Four Hundred Spectators See The Game at Kentlworth-Hingbam Scores Ten To Knoxville's

Asheville lovers of football had an opportunity yesterday of seeing one of Knoxville. Over 400 spectators were present.

The Knoxville boys came in at 2:10 benefit of as fine training as the home and were met at the depot by Captain team the result might have been differ-Parker, who took them to Biltmore, where they were met by a committee from the Bingham team and taken to Kenilworth field. They received a hearty cheer as they came up, and this was the beginning of the good feeling which prevailed throughout the entire game. It was one of the cleanest, mauliest, best natured games ever played. Good plays were cheered with hearty impartiality.

Game was called at 3:35. Recoverle won the toss and chose the ball, while Bingham took the western goal. Knox-ville started with a modification of the flying wedge, passing the ball to Boyd, who went round the right end for a small gain. Bingbam secured the ball and made five yards through center, tolowed by short advances through tackles and around left end not d the to yard line was reached when Capt. Bingham we failed to kick goal. Score: Bingham. 4; Knoxville, 0. Time, seven minutes. Knoxville formed a "V" at center of field and sent L c around Lit end for 10 yards, lined up and lost the ball to Gra Souneborn made five through the Inc; Anderson 10 yard around right end, three yards more, an then Capt. Bingham, 10; University school, 0.

The features of the game were the
tackling of the visitors and the
heavy rushing of their big guard,
whose plaving was superb, also the
judicious kicking of Terry. For the
home team, the running and interference of Someborn and Capt. Bingham,
the excellent tackling of Tillar and Munroe deserve special mention. The K nexroe deserve special mention. The Knox ville boys are rather smaller than their opponents, but they know how to play ball and it required good playing for the Binghamites to detent their guests.

The Bingham team shows marked improvement since the game with Asheville. However, they made several inexcusable KNOXVILLE WINS.

iff Duties of the Wilson Bill. Washington, Dec. 1 .- The income tax will be a conspicuous feature of the internal tax schedules upon which the majurity of the members of the Ways and Means committee is now working.

The details of the plan are gradually assuming definite form. It wil exempt individual incomes and will apply only n a general way to inheritances and corporations. Data furnished by the Tribune express appreciation of their treasury department shows that during treatment at Knoxville, and promise to the 10 years the tax was in existence the receipts in round numbers were \$347, 000,000. High water mark was reached in 1866, when the receipts aggregated \$73,000,000. The great increase in population and wealth since then leads the committee to believe that a tax on corporations alone will furnish a considerable amount of the revenue needed to supply the deficit caused by a reduction in

tariff duties. Chairman Wilson now believes that \$35,006,000 will cover the decrease in the revenue from imports caused by the bill just made public. This conclusion is shared by Secretary Carlisle.

A tax of 10 cents a pack on playing pards will no doubt be adopted, as all he majority members regard the propo sition tayorably. The committee have reached no understanding yet in regard to whiskey. It is not likely that the tax lon, with a fair probability that it may remain but nebed.

Camphorline has become such a household medy for all kinds of rough skin and chapped hands that we beg only to call our attention to it during this, the first old spell of winter. It is no less useful after shaving, especially where the skin is tender or inclined to be sore. The city barbers have found this out and it can tow be found it most of the shops. It has become so popular that others have tried to imitate it, not only in name, but appearance and properties. We have succeeded in getting the coined word "Camphorline," trade marked by the government at Washington so that we can now protect our rights. The genuine may be known by an unbroken seat. It can be found at nearly all the drug for sinche c'ty, and' by the manufactur-
