurt. As  
they approached the house Mr. Galloway  
pointed out a man who, he said, had  
taken part in the cutting. The man so  
indicated started off and ran. Mr.  
Ventman ran after him, firing several  
shots over his head to frighten the man.  
He got away, however, at the time, but  
a few minutes later was arrested by  
Patrolman Powers.

The man arrested is Hyman Trogdon,  
who lives near the cotton factory. He  
was taken to the jail, committed to  
custody and by him committed to jail to  
await a hearing, when witnesses can be  
had.

**REV. DR. BURNETT BURIED.**

**Funeral Services at Alexander's  
Chapel Yesterday.**

The funeral exercises over the remains  
of the late Rev. J. S. Burnett occurred  
yesterday at Alexander's chapel, north  
of the city. A number of sorrowing  
relatives and friends went from Asheville  
to pay the last tribute of respect to the  
beloved minister, and the chapel was  
filled with those who knew him during  
his long residence here.

The services were conducted by Rev.  
Dr. James Atkins, president of the Ashe-  
ville Female college. Mr. Burnett before  
his death expressed the desire that at his  
funeral there should be no formal funeral  
sermon, but that if there were any pres-  
ent who wished to testify to the help he  
had been to them in a spiritual way,  
they should speak. Remarks were made  
by Gen. Kohl, B. Vance, Hon. H. A.  
Gudger, W. B. Lyda, Rev. H. F. Chreitz-  
berg, Capt. M. J. Pagg, Rev. Mr. Pick-  
ens, Rev. Dr. Atkins and Rev. T. E.  
Wedge, all bearing witness to the great  
goodness of the dead minister.

At the conclusion of the touching exer-  
cises Mr. Burnett's body was interred in  
the family burial ground, by the side of  
his first wife.

**CANTON, N. C., Nov. 10.**—At Baswell  
yesterday, a track band of the R. & D.  
railroad, attempted to annihilate one  
John McFall, another trackman's son,  
but failing to do this, he shot several  
times into the house of McFall, one of  
the bulls barely missing a little child.  
The assailant, E. S. Newton, by name,  
was given a hearing and committed to  
the jail in Bryson City to await the next  
term of court.

Madison Sandlin who shot a little boy  
named Bill in Clay county last week in  
the same way, has not been captured  
yet, and it is not known what direction  
he went.

**GOLD IN NORTH CAROLINA.**

**Senators Jones of Nevada and  
Mahone of Va. Buy a Mine.**

**RALEIGH, N. C., Nov. 8.**—Senator Jones  
of Nevada and Senator Mahone of Vir-  
ginia have just bought at a big price,  
the exact sum not learned, the Mont-  
gomery gold mine near Concord, N. C.  
Mr. Church, representing Jones, and  
Mr. Butler Mahone, representing his  
father, are here, closing up the details of  
the transaction.

Church says that although Jones owns  
a large silver interest in Nevada, the  
mine of that metal has become so un-  
profitable that he has decided to invest  
in gold bearing dirt, and after thorough  
investigation concluded to put his money  
in North Carolina mines, rather than go  
to California or elsewhere. It is the in-  
tention of Jones and Mahone to make a  
number of other similar purchases in the  
State. The Montgomery mine has pro-  
duced some \$100,000 worth of gold since  
it was discovered.

In six days' work by 10 common la-  
borers 11 pounds of pure gold were  
recently taken out. There are several  
other gold-bearing ground surrounding  
the mine, which is said to be very  
rich. The most improved methods and  
machinery will at once be employed by  
the new owners to develop the property.

**Indiana Claims Him in Alexan-  
der Beckaday, Aged 111.**

**RICHMOND, Ind., Nov. 11.**—Indiana  
claim to have within her borders the  
oldest man in the country, he being Alex-  
ander Beckaday, who but recently cele-  
brated his 111th birthday. He was  
born in Virginia in 1779, the date, it is  
claimed, being established by the  
record of a family Bible now in the old  
man's possession. When quite young he  
went to Kentucky with his parents, but  
remained in this State, where it was a  
part of the great Northwest territory.  
Seventy years ago he removed to the  
farm in Harrison county where he now  
resides. He lived a comparatively simple  
life, and every day he still retains his  
mental faculties almost unimpaired,  
and is active in his years. He is noted  
at every Presidential election since 1860,  
and has been a Democrat all through.

**EXPLOSION OF ETHYL.**

**Twenty One Persons Killed and  
Twenty Wounded.**

**WARSAW, Nov. 11.**—A disaster from  
Brest Litovsk, at a point of Kasimoff, re-  
ports that a terrible explosion occurred  
in a shop of a chemist there. The build-  
ing was completely shattered, as were  
also the adjacent houses. Ten of the  
buildings contained several families.  
Twenty-one persons were killed out-  
right and other persons were injured.  
The explosion is supposed to have been  
caused by the reaching of a quantity of  
chemist's shop, a considerable quantity  
of it having been stored on the premises.

**PROBABLY NOT TRUE.**

**England Not Likely to Allow the  
Like of This.**

**LONDON, Nov. 12.**—It is learned that  
a well known English retired naval officer  
is forming a small fleet and cruiser and  
torpedo boats in England, in command  
of which he intends to proceed to the  
assistance of Admiral Mello. He has  
already purchased two ships which will  
be fitted up as cruisers, and is negotiat-  
ing with a leading Thames ship builder  
for two torpedo boats. Several English  
naval officers are preparing to accompany  
this expedition.

**Admiral Mello Has Not Yet Got  
Enough of an Organization To  
Be Recognized By Uncle Sam.**

**WASHINGTON, Nov. 11.**—Secretary  
Gresham has received a dispatch from  
Minister Thompson at Rio de Janeiro  
stating that he has received a circular  
from Admiral Mello, the insurgent  
leader, asking that the United States  
recognize his rights as a belligerent.  
Minister Thompson asked for instruc-  
tions.

After a conference between Secretary  
Gresham and the President our minister  
was instructed to say to Admiral Mello  
that in the opinion of this government  
he had not been able to establish either  
a political or military organization  
which entitled him to the recognition he  
asked and that it would not be granted.  
Secretary Gresham added that the posi-  
tion of the United States in the present  
controversy was that of an impartial  
observer.

**EXPLOSION ON BOARD**

**How The City of Alexandria Was  
Lost.**

**NEW YORK, Nov. 11.**—The steamer  
Seneca, which arrived this morning from  
Havana brought Captain Hoffman and  
50 survivors of the ill-fated steamer  
City of Alexandria. Five of the ship's  
crew were lost, and also six colored  
stevedores. Capt. Hoffman states they  
sailed for Matanzas November 1. All  
went well until about 7-1/2 o'clock, just  
before the City was having his tea  
in the cabin. Suddenly the explosion  
broke up. Captain Hoffman rushed  
on deck, immediately found the ship  
a mass of flames coming from the  
hold fore and aft. All hands were called  
to porters, the fire hose was got ready  
and an attempt made to subdue the  
flames, but it was soon apparent that  
the ship was doomed.

The best discipline prevailed among  
the crew. The boats and the life raft  
were ordered to be lowered. The  
pursers' boat was swamped alongside  
the steamer and the pursers and four  
others were lost. The remainder were  
picked up by other boats.

secretary and treasurer of the Society

and with a dynamite bomb in one hand  
and a revolver in the other demanded  
\$25,000.

Mr. Herrick promptly knocked the  
man down and grappled with him on the  
floor. While in this position the crank  
fired a shot at Mr. Herrick, the bullet  
passing through his coat. The fellow  
then jumped through a window and  
escaped.
